

Yellow Ribbon Program and Veterans Scholarship

Champlain College is committed to assisting military service members and veterans in achieving their educational goals. The Yellow Ribbon Scholarship provides a significant tuition waiver for veterans and their dependents above and beyond the funds provided through the GI Bill.

In addition to tuition assistance, Champlain provides eligible veterans with credit for their training and life experiences. We also offer programs that are relevant to members of the Armed Forces including computer forensics, criminal justice, communication and media and business. Our faculty and staff are ready and willing to help veterans succeed and are appreciative of the service and perspective these service members and veterans bring to the classroom.

Your support honors their service and provides an opportunity for a bright future.

"The Yellow Ribbon program has turned an impossible scenario into something doable. It creates opportunities rather than dead ends. My wife and I are both able to pursue our education while maintaining our family, and after graduation we will go on to careers that allow us to help shape and educate the next generation."

- Timothy Sutton (Secondary Education)

QUICK FACTS:

In 2018, 35 students received \$272,523 in Yellow Ribbon scholarship support.

The Yellow Ribbon scholarship covers the full cost of a Champlain College education for qualifying veterans and their dependents, less contributions from the VA through the Post 9/11 GI Bill.
