

Change a child's life in one hour every week.

One mentor. One child. One book at a time.

Children who love to read do better in school, and Everybody Wins! Vermont helps kids love reading and books. A volunteer reading mentor reads with the same child every week at the local elementary school. Supported by the

Everybody Wins! site coordinator, mentors are friends who share books and conversation. **Like bedtime stories? You'd love being a reading mentor.**

"He has become so excited about reading. This is a thrilling result for me as a mentor."
