

CarShare Vermont for
Faculty & Staff

Freebies and perks aren't just for students!

If you're a full-time staff or faculty member at UVM or Champlain College, you're eligible for a **FREE** annual CarShare Vermont membership – that's a **\$150** value.

Just pay an application fee and low driving rates (even gas and insurance are on us).

We've got cars parked on campus and all over town for members to use whenever they need to drive. Just reserve one online or by phone 24/7, get in using your own key, and go!

Membership comes with valuable benefits, including:

The option to commute how you want

Walk, bike, or take the bus to work and still have access to a car during the day if you need one for errands or appointments.

Reduced wear and tear on personal cars

Members can use our cars, pickup truck, and minivan for personal and work trips – and maintenance is on us!

Being a part of a car-sharing community

Not only are you a part of a growing number of employers with innovative and visible sustainability practices, you'll also enjoy member discounts at local businesses!
