Elaine Edson Strunk '64

C. Bader Brouilette Alumni Award

Elaine Strunk ’64 has worked tirelessly in Champlain College’s Office of Student Life for 43 years, under four (soon to be five) Presidents. Elaine, a native of Springfield, VT and current resident of Essex Junction, received a Medical Secretarial degree, and after working in that field for seven years post-graduation, returned to Champlain where she forged a long and distinguished career.

The Champlain experience is something which Elaine also shares with her daughter, Leah Main, who is a proud Champlain College graduate from the class of 1990.

In reflecting upon her time at Champlain, Elaine is struck by the many things that have changed over the years, but she is pleased that the sense of community and high quality of education have remained the same.

When Elaine is not hard at work she enjoys traveling, arts & crafts, reading, and watching her grandchildren in all their athletic endeavors.
