Kim H. Harry G’10
President’s Alumni Award

Kim Harry is a 2010 graduate of the Master of Science in Mediation and Applied Conflict Studies at Champlain College and has remained closely involved with Champlain since her graduation. She serves as a Mediation Coach for the Master’s in Mediation and Basic Mediation Program, allowing current students to benefit from her experience in the field. She regularly attends alumni events and has helped mentor students as they go through the mediation program.

In the professional realm, Kim is a Mediator for the Vermont Superior Court Family Mediation Program and the South Burlington Community Justice Center, and a mediator, facilitator and trainer for Champlain Housing Trust. Kim is also a passionate volunteer and community activist. She has a deep commitment to the successful reintegration of citizens coming out of prison, as demonstrated by her volunteer work with Burlington Dismas House where she serves as Board President. She co-facilitated an Israeli-Palestinian dialogue for two years, and currently facilitates a Restorative Practices Consortium at the South Burlington Community Justice Center. In 2001, she approached Smuggler’s Notch Resort about creating an affordable ski program that would support home-schooled children in rural areas. The Harry ski program still provides lessons for students and parents, and has become a vibrant part of the rural social network.
