

CHAMPLAIN COLLEGE

Study Abroad Scholarship

At Champlain College, we hope that each student graduates as an engaged citizen with international experience and a global perspective. Our Study Abroad program offers a unique, guided opportunity for students to immerse themselves in diverse cultures and better understand our global community.

Champlain has international campuses in Dublin, Ireland and Montreal, Canada in addition to partnerships with institutions in New Zealand, Scotland, France, Morocco, Argentina, and beyond.

Though standard tuition and financial aid packages remain consistent for students who choose to study abroad, additional scholarships are often needed to cover the cost of necessary expenses such as flights, insurance, and opportunities for weekend travel that allow all students to have a rich, vibrant, and fully immersive experience.

Your gift to Study Abroad Scholarships enables interested and qualified students to participate in this life-changing opportunity regardless of their financial means.

QUICK FACTS:

56% of Champlain students choose to study abroad.

More than 60 students have interned through Champlain Abroad since 2015.

The average Study Abroad Scholarship award is \$2,500 per student.

The culture shock of experiencing a whole new world on my own is astonishing. Studying in Dublin has allowed me to carve my own path. So many people are afraid of taking risks, but this experience has brought so much wonder and joy into my life.

-Blaz Mihailovitch (Criminal Justice)
