

November 27, 2012

Dear Accounting Alum,

We have very exciting news! President Finney recently announced a historic \$10 million gift from the Stiller Family Foundation that will name our business division the *Robert P. Stiller School of Business*. This is the largest gift in Champlain's 134-year history. There's a catch - we need your help. A portion of this pledge includes an alumni challenge - 2K 4 2M. You heard it right - a challenge! And you, our esteemed alumni, know how much your accounting faculty like a good challenge.

If 2,000 of our graduates make a gift of *any size*, the college will receive **two million dollars!** We can accomplish this ambitious goal with your participation. We hope our accounting alumni will take great pride in and support the new Robert P. Stiller School of Business. Participation = Impact.

Together, we can celebrate decades of teaching excellence by accounting faculty members including professors **Walt Luchini '63, Champ Soncrant, and Eadie Templin** by making a gift to the Accounting Excellence Endowed Scholarship fund. Each year, thanks to generous alumni who have invested in this fund, two accounting students with financial need are awarded this scholarship.

Participation is key to our success. By making a donation to the Accounting Excellence Scholarship fund, you honor your accounting professors in perpetuity, support dedicated students, and help Champlain College meet this historic challenge. Make your gift and be counted!

Sincerely,

Thane Butt, MBA, CPA, CFE Dave Mona, MSA, CMA Nicole Morris, MBA, CPA, CGMA
Accounting Professors, Robert P. Stiller School of Business

Please make your gift today! Go online at <https://secure.champlain.edu/annualfund/> and select the Accounting Excellence Endowed Scholarship or call (866) 421-7170.
