

AI World Inquiry Interview Questions

1. **FINDING AI:** How, where, when and by whom were you introduced to Appreciative Inquiry? What compelled you most about it? What is it about AI that you connect with most?
2. **AI IMPACT ON YOU:** Where and how has AI made a difference in your life and work? How has AI changed things for you? How has AI brought out the best in you personally and or professionally? (In the way you work, do business, in your family, etc.) Please tell a story that highlights how AI has had an impact on your life and/or work.
3. **THE POWER OF AI:** Can you recall a time when being aware of AI philosophy and principles helped you accomplish something you had thought impossible or it allowed something powerful and unexpected to emerge--for yourself, others, organizations or communities? What happened? Who was involved? What role did you and others play? What were the short and long term impacts of using an AI approach-on individuals and on the system as a whole? Please tell the story in as much detail as possible.
4. **YOUR INNOVATIONS:** One of the beauties of AI is that it can be adapted and re-imagined depending upon the needs of the situation in which it is being applied. Have you had an opportunity to create innovations to the original 4-D process? What did your innovations look like? How have you used them? Please share an example of your innovations using AI.
