

Vermont Teachers Summer Financial Literacy Institute  
Champlain College  
South Willard Street  
Burlington, VT 05401  
August 5, 2011

Dear Financial Literacy Institute Presenters and Coordinators:

This week has been an amazing experience for all of us. We came together on Monday with all of our financial data gathered, our financial autobiography complete, and our pre-work well on its way to completion.

Since then, we have had the opportunity to participate in workshops that have been so professionally presented by the most passionate and prepared experts in fields that are of vital importance to us and our students. We have also been the recipients of the most valuable resources including books, complete curriculums, cds of activities, binders, bags, portfolios, calculators, and numerous lists of other available materials. Not to mention the delicious meals, the accommodations, and the priceless networking and sharing time with our colleagues. As teachers, we are not used to being treated this way!!

It seems that saying thank you is not enough. Please know that your efforts to make this experience for us possible will benefit many students and other teachers in school districts across Vermont as we return and integrate activities and enthusiasm for financial literacy in our schools.

We are honored to have been chosen as the first group of teachers for this project in Vermont, and we are committed to do our best to continue the work well beyond these five days in August. Thank you so much.

Sincerely,

*[Handwritten signatures and notes:]*
