RE: 2011 Annual Update of Approved 2009 - 2014 Joint Institution Parking Management Plan

Dear David,

This 2011 Annual Update of 2009 - 2014 Joint Institution Parking Management Plan (JIPMP) as approved by the Development Review Board on September 28, 2009, is as required per Article 8, Section 8.3.4 of the current zoning ordinance regarding the implementation and performance of the approved JIPMP.

The 2011 Annual Update of the JIPMP uses statistics indicative of the Fall 2010 academic semester (November and December), which historically has a higher demand on parking and transportation infrastructure, incorporates the annual CATMA Fall 2010 employee, Spring 2010 student surveys and is compiled in January and February and printed annually in March.

- This annual update incorporates actual peak parking demand inventory of actual parking utilization for each CATMA Member Institution based upon observed and current peak hour demand per the CATMA surveys consistent with Article 8, Section 8.3.3 (b).
- Specific CATMA survey data and current, joint Transportation Demand Management (TDM) initiatives continue to be detailed in the CATMA section of the annual update.

As our Transportation Management Association, membership and services continue to evolve, we are committed to continuing collaboration with the City and others in the region by representing CATMA members and providing leadership on key transportation and applicable land use issues.

Sincerely,

Robert H. Penniman
Executive Director

APPENDIX A - ARTICLE 8: PARKING

Comprehensive Development Ordinance, City of Burlington

CHAMPLAIN COLLEGE - FALL 2010

Sec. 8.3.3 (a)

Employment

Champlain College employs a total of 572 individuals. This includes 309 full-time and 263 part-time employees.

Enrollment

The College's headcount for Fall, 2010 enrollment is as follows:

Full-time	2230
Part-time/ Continuing Education (Figure includes Distance Learning Students)	833
Total	3063

It must be noted that of the 2230 Full-time students, 179 are online only and do not come to campus. 78 are at study abroad sites.

In addition, the 833 Part-time students include 407 who are online only and do not come to campus as well as 296 who are graduate students and never come to campus.

Sec. 8.3.3 (b)

Parking Demand

Peak Parking Demand

The total parking demand is tied directly to the availability of empty spaces. The total number of parked vehicles as well as vacant spaces were counted for each parking lot and summarized by Off-Street Core Campus, On-Street Core and Off-Campus. These counts were taken in fall 2010 and represent a typical day during peak demand and demonstrate a surplus of 305 spaces in the Core Campus, with an additional 258 available spaces in Off-Campus.

Table 1: Parking Lot Capacities and Empty Space Count

Champlain College Peak Demand Lot Counts - Fall 2010				
Location	Capacity	Occupied Spaces - Peak Demand	Empty Spaces	Percent Full
Off-Street Core Campus	484	301	183	62%
On-Street Core Campus	167	45	122	27%
Core Campus Sub-Total	651	346	305	53%
Off-Campus	438	180	258	41%
TOTAL	1089	526	563	48%

CHAMPLAIN COLLEGE

Existing Spaces

The breakdown of existing parking as submitted in Champlain College’s Master Plan (August 1990) has been updated to reflect current availability. Champlain College’s parking inventory is 922; this includes 438 off-site leased spaces and 484 on-site spaces.

The specific breakdown by area is as follows:

2010

Off-Site Leased Parking Facilities

Gilbane.....	200
Pecor.....	53
Perkins Pier	185
Total	438

Off-street Campus (College owned)

Coolidge lot.....	3
Cushing/Pearl lot.....	15
Durick lot.....	3
Eagles’ Club	30
East House	42
Hauke Center lot.....	26
IDX Student Life Center	5
Jensen lot.....	9
North lot.....	10
Perry Hall	16
President’s house.....	2
Rowell lot.....	41
Sanders lot.....	12
Skiff lot	61
South House	13
Whiting/McDonald lot.....	99
56 Summit St. lot.....	29
195 So. Willard.....	13
215 South Prospect.....	7
396 Main.....	20
381 Main.....	28
Total	484

Total All Categories.....922

To reflect Champlain College's Master Plan (August 1990) four lots have been eliminated from the Off-street Campus Existing Spaces; Caretaker Cottage (Cannon), Hill lot, Lyman lot, West Hall.

Additional parking spaces associated with leased buildings include 15 spaces at 40 Sears Lane and 10 spaces at 212 Battery Street, that are not included in the campus parking inventory nor in the parking requirement calculations.

There are an additional 167 on-street parking spaces contiguous to Champlain College property, which may be used by Champlain College affiliates, but these are not included in the total spaces we claim as inventory.

Vehicle Permits

All vehicles parked at Champlain College must display a valid parking permit. Permits are valid until December 31, 2010 and must be renewed each semester. Residential students are allowed to have cars on campus only if they qualify for permits based on work needs or medical needs.

The Fall 2010 breakdown of permits at Champlain College is as follows:

Day Time Commuters (on campus)	307
Day Time Commuters (shuttle lots)	66
Evening Commuters	43
Resident Permits (on campus).....	31
Resident Permits (shuttle lots).....	215
Faculty/Staff (Full Time) (on campus).....	180
Faculty/Staff (Full Time) (shuttle lots)	82
Faculty/Staff (Full Time) (on campus).....	85
Faculty/Staff (Part Time) (shuttle lots)	11
Total Permits	1020

As can be seen above the commitment of Champlain College to reducing parking on campus has been quite a success with more than 36% of our total affiliates who now park at shuttle lots instead of parking on campus.

The % of faculty/staff who have registered their vehicles is higher than it appears because of the 556 employees, we have 99 who teach online only and are never on site. Currently, 66 employees are in the Emergency Ride Home Program, having registered with CATMA as using a mode other than drive alone to commute to campus on a regular basis. Of these 55, 37 are registered in the Bike/Walk Reward Program.

The adequacy of the current parking inventory must be measured relative to peak parking demand rather than the total number of permits issued. The peak parking demand generally occurs between the hours of 12:00 and 1:00 pm on a weekday. This approach is used in the 2009-2014 Joint Institution Parking Management Plan (approved September 29, 2009) and is appropriate because not all permit holders occupy a parking space at the same time. Table 2 presents an estimate of the peak parking demand. The percent on campus during the peak is based on the annual CATMA survey.

CHAMPLAIN COLLEGE

Table 2: Peak Parking Demand Estimate

Champlain College Peak Parking Demand Estimate – Fall 2010

Affiliate Group	Permits Issued	% On Campus During Peak**	Peak Parking Demand
Day Time Commuters*	373	44%	164
Resident Students	246	100%	246
Faculty/Staff Full Time	262	90%	236
Faculty/Staff Part Time	96	6%	6
Peak Parking Demand			652
Vehicle Fleet			12
Total Parking Spaces Required during Peak			664
Available Off-Street Parking Inventory			922
Difference (Inventory – Total Required)			258

**The percentage of daytime commuters on campus during the peak is derived from Figure 2 of the 2009-2014 JIPMP. The 44% used here is a weighted average of commuters within 1/2 mile of campus (100% are on campus during the peak) and commuters outside 1/2 mile of campus (34% are on campus during the peak)

**Based on 2008 CATMA survey results.

As shown in Table 2, The College has sufficient space for the number of permits issued and in addition:

1. A significant number of Champlain College employees and commuter students register cars to receive a permit for occasional use; however, they typically walk to the campus, ride bicycles, take the bus join carpools, or are dropped off by others. In addition, the College has been able to move more than 50 employees to off campus locations at 40 Sears Lane, 212 Battery Street and the Champlain Mill to reduce vehicle trips to the core campus. This includes all of the Physical Plant vehicles, which had been parked on campus until the Fall of 2007.
2. The need for visitor spaces is not consistent with actual visits to the campus. Most visitors to the campus come to our Admissions Office, and it is rare to have more than three or four interviews scheduled at the same time.
3. In the fall of 2003, CATMA entered into an agreement with GP Burlington South, L.L.C. to lease a portion of the property on Lakeside Ave., in Burlington consisting of 200 parking spaces. Currently, Champlain College utilizes these spaces as part of their off-site inventory. These spaces are our secure overnight lot, where our resident students must park their cars during the week, unless they have qualified for an on-campus permit based on work needs or medical needs. Additionally, faculty and staff can park in the general parking area at Gilbane by requesting a Gilbane parking permit. Shuttle service from the Gilbane lot to the Campus is provided by Mountain Transit through an agreement between Mtn Transit and Champlain College. The parking and shuttle at Gilbane are provided at no cost to Champlain constituents.; however shuttle riders must show a Champlain ID to ride for free.
4. It should also be noted that as of 10/15/10, 159 of our permits are day permits for Perkins Pier and another 215 are assigned to the Gilbane lot. In both cases, these vehicles are mostly off campus during the 8am-4pm time period. The campus workers who are outsourced, such as Sodhexo employees, are issued permits to the Pier to minimize their impact on the Hill.

Sec. 8.3.3 (c)

Vehicle Fleet

The Champlain College Physical Plant has 12 vehicles that are owned or leased for department use as follows:

- 2001 Chevy van - 7 passengers (owned)
- 2001 Chevy van - 7 passengers (owned)
- 2006 Chevy dump truck (leased)
- 2009 GMC- model 1500 Pick up (owned)
- 1996 GMC Pickup (owned)
- 2005 Chevrolet pickup (owned)
- 2006 Chevrolet Pickup (owned)
- 2006 Chevrolet 1500 Pickup
- 2008 Pontiac Torrent - Security vehicle (owned)
- 2009-Honda CRV - Security vehicle (owned)
- 2010-GMC Savannah (owned)
- 2010-Toyota Tundra (leased)

Sec. 8.3.3 (d)

Programs, Policies, and Incentives

Champlain College, as a part of the permit application submitted to the City of Burlington and to the District 4 of Act 250 District Commission, developed a parking plan that was implemented for the fall 2003 term. This parking management plan was patterned after other established CATMA parking programs. It incorporates off-site, satellite parking, issuance of parking permits, imposition of fees for parking permits, and the development of parking zones tied to each of three permit types: on-campus parking lots, on-street parking and off-site parking. Not everyone is permitted to park within the core campus. Champlain College now has 200 spaces for overnight parking at the Gilbane lot.

We continue to require all residential students with vehicles to park them off campus at the Gilbane site and access the College by shuttles that serve this area. To encourage use of this lot, we expanded the shuttle with Mountain Transit scheduled from 9pm to 12 midnight Monday through Thursday and added a Saturday and Sunday shuttle from 11am-8pm so students can return their vehicle to the lot prior to Monday mornings. This also includes shuttle coverage to Spinner Place in Winooski by Mountain Transit Monday through Friday, starting at 7am. To better serve our students and reduce our carbon footprint, we issue Commute Smart cards through CATMA to all students living at Spinner Place and to those who have registered to park their car at the Gilbane lot. The Commute Smart card allows these students to arrange for taxi service between the Champlain College campus and Spinner Place and between the Gilbane lot the Champlain College campus whenever the Mountain Transit shuttles are not running.

To encourage the use of Perkins Pier satellite lots, the College provides a shuttle bus from Perkins Pier to the Campus Center regularly throughout weekdays. Hours of operation have been expanded to meet user needs. Ridership on the shuttle from Perkins Pier to the College has continued to increase. From 2005-06 to 2006-07 the increase was a notable 31%. In all, this service eliminated more than 23,000 vehicle trips to the 'Hill' area in 2006-07 and more than 53,000 for the period 2004-2007. 2007-2008 proved to be the second best year we have ever had adding another 21,141 riders for a total of more than 74,000 riders since 2004. 2008-09 was also another good year for Pier ridership adding another 17,476 to the total riders since 2004. With the ridership included for 2009-2010 our total ridership since 2004 has now reached 102,200

CHAMPLAIN COLLEGE

riders that would otherwise have parked on campus.

Champlain Parking Demand Reduction

After a very successful one-month pilot of the CATMA Unlimited Access program in April 2006, Champlain College joined the program with the start of the fall 2006 semester. The CATMA Unlimited Access program is a partnership between CCTA and CATMA, which offers FREE bus rides 24/7 on all CCTA routes, including the LINK Express routes, to all faculty, staff, employees and students. All Champlain College faculty, staff and employees as well as residential and commuter students can now ride any CCTA bus for FREE by showing the bus driver their Champlain College ID, then swiping the ID through the fare box card reader on the bus.

The Unlimited Access Program is part of CATMA's and its members' efforts to reduce the number of vehicles on the "Hill". It was our hope that with the implementation of Unlimited Access Program at Champlain College, employees and students would consider leaving their cars at home and take the bus to work, to class, to shop, to eat, or simply to do errands.

This generous action on the part of the College eliminated almost 15,000 vehicle trips into the greater Burlington area over the first 10 months of the program. Based on the tremendous success of this program, the College continued to offer it during the 2007-2008 school year to promote transit use among our faculty and staff. The success of this program continued with almost 20,000 rides over that time period. During the 2008-09 school year 32,146 riders took advantage of this program. A tremendous success and one we continued to promote during the 2009-10 school year when we added another 36,958 riders for a total of 104,000 riders since the inception of the program.

In recognition of the fact that Champlain College students residing at Spinner Place would require efficient transport to the main campus, the College has been providing shuttle service from Spinner Place to the main campus since it began to house students there in the fall of 2006. Currently, the shuttle contract is with Mountain Transit. From September 2006 through May 2007, shuttles between Spinner Place, the College campus and the Gilbane off-site parking lot accounted for more than 26,000 shuttle ride. From September 2007 through July 2008 we saw ridership increase to 52,319 trips. The tremendous success continued into the 2008-2009 school year, when ridership reached 70,445 for that time period. When the total of 78,884 for the 2009-10 school year is factored we have eliminated 227,600 vehicle trips to the campus from Spinner Place since Fall 2006.

To continue to encourage our students to ride the shuttles, Champlain College partnered with CCTA in 2007 to build and install 2 new bus shelters on Maple Street to protect our shuttle riders from winter weather. We also introduced a GPS tracking system during the Fall of 2007 that allows students to determine when the next bus will be coming and increased ridership accordingly.

Through CATMA, Champlain College now hosts a pod location for CarShare Vermont. The new nonprofit car sharing organization officially launched in the Burlington area in December 2008. The Champlain College pod houses two Subaru Imprezas. There are eight additional pod locations in the city of Burlington. Two Subaru Imprezas are also located on the University of Vermont campus and there are five Toyota Priuses and one Toyota Tacoma Pickup Truck at other locations in the city. Membership in CarShare Vermont is open to anyone over the age of 18, with some restrictions. All the vehicles are available to anyone registered as a member of CarShare. CarShare Vermont, along with CATMA and Champlain College continues to promote CarShare. Efforts include email broadcasts to student, faculty & staff, brochures and flyers around campus and included in Family Weekend & orientation packets, links on the CATMA and Champlain web pages, cars pointed out on campus tours, multiple tabling events near the cafeteria and at accepted student event, student orientation, faculty & staff tax-day breakfast and family weekend, articles in campus and area news publications, presentations at Champlain RAs resource fair, Student Ambassador Training and at the Brown Bag Lunch for faculty & staff. CarShare also

sponsored a \$10.00 free driving promotion for all Champlain students in August 2009 and a 50% off application fee for students in October 2009. Membership in CarShare Vermont continues to grow and there are currently two Champlain department memberships. In Fall 2010, CarShare offered Champlain and UVM students \$15 in free driving credit upon sign up.

In May of 2008, Champlain College won 1st place in the Way To Go Commuter Challenge. The Challenge, started in 2006 as part of Way To Go Week, encourages the use of alternative modes of transportation. Awards go to the business with the highest percent of employees registered in the event, broken out into groups based on the total number of employees from micro to giant (under 2 to over 1,000). Although Champlain did not receive an award during the 2009 Challenge, it is worth noting that there was a 62% increase in the number of employees registered. It is also worth noting that in 2009 the date of Way To Go, May 4-8, was during senior week, when significantly fewer faculty and staff are on campus and in 2010, Way To Go was May 17-21.

In September of 2006, Champlain College was designated one of the Best Workplaces for CommutersSM by the U.S. Environmental Protection Agency (EPA) and the U.S. Department of Transportation (DOT). Best Workplaces for CommutersSM, a voluntary partnership program designed to cut traffic congestion and traffic-related air pollution, recognizes employers that provide environmentally friendly commuter benefits to employees. Through Champlain College's membership in the Campus Area Transportation Management Association (CATMA) the private College is able to offer an array of benefits, including Unlimited Access, that help their employees pursue environmentally friendly and cost-effective commuting strategies. Offering these commuter benefits identifies Champlain College as an organization committed to reducing pollution, commuting costs, traffic congestion, and employee stress caused by single-occupant vehicle commuting. Champlain College joins two other CATMA members, Fletcher Allen Health Care and the University of Vermont, along with CATMA on the list as Best Workplaces for CommutersSM.

As a member of CATMA, the College participates in "RidesWork", a confidential carpool matching service and the Emergency Ride Home (ERH) program, which provides a free taxi ride home in an emergency to everyone registered with CATMA as an alternate commuter. There are currently 66 Champlain College employees registered with CATMA in the ERH program. Also through CATMA, the College's students and employees can ride on the University of Vermont's off-campus evening loop (CATS) buses at no charge. This has provided Champlain College affiliates with free and reliable access to the University of Vermont campus as well as the Burlington downtown area.

Other CATMA incentives include the Bike/Walk Reward Program. All faculty and staff of Champlain College who agree to bike or walk to and from work at least three days a week on a consecutive basis are eligible for the program. There are 35 employees registered in the Bike/Walk program, with an average of 8 participants each month. A complete description of all the CATMA TDM programs and services, which are available to Champlain College constituents, can be found in the CATMA section of this chapter. The College continues to encourage the use of bicycles during warm months and has daytime storage rack space for employee and student bicycles.

Sec. 8.3.3 (e)

Monitoring, Compliance and Enforcement Systems

The Champlain College security staff monitors all campus lots. Patrols are made randomly to deter vandalism, assist motorists, and to ensure that all parking regulations are enforced. On Street patrols of contiguous streets are also performed regularly. Additionally, Champlain College provides security at the Gilbane lot from dusk to midnight weeknights and weekends when classes are in session.

CHAMPLAIN COLLEGE

We continue increased patrols of the streets contiguous to our campus core in support of the normal patrol activities of the Burlington Police Department, and they are contacted immediately if a vehicle is spotted parked in a “Residents Only” area or is blocking the driveway of a neighbor. We have also continued ticketing Champlain College affiliated vehicles that are left on street overnight by running their license plates through the police department and then matching the address of the owner with our records.

Our Security officers have been diligent about enforcing the new regulations. As a result, we continue to see improvement in the levels of voluntary compliance as our community adapts to our rules and regulations.

Beginning in the Fall semester of 2006, Champlain College partnered with a nationally known ticketing management company called IPARQ. We purchased the necessary software to automate much of the collection function including the ability to turn unpaid tickets over to Student Accounts. Those tickets are now added to student bills making it impossible to avoid paying a valid ticket. This investment has increased collections of tickets during the 2006-07 school year by 63% to \$57,390.00. During the 2007-08 school year, we collected \$44,175.00 bringing our 2-year total to \$101,565.00. The previous best 2 years we ever had in collections prior to this was the 2004-2006 period, when we collected \$56,000.00.

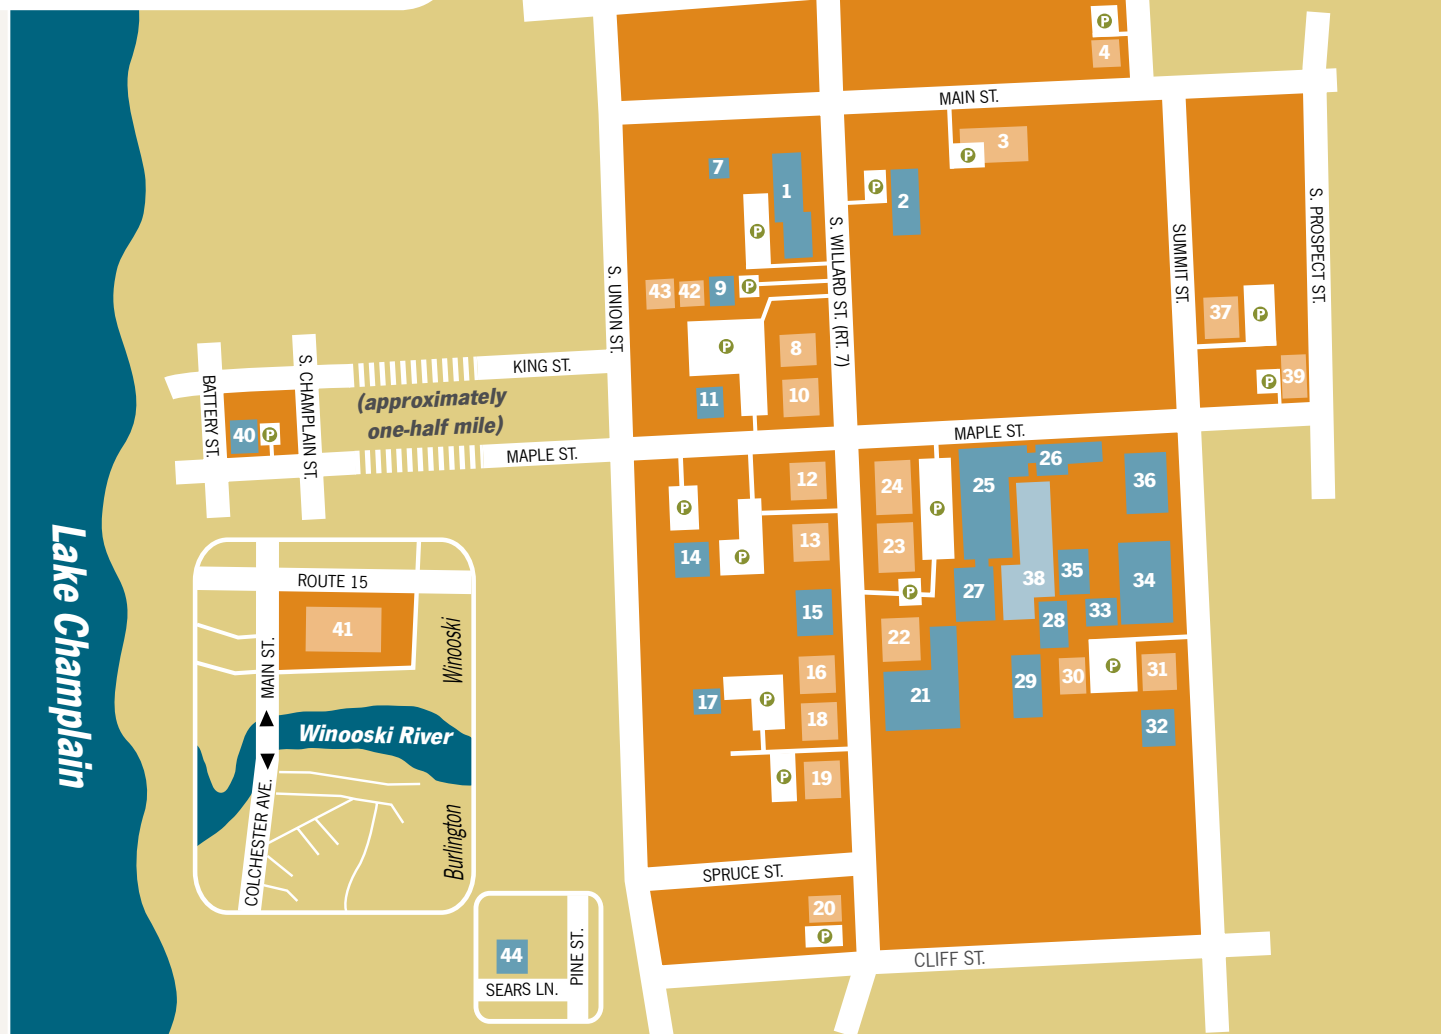

Our efforts continued into 2008-2009. By the end of Spring Semester 2009 we had collected \$57,195.00 in parking fines reflecting the commitment of Champlain College to continue to enforce our regulations.

During the 2009-2010 school year we added another \$42,165.00 to the total of collected fines since 2004 for a total of \$256,925.00 over that time period; fall 2004 through spring of 2010.

ZONE PERMITS Permits are issued by zone depending on enrollment or employment status with the College, taking into account special needs. Fees may be paid in full at registration or, in the case of faculty and staff, by payroll deduction.

PLACEMENT Parking decals are removable and must be affixed to the lower left-hand corner of the front windshield. Decals must be clearly visible through the front windshield.

REPLACEMENT PERMITS Notify the Campus Safety and Parking Office immediately if your permit is lost or stolen. Log on to ThePermitStore.com to request a replacement permit. Once a replacement permit is ordered, the old permit is no longer valid. There is a \$10 processing fee for replacement permits.

REFUNDS If you withdraw (or cease College employment) within five days of receiving your permit, 100% of the permit cost will be refunded provided you return your permit by mail to ThePermitStore.com and permanently remove your vehicle from the campus.

PERMITS ARE NOT TRANSFERABLE Remove your permit from your vehicle if you sell it or otherwise transfer ownership. Log on to ThePermitStore.com to change or update your vehicle information. Permits may not be transferred to other individuals or used on vehicles not registered for that permit.

Violations

CITATIONS Citations may be presented to the owner/operator in person, placed on the vehicle windshield or mailed. It is possible to receive a citation for more than one infraction at a time.

APPEALS MUST BE MADE WITHIN 15 DAYS OF TICKET ISSUE Appeals must be submitted online at www.scpay.com. Do not wait for further contact from the Campus Parking Office. After 30 days all outstanding fines will be submitted to Student Accounts and will be added to individual bills until settlement. Once fines have been submitted for collection in Student Accounts you will no longer be able to appeal the ticket and a \$25 administrative fee will be added.

TOWING Vehicles with three or more unpaid tickets will be towed from campus. Vehicles operated by campus affiliates that are unregistered with the College through IPARQ can be towed without warning. Faculty, staff, students and affiliates parked outside of Champlain College zones may be towed.

Infraction	Fine* (1st offense)	Fine* (Subsequent)
Parking on grass/sidewalks, in non-permitted zone or outside white lines	\$25	\$50
Improper permit placement	\$25	\$50
Unregistered vehicle	\$50	\$100
Handicap zone, fire lane	\$50	\$100
Use of unauthorized permit	\$100	\$200

*Towing charges are in addition to these fines.
Note: Fines must be paid in full in order to receive a new parking permit, confirm course registration, receive a transcript or be awarded a degree.

PARKING PROGRAM AND REGULATIONS

CAMPUS SAFETY & PARKING OFFICE

865-5403

DURICK HALL

Monday–Friday, 8:00 a.m.–4:00 p.m.

For the most up-to-date policy information, go to: www.champlain.edu.

Champlain College is located in a residential neighborhood in the heart of Burlington. This means that parking on campus and surrounding streets is extremely limited. In an effort to make the most efficient use of our limited parking spaces on campus and to maintain the good relations we enjoy with our neighbors, Champlain has developed a strict campus parking policy that applies to everyone — students, faculty, staff and visitors.

General Regulations

ALL VEHICLES MUST BE REGISTERED All Champlain College students, faculty and staff must register their cars and park in their assigned zones. **Failure to park in your assigned zone—including city streets outside the parking zone map—will result in fines, towing, and/or additional College imposed sanctions.** Permits are issued by zone, and only those vehicles with a valid permit for a particular zone may park in that zone. For example, residential students with Zone 6 permits may not park in Zone 7 at any time.

PERMITS Permits must be properly displayed while in the College's assigned parking zones, including designated city streets. Vehicles not displaying the required permit will be cited for a fine and/or towed at the owner's expense. (See back panel for details about permits and citations.)

ONE PERMIT PER PERSON No faculty, staff or student can receive more than one permit. Only one registered car may be parked in College zones or designated parking areas at any one time.

PARKING SPACE IS NOT GUARANTEED From time to time, it is possible that no parking will be available in designated campus zones. In such cases, permit holders may park in Zone 1 or Zone 6 and use the free shuttle.

PARK BETWEEN WHITE LINES The only legal parking space in any College parking lot is between two white striped lines.

PROHIBITED AREAS Standard parking regulations apply to vehicles parked on campus. No vehicle may be parked in driveways, fire lanes, handicapped parking or reserved spaces (unless the operator has a permit for such spaces), non-designated parking spaces, on lawns or courtyards, or by blocking a legally-parked vehicle. Vehicles in violation will be towed at the owner's expense. Also note that College-affiliated parking is NOT permitted at any time on the following streets: Cliff, Spruce and South Union from Cliff Street to Maple Street.

NO PARKING 12:30 A.M. TO 6 A.M. Regardless of the permit held, no student, faculty or staff may park on adjacent city streets from 12:30 a.m. to 6:00 a.m. Vehicles parked overnight in campus zones must be moved to their assigned zones by 8:00 a.m. Overnight parking is available in the Zone 6 (Gilbane) lot.

How to Register Your Vehicle

Register your vehicle online by visiting the Champlain College website at www.champlain.edu and by following the IPARQ prompts.

Your permit will be mailed to your campus mailbox. If you do not have one it will be sent to the address you provided during registration.

RESIDENTIAL STUDENTS REQUIRING A CAR FOR EMPLOYMENT OR MEDICAL REASONS MAY BE ISSUED A ZONE 7 PERMIT. In cases of medical need, proof is required in the form of a Doctor's documentation. In cases of employment, proof in the form of a letter from the employer stating the hours of work, plus a pay stub confirming hours worked is required. All other residential students will park in the Gilbane Lot, free of charge.

VEHICLES EQUIPPED WITH ALARMS that do not cease emitting intermittent or constant sound for a total of three minutes within any 15-minute period are strictly forbidden. Violators will be ticketed and towed.

VISITOR PARKING Visitors to the Office of Admission are free to park in any available, non reserved parking space. The parking area west of Skiff Hall is closest to the Office of Admission and temporary visitor permits may be obtained from Admission staff at that location.

NON-COMPLIANCE Failure of a student or employee to register a motor vehicle and/or to comply with College parking policies will result in fines, towing charges and loss of permission to park a vehicle in College zones, as well as the possible loss of other privileges, suspension or dismissal. Failure to pay parking fines in a timely manner will affect students' financial standing with the college.

WAIVER OF LIABILITY Champlain College assumes no responsibility for the care or protection of any vehicle or its contents at any time it is operated or parked in campus zones. Any damage or theft involving the vehicle (interior or exterior) is the owner's responsibility.

PERMIT POLICY Students, faculty, staff and vendors who bring a vehicle to campus must register their vehicle with the Campus Safety and Parking Office. Visitors should ask their campus contact for information about parking on campus.

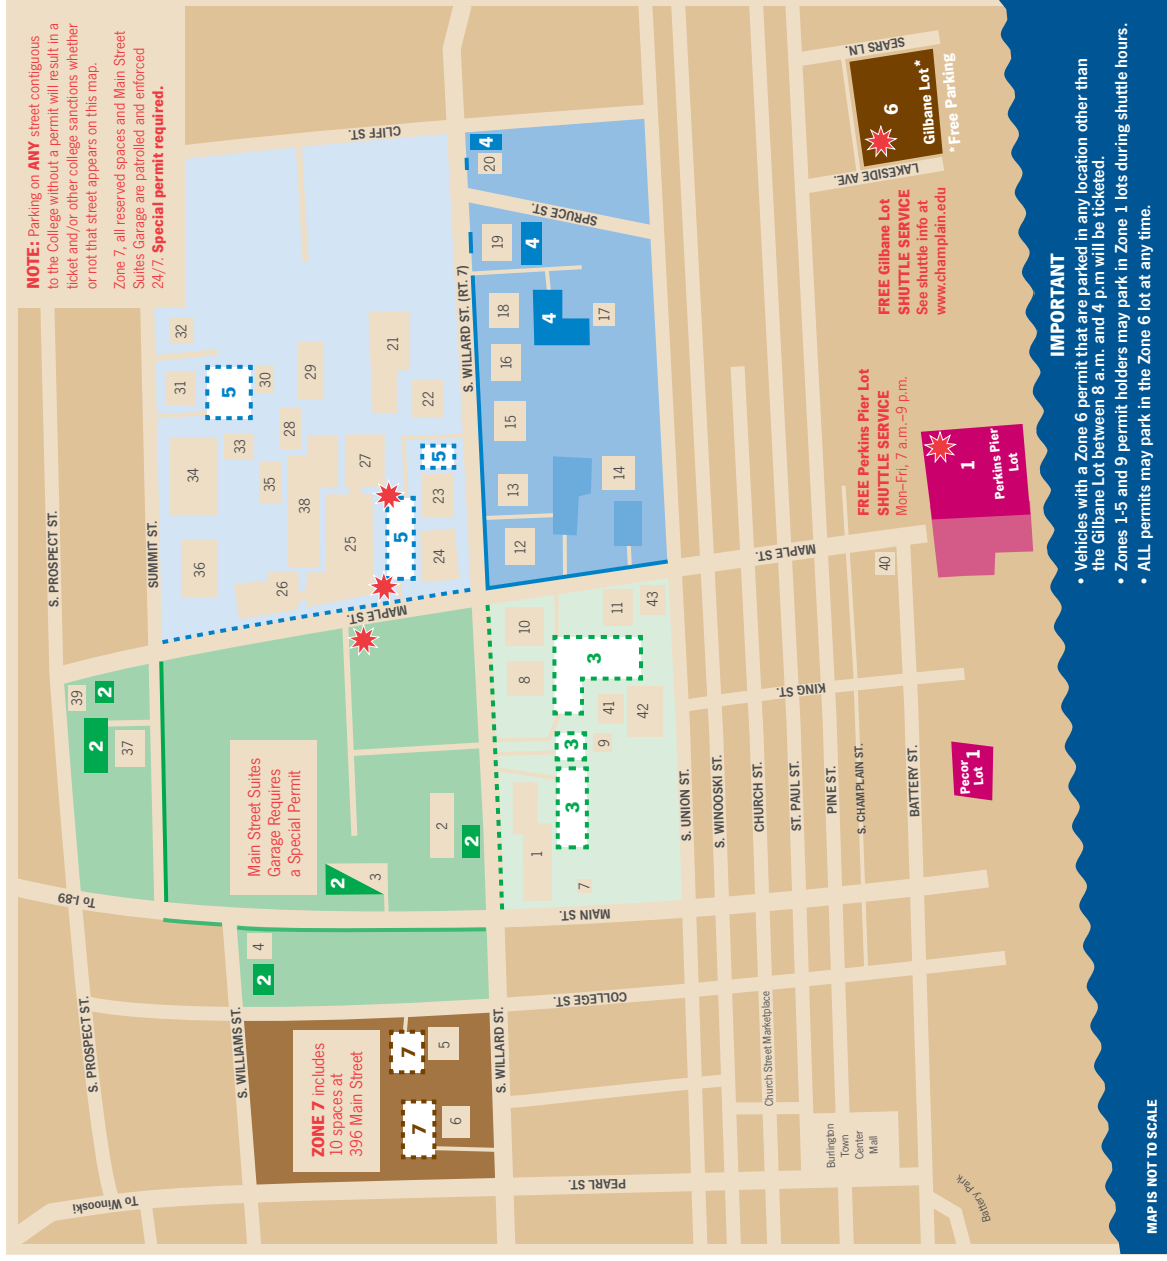

PERMIT FEES Permit fees are \$100/semester for full-time Faculty/Staff and Commuting Students, \$50/semester for part-time Faculty/Staff and Commuting students. Permit fees are \$100/semester for residential special needs permits. There is no charge for parking in qualified satellite lots. There is no charge for evening students to obtain a Zone 9 permit allowing them to park in any available lot after 4 p.m. or in Zone 1 and 6 lots during shuttle hours. There is no charge for students to park in the Gilbane lot at any time.

General Regulations

All vehicles must be registered

All Champlain College students, faculty and staff must register their cars and park in their assigned zones. Failure to park in your assigned zone—including city streets outside the parking zone map—will result in fines and/or towing. Permits are issued by zone, and only those vehicles with a valid permit for a particular zone may park in that zone. For example, residential students with Zone 6 permits may not park in Zone 7 at any time.

CAMPUS MAP [PDF]

PERMITS

Permits must be properly displayed while in the College's assigned parking zones, including designated city streets. Vehicles not displaying the required permit will be cited for a fine and/or towed at the owner's expense.

ONE PERMIT PER PERSON

No faculty, staff or student can receive more than one permit. Only one registered car may be parked in College zones or designated parking areas at any one time.

PARKING SPACE IS NOT GUARANTEED

From time to time it is possible that no parking will be available in designated campus zones. In such cases, permit holders may park in Zone 1 or Zone 6 and use the free shuttle.

PARK BETWEEN WHITE LINES

The only legal parking space in any College parking lot is between two white striped lines.

PROHIBITED AREAS

Standard parking regulations apply to vehicles parked on campus. No vehicle may be parked in driveways, fire lanes, handicapped parking or reserved spaces (unless the operator has a permit for such spaces), non-designated parking spaces, on lawns or courtyards, or by blocking a legally-parked vehicle. Vehicles in violation will be towed at the owner's expense.

Residential students may not have cars on campus or park in College-operated lots (except under special circumstances). Residential students who require a car for employment or medical reasons will be issued a permit for parking in the off-campus Gilbane lot only (Zone 6). In cases of medical need, proof may be required in the form of a doctor's documentation. In cases of employment need, a letter from the employer stating the hours of work, plus a pay stub confirming hours worked, may be required for approval. These exceptions will be reviewed on a semester basis or as individual circumstances change.

NO PARKING 12:30 A.M. TO 6 A.M.

Regardless of the permit held, no student, faculty or staff may park on adjacent city streets from 12:30 a.m. to 6:00 a.m. Vehicles parked overnight in campus zones must be moved to their assigned zones by 8:00 a.m. Overnight parking is available in the Zone 6 (Gilbane) lot.

Vehicles equipped with alarms that do not cease emitting intermittent or constant sound for a total of three minutes within any 15-minute period are strictly forbidden. Violators will be ticketed and towed.

VISITOR PARKING

Visitors to the Admissions Office are free to park in any available, non reserved parking space. The parking area west of Skiff Hall is closest to the Admissions Office and temporary visitor permits may be obtained from Admissions staff at that location.

NON-COMPLIANCE

Failure of a student or employee to register a motor vehicle and/or comply with College parking policies may result in fines, towing charges and loss of permission to park a vehicle in College zones, as well as the possible loss of other privileges, suspension or dismissal. Failure to pay parking fines in a timely manner will affect students' financial standing with the college resulting in a hold on grades, transcripts or the ability to register for classes.

WAIVER OF LIABILITY

Champlain College assumes no responsibility for the care or protection of any vehicle or its contents at any time it is operated or parked in campus zones. Any damage or theft involving the vehicle (interior or exterior) is the owner's responsibility.

Champlain College is currently accepting applications for 2009-2010 Parking Permits through ThePermitStore.com. Click on the **"Apply"** button above to purchase a parking permit. A processing fee may apply.

Please affix your Champlain parking permit to the lower left corner of your vehicle's windshield. Thank you.

The following information is needed to complete a campus parking permit purchase:

Personal Info – Name, Address, Email, Drivers License and Datatel ID number.

Vehicle Info – Vehicle make, model, year, color, and license plate number.

Payment – Credit card, check or money order. Payroll deduction is also available for qualified faculty and staff.

Please visit the following links for more information:

[Champlain Collge Home Page](#)

[New Search](#)

Permit Registration

ALL VEHICLES, INCLUDING MOTORCYCLES (OR ANY MOTORIZED VEHICLE), OPERATING ON CAMPUS MUST REGISTER NO LATER THAN THE FIRST WEEK OF CLASSES EACH SEMESTER.

Students, faculty and staff may apply for parking permits by logging on to ThePermitStore.com. When you reach "The Permit Store," enter Champlain as your parking destination. Students, faculty and staff will all be required to use the last 7 digits of their Datatel ID number during the registration process. Limited parking is available in Champlain College zones, therefore permits will be issued by zone on a first-come, first-served basis.

If you are paying by check or money order, your decal will not be mailed until the payment is received. Permits cost \$50 per semester for part time students and staff and \$100 per semester for full time students and staff.

If you are paying by credit card, once you have entered your credit card information, you will receive a message that says "approved," this only means your credit card was accepted—this does not mean your parking request was approved.

HOW TO ORDER

When first visiting ThePermitStore.com, applicants will be asked to create a new account in the system. The process uses the applicant's email address as the account name and the applicant will create a password to access their account. Forgotten passwords can be retrieved at anytime as long as the applicant can receive emails at the address used to create the account.

THE FOLLOWING INFORMATION IS NEEDED TO COMPLETE A CAMPUS PARKING PERMIT PURCHASE:

1. **Personal Info** – Name, Address, Email and College ID number.
2. **Vehicle Info** – Vehicle make, model, year, color, and license plate number.
3. **Payment** – Credit card, check or money order. Payroll deduction is also available for qualified faculty and staff.

If the application is approved a parking permit will be sent in the mail to your campus mail box or home address provided at registration if you do not have a campus box. It will be received in 2–3 business days (with exceptions for holidays and weekends).

Permit Information

PERMIT POLICY

Students, faculty, staff and vendors who bring a vehicle to campus must register their vehicle with the Campus Public Safety Office. Visitors should ask their campus contact for information about parking on campus.

PERMIT FEES

Permit fees are \$100/semester for full-time Faculty, Staff and Commuting Students, \$50/semester for part-time Faculty, Staff and Commuting students. Permit fees are \$100/semester for residential special needs permits. There is no charge for parking in qualified satellite lots.

There is no charge for evening students to obtain a Zone 9 permit allowing them to park in any available lot after 4 p.m. or in Zone 1 and 6 lots during shuttle hours. There is no charge for students to park in the Gilbane lot at any time.

ZONE PERMITS

Permits are issued by zone depending on enrollment or employment status with the College, taking into account special needs. Fees may be paid in full at registration or, in the case of faculty and staff, by payroll deduction.

PLACEMENT

Affix the decal to the lower left-hand corner of the front windshield. Decals must be clearly visible through the front windshield.

REPLACEMENT PERMITS

Notify the Campus Public Safety Office immediately if your permit is lost or stolen. Log on to ThePermitStore.com to request a replacement permit. Once a replacement permit is ordered, the old permit is no longer valid. There is a \$10 processing fee for replacement permits.

REFUNDS

If you withdraw (or cease College employment) within five days of receiving your permit, 100% of the permit cost will be refunded provided you return your permit by mail to ThePermitStore.com and permanently remove your vehicle from the campus.

Permits are not transferable Remove your permit from your vehicle if you sell it or otherwise transfer ownership. Log on to ThePermitStore.com to change or update your vehicle information. Permits may not be transferred to other individuals or used on vehicles not registered for that permit.

Violations/Appeals

Citations may be presented to the owner/operator in person, placed on the vehicle windshield or mailed. It is possible to receive a citation for more than one infraction at a time. APPEALS MUST BE MADE WITHIN 15 DAYS OF TICKET ISSUE, and may be made online at www.scapay.com. After 30 days all outstanding fines will be submitted to Student Accounts and will be added to individual bills until settlement. Once fines have been submitted for collection in Student Accounts you will no longer be able to appeal the ticket and a \$25 administrative fee will be added.

Cars with three unpaid tickets or that have not been registered with the College may be towed without further warning. Champlain faculty, staff, students and affiliates parked illegally outside of Champlain College zones may also be ticketed.

THE CHAMPLAIN COLLEGE

FLEET SAFETY PROGRAM

I. POLICY STATEMENT

The Champlain College Fleet Safety Program establishes guidelines and procedures to be followed to protect the safety of individuals operating any motor vehicle on company business. Protecting our employee drivers, their passengers, and the general public is of the highest priority to Champlain College.

The commitment of management and employees is critical to the success of this program. Clear communication of and strict adherence to the program's guidelines and procedures are essential.

DEFINITIONS: (See Appendix A for additional definitions.)

COMPANY VEHICLE: A motor vehicle owned by or leased to the company, including a temporary replacement vehicle.

MOTOR VEHICLE: "Company Vehicle" or any other motor vehicle while being operated on company business.

DRIVER: Any employee assigned to a "Company Vehicle" or who operates a "Motor Vehicle."

II. SCOPE

This policy applies to all employees of Champlain College.

The primary goal of the Fleet Safety Program (FSP) is to maintain a high level of safety awareness and foster responsible driving behavior.

"Driver" safety awareness and responsible driving behavior will significantly decrease the frequency of "Motor Vehicle" accidents and reduce the severity of personal injuries and property damage.

"Drivers," as defined in this program must follow the requirements outlined in this program. Violations of this program may result in disciplinary action up to and including suspension of driving privileges or dismissal.

III. PROGRAM RESPONSIBILITIES

Everyone shares in the responsibility to make the FSP a success. To avoid confusion or misunderstanding, specific program responsibilities are outlined as follows:

A. Drivers

"Drivers" are required to:

1. Read, understand and follow the requirements contained in this program.
2. Participate in company-sponsored activities or programs designed to improve driver safety.
3. Maintain a valid driver's license and adhere to license restrictions.
4. Complete the *Driver History Form*, and thereby provide signed permission for the company or its designated representative to obtain "Motor Vehicle Records."
5. Sign the *Fleet Safety Program Acknowledgment Form*.

B. Vehicle Safety Manager

Vehicle Safety Manager will:

1. Implement the FSP within the college and ensure accountability for program requirements.
2. Ensure the *Driver History Forms* are completed by each driver and kept on file at the campus safety office.
3. Ensure that the *Fleet Safety Program Acknowledgement Form* is signed by each driver and kept in employee's file.
4. Be Responsible for taking appropriate action to manage "High Risk Drivers" as defined by this program.
5. Ensure that all "Drivers" participate in company safe driving training programs.
6. Secure and retain training documentation for all safe driving training.
7. Investigate all "Accidents" and ensure that accident reports are completed as described in Section IX – Accident Reporting
8. Perform "Motor Vehicle" background checks.

C. Campus Safety Officer

The Campus Safety Officer will:

1. Serve as a technical resource to the Vehicle Safety Managers, ensuring the continuous development and maintenance of the FSP.
2. Help evaluate "High Risk Drivers" and advise management on instituting any additional driving restrictions/limitations.
3. Evaluate and approve driver training curriculum.
4. Provide driver training resources.
5. Revise and Disseminate changes to the FSP.
6. Issue periodic reports for management review and action.
7. Forward Department of Motor Vehicle reports to the appropriate Department head.

IV. AUTHORIZATION OF DRIVING PRIVILEGES

Vehicle Safety Managers will not assign or allow the use of a "Motor Vehicle", if:

- A. The "Driver" does not have a valid operator's license issued by their state of residence.
- B. The "Driver possesses licenses from more than one state.
- C. The "Driver's" license is suspended or revoked for any reason.

In addition, a "Driver" will be subject to termination if his/her license is revoked, unless a suitable replacement non-driving job in the company is available; or the employee may be subject to other disciplinary action if his/her license is only temporarily suspended.

V. AUTHORIZED VEHICLE USE

A. Personal Use of Company Vehicle

A company Vehicle, when not used for business purposes may be chosen for personal use as long as:

- The vehicle is being supplied to an employee who is on call.
- That employee is the driver of the vehicle
- The vehicle is not being used in support of a second job.

B. Unauthorized Use of Company Vehicle

It is not permissible for friends, neighbors or other family members to operate company vehicles. In the event of an accident the college will not indemnify the driver unless that driver is the individual who was assigned the vehicle. Other disciplinary action including suspension of driving privileges or dismissal of the driver may be taken. The Vehicle Safety Manager may implement other personal use restrictions such as radius of operation, at their discretion.

The Privilege of driving a company vehicle for personal use is subject to change at any time.

The spouse of a permitted driver is not permitted to drive a company vehicle and a spouse involved in an accident with a company vehicle would have the coverage subrogated to the spouses' insurance policy.

C. Leased Vehicles

If the vehicle is part of an employee compensation package, spouses are permitted to use the leased vehicle provided they are insured through their carrier or the college policy.

As part of the leased policy, it is recommended that the drivers and spouses of drivers of leased vehicles should submit to background checks if they transport students. It is also

recommended that the drivers and spouses of drivers of leased vehicles attend the college sponsored defensive driving course administered by the Vehicle Safety Manager.

D. Student Transport

Long term Champlain College should investigate the purchase of a bus to transport students to college events. To avoid liability, a Champlain College employee should not transport a Champlain College student in their personal vehicle for any reason or under any circumstances. Lack of compliance can lead to a Champlain College employee being personally responsible for any personal injuries or vehicle damage that occurs.

The only exception would be in the case of a Champlain College employee whose job routinely requires that employee to transport students. In that situation, the employee must be listed with the Hickok-Boardman Insurance as a “named insured” on the college policy.

The Champlain College insurance policy has a “hired non-owned endorsement” clause so in the event of an accident while conveying students the employee would be responsible for vehicle damage claims while any personal injury claims would go to Hickok-Boardman.

E. Non-Company Vehicles Used for Business

Employees who drive “Non-Company Vehicles” while conducting business for the company are subject to all the provisions and standards of this program. For the purpose of this section the term “conducting business” does NOT include student transport.

“Additional Responsibilities Include:

- 1. Maintaining automobile liability insurance limits of at least \$100,000 per person, \$300,000 per accident, and \$25,000 property damage; but in no case less than the minimum required by law for the state in which the driver resides.*
- 2. Maintaining current state vehicle inspection if the state requires one; and maintaining their “Non-Company Vehicle” in safe operating condition.”*
- 3. Students driving company vehicles will submit to the same background checks, attend the Safe Driving course and be governed by the same criteria as employees in terms of obeying the rules of this policy.*
- 4. Student members of student clubs or organizations that use their vehicle to transport other students shall be required by their club advisor to sign a waiver.*

F. Use of College Vans for College Sponsored Activities

College vans are available and can be reserved when available for use by authorized personnel and approved student organizations that are conducting official College business or are engaged in College sponsored activities. The vans are not available for personal use.

Authorized personnel and student organizations shall be defined as follows:

- a. All College faculty, administrators, and employees who may require vans for official College business or activities
- b. College students, with approval of Department Chairperson, who may require vans for purposes related to the academic programs of the college (student teaching, community service, etc.)
- c. College student organizations, approved by the Vice President for Student Services, who may require vans for recreational and entertainment activities.

Driving Safety Course for Approved Van Use

Only those students, faculty and staff who successfully pass the Champlain College Driving Safety course will be permitted to drive the Champlain College Vans. The program is offered twice during the academic year and is coordinated and scheduled through the security office.

- a. Each driver must provide a photocopy of his / her driver's license to the Security Office; the record check conducted by the Security Office must find a clean driving record; for students, two years' experience driving and a two year clean driving record is required.
- b. Drivers must successfully complete a written driver's examination.
- c. Drivers must successfully complete a driving skills aptitude test.
- d. Student drivers must be at least 20 years old.
- e. Student drivers are eligible to drive the van to and from their destinations that are in the local area defined as ***Chittenden County (excluding ski areas) or other pre-approved locations in Grand Isle and Addison counties.***

If any component of the Driver's Certification Program is not successfully completed, the individual will not be permitted to drive the College's vans.

Approval for driving all Vans lasts for one school year. During the summer, each driver is subject to a license check. Upon verification of a clean driving record, approval will be extended for the upcoming school year.

Requests for College Vans

Requests for vans should be scheduled at least one week in advance. All students requesting the use of College-owned vans must obtain a **permission slip** from the approved Program Coordinator, Department Chair or club/program advisor. Reservations are generally on a first-come, first-serve basis; however, the College reserves the right to reserve, approve, or deny the use of College vans as it sees fit in its sole discretion.

- a. The permission slip is to be completed in full.
- b. Students must present the permission slip to the Security Office Manager **before** commencing on the planned trip in order to insure availability of a van.

General Operating Parameters for College Vans

- a. Only approved, trained and certified students. Faculty or staff may drive the van.
- b. No driver shall transport more passengers in a van than the van is intended to transport. In most cases this is the same as the number of factory-installed seatbelts.
- c. All trips must be College related or sponsored.
- d. All drivers will be provided with a cell phone for travel, unless the driver maintains a personal cell phone. The phone is to remain on and in the driver's possession from the time the keys are picked up until they are dropped off.
- e. It is the responsibility of the organization sponsoring the trip to secure a trained and certified driver.
- f. Trip itinerary and roster must be provided to Campus Security prior to departure.

Driver Responsibilities:

- a. All drivers, upon completion of training and certification, will sign an agreement stating that they have read and understand the policies stated in this document.

-
- b. All drivers will provide the College with written notification of any and all changes to their state license status (i.e. the College is to be made aware of any speeding tickets, moving violations, or accidents involving the College driver).
 - c. Each passenger must wear a seat belt.
 - d. The driver may not operate a cellular phone while driving.
 - e. No smoking or consumption of alcohol in the vehicle shall be permitted.
 - f. No loud music or rowdy behavior that may distract the driver is permitted.
 - g. The driver must follow all local and state laws.
 - h. The driver must ensure the safety of all passengers.
 - i. If an accident or other incident occurs which causes harm to College students, faculty, staff, or property, the driver should immediately refer to the Accident Reporting Kit in the van.
 - j. In the event of inclement weather, the following procedures must be followed:
 - 1. The Department Chairperson, program advisor, or approved student organization advisor will determine if the van is to be used for that day or evening.
 - 2. If it is determined that the van will not be operated, the trip must be cancelled.
 - 3. During the duration of the trip, it is the responsibility of the driver to determine if inclement weather necessitates changing return plans. In inclement weather it is expected that the return will be postponed and the driver will cease operation of the van.
-

-
- k. The driver is responsible for the safety and behavior of passengers while in transit. The driver is financially responsible for any traffic or parking citations that he/she may receive.
 - l. Employee violations will be reported to the Human Resources office and student violations will be reported to the College Disciplinary System. Violations of a serious nature involving operational safety or violation of laws (such as reckless driving and driving under the influence of intoxicants) could result in loss of the privilege to operate a College van. The Office of Campus Safety will investigate complaints.

USE OF A MOTORCYCLE FOR COMPANY BUSINESS IS PROHIBITED

VI. DRIVER DMV REPORTS

A. Initial DMV Checks

1. EMPLOYEE APPLICANTS:

If an employee applicant is to be a "Driver," the Vehicle Safety Manager will obtain a completed *Driver History Form* (see Appendix B) from the applicant and use the form to obtain a DMV Report.

Most employees will **NOT** be permitted to drive a company vehicle prior to a satisfactory DMV background check.

In the event an employee-applicant is hired and must begin driving on company business prior to receipt of the evaluation, the Vehicle Safety Manager must, as a minimum, carefully review the applicant's *Driver History Form* before granting driving privileges.

Also, each employee-applicant should be informed in writing by the Vehicle Safety Manager that employment is conditional upon receipt of a satisfactory DMV Report; That is, a DMV Report not meeting the definition of a "HIGH RISK DRIVER."

If the Information on the DMV Report or *Driver History Form* indicates that the new employee is a "HIGH RISK DRIVER," the Vehicle Safety Manager may, after careful consideration, grant driving privileges, but only on a probationary basis.

2. EXISTING EMPLOYEES

If an existing employee is changing from a non-driving position to a position requiring driving on company business, the employee must complete and sign a *Driver History Form*.

The Vehicle Safety Manager will forward the form to the Department Head, so a DMV Report can be ordered and evaluated prior to granting a change in job status.

B. Periodic DMV Reports

The Vehicle Safety Manager will obtain DMV Reports annually for all existing "Drivers." In addition, Champlain College maintains the right to conduct periodic and random review of DMV Reports at its discretion.

C. Distribution of DMV Reports

DMV Reports will be kept in the office of the Vehicle Safety Manager.

VII. IDENTIFICATION OF HIGH RISK DRIVERS

A "Driver" will be classified as a "High Risk Driver" if the DMV check so indicates, or if it is otherwise determined, that the driver has one or more of the following violations:

1. Conviction of an alcohol or drug related driving offense.
2. Refusal to submit a Blood Alcohol Content (BAC) test.
3. Conviction for reckless driving.
4. Any combination of three or more moving violations, "At Fault Accidents," or "Preventable Accidents" within the most recent three years.
5. Suspension, revocation or administrative restriction within the last three years.
6. Leaving the scene of an accident as defined by state laws.
7. At fault in a fatal accident.
8. Felony committed involving a vehicle.
9. Three or more "Company Vehicle" physical damage claims in any twelve month period.
10. This is not a comprehensive list and Champlain College reserves the right to identify and act on other types of incidents.

VIII. MANAGEMENT CONTROLS FOR HIGH RISK DRIVERS

If an employee is identified as a "High Risk Driver," the Vehicle Safety Manager must choose either Option 1 or Option 2:

A. Option 1: Probation

The Vehicle Safety Manager and Campus Safety Officer in conjunction with the appropriate department heads would meet and determine if probation or suspension would apply. They must do ALL of the following:

1. Place the "High Risk Driver" on probation (ending two years from the date of the most recent violation).
2. Obtain a DMV Report every six months for the duration of the probationary period.
3. Notify the Campus Safety Officer of any additional violations while the employee is on probation.
4. Immediately suspend driving privileges if any single repeat violation or an additional violation occurs while on probation as described in Section VII – OR if any terms of probation are violated. Notify the Campus Safety Officer immediately.
5. Confer with the Campus Safety Officer on any stipulations, operating limitations, or other conditions (for consistency between Districts), such as:
 - a) Loss of all "Company Vehicle" driving privileges.
 - b) Loss of "Company Vehicle" driving privileges between work and home.
 - c) Loss of personal use privileges.
 - d) Transfer of the "Driver" to a non-driving position.
 - e) Additional driver training.
6. The terms of the probation are to be made to the employee in writing. The employee will be required by signature to signify that he/she has been informed of the probation terms and duration. The signed terms of probation should be kept in the employee's file.
7. If the probationary period has been served and if reinstatement of driving privileges is warranted, the Vehicle Safety Manager should notify the Campus Safety Officer.

B. Option Two: Suspension of Driving Privileges

The Vehicle Safety Manager must suspend all company driving privileges. The "High Risk Driver" will NOT be authorized to drive a motor vehicle at any time on company business.

This action may result in the Vehicle Safety Manager recommending the transfer of the employee to a non-driving position, if such a position exists, or the employee may be subject to dismissal procedures.

The employee may reapply for company driving privileges after one year of suspension. Application should be made to the Vehicle Safety Manager. If approved, the employee's driving status will change from suspension to probation. However, reinstatement of driving privileges by the Vehicle Safety Manager does not constitute an offer by the company for any "Driver" position. Normal job posting procedures will still have to be followed.

IX. ACCIDENT REPORTING

A. Accident Reporting

-
1. Supervisor Notification – The “Driver” is required to notify his/her immediate supervisor of any “Accident” as soon as is practical.

In addition, Vehicle Safety Managers are responsible for reporting “Serious Accidents” to the Finance Office.

2. Company Vehicles – The Vehicle Safety Manager, Campus Safety Officer, or the Security Officer should contact Champlain College’s insurance carrier as outlined in the Accident Reporting Kit supplied with the vehicle.

Non Company Vehicles – The “Driver” should call his/her personal automobile insurance carrier.

Daily Rental Vehicles – The “Driver” should notify the rental company.

Student Drivers – Always call the police in the event of an accident. Call 911 if there is any injury or emergency. Call Campus Security and they will contact the insurance company with all contact information and accident details.

B. What To Do In The Event Of An Accident

1. Remain at the scene of the accident.
2. Take steps to prevent further accidents – i.e. park safely, turn on emergency flashers.
3. Call the police or ask someone to call for you.
4. Give the other driver(s) your name, insurance company phone number, the vehicle’s license plate number and your operator’s license number.
5. Obtain the same information from all other parties involved.
6. Discuss the specifics of the accident only with the police, the college, and the college insurance providers.
7. If you have a camera, please take photos of the accident scene and vehicles if it is safe to do so.
8. Call The Hartford’s toll-free hotline at **1-800-327-3636 immediately**.

C. Accident Reporting Kits

Every “Company Vehicle” is required to have an *Accident Reporting Kit* in the glove box. This kit should be used by the driver to record accident facts as soon after the accident as is reasonably feasible. The “Driver” should give the completed *Accident Reporting Kit* to their immediate supervisor.

D. Accident Investigation

1. Determining Accident Preventability

The Campus Safety Officer will make a determination as to the preventability of the "Accident," and record this determination in the applicable section of the *Accident Investigation Report Form*.

The Guide to Accident Preventability (Appendix D) may be used by the Campus Safety Officer to assist in making the determination.

2. Accident Investigation Review

The Vehicle Safety Manager is responsible for reviewing the completed *Accident Investigation Report Form* and initiating any actions to prevent the reoccurrence of similar accidents by this individual.

X. Recommended Winter Driving Safety Measures

Winter brings rain, sleet, and snow. It takes extra effort to drive safely in these conditions. Take additional precautions to avoid a costly accident!

1. Preplan your route and be aware of changing weather conditions.
2. Allow ample travel time to avoid speeding.
3. Maintain safe following distances as braking may be difficult.
4. Conduct a vehicle safety inspection before driving.

Safety is the responsibility of all Champlain College employees. Review our Driver Policy and arrive safely at your destination!

Dealing with a skid:

1. Slow down at the first hint that the road is slick
2. Slow down before you arrive at curves or turns as to avoid going too fast around them and thus losing control. When in the turn apply power gently and steer steady without abruptly turning or hitting the brakes.
3. When changing lanes it is important to avoid steering against the skid or hitting the brakes. Steer in the direction the vehicle is sliding until you feel recovery of traction.
4. If braking is necessary apply the brake pedal carefully to prevent the wheels from locking. Press the brakes repeatedly to simulate anti-lock brakes if your car does not have them. Anti-lock brakes are much more effective.
5. Look out for unexpected ice patches or piles of wet leaves. "Wet" ice, warmed by the sun, is more dangerous than "cold" ice.
6. Anticipate stops by slowing down well before intersections because these areas tend to be more slick due to stopping and starting traffic.

-
7. When moving in deep snow, a light foot on the gas as well as a high gear such as 2nd or 3rd gear is better to keep the tires from spinning.
 8. Snow tires or even chains may be the best choice to help your vehicle stay under control.

XI. OTHER REPORTING RESPONSIBILITIES OF DRIVERS

A. Supervisor Notification

"Drivers" are required to notify their immediate supervisor immediately of:

1. Any illness, injury, physical condition or use of medication that may impair or affect their ability to safely drive a "Motor Vehicle"
2. The Suspension, revocation or administrative restriction of his/her operator's license. If this occurs, the "Driver" must also immediately discontinue use of the "Motor Vehicle."

FAILURE TO REPORT UNDER THE PROVISION OF SECTION IX AND X IS A VIOLATION THAT COULD RESULT IN DISCIPLINARY ACTION, UP TO AND INCLUDING DISMISSAL.

XII. TRAINING

All "Drivers" are required to complete initial safe driving training. It is the Vehicle Safety Manager's responsibility to see that all driver training is documented. Documentation should include the course name, date completed, and driver's name and identification.

XIII. SAFETY REGULATIONS

B. Vehicle Safety Belts

The "Driver" and ALL OCCUPANTS are required to wear safety belts when operating or riding in a "Motor Vehicle." The "Driver" is responsible to ensure all passengers are wearing their safety belts. Children under four years of age or under 40 pounds in weight are required to be secured in a Department of Transportation (DOT) approved child safety seat, unless more restrictive state requirements apply.

C. Impaired Driving

A "Driver" may not operate a "Motor Vehicle" at any time, when his/her ability is impaired, affected, or influenced by alcohol, illegal drugs, medication, illness, fatigue or injury.

D. Traffic Laws

All “Drivers” are required to abide by all federal, state, and local motor vehicle regulations, laws and ordinances.

E. Vehicle Condition

Each “Driver is responsible for ensuring that the “Motor Vehicle” is maintained in safe driving condition.

“Drivers” of daily rental cars should check for obvious safety defects before leaving the rental lot and request another vehicle if the first vehicle is not safe to drive. “Drivers” are encouraged to utilize daily rental cars which have air bags and/or ABS brakes when available in authorized rental class.

F. Additional Safety Rules

“Drivers” may not:

1. Pick up hitchhikers.
2. Accept payment for carrying passengers or materials (this does not apply to company endorsed car pools).
3. Use any radar detector, laser detector, or similar devices.
4. Push or pull another vehicle, or tow a trailer without authorization.
5. Transport flammable liquids and gases unless a DOT or UL approved container is utilized, and only then in limited quantities and only when necessary.
6. Use ignition or burning flares. The preferred method is the use of reflective triangles.
7. Assist disabled motorists or accident victims beyond the level of their medical training: EMT, CPR, Basic First-Aid, etc. If a driver is not qualified to provide the above services, he/she must restrict his/her assistance to calling the proper authorities.

XIV. POLICY ADHERENCE & CONTACT

A. Policy Adherence

The Vehicle Safety Manager and Campus Safety Officer are the Champlain College officials responsible for this policy. Changes to this policy must be approved by the Vehicle Safety Manager and Campus Safety Officer.

B. Contact

Questions related to the interpretation of this policy should be directed to the Campus Safety Officer.

GLOSSARY OF TERMS

ACCIDENT: Any incident involving a “Motor Vehicle” that results in bodily injury or property damage.

DRIVER: Any employee assigned a “Company Vehicle” or who operates a “Motor Vehicle.”

AT FAULT ACCIDENT: An “Accident” where the “Driver” received a moving violation ticket issued by a police officer.

COMPANY VEHICLE: A motor vehicle owned by or leased to Champlain College, including a temporary replacement vehicle.

HIGH RISK DRIVER: Any driver on probation or whose driving history meets the criteria outlined in section VII – “Identification of High Risk Drivers.”

MOTOR VEHICLE: A “Company Vehicle” or any other motor vehicle while being operated on company business.

DMV REPORT: A document supplied by the appropriate State Department of Motor Vehicles providing information on motor vehicle violations and license status of a specific driver.

NON-COMPANY VEHICLE: Any motor vehicle used on company business not provided by the company, including privately owned, leased, or rented vehicles. This definition does not include motorcycles.

PREVENTABLE ACCIDENT: Any “Accident” where the “Driver” could have avoided the accident.

SERIOUS ACCIDENT: Any “Accident” where there is a fatality, or an injury requiring the transportation of the injured party from the accident site to a medical treatment facility.

THE CHAMPLAIN COLLEGE – DRIVER HISTORY FORM

Driver's Name (Print): _____

Home Address: _____

City: _____ State: _____ Zip Code: _____

Office Location: _____

1. Do you have a valid Driver's License? Yes ____ No ____
2. In what State are you a Licensed Driver? _____
3. If you have held a license in any other state during the past 36 months, please provide the following information:

Dates	State
From: _____ to _____	_____
From: _____ to _____	_____
From: _____ to _____	_____

4. Have you been convicted of driving while impaired or under the influence of alcohol and/or drugs within the past three years? Yes () No () If yes, give explanation(s) and date(s):

5. Have you refused to submit a Blood Alcohol Content (BAC) test within the past three years? Yes () No () If yes, give explanation(s) and date(s):

6. Have you been convicted of reckless driving, or leaving the scene of an accident, or committing a felony involving a vehicle within the past three years? Yes () No () If yes, give explanation(s) and date(s):

7. Have you had your operator's license suspended, revoked or administratively restricted within the past three years? Yes () No () If yes, give explanation(s) and date(s):

8. Have you ever been convicted or found at fault for any non-fatal accident involving a motor vehicle during the past three years? Yes () No () If yes, list the date(s):

9. Have you been convicted or found at fault for any fatal accidents involving a motor vehicle during the past three years? Yes () No () If yes, list the date(s):

10. Have you been convicted of any other moving vehicle violations during the past three years? Yes () No () If yes, list the type(s) and date(s):

I certify that the answers provided to the questions on this form are true to the best of my knowledge.

I authorize Champlain College or its designated representative(s) to obtain information regarding my driving record in any state at any time while I am employed by (or seeking employment with) the college.

I understand that any misstatement of the facts on this form may be grounds for termination of employment.

In the event that my DMV Report indicates that I am a "High Risk Driver" as defined in the glossary of the Fleet Safety Program, I understand that I may be subject to dismissal.

Guide For Determining Motor Vehicle Accident Preventability

Introduction

This guide will assist you, when investigating an accident, in determining whether the accident was preventable or not on the part of our driver.

The accident investigator is expected to obtain as many facts as possible and to consider all conceivable conditions in arriving at a decision.

An accident is preventable if the driver could have done something to avoid it. Drivers are expected to drive defensively. Which driver was primarily at fault, who received a traffic citation, or whether a claim was paid has absolutely no bearing on preventability. **If there was anything our driver could have done to avoid the collision, the accident was preventable.**

An accident is non-preventable when the vehicle was legally and properly parked, or when properly stopped because of a highway-patrol-officer, a signal, stop sign, or traffic condition.

General Questions To Consider

When judging accident preventability, here are some general questions to consider.

1. Does the investigation indicate that the driver considers the rights of others, or is there evidence of poor driving habits which need to be changed?
2. Does the investigation indicate driver awareness? Such phrases as "I did not see," "I didn't think," "I didn't expect," or "I thought" are signals indicating there probably was a lack of awareness, and the accident was preventable. An aware driver should think, expect, and see hazardous situations in time to avoid collisions.
3. Was the driver under any physical handicap which could have been contributory? Did the accident happen near the end of a long day or long drive? Did overeating contribute to fatigue? Did the driver get prior sufficient sleep? Is the driver's vision faulty? Was the driver feeling ill?

4. Was the vehicle defective without the driver's knowledge? Was a pre-trip inspection done, and would it have discovered the defect? A car which pulls to the left or right when the driver applies the brakes, faulty windshield wipers, and similar items are excuses, and a driver using them is trying to evade responsibility. Sudden brake failure, loss of steering, or a blowout might be defects beyond the driver's ability to predict. However, pre-trip inspections and regularly scheduled maintenance should prevent most of these problems. If either of these are the cause of the accident, then the accident was probably preventable by the driver.
5. Could the driver have exercised better judgment by taking an alternate route through less congested areas to reduce the hazardous situations encountered?
6. Could the driver have done anything to avoid the accident?
7. Was the driver's speed safe for conditions?
8. Did the driver obey all traffic signals?
9. Was the driver's vehicle under control?

Specific Types of Accidents

Intersection Collisions

Failure of our driver to yield the right-of-way, regardless of who has the right of way, as indicated by stop signs or light, is preventable. The only exception to this is when the driver is properly proceeding through an intersection protected by lights or stop signs and the driver's vehicle is struck in the extreme rear side of the vehicle.

Regardless of stop signs, stop lights, or right-of-way, a defensive driver recognizes that the right-of-way belongs to anyone who assumes it and should yield accordingly.

Questions to consider:

1. Did the driver approach the intersection at a speed safe for conditions?
2. Was the driver prepared to stop before entering the intersection?
3. At a blind corner, did the driver pull out slowly, ready to apply the brakes?
4. Did the driver look both ways before proceeding through the intersection?

"U" turns disrupt the normal smooth flow of traffic. Accidents which occur while this maneuver is being attempted are considered preventable.

Sideswipes

Sideswipes are often preventable. Defensive drivers do not get into a position where they can be forced into another vehicle or visa versa. Defensive drivers continuously check for escape routes to avoid sideswipes. For two lane roads, this means a driver should pass another vehicle only when absolutely certain that he or she can safely complete the pass. A driver should also be ready to slow down and let a passing vehicle that has failed to judge safe passing distance back into the lane.

A driver should make no sudden moves that may force another vehicle to swerve. If a driver sideswipes a stationary object while taking evasive action to avoid striking another car or pedestrian, such an accident may be preventable. However, you should consider what the driver could have done or failed to do immediately preceding the evasive action to be in the position of no other options.

A driver is also expected to anticipate the actions of an oncoming vehicle. Sideswiping an oncoming vehicle is often preventable. Again, evasive action, including leaving the roadway, may be necessary if an oncoming vehicle crosses into a driver's lane.

Drivers are expected to be able to gauge distance properly when leaving a parking place and enter traffic smoothly.

Questions to consider

1. Did the driver look to front and rear for approaching and overtaking traffic immediately before starting to pull away from the curb?
2. Did the driver signal before pulling away from the curb?
3. Did the driver look back rather than depend on only the rear-view mirrors?
4. Did the driver start into traffic only when this action would not require traffic to change its speed or direction in order to avoid his or her vehicle?

Head-On Collision

A head-on collision with a vehicle traveling into the wrong lane may be preventable if the driver could have pulled off the road or taken other evasive action to prevent collision. However, the driver should never drive into the other lane to avoid the oncoming vehicle. If the driver swerved off the road to avoid a head-on collision, the accident is non-preventable. The driver in this case made a good defensive driving decision, taking the lesser of two evils.

Skidding

Many skidding conditions are caused by rain, freezing rain, fog, and snow, which all increase the hazard of travel. Oily road film, which builds up during a period of good weather, causes an especially treacherous condition during the first minutes of a rainfall. Loss of traction can be anticipated, and these accidents usually are preventable. Driving too fast for conditions or choosing to drive in poor conditions are the most common reasons why these types of accidents are preventable.

Questions to consider:

1. Was the driver operating at a safe speed considering the weather and road conditions?
2. During inclement weather was the driver keeping at least twice the safe following distance used for dry pavement?
3. Were all actions gradual?
4. Was the driver anticipating ice on bridges, near curbs, in gutters, or in ruts?
5. Was the driver alert for water, ice, or snow in shaded areas, or on loose gravel, sand, ruts, etc?
6. Did the driver keep out of other vehicle tracks or cross them at wide angles?

****If the driver goes off the road or strikes another vehicle because of skidding the accident is preventable.**

Pedestrian Collision

All types of pedestrian accidents, including collision with pedestrians coming from between parked cars, are usually considered preventable. There are few instances where the action of pedestrians is so unreasonable that the operator could not be expected to anticipate such an occurrence.

Questions to consider:

1. Did the driver go through congested sections expecting that pedestrians would step in front of the vehicle?
2. Was the driver prepared to stop?
3. Did the driver keep as much clearance between his or her vehicle and parked vehicles, as safely permitted?
4. Did the driver stop when other vehicles had stopped to allow pedestrians to cross?
5. Did the driver wait for the green light or stop for the caution light?
6. Was the driver aware of children and prepared to stop if one ran into the street?
7. Did the driver give all pedestrians the right-of-way?
8. Did the driver stop for a school bus which was stopped and properly signaling that passengers were loading or unloading?

Animal Collision

Collisions with animals are normally preventable, unless the movement on the part of an animal was unusual and unexpected. Usually, this type of accident occurs in sparsely populated areas after dark, which are well known to have deer and other animals present. Hence, often the inability to avoid collision is the result of overdriving the headlights, i.e. driving too fast for conditions.

Reversing A Vehicle

Reversing into another vehicle, an overhead obstruction, or a stationary object are normally preventable. The fact that someone was directing the driver in backing up does not relieve the driver of the responsibility to do it safely.

Questions to consider:

1. Was it necessary to reverse?
 - a. Did the driver plan ahead so that he or she could have pulled forward out of the parking space instead of reversing?

- b. Was it necessary to drive into the narrow street, dead-end alley, or driveway from which he or she backed out of?
2. If the driver could not see where he or she was backing to:
 - a. Did the driver try to get someone to guide him or her?
 - b. Did the driver look all around the vehicle before backing?
 - c. Did the driver back immediately after looking?
 - d. Did the driver use the horn while backing?
 - e. Were the back-up lights working?
 - f. Did the driver look to the rear without relying totally on the rear-view mirrors?
 - g. If the distance was long, did the driver stop, get out, and look around occasionally?
3. Did the driver back slowly?
4. Did the driver judge clearances accurately?

Parked Or Stopped Vehicle

Doors on our drivers' parked vehicles that are damaged when opened on the traffic side are considered preventable accidents. The driver is responsible for ensuring that the traffic side is clear of traffic, before any doors on that side are opened.

In most cases, if our driver, while driving, strikes a parked vehicle's opening door it is considered preventable. Usually our driver can see from a sufficient distance that the parked vehicle is occupied, and should therefore be prepared to stop, move towards the center line, or change lanes.

It is a driver's responsibility to park the vehicle so that it will remain stationary. A runaway type of accident is preventable and blaming such a collision on defective parking brakes or other holding devices are inadequate excuses. A good pre-trip inspection and maintenance program will eliminate most opportunities for this type of accident being the result of mechanical failure.

Accidents occurring when vehicles are properly and legally parked are considered non-preventable. Accidents occurring while the vehicle was double parked or in a "No Parking" zone are preventable.

Questions to consider:

1. Was the vehicle parked on the proper side of the road?
2. Was it necessary to park there or was there a safer, only slightly less convenient place nearby?
3. Did the driver have to park on the traveled part of the highway, on the curve, or on the hill?
4. When required, did the driver warn traffic by emergency warning devices?

5. Did the driver park parallel to the curb?
6. Was it necessary to park so close to an alley or directly across from a driveway?

Maneuvers

Obstructions can be avoided if the driver knows the height and width of the vehicle, pays attention to posted clearances, and takes the time to properly judge clearances.

Shifting Cargo and Cargo Damage

The accident should be considered preventable if the investigation shows a mechanical defect of which the driver was aware, a defect the driver should have found by inspecting the vehicle, or the driver caused by rough and abusive handling. It is a driver's responsibility to secure cargo properly to prevent damage to the cargo. Cargo should be safely stowed to prevent flying objects that can strike or distract the driver.

Cell Phone/Hand Held Device Use Policy

Champlain College recognizes that its employees are our most valuable asset, and the most important contributors to our continued growth and success. We are firmly committed to the safety of our employees. Champlain College will do everything possible to prevent workplace accidents and is committed to providing safe working environment for all employees.

To further this goal, Champlain College has developed a Cell Phone/Hand Held Device Use Policy effective 1/1/07.

Purpose:

Driver inattention is a factor in a majority of motor vehicle accidents. We are not only concerned about your welfare as a Champlain College employee, but also the welfare of others who could be put in harms' way by inattentive driving.

Mobile phone and other hand held device use while driving is a common, often harmful, distraction. Many countries and localities have prohibited use of such devices while driving. Researchers at the University of Toronto found the risk of having traffic accidents while using a cell phone or similar device to be the same as driving drunk. For these reasons, drivers may not use hand held devices to place work-related calls or while operating a vehicle on company business.

As a driver, your first responsibility is to pay attention to the road. When driving on Champlain College business, or driving while conducting business on behalf of the company in any other manner, the following applies:

1. Allow voicemail to handle your calls and return them when safe.
2. Pull off the road if placing/receiving a call is necessary.
3. Ask a passenger to make or take a call for you.
4. Inform regular callers of the best time to reach you based upon your driving schedule.
5. The only exception to this policy is for calls placed to 911.
6. If placing or accepting an emergency call, keep the call short and use hands-free options, if available.
7. When receiving an emergency call, ask the caller to hold briefly until you can safely pull your vehicle off the road.

Fleet Safety Acknowledgment Form

I hereby acknowledge that I have received and read a copy of the Champlain College Fleet Safety Program.
I agree to comply with the policies and procedures contained in the program.

TRANSPORTATION ASSUMPTION OF RISK, RELEASE AND INDEMNIFICATION AGREEMENT

Student's Name: _____

Event Participation. This is a Transportation waiver for my participation in the following event (the "Event") arranged by the Student Life Center at Champlain College:

_____. The date of the Event is: _____.

Own Transportation. Champlain has offered me transportation to and from this Event. I decline the transportation offered by Champlain and I will arrange for my own transportation. I understand that providing or accepting transportation to or from an Event in personal vehicles operated by Champlain College students, faculty or staff is unauthorized by the College and done at my own risk.

Assumption of Risk. I understand that I am responsible for my own safety and welfare and I assume full responsibility for all risks associated with my transportation to or from this event, as well as associated costs. I acknowledge that there are risks inherent in using or providing such transportation for myself or others, such as (but not limited to), inclement weather and hazardous road conditions. I understand the College is not responsible for my health and safety and the College assumes no liability for injuries or damage to me, other students or any third parties, or any property damage that may result from my use of transportation not provided by the College to attend this Event.

Release of Claims. I release and promise not to sue Champlain College and its employees, agents, officers, trustees, and representatives, from any liability or claim which I may have for any damages, losses, illness or injuries (including death) to my person or property arising out of or connected with my transportation of myself and/or others to or from this Event.

Indemnification. I agree to indemnify, defend, and hold harmless Champlain College and its employees, agents, officers, trustees, and representatives, from any liability, claims, damages, financial obligations, medical bills, losses or expense, including attorney fees, arising out of or connected with my transportation of myself and/or others to or from this Event.

By signing this agreement I intend to bind myself and my parents, family, spouse, guardian, heirs, executor, administrators and assigns. I certify that I ☐ am ☐ am not age 18 or older.

Signature of student: _____ Date: _____

Parent or Guardian (if student is under 18 years of age):

Visitor Parking & Miscellaneous Information

VISITOR PARKING

Guests of the College are strongly encouraged to park in off-site areas. In special circumstances, College guests may apply for a limited-time guest pass by contacting the Campus Public Safety Office at 802-865-5403 or by stopping at the office during regular business hours. Guest passes can also be obtained at the Public Safety Office in Durick Hall.

Visitors: Please click [here](#) for a map of campus and off-site parking areas.

WEEKEND PARKING

Faculty, staff and students are allowed to park in any zone after 4:00pm on Friday until 8:00am Monday morning (EXCEPT in the Main Street Suites, which requires a special permit). The College reserves the right to close these lots during certain times of the year to accommodate parking for campus events.

PARKING FOR BREAK PERIODS

Parking lots designated for student use are closed during break periods. Parking during these times is not available. Students living on campus over a scheduled break should contact the Campus Public Safety Office to obtain instructions on where to park. This includes—but is not limited to—semester breaks and spring break.

VEHICLE BREAKDOWNS

If you are parking in a Champlain College lot and experience car trouble please contact the UVM Motor Assistance at 802-656-8686. The UVM motor assistance will be able to assist in jump-starts and provide numbers to garages and locksmiths. UVM motor assistance reserves the right to refuse this courtesy to owners of vehicles who appear to be abusing it. Please be aware that UVM does not do jump starts for vehicles parked on the street.

SNOW EMERGENCY

During various times throughout the year it may be necessary to close lots for snow removal. Parking will be allowed at the Gilbane Lot. Individuals are responsible for paying attention to weather conditions whether they are planning to use their vehicle or not. During these times, an announcement will be made through Head Residents, Resident Advisors or Area Coordinators, campus phone and/or College Web site. Vehicles found in the areas designated to be cleared may be ticketed or towed. Please also observe Burlington City snow removal procedures. The City will tow vehicles parked on the road during a snow ban without prior warning.

VEHICLE SAFETY TIPS

- Always lock your vehicle, even if you plan to be away from it for only a minute.
- When you park your car, do not leave valuables in plain sight.
- If you will be returning to your vehicle after dark, try to park under a light or near a building.
- When driving, keep your doors locked.
- If you believe that you are being followed, do not drive to your parking area, drive to a place where there are many people and call the local authorities.
- Report all unusual circumstances to the Campus Public Safety Office immediately.

IMPORTANT PHONE NUMBERS

- Life Threatening Emergencies: 9-1-1
- Champlain College Security: 865-6465
- Burlington Police: 9-1-1
- Burlington Fire Department: 9-1-1
- Champlain College Campus Public Safety Office; parking division: 865-5403

CATMA, CCTA & Other Programs

HELP IS HERE TO MAKE YOUR COMMUTE TO WORK/CAMPUS EASIER ON YOU AND YOUR WALLET!

INTRODUCTION

With the price of gas these days along with society's concern for the environment and the growing traffic congestion and parking situation, there has been an increasing interest and need for employers and commuters to seek other transportation options other than driving alone to work—riding a bike, walking, carpooling, telecommuting or taking the bus.

The Campus Area TMA (a.k.a. CATMA) and Champlain College provide employees and students with programs, services and incentives encouraging and enabling people to choose alternate travel modes to get TO and FROM work/class.

CATMA was established in 1992 as a formal association of Fletcher Allen Health Care, Champlain College, the University of Vermont and the American Red Cross to jointly plan, manage and share transportation and parking resources. It is a collective mission of CATMA members to provide safe, convenient and economical transportation and parking solutions to the institutions and health care organizations located in a shared common area known as "The Hill" or the Campus District.

BIKE/WALK REWARD PROGRAM

Employees receiving salary and benefits from Champlain College are eligible to participate and register in CATMA's award winning Bike/Walk Reward program. This program rewards employees who bike and/or walk TO AND FROM work at least three times a week for two four week blocks with a \$15 gift card. You can choose a gift card from either Ski Rack, City Market, Merrill's Roxy Cinema or Borders Bookstore.

When you register for this program, CATMA will send you a "welcome packet" which includes a Bike/Walk Bucks Reward Card. There are two 4-week blocks listed on the card, and you write in the dates that you bike or walk TO AND FROM work. When you complete the required weeks, simply return the card to CATMA and we'll send you your requested \$15 gift card with another blank Bike/Walk card. The program is flexible in that you can participate on a 4-week basis as it fits with your schedule and cooperative weather!

All Bike/Walk program participants are automatically enrolled in CATMA's Emergency Ride Home Program, a FREE taxi ride home in the event of an emergency, including a breakdown of your bicycle!

CONFIDENTIAL CARPOOL MATCHING SERVICE - RIDESWORK - 656-RIDE

RIDESWORK is a free, confidential carpool matching service personally provided by CATMA staff. CATMA's database includes people who are interested in finding a carpool partner(s) as well as existing carpools who are accepting additional members. CATMA's database is unique in that it consists of employees who are employed and commuting to "the hill" and downtown Burlington.

CATMA's website has current RIDESWORK listings updated regularly, so if you're interested in carpooling, check it out. The ads are listed under various cities and towns, so you can quickly view ads from the town and/or park & ride closest to you. For confidentiality purposes, your name is not listed in the ad, only your CATMA member number.

If you are interested in joining a carpool or seeking additional members, simply register online at www.catmavt.org or call CATMA at 656-RIDE. In addition to advertising on our website, once you register with CATMA, your "carpool ad" will be listed in CATMA's periodic online TRANSPORTATION NEWSLETTER.

All carpool participants who register with CATMA are also covered by the Emergency Ride Home program.

Here are a few reasons why you might consider carpooling: fewer vehicles on the road meaning a less congested highway and "hill" area; better air quality; a chance to enjoy the view; relaxing while someone else drives; meeting new people; and saving all that gas and money!

UNLIMITED ACCESS "FREE BUS RIDE" PROGRAM

All Champlain College faculty, staff and students can ride any CCTA bus anytime, anywhere, including the LINK Express routes for FREE. Just show the bus driver your ID then swipe it through the fare box card reader. If you need to take more than one bus to get to your destination, YOU MUST ask the driver for a transfer before you leave the bus.

Keep in mind that all Champlain College employees who are riding the bus on a regular basis qualify for CATMA's Emergency Ride Home program. This is a FREE taxi cab ride home in the event of an emergency on a day you took the bus (up to \$60/ ride). You must register with CATMA as a bus rider in order to use this program.

There are CCTA Bus Map & Guides that provide you with specific route and schedule information. You can pick up a Bus Guide at various Champlain College campus locations; at www.cctaride.org or at CATMA.

EMERGENCY RIDE HOME PROGRAM

This FREE Emergency Ride Home Program is available only to employees who don't drive alone to work, and either carpool, vanpool, ride with a family member, bike, walk or take the bus. You MUST register with CATMA as an alternate commuter in order to receive this FREE emergency taxi ride. Once you register, you

will receive a "welcome packet" from CATMA which includes a Commute Smart Card with your name, employer and CATMA Member Number.

If an emergency arises on a day that you used an alternate commute mode, you simply call the cab company directly to make your emergency ride arrangements. You **MUST** have your CATMA Commute Smart Card to show the cab driver. The Emergency Ride Home program will pay up to \$60 of the fare (approximately 40 miles), so you will be responsible for any additional charges, including the tip, so it's good to keep some extra cash with you. Members can use this program up to twice a month or eight times a year.

Champlain College students who park offsite at the Gilbane lot , or who reside at Quarry Hill or Spinner Place will be issued a CATMA Emergency Ride Home Card to their campus mailbox. This CommuteSmart card enables students to get to/from main campus and these sites when shuttles or CCTA buses are not running. Instructions for use of this program can be found on the back of the CATMA card. These cards are issued to eligible students at the onset of each semester. If a student at these sites hasn't received their card please send an email to: riden@champlain.edu.

MONTHLY DRAWINGS

Every month, CATMA does FOUR drawings of two \$15 certificates and two \$10 certificates to either Three Tomatoes, VT Pub & Brewery or Penny Cluse Cafe. The winners are selected from everyone registered with CATMA as an alternate commuter and are posted on the CATMA website.

CarShare Vermont

WHEN YOU NEED A CAR, SHARE ONE!

CarShare Vermont is a local car-sharing service with a network of cars parked around town available for its members to use whenever they want to go wherever they want. Champlain College is pleased to have partnered with CarShare Vermont to make this convenient service available to our community—the shiny, black Subaru Imprezas parked in the McDonald Lot are part of CarShare Vermont's fleet (which includes hybrids and trucks, too), and they're available for everyone to enjoy.

To start sharing, visit www.carsharevt.org/campus-programs and become a member. Then you can reserve a car online or by phone 24/7, access it with your very own key, and get to where you need to go. With low rates that include gas, insurance, and parking, you save money and time. CarShare Vermont is easy, fun, and affordable, and it's great for the environment, too!

CARSHARE VERMONT—GO WHERE YOU WANT!

Tired of trudging down to Gilbane every time you need to use your car? Or worrying about snow bans, shoveling, and constantly shuttling cars around? Sick of dealing with car repairs and finding parking? Perhaps you should consider car-sharing. With the great bus and shuttle systems, and everything so walkable, there's really no reason to take on the extra costs and hassles of owning a car!

With CarShare Vermont you can get where you want, pay only for what you use (we even pay for gas!), and be free from the annoyances and responsibilities of having your own car! That leaves more time (and money) for fun! (umm. . . or studying, of course). Learn more at www.carsharevt.org/campus-car-sharing or by calling 802.861.2340.

CHAMPLAIN
COLLEGE

FREE Off-Site Parking Overnight with FREE shuttles serving the Gilbane Lot Connecting to Champlain main campus

FALL 2010

Where is the **FREE** overnight parking lot?

The Gilbane secure off-site overnight parking lot is located on Lakeside Avenue in Burlington, off Pine Street. The Burlington Dept of Public Works is on the corner of Pine/Lakeside. The entrance to Gilbane is on the left.

Shuttle Hours:

M-Fri, 6:45am-9:02pm

Late night and Weekend

Shuttle Hours:

**M-Th,
9:10pm-midnight
Sat-Sun
11am-8pm**

What if an emergency arises and I need to get to my car when the shuttle isn't running?

All students who register for a Zone 6 permit will be automatically enrolled in CATMA's Emergency Ride Home program and will receive a CATMA Commute Smart Card. The card includes instructions on how to get a **FREE** taxi ride to your car when shuttles aren't running.

Can I park on campus on the weekend?

Yes, you can park on campus from 4pm on Friday thru 8am on Monday.

Do I need a permit? Where do I get permit?

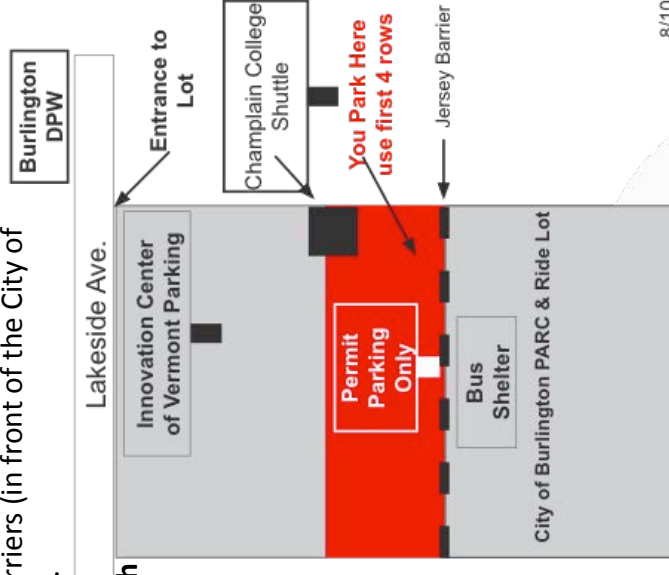

Permits for the Gilbane lot are FREE. You must register your car online at www.champlain.edu for a Zone 6 permit. ANY vehicles without a permit will be ticketed or towed.

Where do I park at Gilbane?

Look for the "Permit Parking Only" sign. Parking is in the first 4 rows north of the Jersey barriers (in front of the City of Burlington PARC & Ride lot).

How do I get back and forth between the Gilbane lot and Champlain?

Take a **FREE** shuttle by simply showing your Champlain College ID. Shuttle service provided by Mountain Transit. Board the shuttle at the Champlain College shuttle sign in the Gilbane lot. Late night and weekend service also provided for **FREE**.

8/10

FLETCHER ALLEN HEALTH CARE - MCHV AND UHC CAMPUSES AND DOWNTOWN BURLINGTON

Sec. 8.3.3 (a)

Employment

Fletcher Allen Health Care employs a total of 5,410 individuals associated with the Burlington campuses. The majority of these employees are assigned to the Medical Center Campus, the UHC Campus, and One Burlington Square, which are all located in the City of Burlington. There are an additional 1,121 non-paid staff, all at the MCHV campus. The breakdown is as follows:

PAID EMPLOYEES

	MCHV	UHC	Downtown Burlington*
<u>Full-time</u>

TOTAL NON-PAID STAFF	1,121

Sec. 8.3.3 (b)**Parking Demand**

Peak Parking Demand

The total parking demand is tied directly to the availability of empty spaces. The total number of parked vehicles as well as vacant spaces were counted for each parking lot and summarized by zone. These counts represent an average of the counts taken over a three-day period at both the AM and PM peak demand period and demonstrate a surplus of 289 spaces for Medical Center in AM Peak, 129 for the PM Peak. Further, there was a surplus of 27 spaces on the UHC campus in the AM Peak, 44 in the PM Peak. Please note these do not include either the loading docks or the Emergency parking lot, or the surface lot on the west side of the McClure garage (service vehicle parking)

Table 1: Parking Lot Capacities and Empty Space Count

FAHC Peak Demand Lot Counts - Fall 2010				
Medical Center Campus AM Peak	Capacity	Occupied Spaces - Peak Demand	Empty Spaces	Percent Full
ACC Garage **	1074	902	172	84%
McClure Garage	302	269	33	89%
South Lot	425	403	22	95%
UVM Centennial Lot	200	138	62	69%
TOTAL FOR AM PEAK	2001	1712	289	86%

Evening/Night.....	970
Total Vehicle Permits.....	5,213

All employee vehicles must display a current FAHC parking permit for the parking lot to which they are assigned. The permits are color coded to quickly identify the shift the registered employee is assigned to work and the lot the employee is to park in. The lots are patrolled by the FAHC Security staff.

At the FAHC UHC campus, 85% of all parking involves patient and public parking. Employee parking on-site is not routinely available. Only the most senior staff and those employees who use their vehicles for business or who carpool (2 persons minimum) is permitted to park on-site on any given day. All other employees must use satellite parking facilities at Centennial. (All Physicians are allowed to park on-site). Additionally, FAHC employees continue to park in the Gilbane lot off Lakeside Ave and ride the PARC shuttle to One Burlington Square.

Sec. 8.3.3 (c)

Vehicle Fleet

FAHC owns and/or leases 52 vehicles and 2 trailers:

Sec. 8.3.3 (d)**Programs, Policies, and Incentives**

FAHC is concerned about increasing parking needs, and has implemented a number of actions and programs to provide positive incentives to help reduce parking demand.

Since the early 1980's, CCTA busses on the Burlington/Essex Route have passed through FAHC's MCHV campus. To facilitate bus access, MCHV widened the intersection and entrance road from Colchester Ave. and Hospital Dr. to service bus passengers. The CCTA buses on the Burlington/Essex route, the College Street Shuttle route and the three LINK Express routes all stop at the ACC entrance. Since spring 1995, FAHC has subsidized the cost of CCTA bus passes for employees choosing to ride the bus. FAHC offers the 50% subsidy on local CCTA bus routes and a 25% subsidy on all LINK Express routes. In addition, Fletcher Allen offers all employees a 25% subsidy on Lake Champlain Ferry passes. Pass for both CCTA and the Lake Champlain Ferry are sold to employees at the Security offices on the Medical Center Campus and the UHC campus. Payroll deduction is available.

Current participation is as follows:

Service	Average Sold Per Month
CCTA Local Service: Monthly Pass	16
CCTA Local Service: 10 Ride Pass	103
CCTA LINK Express: Monthly Pass	9
CCTA LINK Express: 10 Ride Pass	65
Champlain Ferry: Car and Driver Monthly	90
Champlain Ferry: Passenger 10 Ride	26
Champlain Ferry: Motorcycle 20 Ride	2

Carpooling has occurred for a number of years at FAHC. This year saw a significant increase in both the number of participants registered as well as the number of carpools with FAHC. Additionally, there are a number of Fletcher Allen employees registered with CATMA as carpools. These individuals are not included in our number, as they carpool with non-FAHC employees and therefore do not qualify for the FAHC incentives. They do however qualify for the incentives provided through CATMA including the Emergency Ride Home (ERH) Program. Currently, there are 906 Fletcher Allen employees registered with CATMA and/or looking for a carpool in the ERH Program. Through CATMA, FAHC participates in "RidesWork", a free, confidential carpool matching service. Carpool listings and registration forms appear on the CATMA web site where they are updated regularly. FAHC carpools with at least two occupants may park on-site in the MCHV South lot, on-site at UHC or they can park in the satellite lot of their choice. FAHC continues to offer 50¢ gas coupons for each registered FAHC employee on a day that they carpool with other FAHC employees.

In May of 2001 CATMA, launched a Bike/Walk Reward Program for its member institutions. All FAHC employees who commute to MCHV, UHC, or One Burlington Square are eligible to join. Participants who commit to walking or biking to and from work at least three days a week can register in the program. At the end of each month, CATMA invoices FAHC for the number of \$15.00 gift certificates issued to FAHC employees. As of the end of October 2010, FAHC has reimbursed CATMA for gift certificates totally \$73,123.00 since 2001.

The Bike/Walk program, along with all the other TDM programs offered through FAHC and CATMA, led to the EPA's placing FAHC on the first-ever list of **New England's Best Workplace for Commuters** in October 2003. FAHC received this designation by meeting a National Standard of Excellence. The designation spotlights employers that are committed to reducing traffic and

FLETCHER ALLEN HEALTH CARE

air pollution and improving quality of life for their commuters. Starting in October 2006, the oversight and funding for the Bike/Walk Program moved to the FAHC Wellness Department. This move reflects the strong tie created between CATMA and our Wellness programs. In August 2006, CATMA and FAHC were honored with a first prize in the Association for Commuter Transportation (ACT) International Award. ACT annually honors outstanding achievements and recognizes significant contributions made by individuals and organizations to commuter transportation management. The nomination submitted: **Partnership Campaign: Connecting Commuting Alternatives and Wellness**, highlighted the partnership established between FAHC's Wellness department and CATMA and the positive results from that partnership. A complete description of all the CATMA TDM programs and services, which are available to FAHC constituents, can be found in the CATMA section of this Plan.

Fletcher Allen continues to take part in the annual Way-to-Go Commuter Challenge. For the May 2008 event, Fletcher Allen set a goal to get 350 employees to participate, up from the 191 who registered to participate in 2007. The final number of Fletcher Allen registrants for 2008 was 398, which won Fletcher Allen the First Place award for the largest percent of employees participating in the Major Employer category. In 2009, 418 Fletcher Allen employees participated, which once again won the First Place award for the largest percent of employees participating in the Major Employer Category. In 2010, 359 Fletcher Allen employees participated, and was awarded Honorable Mention in the Major Employer Category.

In 1996, FAHC entered into an agreement with CCTA and the City of Burlington to expand the route of the College Street Shuttle so that it services FAHC employees at One Burlington Square and runs through both the UHC and the MCHV campuses. This increase in service benefits both our constituents and staff in their need to travel between campuses.

FAHC periodically provides updates and publicizes the various parking demand reduction programs to in-house constituencies through a number of methods, including in-house TV, *Fletcher Allen Sun*, Employee Parking Guide, Policy and Procedure Manual, and the Employee Handbook, and the Employee Benefits Guide.

Sec. 8.3.3 (e)

Monitoring, Compliance and Enforcement Systems

All parking lots are patrolled by the FAHC Security Staff.

SUBJECT: FLETCHER ALLEN PARKING POLICY

PURPOSE:

The Fletcher Allen Parking Policy is intended to outline the procedures utilized by the Security Department to manage parking at the three main Fletcher Allen campuses.

POLICY STATEMENT:

The policies associated with the Fletcher Allen Security Management program have been developed to document established procedures and practices utilized by the Fletcher Allen Security Department.

Section 1	Introduction
Section 2	Vehicle Registration
Section 3	Parking Permits
Section 4	Parking Regulations
Section 5	Parking Penalties
Section 6	Medical Center Campus Parking
Section 7	UHC Campus Parking
Section 8	Fanny Allen Campus Parking
Section 9	Parking Alternatives

SECTION 1 INTRODUCTION

The parking systems and regulations described in this document are intended to safely maximize the use of our available parking spaces and at the same time allow for flexibility to meet the continuously changing parking demand at the Fletcher Allen three main campuses (Fanny Allen, Medical Center, and UHC).

Compliance with these regulations is necessary to ensure adequate parking for our patients and visitors.

SECTION 2 VEHICLE REGISTRATION

All Fletcher Allen staff and affiliates who wish to park their vehicles in a Fletcher Allen controlled parking lot must register their vehicles with the Fletcher Allen Security Department:

Medical Center Campus – The Security Office at the Medical Center Campus is located in Engineering Room 401 and is open between the hours of 8:00 am - 4:00 pm, Monday - Friday. After normal business hours Security staff are available within the Medical Center complex 24 hours a day. Call 847-2812 to meet with a Security Officer and obtain a vehicle registration form.

Fanny Allen Campus – Security staff are available Monday – Friday, 7:30 am to 3:30 pm. Dial 847-6084 or page 121-5565 to contact the on duty Security Officer. After business hours, send an email message to securityservices@vtmednet.org.

UHC Campus – The Security Office at the UHC Campus is located in Arnold building, room 1420D and is open from 6:30 am to 2:30 pm, Monday – Friday. After business hours, leave a message on telephone number 847-0939 and a Security Officer will contact you or send an email message to securityservices@vtmednet.org

New Employees and Employees Transferred from one campus to another – Make arrangements to register your vehicle within five (5) days of employment or transfer.

Registration Period – All vehicles are registered as frequently as required by the Security Department. If necessary, an expiration date is displayed on the permit.

New Shift Assignments – Staff who permanently change work shifts are responsible for obtaining the appropriate parking permit for their shift assignment.

SECTION 3 PARKING PERMITS

Permit Required – All Fletcher Allen staff and affiliate vehicles parked at one of the three main campuses or at a satellite parking lot used by one of the three main campuses must display a current Fletcher Allen parking permit as described below.

Rearview Mirror Hang Tags – *One hang tag is issued to each registered person* regardless of the number of vehicles the person owns and registers. The removable hang tag allows the operator to move the permit from one registered vehicle to another. The tags are color coded and individually numbered to quickly identify the shift the employee is assigned to work and the parking lot the vehicle is assigned to park.

Display of Permits – The hang tag is to be hung from the rear view mirror so the printing faces the windshield.

Colors and Numbering – All hang tags are color coded and sequentially numbered. The color indicates the parking assignment (on-site lot or satellite lot) and the individual number are used to quickly identify the owner of the vehicle in the event of an emergency.

“Emergency On Call” Permits (Medical Center Campus) – Staff working in departments that take “Emergency On Call” are issued special hang tags that authorizes them to park in the ACC garage (green or purple level) when they are called in for emergencies during non-working hours (this does not include being called in because of a scheduling shortage). The permit does not authorize parking in the garage during regularly scheduled work hours (only when the employee is called while off duty).

“Immediate Post Shift Call” Permits (Medical Center Campus) – Staff who qualify for Immediate Post Shift Call are issued a special hang tag that authorizes them to park in the ACC garage (green or purple level) on days that they are scheduled to take immediate post shift call. These employees may not park in the ACC garage on the days their name is not on their departmental immediate post shift call schedule.

Temporary Hang Tags (Yellow paper) – These tags are issued to people who require a special parking assignment for a short period of time or to people who obtain a parking assignment in an area that the existing permits do not address. These permits are individually numbered and must be authorized by the Director of Security or the Security Manager.

Business Needs Permits (Medical Center and UHC Campuses) – A limited number of Business Needs permits are available to staff who use their personal vehicles to frequently come and go from the Medical Center Campus or from the UHC campus for business reasons. Business Needs parking is limited to staff whose job performance would be severely compromised by having an offsite parking assignment. The number of Business Needs permits issued varies based on parking space availability at each campus. Once the maximum number of Business Needs permits has been issued, the Security Office will establish a list of staff requesting a Business Needs parking permit. Additional permits will be issued to staff on the waiting list as parking spaces become available. “Business Needs Waiver Forms” are available at the Medical Center Campus Security Office or at the UHC Campus Security Office. (Note: all appropriate signatures must be obtained before the business need request is considered.)

Medical Needs Permits – Employees who are requesting a temporary or long term parking accommodation due to a medical condition must complete a “Parking Accommodation Request” form and send the completed form to the Security Office, Medical Center Campus, and Engineering 4. Your physician must complete the “Physician Note” section of the form. The completed document will be reviewed and if approved, a parking assignment made based on the information provided. The parking assignment may be an on-site assignment or a satellite parking assignment based on the circumstances.

Property of Fletcher Allen – All parking permits are the property of Fletcher Allen Health Care and must be surrendered at the request of the Security Department.

SECTION 4 PARKING REGULATIONS

The following regulations apply to all onsite parking and satellite parking locations. In addition to these regulations, staff assigned to park in a satellite lot must abide by the satellite lot parking regulations established by the owner of the satellite parking lot.

- ☐ Park in only one parking space.
- ☐ Parking only in designated parking spaces (not on the grass or in a travel lane).
- ☐ Park only in the lot designated for your parking permit and only in an identified parking spaces, unless instructed to park elsewhere by Security personnel.
- ☐ Comply with all signs designed to regulate parking and facilitate the flow of traffic.
- ☐ Park in the lot only while you are working or on official Fletcher Allen business. *Parking in the lot to attend school or other non-work related functions is not permitted.*
- ☐ The parking permit may not be "loaned" to other employees, friends, or family members. Only the registered employee may park in their assigned parking lot.
- ☐ During winter months, a Winter Parking Ban is in effect. There is no overnight parking in surface lots that are exposed to the weather and must be cleared of snow and ice.
- ☐ Notify Security if your vehicle will be left in a parking lot for more than 24 hours (Overnight or long term parking for vacations, conferences, field trips, etc is not permitted. Security staff will instruct you on the best parking location for these long term parking needs.)
- ☐ Employees may only register and park vehicles that fit within one space. Oversize vehicles, trailers, and R.V.'s are not permitted.
- ☐ When driving, pedestrians will be given the right of way. Operators who drive in a careless and negligent manner may lose the privilege of parking on Fletcher Allen property or in a Fletcher Allen satellite parking lot.
- ☐ Fletcher Allen Health Care is not responsible for theft, vandalism, or damage to vehicles or their contents while the vehicle is parked or operated on Fletcher Allen property or in a Fletcher Allen satellite parking lot. We encourage motorists to lock their vehicles at all times and store valuables in such a way that they can not be seen from outside the vehicle.
- ☐ **Proximity Cards (Medical Center Campus)** – many of the parking lots at the Medical Center Campus are controlled by card access.
 - ☐ **Individually Numbered** – The cards are individually numbered and assigned to an individual user or group of users that is identifiable by the card number.
 - ☐ **Not to be Shared** – Individually assigned proximity cards are not to be loaned to others.
 - ☐ **Lost or Stolen** – Lost or stolen cards must be reported to the Security Department immediately. (Note: There is a \$6.00 charge for lost or stolen proximity cards.)

SECTION 5 PARKING PENALTIES

Fines – Vehicles parked or operated on Fletcher Allen property in violation of the parking regulations will be assessed a ten-dollar (\$10.00) fine for each violation. The fine may be paid at the cashier's counter of the Business Office on the Medical Center Campus (ACC, Level 3) or the employee may have the fine deducted through payroll deduction.

Repeat Offenders – Motorists who repeatedly violate Fletcher Allen parking regulations will be subject to the following actions:

- ☐ Their vehicle will be towed from Fletcher Allen property at the vehicle owner's expense.
- ☐ Notice of the violations will be forwarded to their immediate supervisor for their awareness and for corrective action, if appropriate. For a description of the corrective action steps that could result from parking violations, please refer to Corrective Action Policy HR-E-02 on Intradoc.
- ☐ Future parking in Fletcher Allen parking lots may be denied.

Towing – All vehicles parked in violation of the regulations set forth in this document are subject to being towed without notice at the vehicle owner's expense. Violations that warrant immediate tow include:

- ☐ Vehicles parked contrary to a verbal instruction issued by a Security Officer attempting to control the flow of traffic or efficiently park vehicles.
- ☐ Vehicles parked in Fire Lanes or obstructing fire hydrants.
- ☐ Vehicles parked in such a way they block or impede the continuous flow of pedestrian or vehicular traffic.
- ☐ Unauthorized vehicles parked in handicap spaces.
- ☐ Vehicles that have been identified as having multiple violations.
- ☐ Vehicles violating the Winter Parking Ban during snow removal periods.
- ☐ Abandoned vehicles that have been parked for three or more days.
- ☐ Unauthorized vehicles parked in specially marked parking spaces (Examples: Hope Lodge, Special Needs, and other parking spaces marked for special parking).
- ☐ Vehicles parked blocking the Emergency Department Ambulance bay or parked in spaces reserved for ambulances.
- ☐ Vehicles registered to staff who, in an attempt to escape detection, remove the hanging permit to park in an unauthorized parking area.

APPEALS OF PARKING PENALTIES – Motorists wishing to appeal a ticket, boot, or tow must notify the Security Department in writing within five (5) calendar days of the violation. If an appeal is not received within five days of the violation, the violation will be recorded and future violations will result in the vehicle being towed from Fletcher Allen property at the owner's expense. The steps of the parking penalties appeal process are as follows:

- 1) Discuss the appeal with the Security Manager at the Medical Center Campus Security Office. If the appeal can not be resolved during this discussion, submit a written appeal to the Director of Security.
- 2) The Director of Security will review the written appeal and contact the employee to discuss the violation. If resolution can not be obtained at this level, the Director of Security will document his findings and forward the appeal to the Vice President of Hospital Services.
- 3) The Vice President of Hospital Services will make the final decision in the matter.

NOTE: The above appeal process does not apply to Corrective Actions issued by a supervisor in response to repeated parking violations.

SECTION 6 MEDICAL CENTER CAMPUS PARKING

Parking Assignments at the Medical Center Campus:

There are approximately 2,100 parking spaces at the Medical Centre Campus. Approximately 1,000 parking spaces a day are required to meet patient and visitor parking needs. The remaining 1,100 parking spaces at the Medical Center Campus are utilized by staff, volunteers, community physicians, vendors, and other non-patient visitors. Overflow parking is accommodated in off-campus satellite parking lots.

On-Site Parking Assignments – Parking permits for parking in on-site parking lots are issued as follows:

- ☐ All evening and night shift staff.
- ☐ All attending physicians and residents.
- ☐ Staff with "Business Needs" waivers.
Note: A limited number of Business Needs permits will be issued. Once the maximum number of Business Needs permits is issued, a waiting list will be established and additional permits will be issued as parking space becomes available. (See Section 3 for more information on Business Needs parking)
- ☐ Day shift staff who work hours when shuttle services are not operating.
- ☐ Senior day shift staff (based on date of hire) Note: The number of senior day shift staff permitted to park on-site may fluctuate based on inpatient and outpatient activity. *When it becomes necessary to reassign staff from on-site lots to satellite lots, the least senior staff holding on-site parking permits will be reassigned to a satellite parking lot.*

Satellite Parking Assignments – Like onsite parking assignments, satellite parking assignments are made based on the employee's date of hire. Whenever possible, home address and direction of travel to and from the Medical Center Campus will be considered when making the assignment. When a preferred satellite lot assignment is not immediately

possible, the employee's name will be placed on a waiting list and reassignment to the preferred satellite lot will occur as parking spaces become available.

Parking Lot Uses at the Medical Center Campus

Parking lot use may vary based of circumstances, but in general, the parking lots are utilized as follows:

South Lot (421 spaces) – This parking area is controlled by a card access system and is designated parking for staff with seniority and car poolers. In addition, a portion of the South lot (at the north end) is used for valet parking.

Emergency Department Parking Lot (47 spaces) – The parking lot outside the Emergency Department is reserved for patients who require emergency medical treatment, physicians responding to emergency calls to treat patients in the E.R., ambulances, and law enforcement vehicles.

McClure Parking Garage (322 spaces) – The parking garage is controlled by a card access system and is designated parking for Residents and Business Needs. In addition, a portion of the surface parking lot on the west side of the McClure garage is designated motorcycle parking during the motorcycle season.

ACC Parking Garage (1284 underground parking spaces) – This parking area is controlled by parking booth attendants and access card readers. It is a pay parking lot (hourly rates) for patients and visitors and a non-pay parking area for authorized physicians and staff. (Note: Staff may not pay to park in the ACC parking garage during scheduled working hours. During working hours all staff must park in their assigned parking area.)

Satellite Parking Lots – Various satellite parking lots are utilized to supplement the Medical Center Campus parking needs. The satellite lots are serviced by shuttle systems that transport staff to and from the lots throughout the day. These lots are:

- ☐ Champlain Mill (350 spaces – Medical Center staff)
Note: Champlain Mill access card required to enter and exit this lot. In the event a card is lost or stolen there will a \$10.00 replacement fee.
- ☐ Centennial Parking Lot (160 spaces – shuttle service for UHC staff, walking lot for Medical Center staff and contractors)
- ☐ South Lot Extension, UVM Davis Lot by the wind mill (101 spaces – Medical Center staff)
- ☐ Fanny Allen Satellite Lot (150 Fletcher Allen spaces- Medical Center staff)

SECTION 7 UHC CAMPUS PARKING

Parking Assignments at the UHC Campus:

On-Site Parking Assignments – Parking permits for parking in on-site parking lots are issued as follows:

- ☐ All evening and night shift staff.
- ☐ All attending physicians and residents.
- ☐ Staff with "Business Needs" waivers.
Note: A limited number of Business Needs permits will be issued. Once the maximum number of Business Needs permits are issued, a waiting list will be established and additional permits will be issued as parking space becomes available. (See Section 3 for more information on Business Needs parking)
- ☐ Day shift staff who work hours when shuttle services are not operating.
- ☐ Senior day shift staff (based on date of hire)
Note: The number of senior day shift staff permitted to park on-site may fluctuate based on patient activity.
When it becomes necessary to reassign staff from on-site to satellite parking, the least senior staff holding on-site parking permits will be reassigned to the satellite parking lot.

Satellite Parking Assignments – All UHC staff not assigned onsite parking are assigned satellite parking at the UVM Centennial Field parking lot. Shuttle busses are used to transport staff to and from the Centennial Field parking lot.

Parking Lot Uses at the UHC Campus:

Parking lot use may vary based of circumstances, but in general, the parking lots are utilized as follows:

Onsite UHC Parking Spaces – There are 515 parking spaces at the UHC Campus. The parking spaces are utilized as follows:

Lot A (Horseshoe), 47 spaces – 27 of the 47 spaces are designated handicapped parking for handicapped patients and visitors. The remaining 20 spaces are used for patient and visitor short term parking or patients and visitors with mobility issues.

- ❑ **Lot B**, 178 spaces – 153 spaces are used for patient parking and 25 spaces are used for staff and vendor parking.
- ❑ **Lot D**, 197 spaces – Employee parking for Fletcher Allen staff assigned to the parking lot and displaying the appropriate parking permit.
- ❑ **Pearl Street Lot**, 35 spaces – Employee parking for Fletcher Allen staff assigned to the parking lot and displaying the appropriate parking permit.
- ❑ **Taft School Lot**, 58 spaces – Employee parking for Fletcher Allen staff assigned to the parking lot and displaying the appropriate parking permit.

Satellite UHC Parking Spaces – Approximately 110 parking spaces at the UVM Centennial Field parking lot are used for UHC staff parking.

SECTION 8 FANNY ALLEN PARKING

Parking Assignments at the Fanny Allen Campus:

Onsite Parking Assignments – All Fanny Allen staff are assigned onsite parking in parking lots 2 and 3.

Satellite Parking Assignments – No Fanny Allen staff are assigned satellite parking, but approximately 150 parking spaces on the east side of parking lot 2 are used as satellite parking spaces for Fletcher Allen staff shuttling to and from the Medical Center Campus.

Parking Lot Uses at the Fanny Allen Campus:

There are a total of 591 parking spaces at the Fanny Allen Campus.

The parking spaces at the Fanny Allen Campus are color coded:

- Red Painted Spaces** = Patient and Visitor parking
- Yellow Painted Spaces** = Fanny Allen employee parking
- Green Painted Spaces** = Physician parking
- White Painted Spaces** = Satellite parking for Medical Center Campus

Parking lot use may vary based of circumstances, but in general, the parking lots are utilized as follows:

Parking Lot 1, 80 spaces – All 80 spaces are used for patient and visitor parking. (No employee parking is permitted in Lot 1.)

Parking Lot 2, 152 spaces – All 152 spaces are used for employee parking. (Patients and visitors from Lots 1 and 4 may overflow into Lots 2 and 3, if necessary.)

Parking Lot 3, 98 spaces – All 98 spaces are used for employee parking (Patients and visitors from Lot 1 or 4 may overflow into Lots 2 and 3, if necessary.)

Parking Lot 4, 95 spaces – The parking spaces closest to the building are painted Red for patient and visitor use. The parking spaces on the south edge of the parking lot are painted Green for physician parking.

Shuttle Lot, 150 spaces – The shuttle lot is located on the east side of Lot 2 and is used for Medical Center Campus employees assigned to shuttle to and from work at the Medical Center Campus.

Approved

SECTION 9 PARKING ALTERNATIVES

Fletcher Allen Health Care offers incentive programs designed to encourage alternative means of transportation to and from the Medical Center Campus and the UHC Campus.

Note: Contact the Fletcher Allen Security Department (8472812) for the most up to date information.

These programs include:

Car Pooling – Registered car poolers with two or more participants obtain the following incentives:

- ☐ .50 cent gas coupons for each registered person in a vehicle.
- ☐ Vehicles with two or more occupants may park on-site. (At the Medical Center Campus, onsite car pool parking is in the South Lot.)
- ☐ Guaranteed Ride Home Program – Available through the CATMA (Campus Area Transportation Management Association). Call 656-7433. Taxi vouchers are available for car poolers who must leave work because of an emergency or for those who miss their ride home because of work related reason.

Note: Fletcher Allen Health Care is a member of the Campus Area Transportation Management Association (CATMA). Members of CATMA include Champlain College, the City of Burlington, Fletcher Allen Health Care, the University of Vermont, and the American Red Cross.

- ☐ Rides Work – Match car pooling needs through CATMA publication, "RidesWork". Call 656-7433.

Note: Car pool privileges are revoked immediately for staff who violate car pool regulations (see written car pool regulations).

Discount Bus Coupons – CCTA bus passes at discounted prices for Fletcher Allen staff:

- ☐ **Local CCTA Service** – 50% off – Fletcher Allen subsidizes 50% of local fees for Fletcher Allen staff.
- ☐ **CCTA Link Express** – 25% off – Fletcher Allen subsidizes 25% of local fees for Fletcher Allen staff.
- ☐ Payroll deduction available.
- ☐ Passes obtained at the Medical Center Campus Security Office and the UHC Campus Security Office.
- ☐ Monthly and 10 Trip passes are available for most CCTA programs.

SUBJECT: Car Pooling Policy

PURPOSE:

This policy is intended to outline the Fletcher Allen Car Pool Program. The policy describes the process for registering a car pool group, the incentives available to car pool participants, and the enforcement of the program.

POLICY STATEMENT:

Car pooling benefits employees, the organization, the community, and the environment. The employee benefits by reducing travel costs, the organization benefits by reducing parking demand, the community benefits by reduced traffic, and the environment benefits by reduced vehicle emissions.

All Fletcher Allen employees are encouraged to car pool or use public transportation. Fletcher Allen, in coordination with the Campus Area Transportation Management Association (CATMA), has developed incentives for selected Fletcher Allen campuses to encourage car pooling. These incentives are designed to reduce parking demand and traffic congestion during peak periods of the business day.

Fletcher Allen car pool incentives are available at the following locations:

- The Medical Center Campus (day and evening shifts)
- The UHC Campus (day shift)
- The Fanny Allen Campus (day and evening shift)
- One Burlington Square (day shift)

PROCEDURE:

A. Registration:

1. All car pool participants must register with Security to be eligible for car pool incentives.
2. All car pool participants must be FAHC employees who work on the same campus. *
3. Car pool participants may only register with one car pool group.
4. **Car Pool Registration Form** - One car pool registration form must be completed and signed by each member of the car pool group. The forms are available in the Security office and will include the employee's name, work information, and vehicle information.

Important – The car pool group is responsible for keeping the car pool registration form information up-to-date. As car pool group participants are added or dropped from the group, the registration form must be updated at the Security Office. Unregistered passengers in a car pool vehicle do not qualify as car pool participants.

5. **Non-Car Pool Parking Assignment** - All car pool participants will be issued an individual

parking assignment for parking on days that they are not car pooling. A parking hang tag will be issued indicating this individual non-car pool parking assignment.

6. **Car Pool Parking Assignment** - Security staff will issue one car pool hang tag and a car pool parking assignment to the car pool group. The car pool hang tag must be displayed from the car pool vehicle's rearview mirror when the car pool vehicle is parked in the assigned car pool parking lot (parking lot choices by campus are listed below).
7. **Car Pool Hang Tag Display** - The car pool hang tag will be displayed from the vehicle's rearview mirror in front of the employee's individual hang tag. The car pool tag should be displayed in such a way that the printing is visible from outside the windshield.
8. **Parking Hang Tags are Nontransferable** – Individual hang tags and car pool hang tags are nontransferable and may not be “loaned” or transferred to anyone else.
9. **Entering and Exiting Car Pool Assigned Parking Lots** – At least two registered car pool group members must be in the vehicle when the car pool vehicle enters and exits the assigned car pool parking lot. Non-registered passengers in a car pool vehicle do not qualify as car pool passengers. (Note: This requirement is closely monitored by Security staff.)

B. Medical Center Campus – Parking Incentive for Car Pool Groups:

10. **Parking Assignment for the Car Pool Group** – The registered car pool groups may park on-site in the South Lot or they can park in the satellite parking lot of their choice. Satellite parking lots include: Champlain Mill, Centennial Field (no shuttle service provided) General Dynamics, and the Fanny Allen Campus.
11. **South Lot Parking** – There are two gated entrances and exits to the South Parking Lot. The gate at the south end of the lot will be used by all car pool groups. Each car pool group will be issued one proximity card to access and exit the South Parking Lot. (Remember – Two registered car pool members must be in the car pool vehicle as the vehicle enters and exits the South Parking Lot.)
12. **Important** – Remember, there must be two or more car pool group participants in the vehicle when the car pool vehicle displaying the car pool hang tag enters and exits the South Parking Lot. If you are driving alone (not car pooling), you must park at your assigned individual non-car pool parking lot assignment.

C. UHC Campus – Parking Incentive for Car Pool Groups:

13. Registered car pools may park on-site with two or more participants in the vehicle when they enter and exit the parking lot. Car pools also have the option to park at the satellite parking lot of their choice. These lots include: Champlain Mill, Catamount West (there is not a shuttle running to and from this lot) General Dynamics, and the Fanny Allen Campus.
14. **Important** – Remember, there must be three or more car pool group participants in the vehicle when the car pool vehicle displaying the car pool hang tag enters and exits the UHC Parking Lot. If you are driving alone (not car pooling), you must park at your assigned individual non-car pool parking lot assignment.

D. Fanny Allen Campus – Parking Incentive for Car Pool Groups

15. All employees (including car pool groups) park on-site in parking lots 2 or 3.

E. One Burlington Square – Parking Incentive for Car Pool Groups

16. Car pool parking for One Burlington Square is at General Dynamics.

F. Other Car Pool Incentives – All Car Pool Groups

17. **Gas Coupons** - Car pool groups earn .50 cents a day for each car pool participant in the vehicle. A gas card is issued to each car pool group to record gas credits earned. Each box on the card represents a .50 cent gas credit. Car pool participants date and initial each box to indicate the days they car pooled to work. (Example: On a day that there are three car pool participants in the vehicle, three boxes would be dated and initialed, which would represent a credit for \$1.50 in gas). When all the boxes have been dated and initialed, the card is mailed or delivered to the MCHV or UHC Security Office to obtain two \$5.00 gas coupons. The gas coupons may be redeemed at Dave's Williston Road Citgo.

Important – Gas coupons must be signed before they are redeemed at Dave's Williston Road Citgo. Change will not be given for gas coupons that do not total the amount of gas purchased, so if the gas purchased totals \$7.00 and you give the attendant \$10.00 in gas coupons, you will not receive \$3.00 in change or credit.

18. **CATMA's Guaranteed Ride Home Program** – Through the Campus Area Transportation Management Association all car pool participants are eligible for the Guaranteed Ride Home Program:

Car pool participants are guaranteed a ride home in the following cases:

- a. A participant is left behind because the driver had to leave early.
- b. A rider has to leave because of a sick child.
- c. A rider has to leave because they are ill.
- d. A rider is asked to work later than initially scheduled.

Security staff will issue each car pool group participant a CATMA Guaranteed Ride Home pamphlet. Each participant must complete the CATMA Guaranteed Ride Home registration form and mail it to the CATMA Office at 150 Colchester Ave, Burlington, VT. CATMA will mail each participant a COMMUTE SMART CARD which is to be presented to a taxi driver, if a ride home is needed (instructions are located on back of the card).

19. **CATMA's Monthly Drawing** for a Gift Certificate to a Downtown Restaurant – The names of all Fletcher Allen registered car pool participants will be submitted to CATMA and added to the names of car pool participants from other CATMA organizations. Once a month CATMA draws a name from all car pool participants. The name drawn is given a gift certificate for a downtown restaurant.

G. Enforcement:

20. The car pool program is monitored very closely by the Fletcher Allen Security Department and other employees throughout the organization. Car pool violations will result in the following penalties:

First Violation – 30 day suspension of car pool privileges and incentives. (Note: This penalty may be increased to a complete revocation of car pool privileges and incentives, if the violation is flagrant or the car pool driver has a history of other Fletcher Allen parking violations.)

Second Violation – Complete revocation of car pool privileges and incentives.

Important – The intention of the car pool program is to reduce the number of vehicles

Approved

parked at Fletcher Allen. Parking a vehicle at a Fletcher Allen satellite lot and riding together from the satellite parking lot to a car pool parking lot does not qualify as car pool group and does not meet car pool guidelines and will be considered a violation of the program.

H. Other Transportation Alternatives:

21. **CCTA Local Bus Service** - FAHC offers discounted city bus passes. Contact the Security office for more details, 847-2812.
22. **CCTA Link Express Service** - FAHC offers discounted Montpelier Link bus passes. Contact the Security office for more details, 847-2812.
23. **CATMA Bike/Walk Program** - A gift certificate incentive is offered to FAHC bikers and walkers. Contact CATMA for more details, 656-RIDE.
24. **CATMA Car Pool Matching** - CATMA also offers a list of drivers/riders in the community looking for others to car pool with. Your name and information can also be added to this list.

* NOTE: Car pool participants who are not FAHC employees would not qualify for all the incentives offered through FAHC.

Centennial Parking

Your Parking Assignment M - F: Centennial when your shift is scheduled between 4:15 am and 9:15 pm.

Rotating Shifts: If you indicated on your parking registration form that you rotate shifts or that you work a day shift that goes beyond 9:15 pm, the parking tag you have been issued indicates that you rotate shifts (see the attached instructions for rotating shift parking).

Weekends and Holidays: Parking for weekends and Fletcher Allen observed holidays is in Lot C, the ACC underground garage.

Displaying Your Parking Tag: Hang the tag from your rear view mirror, so the printing faces the windshield.

Parking Policy: For additional parking information please refer to the Fletcher Allen Parking Policy, Policy SEC00058 in Intradoc or on the Security Service's Intranet Website.

Walk-Lot:

Centennial is a walking lot; there is no shuttle service to/from this lot for the MCHV Campus.

Location:

University Road, off of East Avenue.

Thank you for your
assistance!!!

SPECIAL REQUEST FOR PARKING Due to Medical Condition

The information you provide, including medical information, regarding any parking accommodation request will be shared only with those individuals involved in the determination, coordination and facilitation of parking accommodation. FAHC requires the completion of this form, including the physician note stating the reason for your special parking request before it can be processed by Security Services. Security will review your physician's note & base your restriction for parking on the information provided by your physician. Attach additional pages, as needed, from your health care provider regarding this request for parking.

Employee must complete the following: (PLEASE PRINT CLEARLY)

Employee Name:	Job Title:
Date of Hire:	Current Parking Assignment:
Department:	Supervisor/Manager's Name:
Work Address: Campus:	Work Phone & Home Phone:

Employee: Please list below the specific reason for which you are requesting special parking. Please attach the completed physician's note, by a provider treating you for the condition for which you are requesting an accommodation, detailing your restriction.

Employee's Signature: _____ **Date:** ____/____/____

Manager Signature: _____ **Date:** ____/____/____

- ☐ Yes ☐ No This employee's limitation creates work restrictions.
- ☐ Yes ☐ No Manager believes a parking location that provides door-to-door service (or close to) that is serviced by a handicap "kneeling" bus would meet this parking request.
- ☐ Yes ☐ No Manager believes that a parking location, that although not serviced by a shuttle bus but is within walking distance, would meet this parking request.
- ☐ Yes ☐ No Manager believes only up-close, on-site parking would meet this parking request.

Return to: **Security Services**
Fletcher Allen Health Care, 111 Colchester Avenue, Burlington, VT 05458
-or-
MCHV Campus, Engineering 401

Special parking requests will be fulfilled in most cases with an off-site parking location and door-to-door shuttle service, in some cases a parking location will be assigned that is serviced by a handicapped "kneeling" bus. ACC special permits are assigned on a very limited basis per the discretion of Security Services.

Security Services 802-847-2812
Please note:
Applications that are submitted without proper documentation will be delayed or denied consideration.

**SPECIAL REQUEST FOR PARKING
Due to Medical Condition**

Attending Physicians

Your parking assignment at the MCHV Campus is the:

LOT C
(ACC underground garage)

See the back of this sheet for directions to this location. Please hang your parking permit from your rear view mirror so the permit information faces the windshield. This parking lot will be controlled by an electronic gate so you have been issued a proximity card (or access for this lot has been added to the proximity card you currently have).

Parking is on the green and purple level ONLY.
The orange and blue levels are reserved for patient and visitor parking.

Proximity Card

Proximity Card – The enclosed card will allow access to selected electronically controlled parking gates at the Medical Center Campus.

	Your new proximity card is enclosed
	Access has been given to your existing card

Using the Card – Hold the card about 2" from the card reader at the parking lot entrance.

- If the card is programmed to lift the gate for the parking lot, the green light will flash and the gate will lift.
- If the card is not programmed for the parking area, the gate will not lift - the card is not programmed for that particular parking lot.

Anti-Pass Back Feature – The parking lot gates have an anti-pass back feature, which requires that the card used to enter a parking area be used to exit the same parking area before it will allow access again. This prevents someone from using the card, parking in a parking lot, and handing the card to someone else to use.

Parking Permit – Display your Fletcher Allen hanging parking permit whenever you are parking in a Fletcher Allen parking lot.

The enclosed proximity card will access the following parking lots at the Medical Center Campus:

X	ACC Garage....Required - park in the bottom two levels of the ACC garage (green & purple levels). The top two levels of the ACC garage are for patient and visitor parking.
X	South Lot (north and south entrances)

Important – Your card is unique. It tracks your access throughout the facility, so do not lend the card to anyone.

Lost or Stolen Cards – Report lost or stolen cards immediately to the Security Office.

Replacement Card - There is a \$6.00 charge for a replacement card.

Questions or Concerns - Please contact Security.....847-2812

Security Services

Medical Needs

Your medical needs parking location is in the:

Lot C (ACC Underground Garage)

See the back of this sheet for the parking locations. Please hang your Medical Needs parking permit and your individually assigned parking permit from your rear view mirror so the permit information faces the windshield.

These parking lots will now be controlled by an electronic gate so you have been issued a proximity card. See the information below regarding proximity cards.

Parking is on the green and purple level ONLY.

The orange and blue levels are reserved for patient and visitor parking.

Please do not park in a marked handicapped spot, these spots are reserved for our patients/visitors with special needs.

Please notice your medical needs parking permit does have an expiration date on it, once it has expired please return your proximity card to Security Services, MCHV Campus, Engineering 401.

Proximity Card

Using the Card – Hold the card about 2" from the card reader at the parking lot entrance.

This card is programmed to lift the gate for the parking lot, the green light will flash and the gate will lift.

Anti-Pass Back Feature – The parking lot gates have an anti-pass back feature, which requires that the card used to enter a parking area be used to exit the same parking area before it will allow access again. This prevents someone from using the card, parking in a parking lot, and handing the card to someone else to use.

Important – Your card is unique. It tracks your access throughout the parking lot, so do not lend the card to anyone.

Lost or Stolen Cards – Report lost or stolen cards immediately to the Security Office.

Replacement Card - There is a \$6.00 charge for a replacement card.

Questions or Concerns - Please contact the Security.....847-2812

Security Services

Your parking assignment at the MCHV Campus is the:

SOUTH LOT

See the back of this sheet for directions to this location. Please hang your parking permit from your rear view mirror so the permit information faces the windshield. This parking lot will be controlled by an electronic gate so you have been issued a proximity card (or access for this lot has been added to the proximity card you currently have). See the information below regarding proximity cards.

NOTE: If you rotate, evening and night shift parking is in Lot C.

Proximity Card

Parking Lot Access

Proximity Card – The enclosed card will allow access to selected electronically controlled parking gates at the Medical Center Campus.

	Your new proximity card is enclosed
	Access has been given to your existing card

Using the Card – Hold the card about 2" from the card reader at the parking lot entrance.

- If the card is programmed to lift the gate for the parking lot, the green light will flash and the gate will lift.
- If the card is not programmed for the parking area, the gate will not lift - the card is not programmed for that particular parking lot.

Anti-Pass Back Feature – The parking lot gates have an anti-pass back feature, which requires that the card used to enter a parking area be used to exit the same parking area before it will allow access again. This prevents someone from using the card, parking in a parking lot, and handing the card to someone else to use.

Parking Permit – Display your Fletcher Allen hanging parking permit whenever you are parking in a Fletcher Allen parking lot.

The enclosed proximity card will access the following parking lots at the Medical Center Campus:

X	South Lot (north and south entrances)
	Senior Rotating Staff – Lot C after 10:00 am

Questions or Concerns - Please contact the Security.....847-2812

EMERGENCY ON-CALL PARKING

Parking

EMERGENCY on-call parking will be in **LOT C** (the ACC underground parking garage). See the back of this sheet for the location of this lot. Park on the green or purple levels **ONLY**.

Lot C is controlled by an electronic gate; access to this lot has been added to your proximity card (if you don't have a card, a card has been enclosed). This card **MUST** be used when entering and exiting the garage, **DO NOT** take a ticket.

****On-call parking will no longer be in the ED parking lot.**

Permit

Please hang your on-call parking permit and your individually assigned parking permit from your rear view mirror so the permit information faces the windshield. **BOTH PERMITS MUST BE DISPLAYED.**

****The on-call parking permit is used for patient EMERGENCY call in ONLY. This pass is not intended for employees that are called in due to a staffing shortage. Parking for this would be in your assigned parking location.**

****Parking is ONLY permitted in Lot C when called in for Emergency On-Call, if you are found to be in violation you may be subject to being ticketed and towed.**

**Fletcher Allen Health Care
Security Services**

POST SHIFT ON CALL

Parking

Parking for Post Shift On-Call is in **LOT C** (the ACC underground parking garage). See the back of this sheet for the location of this lot. Parking is on the green or purple levels ONLY.

Lot C is controlled by an electronic gate; access to this lot has been added to your proximity card (if you don't have a card, a card has been enclosed). This card **MUST** be used when entering and exiting the garage, **DO NOT** take a ticket.

****Parking is ONLY permitted in Lot C when taking IMMEDIATE Post Shift On-Call, if you are found to be in violation you may be subject to being ticketed and towed.**

Permit

Please hang your Post Shift On-Call parking permit and your individually assigned parking permit from your rearview mirror so the permit information faces the windshield. **BOTH PERMITS MUST BE DISPLAYED.**

Why Walk?

1. Walking is an effective way to become physically fit, to manage a chronic medical condition, and keep weight under better control.
2. Whatever your reason to beginning a walking routine, walking has a great reputation as an ideal way to incorporate regular activity into your daily routine without a lot of added cost. This makes walking fun and easy. The whole body effects of walking include:

- ✓ increased energy
- ✓ improved ability to manage stress
- ✓ lowers blood pressure
- ✓ promotes better sleep
- ✓ burns calories and raises metabolism
- ✓ promotes cardiovascular health
- ✓ helps you to keep your chronic illness in check.
- ✓ increased bone health

An important measure of a workplace is the health and wellness of its employees. The **Partnership Walking Map** has been designed to provide opportunities for employees, students and our community visiting both Fletcher Allen Health Care and the University of Vermont to increase physical activity by choosing to walk to areas between our shared campuses. The map highlights suggested routes, distances, level of difficulty, and offers other activities to boost physical activity for everyone.

In partnership, Fletcher Allen Health Care and the University of Vermont encourage physical activity and promote healthy habits at very little cost. Incorporating physical activity into your normal routine or workday can be a first start.

Walking Routes

around Fletcher Allen Health
Care and
the University of Vermont

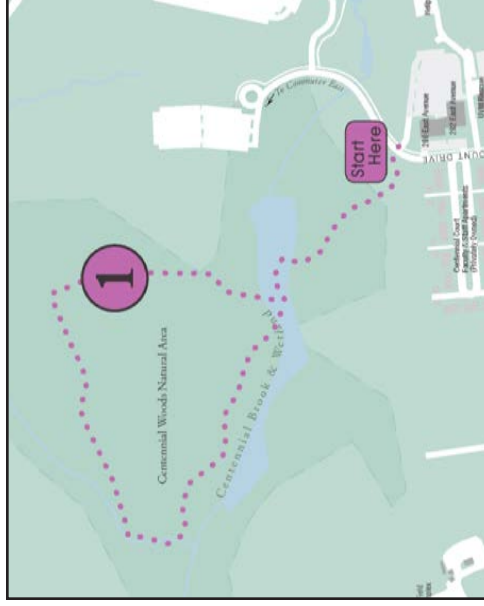

you will first pass the side entrance to the McClure building on your right. Continue to follow the sidewalk past the historic Mary Fletcher building. Stop by the Park Bench Yoga Station to stretch. As you continue up the incline, the ACC Main Pavilion will come into view.

#7. University Health Center/Waterman Block - .7 miles - Easy

Start your walk out the front door of either the University Health Center building or the Waterman Building on So. Prospect Street. Continue along until you reach the corner of College Street. Turn right onto College Street walking towards the corner of So. Williams Street. Take a right on So. Williams Street. You will walk the length of So. Williams Street until you come to Pearl Street. At Pearl Street, turn right. You are now heading towards the corner

of Pearl Street and So. Prospect Street. Turn right on So. Prospect and conclude your walk at your starting point.

#8. University Health Center to UVM Davis Center – 1 mile - Moderately Easy

Begin your walk out the front door of the University Health Center building. Walk South on So. Prospect towards Main Street. When you reach Main Street, turn left and begin walking

up a slight incline towards the Davis Center. Once you reach the Davis Center, you will walk a route through the UVM main campus that will take you past the Fletcher Allen Health Care medical center campus to Colchester Ave. Take a left onto Colchester Ave. and continue walking until you come to the corner of So. Prospect Street. Turn left on So. Prospect. This will take you back to the entrance of the University Health Center.

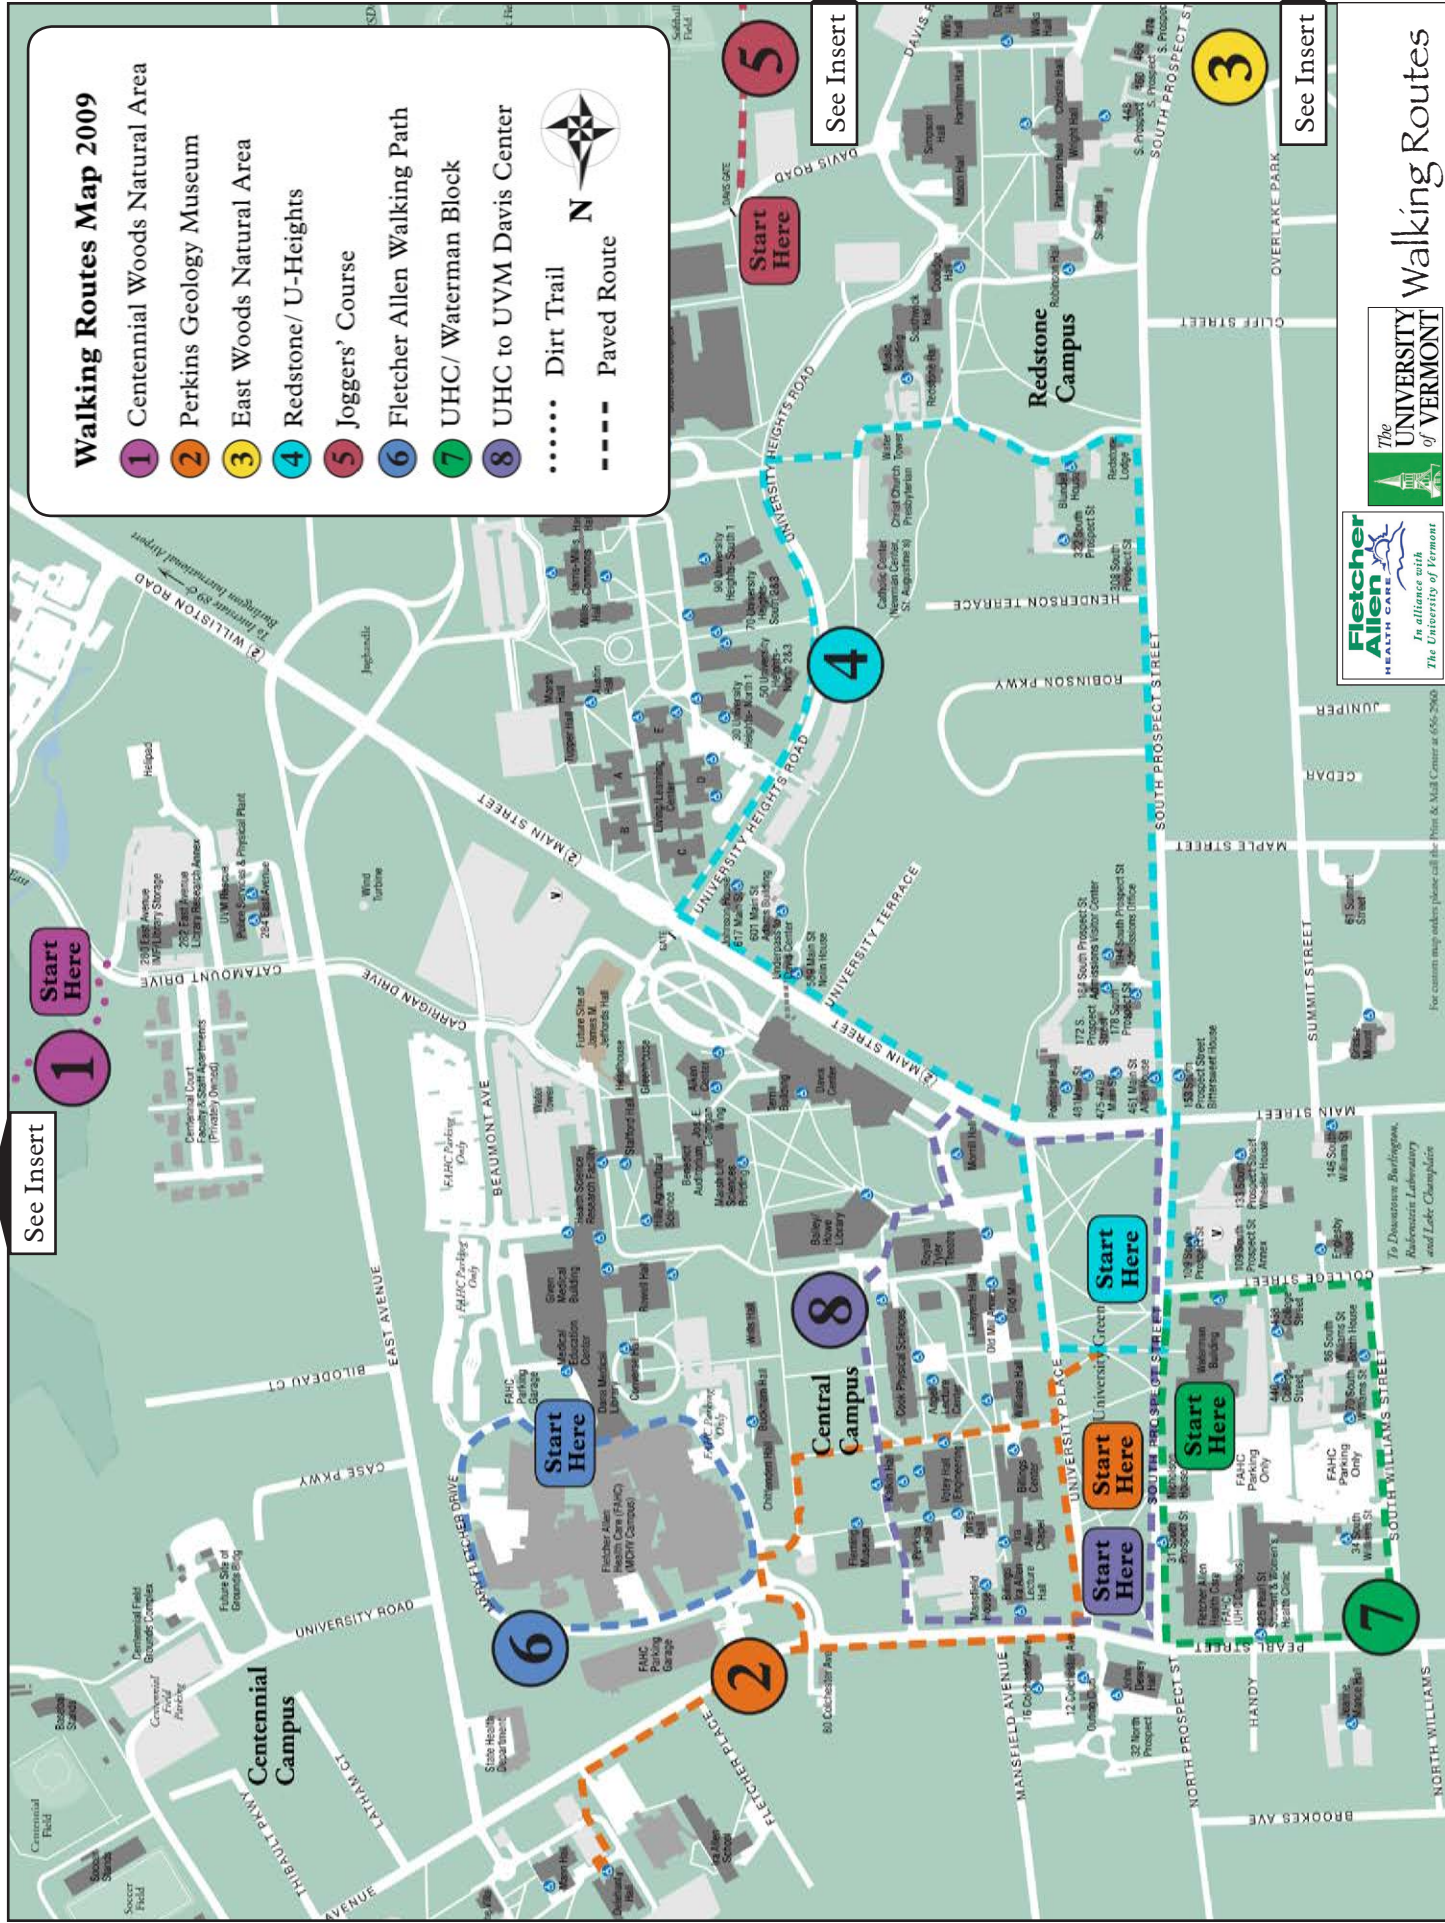

Walking Routes Map 2009

Walking - Finding a Physical Activity You Can Live With

Walking is one of the best activities for getting and staying physically active throughout the seasons. Walking is relatively easy; it is a self-paced activity that brings with it many positive health benefits. As a low intensity cardiovascular activity, walking has benefits for everyone. All ages and abilities can benefit from a daily walk for health and fitness.

Tips for Getting Started

1. Wear clothes that will keep you dry and comfortable. Invest in a good pair of walking shoes and a water bottle.
2. Start with shorter walks, and gradually increase the length of your walk each day.
3. Do what comes naturally – set a stride length that is comfortable and a speed that isn't too tough when starting to walk. You should be able to speak comfortably as you walk.
4. Slowly bring the pace up during your walk. As time goes by, your body gets stronger and needs a new challenge.
5. When you're done walking, it is advised that you slow your pace to cool your body down. This will gradually ease your heart rate to its normal level.
6. Always carry ID for safety and walk in well lit and traveled areas.
7. Forty five minutes of moderate exercise is suggested for maintaining health and managing weight most days of the week.
8. If 45 minutes seems too long, break it up into three walks of 15 minutes each.
9. Before and after a vigorous walk, stretching is important to reduce injuries and also to improve your flexibility. Your muscles will be warm and ready to stretch after walking.

Choose your wellness walk. For Trails 1-5, begin at the MOVE Yourself sign marking the starting point of each walk. For Trails 6, 7, & 8, see map for starting point. Bring this map with you as your walking guide. All miles are for round trip walks.

hike through dense, mature woods. The hilly trail is short, very scenic and makes a great lunchtime or after work hike. The hiking trail heads straight into the woods and then turns left after about 30 feet. Continuing straight ahead along the trail, you will see the remains of an abandoned railroad trestle crossing Potash Brook. Further along the trail, you will parallel the Potash Brook for a short distance and walk through a grove of tall Eastern Hemlock trees and back to where you started.

#1 – Centennial Woods Natural Area - 1.05 miles - Moderately Difficult

Start at the Centennial Woods Natural Area trailhead located on Catamount Drive. This trail is rated moderately difficult and should take about an hour to walk. The trail can be wet or muddy and has several steep sections. Wear appropriate hiking footwear. The UVM Environmental Program has installed small wooden arrow signs for you to follow.

#2 – Perkins Geology Museum - 1.17 miles - Easy

Start near the fountain on the University Green and walk towards Billings. This walk is rated easy and makes it ideal at a brisk pace during lunch. From Billings, follow the pedestrian path through the Fleming Green. Turn left and head towards the Colchester Avenue traffic light, crossing the street and continuing on towards Deleahanty Hall/Perkins Geology Museum. On the return walk, stay on Colchester Avenue until you get to the Dewey Hall crosswalk. Cross over to the University Green.

#3 – East Woods Natural Area - .44 miles - Easy to Moderate

Start at the small parking area located off Swift Street. This trail is rated an easy to moderate

#4. Redstone/ U-Heights - 1.53 miles - Easy

Start at the University Green fountain and cross South Prospect Street towards the Waterman Building. Walk towards Main Street, continuing on South Prospect until you reach the exit drive from the Redstone Green. Turn left at the Green and walk until you reach University Heights Road. Continue walking, eventually turning left onto Main Street. Cross Main Street at Morrill Hall and walk until you reach the University Green fountain.

#5. Joggers' Course - 3.25 miles - Moderately Difficult

Start on the Joggers' Course located adjacent to the Guicciardi Fitness center. This walk is great for walking, jogging or biking. Most of the path is level, with almost all of it on paved path. A short stretch, about .75 miles, is a dirt path through a grassy field next to the Burlington Country Club.

#6. Fletcher Allen Health Care Walking Path .5 miles - Moderately Easy - Wheelchair Accessible

Start outside of the ACC Main Pavilion by taking a right on the paved sidewalk. Continue down the concrete stairs and past the emergency department entrance. Keeping on the sidewalk,

UNIVERSITY OF VERMONT

Sec. 8.3.3 (a)

Fall Employment

The University of Vermont employs 3,498 individuals. The total staff number of 2,274 includes 2,095 full-time and 179 part-time employees. The total faculty number of 1,224 includes 988 full-time faculty, 236 part-time instructors. Additionally, there are 1,008 clinical professors primarily in the College of Medicine. College of Medicine faculty now include Residents, Interns and Clinicians who are part of the expanded medical care plan of BCBS and Fletcher Allen, not all of these individuals are located on campus.

Fall Enrollment

The full time equivalent students for the academic year 2010-2011 fall semester is as follows:

(Please note: Fall enrollment numbers are typically higher than the academic year numbers.)

Undergraduate	10,461
Graduate & Certificate	1,509
Medical Students.....	452
Non-degree Cont. Education	1,132
Total (All Students)	13,554

Slightly more than half of graduate students are part-time, attending classes which are offered after 4:00 p.m. and evenings, or at off campus locations, to accommodate students' employment schedules and transportation constraints.

Sec. 8.3.3 (b)

Parking Demand

Existing Spaces

The University's on campus parking inventory is now 5,310 spaces, including parking for University affiliates, visitors, service and delivery vehicles, and designated handicap drivers.

The current capacity figures exclude parking located at the University Farm and Bio-Research complexes on Spear St. Also excluded in the capacity listing are small garages located within the defined Burlington boundary of the campus.

Peak Parking Demand

The total parking demand is tied directly to the availability of empty spaces. The total number of parked vehicles as well as vacant spaces were counted for each parking lot and summarized by zone. These counts were taken in October 2010 and represent a typical day during peak demand and demonstrate a surplus of 883 spaces, with 329 of those in the core campus. This fall since the completion of Jeffords Hall, the Jeffords lot has become a core lot being part of the core east, which represents the increase in surplus spaces for core campus in fall 2010.

Table 1: Parking Lot Capacities and Empty Space Count:

Zone	Capacity	Occupied Spaces - Peak Demand	Empty Spaces	Percent Full
Athletic Commuter	1339	1087	252	78%
Core Central	65	54	11	72%
Core East	799	614	185	78%

* 2 Loading spaces during construction

Vehicle Permits

The number of vehicle permits issued by the University is

Faculty/Staff	3,287
Students.....	1,041
Contracted	1,044
Total Permits	5,372

American Red Cross/FAHC Contract Spaces

The University has agreements for leasing spaces to the American Red Cross and Fletcher Allen Health Care. Spaces leased by institutions as follows:

FAHC - at Centennial.....	200
FAHC - Catamount East Lot	285
FAHC- Gutterson Lower Surface	177
Total Contract Spaces.....	662

Our efforts to reduce parking demand are not reflective in the following data due partially to an overall 10% increase in available spaces (attributed to a return of spaces offline during project construction), a lack of data in previous years pertaining to temporary permits, and an increase in resident upper class undergraduates on campus. In the students population alone, we realized a 1% increase in purchase patterns (comparable with a 1% increase in enrollment) this year. There was less than a 1% increase in the faculty and staff purchase pattern even though we had a 10% increase in total spaces on main campus. We predict our numbers will once again begin to decrease with our continued TDM efforts.

Sec. 8.3.3 (c) Vehicle Fleet

* Indicates Alternate Fuel Vehicle

The University of Vermont owns or leases a total of 278 vehicles (in the city of Burlington)

Sec. 8.3.3 (d)

Programs, Policies, and Incentives

The following is a list of programs the University uses. Most are through the CATMA office, though the Occasional Use Parking Permits program is part of the University's effort to support other CATMA programming.

Unlimited Access: The University fully subsidizes transit for both the CCTA local and LINK Express routes through CATMA's Unlimited Access Program, a partnership between CCTA and CATMA. Ridership has increased by 8% per month for the same period last year. This Unlimited Access Program, along with all the other TDM programs offered through UVM and CATMA, led to the EPA's continued designation of UVM as one of **New England's Best Workplace for Commuters**. UVM received this designation by meeting a National Standard of Excellence. The designation spotlights employers that are committed to reducing traffic and air pollution and improving quality of life for their commuters.

UVM did not fare as well during the local "Way to Go!" week in May 17-21, 2010 due in part to the fact that the challenge took place after commencement resulting in many employees absence for the challenge. The Way To Go! Commuter Challenge was implement in 2006 as part of Way To Go Week. The awards go to businesses with the highest percentage of employees registered for the event. The challenge encourages use of alternative modes of transportation during the week, hoping people will continue beyond. UVM won 1st place in 2006 and 2007 in the Major Employer category (1,000+ employees) and an Honorable Mention in both 2008 and 2009.

Carpool: Currently, the University has 57 registered carpools, with 150 participants, a slight increase over last year. There are additional UVM employees who are carpooling, but not included in our number, as they carpool with non-UVM employees and therefore do not qualify for the UVM incentives. Many are registered with CATMA, as they do qualify for the incentives provided through CATMA, including the Emergency Ride Home Program. As incentive to rideshare, carpools with three or more participants receive one free hangtag for Green Zone parking. Carpools with two or more participants receive one free Peripheral hangtag. These hangtags are transferable among the pool members. All members of the pool also receive a free permit for Off-site lots. Participation in the joint "RidesWork" program, a free confidential carpool matching service through CATMA, expands potential carpool membership. Carpool listings and registration forms appear on the CATMA web site and are updated regularly.

Occasional Use Parking Permits: The University began issuing occasional use parking permits in the Spring of 2008 as a pilot program, and formalized the offering in the fall of 2009. This allows program participants one free day of parking per month and a discounted rate per day, depending upon the parking zone. This program encourages the use of CATMA programs by allowing participants access to parking as needed. We have 132 persons registered to date and continue to promote the program.

CarShare Vermont: CarShare Vermont officially launched on December 15, 2008. The University, through CATMA is currently hosting two vehicles on campus as part of the CarShare Vermont initiative. Both vehicles, Subaru Imprezas, are available to all members of our community who join CarShare Vermont. This program is open to students as well as faculty and staff. CarShare Vermont, along with CATMA and UVM continue to promote CarShare in a variety of ways. Over the past year, flyers, brochures and table tents have been placed around campus. Additionally, articles have appeared on Listserve postings as well as in UVM newspapers and newsletters. CarShare representatives tabled at several UVM events including Focus The Nation, all UVM first-year orientations, new student medical resident orientation, new faculty and staff orientation, class picnic, UVM Farmer's market, move-in day, and UVM activities fair. Information was distributed through Eco-Reps, class presentations, student welcome bags, and the cars were a stop on campus tours.

UNIVERSITY OF VERMONT

Bike/Walk: Anyone who commits to walking or biking to and from work at least three days a week on a consecutive basis, can register in the CATMA Bike/Walk Rewards program. Although there are over 380 UVM Employees registered in the Bike/Walk Program, we currently have an average of 100 monthly participants.

Emergency Ride Home (ERH): Anyone who registers with CATMA as using a commute mode other than the single occupancy vehicle (S.O.V.) at least two days a week is issued a Commute Smart Card, which will provide a free taxi ride home in an emergency. Once registered in the Emergency Ride Home program, all registrant's names are included in the monthly drawings for gift certificates to downtown Burlington restaurants. As of December 2010, there were 696 UVM employees registered with CATMA in the ERH program. A complete description of all the CATMA TDM programs and services, which are available to UVM constituents, can be found in the CATMA section of this Plan.

Bike Ways: Bicycle use is encouraged with the establishment of UVM's bikeway network and management. UVM students now have a fully recognized club. The Bicycle Users Group (BUG). The Director of Transportation and Parking Services created the Bicycle Facilities Advisory Subcommittee (BFAS) to the existing Transportation and Parking Services Advisory Committee (TAPSAC) as resource and advisory panel to the student run BUG with the intent of connecting the student effort to the universities overall master plan. Additionally, the University continues to take a leading role in the region facilitating new bikeway construction by offering right-of-way licenses over University property wherever possible..

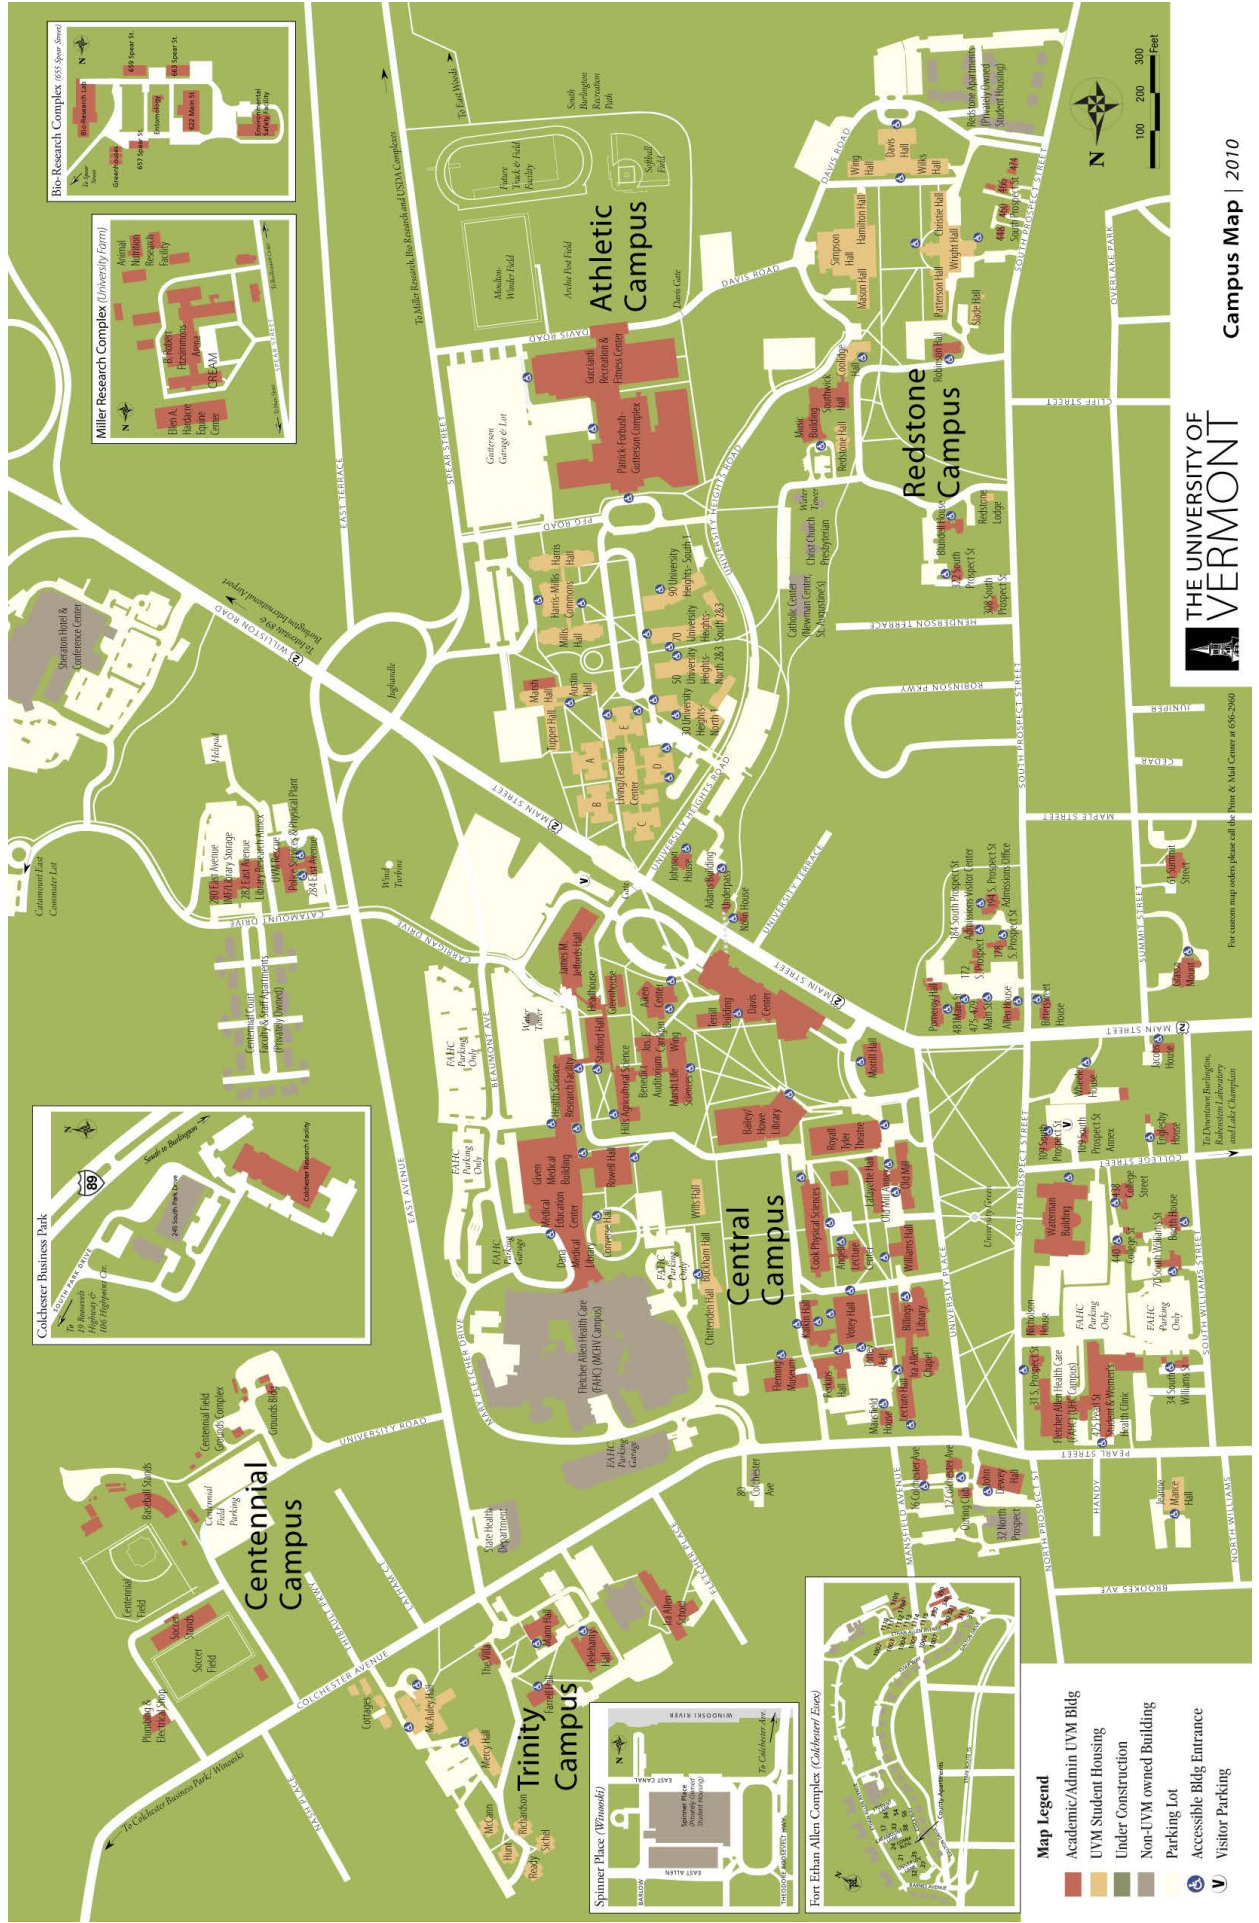

Sec. 8.3.3 (e)

Monitoring, Compliance and Enforcement Systems

UVM Transportation and Parking Services issued 23,148 parking citations in FY2010; half of these (12,148) were for parking without a permit.

Parking and traffic regulations are enforced using a system of warnings, citations, and/or towing. Traffic citations may either be presented to the owner/operator, placed on the vehicle's windshield, or in special circumstances be mailed to the registrant.

Violation	Fine
Parked Overtime at Meter/Pay Station/Loading Zone	\$25
Permit Not Displayed	\$30
Parked in a Restricted Area	\$30
Parked without a Valid Permit	\$50
Driving on Grass/Walks	\$50
Fire Lane/Roadway	\$80
Handicap	\$80
Use of Unauthorized Permit	\$80

Occasional Use Parking Permit Program

Goal:

To provide incentives for individuals who choose alternate transportation, yet need to park on campus occasionally. This program is intended for persons considered a full-time faculty, or staff.

Program Details:

Faculty, Staff and Affiliated Staff:

Those wishing to park on campus occasionally may do so by purchasing daily permits upon surrendering their full time hangtag and enrolling in this program. One permit per month of full time employment per permit cycle (i.e.; 9mos., 12mos., etc.) is available at no cost. Additional permits cost:

Green Zone (if eligible) - \$4.00

White Zone - \$3.00

Orange/Brown Zone - \$2.00

Example: A 9-month faculty member wishes to partake of this program at the beginning of the next permit cycle (June 1). They will receive nine free permits and be eligible to purchase individual permits if need be.

The cost of the permits is set in such a manner that most people will realize a monthly savings on parking if the option is used one day per week. We encourage those interested in the program to choose their best option.

Faculty and Staff members will have the option to choose the Zone for which they are eligible based on their campus address. The Green occasional use permit option is wait list controlled the same as the full time Green Permit option.

Occasional Use permits follow the same permit cycle as regular permits (June 1st – May 31). Previously issued permits will expire on May 31st. Anyone wishing to continue with program must reapply.

Definitions

Faculty or **Staff** refers collectively to University personnel who provide or support the instructional, research, and public service activities of the University.

Affiliated Staff refers to individuals who are employed by organizations that do business at the University and are such designated by Human Resources as affiliated. This will also include contractors with office space at the University.

Procedures

Obtaining occasional use permits:

Full-time faculty, staff or affiliated staff may obtain permits at our office at [38 Fletcher Place](#)⁴. Methods of payment for office transactions are cash, check, CAT\$cratch.

Sorry, we cannot accept debit or credit cards at this time.

Use of permits:

The customer is responsible for filling in the "expires" area of the permit with the date the permit is being used with an indelible marker provided by Transportation and Parking Services. These permits are valid only in the area as indicated in writing on the front of the permit. Any use of permits for purposes other than intended, or failure to fill in an expiration date, may result in a violation being issued or may result in the loss of eligibility for this program.

Transportation and Parking Services

1

I. Parking Regulations:

All parking regulations are in effect 24 hours a day, seven days a week.

- a. All faculty, staff and students must properly display their valid University of Vermont permit while parked in any University parking area 7:00am to 6:00pm, Monday through Friday. Student residential areas require permits 24 hours a day, 7 days a week.
- b. Faculty, staff, students and visitors will be held responsible for all parking citations involving their vehicles, any vehicle that they operate on campus property, or any vehicle displaying a permit assigned to them.
- c. Vehicles shall not be parked in roadways, lawns or other non-designated areas. The University, having marked approved spaces, is under no obligation to mark all areas where parking is prohibited.
- d. Vehicles parked in handicap or service and delivery spaces without the appropriate permit will be cited and in some cases towed.
- e. Parking in designated loading zones and yellow-domed meters is limited to 30 minutes.
- f. Willfully falsifying information in any transaction or using a counterfeit permit, including permits reported "lost" or "stolen", shall constitute a violation, will be referred to Police Services and may result in suspension of parking privileges. Students may be subject to the University judicial process.
- g. Unauthorized removal, attempting to remove, possession of, tampering with or damaging campus traffic signs or parking gates will be referred to Police Services. Students may be subject to the University judicial process.
- h. Individuals who repeatedly violate the University's parking regulations, and thus show a serious lack of consideration for others, may forfeit their use of campus parking facilities.
- i. Parking permits are the property of the University of Vermont. Permits are not transferable to another user and may not be remanufactured, resold, altered or photocopied under any circumstances. Individuals violating this regulation will be referred to Police Services.

II. Traffic Regulations (Enforced by Police Services²):

- a. Faculty, staff and students are expected to know and comply with state motor vehicle laws and traffic ordinances of the City of Burlington.
- b. The maximum speed limit is 25 miles per hour on all campus roads and drives, and 10 miles per hour in all parking areas.
- c. Pedestrians will be given the right-of-way at all crosswalks.
- d. Driving motor vehicles on campus walkways, lawns, shuttle routes or areas not specifically

- designated as a roadway is prohibited and subject to a fine and replacement/repair costs.
- e. Operators of motor vehicles shall comply with traffic signs (yield, stop, etc.) or the direction of a Police or Transportation and Parking Services Officer.
 - f. The University of Vermont assumes no responsibility for damage to, theft from or theft of any vehicle parked on University property. Motor vehicle accidents that occur on the UVM campus should be reported to Police Services.

III. Enforcement:

Parking and traffic regulations are enforced using a system of warnings, citations, and/or towing.

- a. **Citations:** Traffic citations may either be presented to the owner/operator, placed on the vehicle's windshield, or in special circumstances be mailed to the registrant.

<u>Violation</u>	<u>Fine</u>
Parked Overtime at meter	\$10
Permit Not Displayed	\$30
Parked in a Restricted Area	\$30
Parked Without a Valid Permit	\$50
Driving on Grass/Walks	\$50
Fire Lane/Roadway	\$80
Handicap	\$80
Use of Unauthorized Permit	\$80*
Falsifying Information	*
Disregarding Traffic Signs	*
Damage, Destroy, or Illegally Activating Parking Gates	*
Possessing/Damaging/Altering Signs, Markings, or Signal Devices	*

* refer to [Police Services](#)²

- b. **Towing Vehicles:** The Departments of Transportation and Parking Services and Police Services have the authority to remove, by towing, any motor vehicle from University property when found:

1. Parked in a designated handicap space without proper authorization;
2. Displaying a fraudulent or unauthorized parking permit;
3. As a habitual offender parked in violation of the University's Parking Rules and Regulations;
4. Parked in an area that is not designated as parking;
5. Impeding access/operation of emergency vehicles or snow removal;
6. Abandoned three or more days without valid state registration;
7. On University property in violation of restrictions imposed in writing by the Director of Transportation and Parking Services or his/her designee.

8. When safety or nuisance conditions warrant, such as leaking gas, or fluids that may be harmful to the environment or a faulty car alarm causing a disturbance.

The owner/operator of the vehicle will be held liable for the cost involved in the removal and storage, except when legally parked vehicles are removed during an emergency. In such case, the removal will be at no expense to the owner/operator.

Any Vehicle that is towed under the University's towing guidelines may be assessed the minimum tow fee when attachment occurs. Attachment is defined as the boom or flat bed of the tow vehicle being in physical contact with the wheels of the vehicle to be towed. Individuals must obtain a vehicle release form from Transportation and Parking Services, Monday through Friday, 7:30 AM to 4:00 PM. All other times individuals may contact Police Services in order to retrieve their vehicle from the tow company. All towing and storage fees will be the responsibility of the owner/operator.

IV. Appeals:

Individuals wishing to appeal a citation and/or tow must initiate a formal request for appeal within ten (10) business days following the issuance of the citation. Appeals concerning suspension of privileges must be submitted within ten (10) business days following receipt of written notification of suspension.

Appeals are initiated by submitting a written appeal to the Transportation and Parking Services Office or via the [web](#)³. Transportation and Parking Services will review the appeal and respond to the appellant with an email of notification. The decision of Transportation and Parking Services may be appealed to the Traffic Board of Appeals unless otherwise noted.

The Traffic Board of appeals was created to hear appeals from students, faculty, staff, and visitors who have received citations. During the academic year, the Board holds regular meetings to hear all appeals not previously settled by Transportation and Parking Services. Appeals for citations during the summer months are heard the following academic year.

The Traffic Board of Appeals is composed of faculty members (appointed by the Faculty Senate), staff members (appointed by the Staff Council) and students (appointed by the Student Government Association). These members elect a chairperson from the faculty or staff. Three board members shall constitute a quorum. On any given appeal, an appointment will be scheduled and an individual will be given one opportunity to appear before the Board. The decision of the Board is final on all appeals.

Waiver of Liability

I, the undersigned, agree to permit the University of Vermont Department of Transportation and Parking Services, its employees and/or agents ("University"), to attempt to gain entry into a locked vehicle () or Jumpstart a disabled vehicle () bearing registration plate _____, state of _____, as some condition exists where I must enter the vehicle without the use of a key or some condition exists that where the vehicle's engine will not start. I will hold the University harmless from any damage done to the vehicle, either actual or hidden, which may cause failure of the vehicle door locking mechanisms, engine, electrical or other mechanical part of the vehicle in connection with the assistance rendered. I hereby release the University from any liability and shall not initiate any litigation; civil or criminal, in connection with the assistance provided. I also hereby certify that I am either the owner of the above-named vehicle or am authorized by the owner of the vehicle to operate the vehicle and to serve as agent of the owner for the purposes of waiving liability as described above.

Transportation and Parking Services

1 2 3 4

University of Vermont Transportation Services

CATS provides safe and convenient shuttle service for students, staff, faculty, and visitors. CATS supports alternatives to driving, helping to reduce the number of vehicles traveling on city streets and parking in lots at the center of campus. CATS buses are run by either bio-diesel or Compressed Natural Gas. The CATS system is handicapped accessible.

Click Here for [CATS SHUTTLE SERVICE SCHEDULE FOR SPRING BREAK](#)⁵

If you have other questions concerning CATS service please consult our website or call our office. Please call 656-8686 or ask your driver. Transportation Services (802) 656-0795

Harris Millis / Gutterson Garage	South	on the 5's (:05, :15, :25, :35, :45, :55)	approx.
Coolidge	South	on the 7's (:07, :17, :27, :37, :47, :57)	approx.

TIPS TO GETTING WHERE YOU WANT TO GO FAST

Use your cell phone for the time.

If you are on main campus and want to go directly to Trinity, take the north bound bus on the University place stops (Davis West Door and Billings)

If you are on Main campus and want to get to Redstone, take the south bound bus on the road adjacent to the CBW green (Kalkin / Votey, Cook, Davis Oval)

Leave yourself time on the high volume routes that start at WDW before the 9:00 am MWF class, the 9:20 and 10:40 TTh class.

Please arrive a few minutes early for times that are marked approx.

If you are at Redstone, please see the Redstone Express schedule for additional service.

You can ride back as far as Patrick Gym on the Patrick Gym route

What you need to know--

Redstone Express Day Time Service

Update as of August 30, 2010

The Redstone Express bus route runs Monday through Thursday from 7:45 am through 6:45 pm at 15 minute intervals.

On Fridays the bus runs from 7:45 am through 3:45 pm at 15 minute intervals.

<u>Leave</u>	<u>Heading</u>	<u>Times</u>	<u>Actual/Approx.</u>
Coolidge (Redstone Circle)	North	:00, :15, :30, :45	Actual
Continuing Education (On-Demand)	North	:03, :18, :33, :48	Approx.
Davis Center West Door / Bailey Howe / Royall Tyler / Lafayette	North	:05, :20, :35, :50	Approx.
Billings / Ira Allen	South	:06, :21, :36, :51	Approx.
Waterman	South	:10, :25, :40, :55	Approx.
Last trip leaves Redstone Circle 6:45pm Mon-Thurs, 3:45pm on Fri			

TIPS TO GETTING WHERE YOU WANT TO GO FAST

- Use your cell phone for the Blirp-It live On-Screen real bus tracking
- Leave yourself time on the high volume routes before the 9:00 MWF class, the 9:20 and 10:40 TTh
- Please arrive a few minutes early for times that are marked approx.
- If you are at Redstone, please see On Campus schedule for additional service

EVENING WEEK & WEEKEND DAY SUTTLE SCHEDULE FALL 2009

TIPS TO GETTING WHERE YOU WANT TO GO FAST

Use your cell phone for the time.

If you live at CBW, Use the Billings / Ira Allen stop

Please arrive a few minutes early for times that are marked approx.

Why Walk?

1. Walking is an effective way to become physically fit, to manage a chronic medical condition, and keep weight under better control.
2. Whatever your reason to beginning a walking routine, walking has a great reputation as an ideal way to incorporate regular activity into your daily routine without a lot of added cost. This makes walking fun and easy. The whole body effects of walking include:

- ✓ increased energy
- ✓ improved ability to manage stress
- ✓ lowers blood pressure
- ✓ promotes better sleep
- ✓ burns calories and raises metabolism
- ✓ promotes cardiovascular health
- ✓ helps you to keep your chronic illness in check.
- ✓ increased bone health

An important measure of a workplace is the health and wellness of its employees. The **Partnership Walking Map** has been designed to provide opportunities for employees, students and our community visiting both Fletcher Allen Health Care and the University of Vermont to increase physical activity by choosing to walk to areas between our shared campuses. The map highlights suggested routes, distances, level of difficulty, and offers other activities to boost physical activity for everyone.

In partnership, Fletcher Allen Health Care and the University of Vermont encourage physical activity and promote healthy habits at very little cost. Incorporating physical activity into your normal routine or workday can be a first start.

Walking Routes

around Fletcher Allen Health Care and
the University of Vermont

you will first pass the side entrance to the McClure building on your right. Continue to follow the sidewalk past the historic Mary Fletcher building. Stop by the Park Bench Yoga Station to stretch. As you continue up the incline, the ACC Main Pavilion will come into view.

#7. University Health Center/Waterman Block - .7 miles - Easy

Start your walk out the front door of either the University Health Center building or the Waterman Building on So. Prospect Street. Continue along until you reach the corner of College Street. Turn right onto College Street walking towards the corner of So. Williams Street. Take a right on So. Williams Street. You will walk the length of So. Williams Street until you come to Pearl Street. At Pearl Street, turn right. You are now heading towards the corner

of Pearl Street and So. Prospect Street. Turn right on So. Prospect and conclude your walk at your starting point.

#8. University Health Center to UVM Davis Center – 1 mile - Moderately Easy

Begin your walk out the front door of the University Health Center building. Walk South on So. Prospect towards Main Street. When you reach Main Street, turn left and begin walking

up a slight incline towards the Davis Center. Once you reach the Davis Center, you will walk a route through the UVM main campus that will take you past the Fletcher Allen Health Care medical center campus to Colchester Ave. Take a left onto Colchester Ave. and continue walking until you come to the corner of So. Prospect Street. Turn left on So. Prospect. This will take you back to the entrance of the University Health Center.

Walking - Finding a Physical Activity You Can Live With

Walking is one of the best activities for getting and staying physically active throughout the seasons. Walking is relatively easy; it is a self-paced activity that brings with it many positive health benefits. As a low intensity cardiovascular activity, walking has benefits for everyone. All ages and abilities can benefit from a daily walk for health and fitness.

Tips for Getting Started

1. Wear clothes that will keep you dry and comfortable. Invest in a good pair of walking shoes and a water bottle.
2. Start with shorter walks, and gradually increase the length of your walk each day.
3. Do what comes naturally – set a stride length that is comfortable and a speed that isn't too tough when starting to walk. You should be able to speak comfortably as you walk.
4. Slowly bring the pace up during your walk. As time goes by, your body gets stronger and needs a new challenge.
5. When you're done walking, it is advised that you slow your pace to cool your body down. This will gradually ease your heart rate to its normal level.
6. Always carry ID for safety and walk in well lit and traveled areas.
7. Forty five minutes of moderate exercise is suggested for maintaining health and managing weight most days of the week.
8. If 45 minutes seems too long, break it up into three walks of 15 minutes each.
9. Before and after a vigorous walk, stretching is important to reduce injuries and also to improve your flexibility. Your muscles will be warm and ready to stretch after walking.

Choose your wellness walk. For Trails 1-5, begin at the MOVE Yourself sign marking the starting point of each walk. For Trails 6, 7, & 8, see map for starting point. Bring this map with you as your walking guide. All miles are for round trip walks.

hike through dense, mature woods. The hilly trail is short, very scenic and makes a great lunchtime or after work hike. The hiking trail heads straight into the woods and then turns left after about 30 feet. Continuing straight ahead along the trail, you will see the remains of an abandoned railroad trestle crossing Potash Brook. Further along the trail, you will parallel the Potash Brook for a short distance and walk through a grove of tall Eastern Hemlock trees and back to where you started.

#1 – Centennial Woods Natural Area - 1.05 miles - Moderately Difficult

Start at the Centennial Woods Natural Area trailhead located on Catamount Drive. This trail is rated moderately difficult and should take about an hour to walk. The trail can be wet or muddy and has several steep sections. Wear appropriate hiking footwear. The UVM Environmental Program has installed small wooden arrow signs for you to follow.

#2 – Perkins Geology Museum - 1.17 miles - Easy

Start near the fountain on the University Green and walk towards Billings. This walk is rated easy and makes it ideal at a brisk pace during lunch. From Billings, follow the pedestrian path through the Fleming Green. Turn left and head towards the Colchester Avenue traffic light, crossing the street and continuing on towards Deleahanty Hall/Perkins Geology Museum. On the return walk, stay on Colchester Avenue until you get to the Dewey Hall crosswalk. Cross over to the University Green.

#3 – East Woods Natural Area - .44 miles - Easy to Moderate

Start at the small parking area located off Swift Street. This trail is rated an easy to moderate

#4. Redstone/ U-Heights - 1.53 miles - Easy

Start at the University Green fountain and cross South Prospect Street towards the Waterman Building. Walk towards Main Street, continuing on South Prospect until you reach the exit drive from the Redstone Green. Turn left at the Green and walk until you reach University Heights Road. Continue walking, eventually turning left onto Main Street. Cross Main Street at Morrill Hall and walk until you reach the University Green fountain.

#5. Joggers' Course - 3.25 miles - Moderately Difficult

Start on the Joggers' Course located adjacent to the Guicciardi Fitness center. This walk is great for walking, jogging or biking. Most of the path is level, with almost all of it on paved path. A short stretch, about .75 miles, is a dirt path through a grassy field next to the Burlington Country Club.

#6. Fletcher Allen Health Care Walking Path .5 miles - Moderately Easy - Wheelchair Accessible

Start outside of the ACC Main Pavilion by taking a right on the paved sidewalk. Continue down the concrete stairs and past the emergency department entrance. Keeping on the sidewalk,

CAMPUS AREA TRANSPORTATION MANAGEMENT ASSOCIATION (CATMA) - FALL 2010

Sec. 8.3.3 (a)

Employment and Enrollment

The CATMA member institutions employ a total of 10,382 individuals. Additionally, student population is 13,508 students. See breakdown by institution below.

Sec. 8.3.3 (d)

About CATMA, Membership and Programs

The Campus Area Transportation Management Association (CATMA) is a private, membership-based, non-profit organization. Established in 1992, CATMA's founding premises included a joint mission to plan and manage parking and transportation in ways that better coordinate land use and therefore lessen the environmental impacts on the community.

Members include Champlain College, Fletcher Allen Health Care and University of Vermont.

Associate Members include American Red Cross, Chittenden County Metropolitan Planning Organization (CCMPO) and Chittenden County Regional Planning Commission.

Pilot Employer Programs include the State of Vermont downtown Burlington district and the

CATMA

City of Burlington core downtown Burlington district. Further information on page 8 of the CATMA Chapter.

CATMA's Board Resolution

The CATMA institutions have always been committed to a Transportation Demand Management (TDM) strategy that move as much parking off the "Hill" as possible. Acting on the February of 2002 CATMA Board of Directors resolution, we have established the southerly strategically located parking facility at the former General Dynamics/Gilbane property off Pine Street on Lakeside Avenue. CATMA, on behalf of the institutions, continues to pursue parking facilities to the north and to the east, which will be served by CCTA local bus service and/or shared shuttles to the "Hill".

Comprehensive Strategy

Over the years, CATMA's comprehensive strategy of transportation system management (TSM) and extensive transportation demand management (TDM) programs have resulted in significant reductions in the single occupancy vehicle mode (SOV) to our campuses. CATMA's workplace TDM initiatives include the programs and services listed here.

CATMA Transportation Demand Management (TDM) Programs

BIKE/WALK REWARDS PROGRAM

The Bike/Walk Reward Program was launched in May 2001 as an incentive for people to bike or walk to and from work. At the same time, the program has contributed considerable money into our local economy. Not only has the program helped change people's habits as to their commute mode, it also exposes people to the many wonderful stores and restaurants located in downtown Burlington. By rewarding participants for biking or walking to and from work with gift certificates redeemable at stores in the downtown Burlington area, we've created a new pool of people shopping locally. This program, which started with 17 participants, now has over 1005 people registered with CATMA as biking and/or walking to and from work and an average of 210 people participating in the reward program regularly. As of December 31, 2010, CATMA has issued over \$140,00 in gift certificates.

In January 2007, the **Bike/Walk** program was revamped. The current program requires participants to bike or walk to and from work at least three days a week for two 4-weeks blocks. CATMA provides each participant with a **Bike/Walk Reward Card** on which to record the dates they bike and/or walk. After turning in their completed card to CATMA, participants are sent a \$15.00 reward of their choice. Reward choices include gift cards to either Borders Bookstore, City Market, Merrill's Roxy Cinema or SKIRACK. These changes were implemented to keep the program affordable for the institutions and to reduce administration of the program. Additionally, by requiring participants to bike or walk three days a week, the majority of their commuting is now by a mode other than drive alone and they are truly alternate commuters. Employees can complete the two four-week Bike/Walk program blocks and earn the accompanying rewards as often as they choose.

Bike/Walk participants along with everyone registered in the **Emergency Ride Home** program, are entered into monthly drawings for gift certificates to downtown Burlington restaurants. The tremendous success of CATMA's **Bike/Walk Reward Program** resulted in the Burlington Business Association presenting CATMA with the Burlington Business Association Member of the Month award in November 2002.

In April 2003, CATMA was congratulated for the great work we've done to promote Transportation Demand Management programs. At the Association for Commuter Transportation

(ACT) Patriot Chapter New England TDM Conference and Awards Luncheon held at the World Trade Center in Boston, CATMA was chosen as the recipient of the TDM Creative Excellence – Private Sector award for our **Bike/Walk Program**. In September 2003, our **Bike/Walk Program** was selected as a “silver” award winner for the Award of Excellence - 2003 ACT National Award Nominee in the category: Creative Excellence.

In February 2004, CATMA's **Bike/Walk Reward Program** was featured in “Creating Active Communities, Ten Case Studies of Programs and Partnerships”, a report published by the Rails-to-Trails Conservancy. The Rails-to-Trails Conservancy received a grant from the Robert Wood Johnson Foundation in order to help make a connection between physical activity, community design and public health. Part of the grant was used to produce a “best practices” report highlighting projects, partnerships and policies that improve a community’s physical activity levels, and which other communities may wish to emulate. The Campus Area Transportation Management Association’s (CATMA’s) Bike/Walk Reward Program was one of ten case studies of programs and partnerships showcased in the report “Creating Active Communities, Ten Case Studies of Programs and Partnerships”. The publication highlighted a variety of approaches used to encourage physical activity, which could spark ideas and perhaps be replicated in communities across the country. Our Bike/Walk programs continues to be mentioned in various newspaper and magazine articles including the Burlington Free Press and Bike Culture magazine.

UNLIMITED ACCESS PROGRAM

In January 2003, CATMA and the Chittenden County Transportation Authority (CCTA) signed an **Unlimited Access Agreement**. This agreement provides a means for CATMA to provide unlimited access 24/7 to existing CCTA public transit services to employees, faculty, students and staff of some or all CATMA member institutions. Initially, only the University of Vermont and the CATMA office offered unlimited access to their employees, faculty, and students. On August 28, 2006, Champlain College joined the program. We continue to explore the opportunity for the

CATMA Transportation Demand Management Programs & Services

- **Bike/Walk Reward Program** –launched May 2001
- **Unlimited Access** on Mass Transit/Transit Subsidies (UVM Jan. 2003, Champlain Sept. 2006)
- **Emergency Ride Home Program** (2x month, 8x year, \$60/trip)
- Carpool Incentives at institutions
- A Joint **Confidential Ridesharing Program (RidesWork)**
- Staggered Work and Class Scheduling
- Pedestrian Walkways & Bikeway System
- Flex-time policies
- Telecommuting
- 21 Shuttle Vehicles Jointly Managed with over 2 Million Boardings Per Year
- Partnership with CarShare Vermont
- Work-site Commuter Events/Fairs
- Employee and Student Transportation Surveys

 - 1,727 currently registered
 - FY 10 • 47 people, total expense \$2,409.50
- Bike/Walk Program
 - 1005 currently registered (as bike or walker)
 - 210 actively participate
- Registered Carpoolers
 - Currently over 409 actively carpooling
- Looking to Join, Start, or Willing to Add New Members to a Carpool
 - Currently 113 listings in CATMA Database

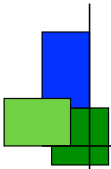

other CATMA institutions to join the **Unlimited Access Program**.

Since offering unlimited access to the employees, faculty, and students of Champlain College and UVM, we have seen a dramatic increase in ridership numbers on CCTA. (See slides for year-over-year comparisons.) The steady increase in ridership has led to an increase in available parking spaces for both UVM and Champlain College and an increase in federal dollars to CCTA. Our Unlimited Access partnership with CCTA differs from other programs around the country, which charge a set fee for every employee and/or student regardless of their transit use. With Unlimited Access, we pay only for actual rides taken. CCTA invoices CATMA monthly at a contracted rate per ride. CATMA pays the invoice and back bills UVM and Champlain College. Part of the success of this program can be attributed to extensive marketing campaigns jointly developed by CATMA, CCTA, Champlain College and UVM. One of the first products of this effort was a tri-fold brochure, which was developed by a group of UVM students. During the spring semester of 2004, CATMA and CCTA worked directly with the group as they designed the "UVM ID... get off-campus free!" brochure. A similar brochure was developed for Champlain College. A "How To Ride" map and guide was also developed along with a poster for both UVM and Champlain College. Additionally, articles continue to appear in UVM and Champlain College and CATMA communications, publications and websites, as well as program awareness and promotion at on-site commuter events, through various departments within the institutions, and through student groups.

TRANSIT/BUS DISCOUNTS/SUBSIDIES

The American Red Cross and Fletcher Allen offer their employees a 50% transit subsidy on a monthly pass or 10-ride ticket on all CCTA local routes. In addition, these employees are eligible for a 25% transit subsidy on a monthly or 10-ride tickets on all CCTA LINK Routes. Employees purchase these passes directly through their employer, and are also encouraged to register with CATMA for Emergency Ride Home, monthly drawings and communications.

CATMA Program Results

Unlimited Access Program – Champlain College

Date	Average trips/month	Number of Individuals Using Service
April 2006 (Pilot Program)	1,526	About 250
Fall 2006 (Sept-Nov) <small>Include Spinner Place Shuttle</small>	6,274	Used by over 550 individual riders/month
Fall 2008* (Sept-Nov)	4,423 <small>- 38% increase over 2007</small>	Used by over 657 individual riders/month <small>- 34% increase over 2007</small>
Fall 2009** (Sept-Nov)	3,657 <small>Compares to 3,445 in 2008</small>	Used by over 497 individual rider/month – compares to 511 in 2008
Fall 2010 (Sept-Nov)	3,520	Used by over 522 individual riders/month

*Does NOT include Spinner Place Shuttle Ridership in 2007 or 2008.

**CATMA Express Shuttle no longer in service. Trip count for CCTA local and LINK routes only. DOES NOT include ANY shuttle ridership. Majority who rode CATMA shuttle now ride Champlain shuttles.

RIDESWORK CONFIDENTIAL CARPOOL MATCHING SERVICE | 802-656-RIDE (-7433)

CATMA maintains a confidential carpooling database. Our database contains information on both existing carpools and people who are interested in ridesharing. We are very careful to maintain strict confidentiality. Anyone interested in carpooling can register online or call the CATMA RidesWork direct line. CATMA's carpool service is unique in that it matches employees commuting to a destination specific area at the medical/campus district and recognizes the various shift schedules. The member's information is entered into the database and a potential carpool match is sought. If a successful match is retrieved, CATMA personally contacts the individuals and provides the match and logistical information. We maintain a "Carpool Bulletin Board" on our web site, but again, those interested in a particular listing must call the CATMA office to receive personal matching assistance.

All carpoolers employed with a CATMA institution are covered under our **Emergency Ride Home Program** once we receive their registration. Their names are automatically entered into monthly drawings for gift certificates to local restaurants.

EMERGENCY RIDE HOME PROGRAM (ERH)

Employees - This FREE program is offered only to those who register with CATMA as one who regularly carpools, vanpools, bikes, walks or takes the bus; reducing the single occupant vehicles on the Hill and the Burlington area.

One of the drawbacks for people who are considering alternate modes of commuting is how they will get home in the event of an emergency. To alleviate this worry, CATMA provides this **ERH** program free of charge to anyone associated with its member institutions who uses an alternate commute mode. Participants register with CATMA as an alternate commuter and are issued a CATMA **Commute Smart Card**, which includes brief instructions on using the program and the cab company phone number. If an emergency arises on a day that an alternate commute mode was used, the member calls L&L Transit Yellow Cab directly to make ride arrangements. There is no money required out of the member's pocket, unless the fare is over \$60. The Emergency Ride Home program will pay up to \$60 of the fare for each ride (approximately 40 miles). Participants are allowed to use the emergency ride home up to twice a month and eight times in a twelve month period. We currently have over 1,700 CATMA member institution employees registered in our **Emergency Ride Home Program**.

Students - The **ERH** program is also provided to the Champlain College students who are living at Spinner Place, Quarry Hill and park at Gilbane off-site lot. These students are automatically issued a CATMA **Commute Smart Card** on a semester to semester basis. They are allowed to use the program anytime the Champlain/Quarry Hill/Spinner Place/Gilbane shuttle is not operating for a ride between the college campus and these sites. Additionally, as all resident students at Champlain College who bring a car are required to park it at the Gilbane lot (except on weekends) they are also issued a **Commute Smart Card**. They can use the taxi service to get between the Gilbane lot and campus when the Champlain College shuttle is not running. Champlain College reimburses CATMA for all taxi rides taken by their students.

MONTHLY RESTAURANT DRAWINGS

Employees who register with CATMA as one who regularly carpools, vanpools, rides with a family member, bikes, walks, takes the bus or uses any mode other than SOV (single occupant vehicle) will automatically be entered in CATMA's monthly drawings for local restaurant gift certificates. Each month, several winners are chosen in the alternate commuters drawing. Winners receive either a \$15.00 gift certificate to Penny Cluse Café, Vermont Pub and Brewery or Three Tomatoes Trattoria. Our CCMPO/CCRPC members can receive a gift certificate either from Tiny Thai Restaurant or Papa Franks in Winooski to support their local community.

CATMA

OUTREACH/COMMUNICATIONS PLAN

Over the past several years, CATMA has further developed its outreach efforts at its member institutions by conducting year round on-site commuter events in strategic venues, including Human Resource Benefit Fairs, Nurses Knowledge Fair, New Faculty Orientation, Fall Student Fairs, and various spring/fall campaigns. The goal of these events is to educate, create awareness and assist employees with alternate commute and mobility options and its benefits to the employee, the employer and the community. Employees value these direct, personal on-site events and CATMA values the opportunity to build personal relations with its members. Employees are encouraged to consider alternate utilitarian modes for personal and work travel. At the events, CATMA provides blinkie lights, lip balms w/SPF, backpack/grocery tote bags w/reflective tape and also distributes information on the Safe Streets Collaborative and coupons to local bike shops to purchase reflective gear.

A significant effort began in Summer 2010 with the strengthening of communications with CATMA participants and potential participants to increase employees access to transportation options and information.

- The CATMA website was revamped in 2009 and has continued enhancing its image, easily accessible resources, current transportation information, news and events and on-line registration process.
- CATMA strengthened and tailored its communications with various list serves to regularly disseminate information electronically according to members mode/interest. This effort exposes members more frequently with CATMA program information and transportation resources, news and local events.
- A quarterly E-newsletter has been developed and will be distributed to all registered CATMA participants in the winter, spring, summer and fall.
- CATMA will enter social networking with the launch of a Facebook in early 2011.

PILOT PROGRAMS

State of Vermont (downtown Burlington employees)

In November of 2007, we received an inquiry from Jane Helmstetter, Field Director of the State of Vermont Agency of Human Services, about participating in CATMA's alternative commuter programs and services due to parking issues in downtown Burlington. In May 2008, a 6-month pilot program was launched and has continued since. All programs and services offered to CATMA institution members (except subsidized transit) were opened to the state employees working in downtown Burlington. Between our kickoff event in May 2008 and spring 2009, we held several tabling events at the state building at 108 Cherry St.

As of the end of December 2010, we had 34 state employees registered with us as carpoolers, 25 registered as bus riders, 41 registered in the CATMA Bike/Walk program and a total of 97 registered in our Emergency Ride Home program. (Note some people are registered as using more than multi-modal). All of the above employees are also included in our monthly restaurant gift certificate drawings.

Since we had baseline survey data on the state employees from the Downtown Burlington Transportation survey conducted in November 2007, we have continued obtaining their data in CATMA's Employee Transportation Survey in 2008, 2009 and 2010. Considering the reduction in their workforce, consolidation of offices and available parking downtown, the State downtown district displays positive mode trends. Based on response to CATMA's 2008 survey, State's downtown drive alone rate was 64.2% and in 2010 is down to 61.7%, with improvements in bike, walk and carpools as well. The State's satisfaction with commute rate

has improved from 33.2% in 2007 up to 40.0% in 2010.

We continue to explore a more permanent relationship with the State, including their joining CATMA as an associate member.

City of Burlington (downtown Burlington employees)

In Fall 2009, CATMA was approached by the City of Burlington regarding their proposed Employee Commute Strategy, an initiative in the Burlington Legacy Project Action Plan. The City's downtown staff was included in CATMA's Fall 2009 Employee Transportation Survey to obtain base commuting data for this group. In January 2010, CATMA and the City of Burlington launched a one-year Pilot Program which enabled the City's core downtown employees to enroll and participate in CATMA's TDM programs and services, as well as be included in CATMA's Fall 2010 Employee Transportation Survey to measure effect of alternate commuter incentives and mode changes. Based on the City response in CATMA surveys, the Single Occupant Vehicle (SOV) was 55.8% in 2009 and almost 1-year of Pilot Program, the same group SOV rate went down to 50.0% with positive trends in alternate modes.

PARTNERSHIPS

CATMA maintains strong partnerships with local, state and national industry transportation leadership organizations, such as Association of Commuter Transportation, Best Workplaces

for Commuters, Vermont Agency of Transportation, Chittenden County Metropolitan Planning Organization, Chittenden County Regional Planning Commission.

CATMA provides support and maintains partnerships with local and regional service providers, such as Chittenden County Transit Authority and CarShare Vermont, as well as local advocacy groups such as LocalMotion, Burlington Bike/Walk Council.

CARSHARE VERMONT

In December 2008, **CarShare Vermont**, a nonprofit organization, officially launched in the Burlington area. With UVM and Champlain College purchasing four cars for its fleet. CATMA then partnered with **CarShare Vermont** to provide car pod locations on the campuses of Champlain College and the University of Vermont. There are two pod locations on the Champlain campus and two on UVM, all of which house Subaru Imprezas. There are six additional pod locations, which have Toyota Priuses and Toyota Pick-Up Truck in the city of Burlington, giving members a total of ten cars to choose from.

Car-sharing is a practical, easy, and fun way to reduce car dependence, increase mobility, and improve the health of our community and environment. **CarShare Vermont** gives members affordable and easy access to a network of vehicles that can be reserved 24/7 for as little as 15-minutes or as long as wanted. **CarShare Vermont** is a key piece to developing a full suite of transportation choices for CATMA members and the community as an alternative to driving alone.

Currently **CarShare Vermont** reported over 450 individuals and 12 local business members. Every car is being used an average of five hours per day. Membership is open to anyone eighteen and up who has a clean driving record and who has been driving at least two years. 18-21 year olds must also have insurance on an existing auto policy. This is their primary coverage with

CATMA

CarShare insurance as secondary coverage.

CATMA worked closely with CarShare to develop a suite of marketing materials. CarShare participated in over 50 events in the past year including tabling at new student orientations, parades, festivals, and conferences. Flyers and posters have been distributed around both campuses and in bus shelters, materials were placed in orientation packets, family weekend packets and new student registration packets. Articles have appeared in campus and area news publications and campus tours include a promo of the campus pods. In Fall 2010, CarShare offered Champlain College and UVM students a \$15 driving credit with any new membership if signed up by September 30, 2010. CATMA continues to work with CarShare to promote the program.

CATMA EXPRESS SHUTTLE

In the fall of 2002, CATMA formed a partnership with CCTA for the purpose of running the CATMA Express Shuttle. Initially, the shuttle was set up in response to a demand for off-site parking needs during the Renaissance project at Fletcher Allen Health Care and based on our projection of Gilbane as a desirable intercept lot location with the proposed construction of the Southern Connector. However, after a careful analysis of the ridership data and operating cost of the CATMA Express Shuttle, CATMA decided to suspend its operation as of Friday, June 26, 2009. Due to the lack of a Southern Connector, plans to develop the Gilbane site on hold, reduction in a need for parking at this location, and the current economy, it was determined that the CATMA Express shuttle from this site was no longer cost-effective.

Due to the success of CATMA's Transportation Demand Management (TDM) programs, including Unlimited Access, there was an excess of available parking spaces at the University of Vermont. Although future development plans call for a reduction in land use for parking, for the near future UVM was able to offer parking to Fletcher Allen Health Care eliminating the need for MCHV and UHC employees to be assigned parking at the Gilbane site. As Fletcher Allen Health Care employees constitute the bulk of shuttle riders, the move significantly reduces the need to run a

						Cost/Ride	\$4.96

shuttle from the Gilbane lot to the Hill. Although the CATMA shuttle has provided express direct service to the Hill, the cost per ride to operate this shuttle became prohibitive, especially in light of cost per ride paid by the institution through the Unlimited Access programs at both Champlain College and the University of Vermont. In FY/09, boardings on the CATMA Express averaged 6,762 a month, with the majority being Fletcher Allen employees. Annual cost of operating the shuttle in FY/09 was \$402,677.89, or \$4.96 per ride.

As in the past, all CATMA institution employees will continue to be encouraged to enroll in CATMA's TDM programs (Bike-Walk rewards, confidential carpool matching service, transit discounts, Emergency Ride Home) to continue reducing traffic congestion and the single occupant vehicles on the Hill. CATMA institution employees and any student who is permitted to bring a car to school, can still park for free at the General Dynamics/Gilbane PARC lot by registering with their institution to receive a hang tag. The CCTA PARC route, which runs from the Gilbane lot to the corner of Bank and St. Paul street, is still in operations.

BEST WORKPLACE FOR COMMUTERSSM

One of the side benefits to all the transportation demand management (TDM) programs we offer is that CATMA, Champlain College, Fletcher Allen Health Care and the University of Vermont have all been named as Best Workplaces for CommutersSM.

Best Workplaces for CommutersSM is an innovative program that provides qualified employers with national recognition and an elite designation for offering outstanding commuter benefits. Employers that meet the National Standard of Excellence in commuter benefits—a standard created by the U.S. Environmental Protection Agency—can get on the list of Best Workplaces for Commuters. In October 2003, the EPA announced the first ever “2003 New England’s Best Workplaces for CommutersSM” list. Both Fletcher Allen Health Care and the University of Vermont names appeared on the first list. In November 2004, CATMA was named to the list and Champlain College received the designation in September 2006.

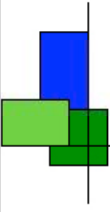

Champlain College and UVM qualified under the primary benefit due to their participation in CATMA's Unlimited Access Program. FAHC qualified by using a combination of transit subsidy, carpool coupon program, walking/biking program subsidies, and for having a large number of full time employees working compressed schedules. Each institution was able to list over 12 categories in the supporting benefits list, including being a member of a Transportation Management Association (TMA) and due to the Transportation Demand Management (TDM) programs offered by both the institutions and CATMA. Significant credit was also given for the Bike/Walk Program. Best Workplaces for CommutersSM demonstrates that alternatives to drive-alone commuting, such as transit, carpools, and teleworking are economically beneficial, yielding value to workers, employers, and our environment.

In October 2007, the Center for Urban Transportation Research (CUTR) at the University of South Florida in collaboration with communities across the country, assumed responsibility for the national management of the program.

ANNUAL WAY TO GO COMMUTER CHALLENGE

CATMA continues to be very active in the planning and executing of the annual statewide **Way To Go Commuter Challenge**. This week-long event typically held in mid-May, is an opportunity for employers, businesses, organizations and communities to encourage people to explore options for healthy, environmentally friendly and cost-effective transportation. By carpooling, taking the bus, biking, walking or telecommuting and “curbing the car” participants dramatically reduce their personal contribution to air and water pollution, save money and improve their health and well-being. CATMA works closely with our member institutions to promote Way To Go through communications within institutions publications and by hosting on-site commuter events. The combination of our efforts have resulted in numerous awards for CATMA institutions in the Commuter Challenge. By encouraging people to try an alternative to driving alone during Way To Go week, we hope many will continue seeking alternatives to driving solo.

CATMA SURVEY DATA

One of the ways we account for the success of our TDM programs, is through information gathered from our Annual Transportation Surveys. We survey the employees of all the CATMA member institutions each fall and the students from Champlain College and UVM each spring. In our fall 2008 employee survey we also surveyed the state of Vermont employees working in downtown Burlington. They were again included in the fall 2009 and 2010 employee survey along with employees of the Community College of Vermont and city of Burlington employees who work in downtown Burlington. Additionally, CATMA member institution employees working in Colchester and Tilley Drive in South Burlington were included in fall 2008 and 2009, with Technology Park added in 2009 employee survey. In the spring of 2009 and 2010 student survey, we added the students at the Community College of Vermont who attend classes at the downtown Burlington campus in preparation for their move to Winooski. In 2010 the MPO/RPC employees were included in the survey. In 2010 Employee Survey we included Timberlane site.

Data from CATMA's Employee and Student Transportation Surveys, including mode splits is included in this report. As you will note, our survey data continues to show positive trends in the reduction of the SOV rate of our employee. Similar shifts in modes can be seen in the student data as well. The **Unlimited Access Program** has contributed to these mode shifts.

On the survey question, "How satisfied are you with your college/university transportation experience thus far?", we have seen a steady improvement in the satisfied rate since first asking the question. The rise can be attributed to the efforts being made by both Champlain College and UVM as they fine tune their transportation programs and the significant success of the Unlimited Access Program along with all the other programs and services offered through the institutions and CATMA.

CATMA Annual Transportation Survey Overall Satisfaction

How satisfied are you with your transportation experience/commute thus far?

* Other modes include a high number of family carpools, combination of modes, and seasonal shifts for commute.

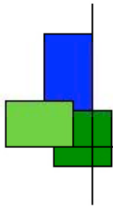

Implementing Effective TDM Measures

What Works Best for Vehicle Trip Reduction? Programs Which:

- Focus on information/promotion alone = -1.4%
- Provide enhanced alternatives (vanpools, shuttle buses) = 8.5%
- Focus on financial incentives and disincentives = 16.4%
- Combined enhanced alternatives with incentives/disincentives = 24.5%

Commuter Choice Primer *An Employer's Guide to Implementing Effective Commuter Choice Programs*, published by EPA

Transit Cooperative Research Project (TCRP) B-4

- “ TDM programs implemented by employers are among the most successful and offer the greatest potential for significant results in certain areas.”

CONCLUSION

CATMA's TDM programs have received local, national, and international recognition. Both individuals and organizations continually call upon us for our expertise and guidance in the field of transportation demand management. We often accept invitations to speak at conferences and workshops. We continue to take an active role in local, regional and international committees and associations that specialize in commute options and solutions and work to create a more workable transportation system. These include: the Board and several committees within the Chittenden County Metropolitan Planning Organization, the Burlington Business Association and their Downtown Action Group and Marketing committee, the Vermont Rideshare Advisory Committee, Burlington Walk/Bike Council, CarShare Vermont, and an active roll in the Way To Go Commuter Challenge.

Additionally, we continue to be involved in the Association for Commuter Transportation (ACT) including an active role in ACT's Patriot Chapter, the ACT National Membership Committee, Communications Committee, ACT Telework and Public Policy Council. CATMA staff has participated in ACT's Leadership Academy.

CATMA Staff

Katie Bailey, Member Services Coordinator

CATMA

CATMA continues to work to provide alternative transportation choices to assist our employees' and employers in choosing and promoting sustainable active and healthy commute mode that's easy on them, their wallet and the environment. CATMA is continually enhancing its TDM programs, services and products which promote safe, efficient and healthy commuting options.

A big thank you to the employees and our member institutions for their investment, support and promotion of TDM on the Hill which eases traffic congestion, increases mobility, improves land use, supports economic development, and protects our environment.

*Connecting You With
Transportation Choices*

- Bike • Walk • Bus • Carpool
- Telecommute • CarShare

*CATMA provides transportation choices to help
make your commute easy on you, your wallet
and the environment.*

CATMA, the Campus Area Transportation Management Association, was formed in 1992 to enable its members, the American Red Cross, Champlain College, Fletcher Allen Health Care and the University of Vermont, to share resources as well as jointly plan, develop and manage all transportation and parking programs, infrastructure and associated facilities.

In order to reduce the cost of commuting, parking, and to help reduce stress, CATMA provides employees and students of our member institutions with transportation options and assistance.

Programs include:

- Confidential Carpool Matching Service
- Bike/Walk Reward program
- Emergency Ride Home Program
- Bus Subsidies, including the FREE rides for Champlain College and UVM constituents
- Off-site parking options
- Shuttles
- CarShare Options

In addition to the CATMA member institutions, a variety of CATMA programs and services are also available to employees and students of several affiliated member organizations. Please visit our web site for a list of our current members and additional information on all our programs and services! Register for any of the programs online at www.catmavt.org.

*All employees should check with their employer
for additional incentives unique to their company.
Some offer telecommute options, gas coupons,
preferential parking and discounted parking
permits for carpoolers, discounted Ferry passes
and/or part-time parking permits.*

Top 10 Reasons to Carpool

10. Fewer vehicles on the road - less congested highways and better air quality
9. Drive less and put fewer miles on your car
8. Get to actually enjoy the view.
7. Relax while someone else drives.
6. Catch up on your sleep.
5. More time to play the "license plate" game.
4. Meet new & interesting people.
3. Finally have time to finish that book you started last summer.
2. Arrive at work feeling more relaxed, not having to "fight" through traffic.
1. Save all that gas, maintenance and parking money for a really nice vacation!!

Was one of your New Year's resolutions to save money,
get more exercise or look for ways
to help our environment?

Now is the perfect time to follow through
with those resolutions!

Alternate commuting programs and services provided by the Campus Area Transportation Management Association (CATMA) are now available to all CCMPO and CCRPC employees.

- **Join a carpool**

CATMA's confidential carpool matching service can help you find an existing carpool or start your own.

- **Bike and/or Walk to and from work and earn rewards**

Join CATMA's Bike/Walk Reward Program and every time you bike and/or walk to and from work at least 3 days a week for 2 four-week blocks, you'll earn a \$15.00 gift certificate to Borders, City Market, Merrill's Roxi Cinema or SKIRACK.

- **Take advantage of half price monthly and ten-ride passes for CCTA buses**

Ten-ride passes are available for purchase anytime from Bernie Ferenc. Monthly passes for both local and LINK Express routes are also available through Bernie with one-week advance request. You pay only \$5.00 for a regular 10-ride ticket, \$21.00 for a monthly pass. For the Montpelier, Middlebury & St. Albans LINK Express, your cost is \$20.00/10-ride ticket, \$62.50/monthly pass. For Inter-Chittenden County LINK Express, including Richmond, Chimney Corners, Charlotte, and Shelburne: \$15/10-ride ticket, \$49.50/monthly pass. All transit passes are subsidized at 50% up to a maximum of \$300.00 per year in subsidies.

- **Register with CATMA as an alternate commuter and receive a Commute Smart card for a FREE taxi ride home in an emergency**

CATMA provides a FREE Emergency Ride Home Program to anyone who bikes, walks, carpools or takes the bus to and from work on a regular basis. We'll pay up to \$60 per ride. (Limited to twice a month - 8 times in a 12-month period.)

- **Have a chance to win restaurant gift certificates**

Everyone registered with CATMA as an alternate commuter has a chance every month to win gift certificates to a local restaurant.

For additional information about CATMA's programs and services
or to register, visit our web site at www.catmavt.org.

between the CCMPO & CCRPC and CATMA.

Chittenden County
Metropolitan Planning
Organization

Now all city of Burlington employees working in downtown Burlington can participate in alternate commuting programs and services offered through the Campus Area Transportation Management Association (CATMA), including confidential Carpool matching, the Bike/Walk Reward Program, Emergency Ride Home Program and chances to win gift certificates to local restaurants. This pilot program will officially kick off on Wednesday, April 28th.

- Join a carpool. We'll match you up! CATMA's confidential carpool database includes listings from all the CATMA member employers. We give you personalize service, not just a list of names!
- Bike and/or walk to and from work and earn rewards.
- Ride CCTA for FREE!
- Utilize CarShare Vermont cars.
- Register with CATMA as an alternate commuter and receive a Commute Smart Card for a FREE taxi ride home in an emergency.
- Have a chance to win restaurant gift certificates.

Wellness Event Burlington Boathouse Wednesday, April 28th from 12:00 noon-1:30pm

To help you get started, CATMA staff will be at the Wellness Event to answer all your questions and you can register to participate in CATMA's alternate commuting programs.

Pick up free give-aways, a CCTA Bus Map & Guide, area Walking and Bike Maps, tips for successful bike riding and carpooling, and more.

Way to Go! Commuter Challenge - May 17-21

There will also be information on the **Way to Go! Commuter Challenge**. This annual week-long event is to encourage the use of cheaper, healthier, and more earth-friendly transportation alternatives.

Participating is easy. All you need to do is sign up and "go green". You can even help your company win the **Way to Go! Workplace Commuter Challenge** by participating! Companies with the largest percent of employees participating will be honored at an Awards Ceremony.

Sign up at the Wellness Event, on line at www.waytogovt.org or call 802.658.6060 x1067 to register via phone. All participants have a chance to win one of several prizes!

For additional information about CATMA's programs and services go to www.catmavt.org.

CATMA Annual Employee Transportation Survey Fall 2010

**Complete the Online Survey and Have a Chance to
Win One of Many Prizes, Including Gift Certificates to
a Local Store or Restaurant!**

To our valued colleagues,

We know you all share with us the importance of having adequate parking, easing traffic congestion, improving our air quality and preserving our environment. As each of our institutions move forward in planning for the next several years, we all have the opportunity to help influence the future of our region.

You have been selected to participate in the CATMA Annual Employee Transportation Survey Fall 2010 because you are an employee at one of the CATMA member institutions (American Red Cross, Champlain College, Fletcher Allen Health Care, University of Vermont); OR you are employed at the State of Vermont or City of Burlington downtown Burlington district, Community College of Vermont, CCMPO or CCRPC. Your data gathered from this survey is valuable in assisting CATMA with developing and evaluating commuting services and programs which benefit you and the community. Whether you drive alone, bike, walk, carpool, take the bus to work, or telecommute, your responses to this survey help plan and improve future transportation, parking and landuse issues that impact the Burlington area. Please make every effort to complete this survey. Thank you for your support, interest and participation.

Sincerely,

Dr. Melinda L. Estes, President & Chief Executive Officer, Fletcher Allen Health Care

Dave Finney, President, Champlain College

Daniel Mark Fogel, President, University of Vermont

Jane Helmstetter, Field Director, Burlington District, AHS/FS State of Vermont

Susan Parmer, CEO, American Red Cross Northern New England

Bob Kiss, Mayor, City of Burlington

Joyce Judy, President, Community College of Vermont

Michele Boomhower, Executive Director, CCMPO

Charlie Baker, Executive Director, CCRPC

The survey takes about 10 minutes to complete. Once you complete the survey, your password will become void assuring survey accuracy. All information is confidential and will provide insight into travel patterns. Responses are used to advance commuting alternatives which best serve you and our institutions. At the end of the survey, please provide additional comments and enter your name into the prize drawing!

SURVEY INSTRUCTIONS AND PASSWORD

1. Log onto the CATMA web site at www.catmavt.org
2. Click on the CATMA SURVEYS link
3. Enter the randomly assigned, non traceable password below:

ARTICLE 8: PARKING

Introduction: This Article of the Burlington Comprehensive Development Ordinance establishes the requirements for off-site parking throughout the city. It also include parking for bicycles and requirements for institutional parking management plans.

PART 1: GENERAL REQUIREMENTS

Sec. 8.1.1 Purpose

It is the purpose of this article to:

- (a) Ensure there are adequate parking and loading facilities to serve the use or uses of the property;
- (b) Ensure that parking facilities are designed to provide proper circulation, reduce hazards to pedestrians, and protect the users of adjoining properties from nuisance caused by the noise, fumes, and glare of headlights which may result from the operation of vehicles parking off the street;
- (c) Reduce congestion in the streets and contribute to traffic safety; and
- (d) Encourage alternate modes of travel that will reduce dependence upon the single-occupancy automobile.

These regulations are enacted under the provisions of **24 V.S.A. Chapter 117**

Sec. 8.1.2 Applicability

No structure shall be erected or altered, or any use changed or established, unless or until the provisions of this Article have been met. No onsite parking shall be required or provided within the Urban Reserve District.

Sec. 8.1.3 Parking Districts

The demand for parking is highly dependent on the context within which a given use or structure is located. Factors such as proximity to other related uses, availability of public transportation, the density of land uses, and the ability to share parking with nearby uses are all factors which influence the demand for individual and dedicated off-site parking. For the purposes of this Article, the following three (3) Parking Districts as illustrated in **Map 8.1.3-1** are hereby created:

(a) Neighborhood Parking District:

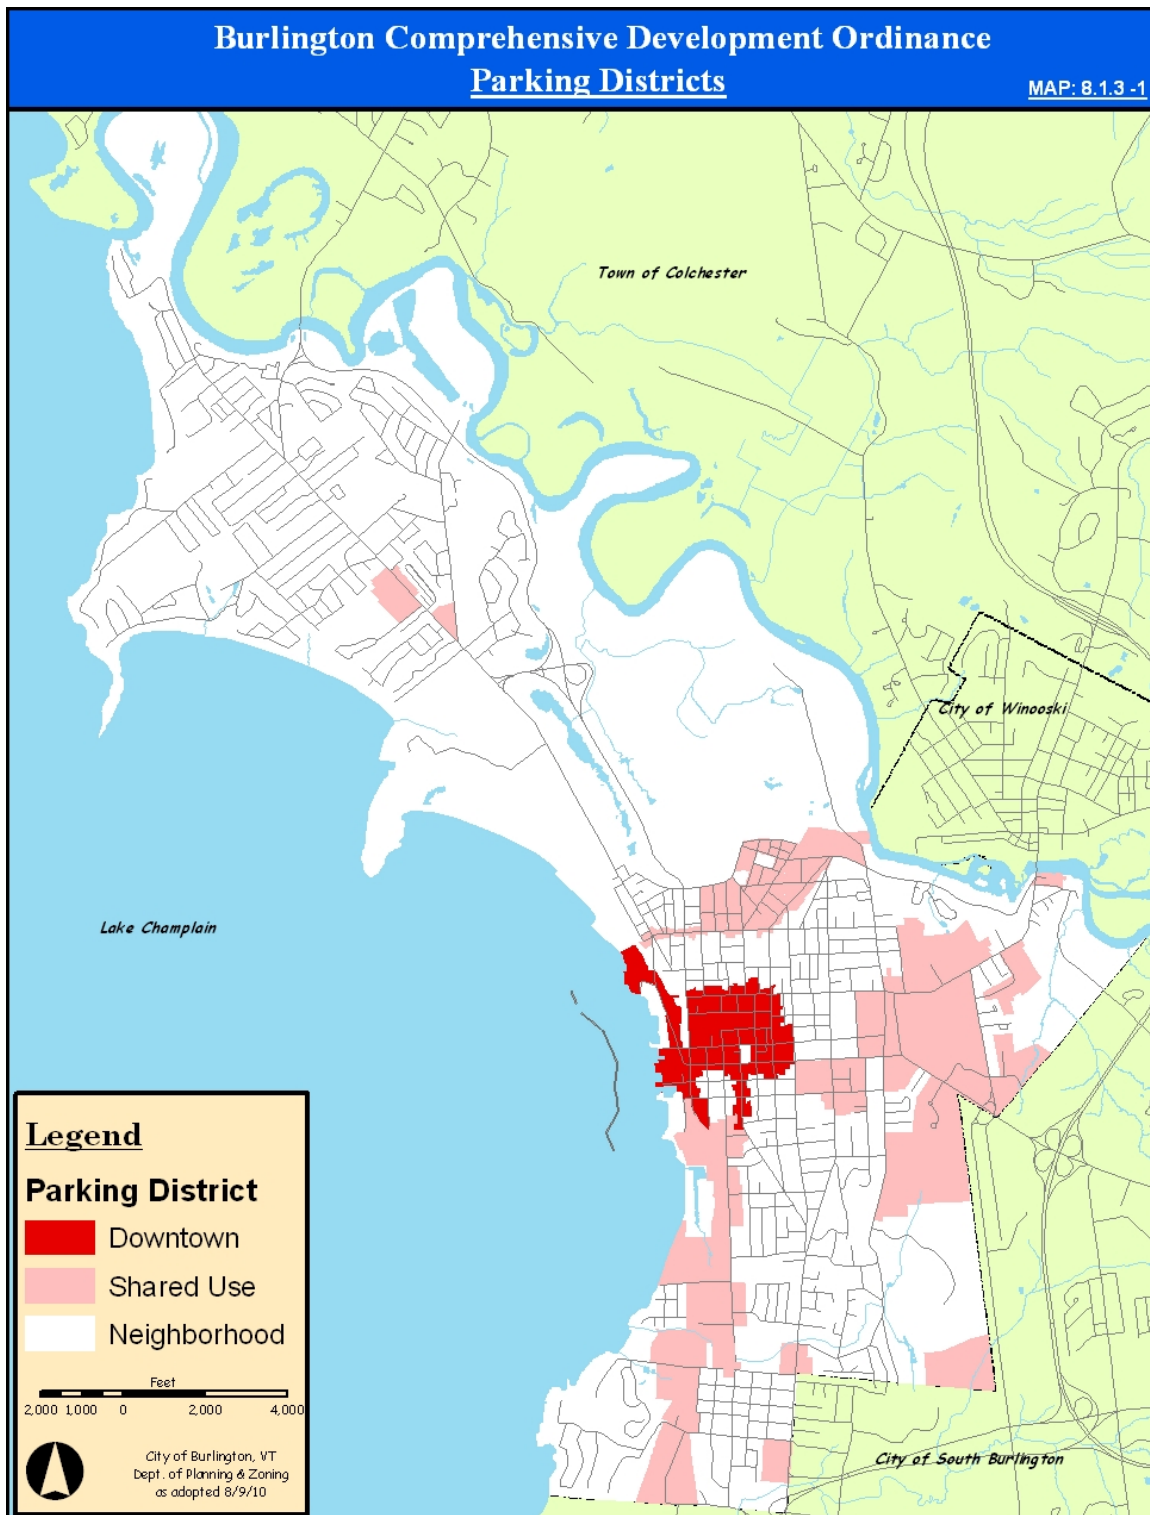

This parking district establishes the baseline of parking requirements throughout the city where the demand for offsite parking is largely dependent on the needs and characteristics of an individual site or land use.

(b) Shared Use Parking District:

This parking district reduces the requirements from the baseline standards recognizing that opportunities exist to share parking demand between related nearby land uses, and that travel to and between these uses may not be strictly automobile dependent.

(c) Downtown Parking District:

This parking district further reduces the requirements from the baseline standards recognizing that extensive sharing of parking demand between nearby land uses occurs; that a majority of travel to and between land uses is independent from an automobile; and that an array of public parking facilities and frequent transit service greatly reduces the need for independent parking for individual land uses.

Map 8.1.3 - 1 Parking Districts

Sec. 8.1.4 Existing Structures

Any structure or land use lawfully in existence prior to the adoption of this ordinance shall not be subject to the requirements of this Article as long as the kind or extent of use is not changed, and provided further that any parking facilities now serving such structures shall not in the future be reduced below such requirements.

Sec. 8.1.5 Existing Structures - Change or Expansion of Use

Whenever there is an alteration or conversion of a structure or a change or expansion of a use which increases the parking requirements, the total additional parking requirements for the alteration, conversion, change, or expansion shall be provided in accordance with the requirements of this Article. A waiver may be requested pursuant to the provisions of **Sec. 8.1.15**.

Sec. 8.1.6 Existing Structures: Exemption in Downtown District

Any nonresidential use within a structure lawfully in existence prior to January 1, 2007 in any Downtown Parking District shall be exempt from the requirements of this Article when applying for a change to any other nonresidential use.

Sec. 8.1.7 Non-conforming Residential Structure

Where additions or conversions to existing residential structures within a Neighborhood or Shared Use Parking District add living space but do not add dwelling units, and such sites do not currently meet the parking standards of **Sec. 8.1.8**, one (1) parking space shall be provided for each additional room. Single detached dwellings shall be exempt from this requirement.

Sec. 8.1.8 Minimum Off-Street Parking Requirements

Parking for all uses and structures shall be provided in accordance with **Table 8.1.8-1**.

- (a) Where no requirement is designated and the use is not comparable to any of the listed uses, parking requirements shall be determined by the DRB upon recommendation by the administrative officer based upon the capacity of the facility and its associated uses.
- (b) When the calculation yields a fractional number of required spaces, the number of spaces shall be rounded to the nearest whole number.

Sec. 8.1.9 Maximum Parking Spaces

The total number of parking spaces provided in all parking districts shall not be more than 125% of the minimum number of spaces required for the Neighborhood Parking District for any given use as required in **Table 8.1.8-1**. In no case shall the maximum number of required spaces be less than one (1) per unit of measurement (beds, units, 1000 gross sqft, etc.) for the use.

(a) **Exemptions:** The following shall reduce the maximum number of allowable spaces required by this section:

1. Structured Parking: Spaces provided within the footprint of a structure containing one or more other uses, including rooftop, at-grade, or below grade spaces shall not be counted towards the maximum, provided the floor area dedicated to parking is less than 50% of the total gross floor area of the structure;

2. Public Parking: Spaces provided and available for use by the public shall not be counted towards the maximum;

3. Carpool, Vanpool, and Car-Share Parking: Spaces dedicated for vehicles participating in a carpool, vanpool, or car-share program shall not be counted towards the maximum. Such spaces shall be reserved for such use and be signed or marked accordingly; and,

4. Alternative Fueled Vehicle Parking. Parking spaces dedicated for vehicles operating on primarily alternative fuels including but not limited to electric, natural gas, and hydrogen shall not be counted towards the maximum. Such spaces shall be reserved for such use and be signed and/or the space painted with the words “Alternative Fueled Vehicles Only.”

5. Waiver of Maximum Parking Limitations. Parking in excess of the maximum parking limitation of this section may be waived by the DRB pursuant to the provisions of **Sec 8.1.15** with the following additional requirements:

- A. The applicant requesting the waiver shall also provide a peak demand parking study for two similar uses in the area; and,
- B. The following additional review criteria shall be addressed regarding how:
 - (i) The need for additional parking cannot reasonably be met through provision of on-street parking or shared parking with adjacent or nearby uses;
 - (ii) The proposed development demonstrates that its design and intended uses will continue to support high levels of existing or planned transit and pedestrian activity; and,
 - (iii) The site plan indicates where additional parking can be redeveloped to a more intensive transit supportive use in the future.

Sec. 8.1.10 Off-Street Loading Requirements.

Outside of the Downtown Parking District, every structure constructed after the effective date of this ordinance and used for non-residential use shall provide sufficient space for the unloading and loading of vehicles. The adequacy of any proposed loading areas shall be considered as part of the site plan and traffic circulation review. Such loading areas shall have access to a public alley or a public street in such a way to minimize conflicts with the circulation of other vehicles and pedestrians, be screened from public view, and provide safe and effective access to the city’s street network.

Sec. 8.1.11 Parking Dimensional Requirements

The following standards in **Table 8.1.11-1** below shall be used to ensure safe, adequate, and convenient access and circulation. These standards shall be adhered to except in situations where a lesser standard is deemed necessary by the DRB due to site topography, location of existing or proposed structures, lot configuration, and/or the need to preserve existing trees and mature vegetation.

Table 8.1.11-1 Minimum Parking Dimensions					
Angle of Parking Space	Width of Space	Length of Space	Width of Angled Space	Length of Angled Space	Minimum Back-Up Length
Standard Cars					
Parallel Parking	9.0'	22.0'	-	-	-
45° Angle	9.0'	20.0'	12.7'	20.5'	15.0'
60° Angle	9.0'	20.0'	10.4'	21.8'	18.0'
90° Angle	9.0'	20.0'	9.0'	20.0'	24.0'
Aisle width (one-way)	10'				
Aisle width (two-way)	20'				
Compact Cars					
Parallel Parking	8.0'	20.0'	-	-	-
45° Angle	8.0'	18.0'	11.2'	18.3'	13.0'
60° Angle	8.0'	18.0'	9.2'	19.8'	15.0'
90° Angle	8.0'	18.0'	8.0'	18.0'	20.0'

Sec. 8.1.12 Limitations, Location, Use of Facilities

(a) Off-Site parking facilities:

Except for single and two-family dwellings, required parking facilities may be located on another parcel of land as follows:

1. Neighborhood Parking District: No more than 50% of the total required parking shall be provided at a distance greater than 600 feet from the use it is intended to serve. For residential uses, a minimum of 1 space per unit shall be provided on-site.
2. Downtown and Shared use Parking Districts: Any off-site parking shall be provided within 1,000 feet of the use it is intended to serve unless such parking is provided as part of a Parking Management Plan pursuant to **Sec. 8.1.15** approved by the DRB.
3. The distance from the off-site parking to the associated use shall be measured in walking distance along a sidewalk or other pedestrian path separated from street traffic from the nearest parking space to the principle pedestrian entrance to the building housing the use. Such off-site parking shall not reduce the required parking for any other use utilizing the property on which it is located unless such shared use is

approved by the development review board. The right to use the off-site parking must be guaranteed for the duration of the use as evidenced by a deed, lease, easement, or similar written instrument as may be approved by the City Attorney.

(b) Downtown Street Level Setback:

In order to maintain an active streetscape, any off-street parking occupying street level frontage in the Downtown Parking District shall be setback from the front property line in order to reserve street-level frontage for pedestrian-oriented uses.

(c) Front Yard Parking Restricted:

Required parking in all residential zoning districts shall not be located in a required front yard setback area abutting a public street, except alleys. This prohibition extends from the edge of the public right-of-way into the required front yard setback for the entire width of the property with the exception of a single access drive no more than eighteen feet (18') or less in width. The provisions of this subsection shall not be applicable during such times as when the winter parking ban pursuant to **Section 20-56 of the Code of Ordinances** is in effect. Where parking is provided outside the front yard setback, but either partially or entirely between the principle structure and the street, such parking shall be screened to the extent practicable from view from the public street.

(d) Shared Parking in Neighborhood Parking Districts:

In the event that a mix of uses occupy a single structure or parcel of land located in a Neighborhood Parking District, the total requirement for off-street parking shall be the sum for all individual uses unless it can be shown that the peak parking demands are offset and spaces can be shared (for example: retail and residential, or theater and office uses). In such cases the parking required must at least meet the requirements for Shared Use Districts.

(e) Single Story Structures in Shared Use Districts:

In the event that a single story structure is proposed to be located in a Shared Use District, the total requirements for off-street parking shall be calculated as for a Neighborhood Parking District. This provision does not apply to single story structures existing and occupied as of the effective date of this ordinance.

(f) Joint Use of Facilities:

The required parking for two (2) or more uses, structures, or parcels may be combined in a single parking facility if it can be shown by the applicant to the satisfaction of the DRB that the use of the joint facility does not materially overlap with other dedicated parking in such facility, and provided that the proposed use is evidenced by a irrevocable deed, lease, contract, reciprocal easement, or similar written instrument establishing the joint use acceptable to the city attorney.

(g) Availability of Facilities:

Required parking pursuant to this Article shall be available for parking of operable passenger vehicles used by residents, customers and employees only, and shall not be used for the storage or display of vehicles or materials. The distribution of parking spaces

for any and all individual uses will be required to be arranged in such a way as to ensure optimal access and use by the patrons of such use(s).

(h) Compact Car Parking:

Compact parking spaces may be used in parking structures or lots. Up to fifteen (15%) percent of the total parking spaces in a parking garage may be designated for compact cars. Such spaces shall be signed or the space painted with the words "Compact Car Only."

Sec. 8.1.13 Parking for Disabled Persons

Parking spaces for disabled persons shall comply with current the Americans with Disabilities Act guidelines and shall be at least eight feet (8') wide with an adjacent access aisle at least five feet (5') wide. Parking access aisles shall be part of an accessible route to the building or facility entrance. Accessible parking spaces shall be designated as reserved for the disabled by a sign showing the symbol of accessibility. Painting of the paved area for the dedicated parking spaces alone shall not be sufficient as the sole means of identifying these spaces.

Sec. 8.1.14 Stacked and Tandem Parking Restrictions

Except as otherwise provided below, all parking facilities shall be designed so that each motor vehicle may proceed to and from the parking space provided for it without the moving of any other motor vehicle.

- (a) Stacked or valet parking may be allowed if an attendant is present to move vehicles. If stacked parking is used for required parking spaces, a written guarantee must be filed with the City ensuring that an attendant will always be present when the lot is in operation. The requirements for minimum or maximum spaces continue to apply for stacked parking.

- (b) Tandem Parking may be allowed for single family detached dwelling units, accessory apartments, duplex dwelling units, and dedicated employee-only parking signed as such. In no case shall more than 4 parking spaces (2 pairs) in total be provided in tandem on any one lot.

Sec. 8.1.15 Waivers from Parking Requirements/ Parking Management Plans

The total number of parking spaces required pursuant to this Article may be reduced to the extent that the applicant can demonstrate that the proposed development can be adequately served by a more efficient approach that more effectively satisfies the intent of this Article and the goals of the municipal development plan to reduce dependence on the single-passenger automobile.

Any waiver granted shall not exceed fifty percent (50%) of the required number of parking spaces except for the adaptive reuse of a historic building pursuant to [Sec. 5.4.8](#) and ground floor retail uses in any Mixed Use district which may be waived by as much as one hundred percent (100%). Waivers shall only be granted by the DRB, or by the administrative officer pursuant to the provisions of [Sec. 3.2.7 \(a\)7](#).

In order to be considered for a waiver, the applicant shall submit a Parking Management Plan that specifies why the parking requirements of [Sec. 8.1.8](#) are not applicable or appropriate for the proposed development, and proposes an alternative that more effectively meets the intent of this Article. A Parking Management Plan shall include, but not be limited to:

- A calculation of the parking spaces required pursuant to [Table 8.1.8-1](#).
- A narrative that outlines how the proposed parking management plan addresses the specific needs of the proposed development, and more effectively satisfies the intent of this Article and the goals of the Municipal Development Plan.
- An analysis of the anticipated parking demand for the proposed development. Such an analysis shall include, but is not limited to:

1. Information specifying the proposed number of employees, customers, visitors, clients, shifts, and deliveries;
 2. Anticipated parking demand by time of day and/or demand by use;
 3. Anticipated parking utilizing shared spaces or dual use based on a shared parking analysis utilizing current industry publications;
 4. Availability and frequency of public transit service within a distance of 800-feet.
 5. A reduction in vehicle ownership in connection with housing occupancy, ownership, or type; and,
 6. Any other information established by the administrative officer as may be necessary to understand the current and project parking demand.
- (d) Such a plan shall identify strategies that the applicant will use to reduce or manage the demand for parking into the future which may include but are not limited to:
1. A telecommuting program;
 2. Participation in a Transportation Management Association including methods to increase the use of mass transit, car pool, van pool, or non-auto modes of travel;
 3. Implementation of a car-share program;
 4. Development or use of a system using offsite parking and/or shuttles; and,
 5. Implementation of public transit subscriptions for employees.

Prior to any approval by the DRB pursuant to this section, the means by which the parking management plan will be guaranteed and enforceable over the long term, such as a contract, easement, or other means, and whether the city should be a party to the management contract or easement, shall be made acceptable to the city attorney.

PART 2: BICYCLE PARKING

Sec. 8.2.1 Intent

It is the intent of this subpart to:

- (a) Provide bicycle access to employment, commercial destinations, and other transportation alternatives;
- (b) Provide safe and adequate bicycle parking facilities that:
 1. Meet the demands of the use of the property;
 2. Reduce hazards to pedestrians;
 3. Enhance the visual quality of the city;

4. Reduce the adverse impacts associated with the bicycle parking on parking meters, street trees, etc; and,
5. Encourage the use of bicycles as an alternative to motor vehicle transportation, thereby reducing traffic congestion, influencing modal split, and increasing the safety and welfare of residents.

Sec. 8.2.2 Provisions

Bicycle parking requirements shall apply to new development, building expansions, or occupancy changes requiring a zoning permit where automobile parking is required pursuant to **Part 1** of this Article.

Sec. 8.2.3 Existing Structures

Any expansion or change of use proposed for an existing structure where four (4) bicycle spaces or less would be required shall be exempt from providing those spaces.

Sec. 8.2.4 Joint Use of Bicycle Parking Facilities

Required bicycle parking spaces for two (2) or more adjacent uses or structures may be satisfied by the same parking facilities used jointly, provided that such right of joint use and maintenance is evidenced by a deed, lease, contract, reciprocal easement, or similar written instrument establishing the joint use, and that the facilities are within 200 feet of the building or parcel housing the use.

Sec. 8.2.5 Bicycle Parking Requirements

Bicycle parking for all uses and structures in all Parking Districts shall be provided in accordance with **Table 8.2.5-1**.

- (a) Where no requirement is designated, and the use is not comparable to any of the listed uses, bicycle parking requirements shall be determined by the DRB upon recommendation of the city's bicycle and pedestrian planner based upon the capacity of the facility and its associated uses.
- (b) When the calculation yields a fractional number of required spaces, the number of spaces shall be rounded to the nearest whole number.
- (c) Where bicycle parking is required, the minimum number of bicycle parking spaces provided at each site shall be two (2) and the maximum shall be fifty (50), not including long term parking.

Table 8.2.5-1 Bicycle Parking Requirements

	Specific Use	Long Term Spaces	Short Term Spaces
	Per Square Feet of Gross Building Area, except as noted otherwise		
RESIDENTIAL			
Household Living	Multi unit	1 per 4 units	1 per 10 units
Group living	Elderly housing	1 per 10 units	1 per 10 units
	Fraternity, sorority, & dormitory	1 per 4 residents	1 per 8 residents
Temporary lodging	Hotel, motel, bed & breakfast, boarding house, campground	1 per 20 rooms/sites	2 per 20 rooms/sites
COMMERCIAL			
Office		1 per 5,000 sq. ft.	1 per 10,000 sq. ft.
	Medical, dental	1 per 5,000 sq. ft.	1 per 8,000 sq. ft.
Retail sales and service		1 per 20,000 sq. ft.	1 per 5,000 sq. ft.
	Auto, boat, motorcycle related sales, service and retail	1 per 30,000 sq. ft.	1 per 10,000 sq. ft.
	Restaurants, bars, taverns	1 per 10 employees	6% of occupancy load
INDUSTRIAL			
Industrial, manufacturing, production, and warehousing		1 per 20,000 sq. ft.	1 per 50,000 sq. ft.
PERMITTED PUBLIC/INSTITUTIONAL USES			
Colleges or Universities	Excluding dormitories	1 per 20,000 sq. ft.	3 per 5,000 sq. ft.
Daycare, except home		1 per 20,000 sq. ft.	1 per 10,000 sq. ft.
Schools	Grades 2-5	1 per 20,000 sq. ft.	2 per classroom
	Grades 6-12	1 per 20,000 sq. ft.	4 per classroom
Community Services	Museums, aquariums, libraries, community centers, municipal buildings, post office	1 per 20,000 sq. ft.	3 per 5,000 sq. ft.
Medical Center	Excluding medical or dental offices	1 per 10,000 sq. ft.	1 per 20,000 sq. ft.

Worship, places of		1 per 20,000 sq. ft.	1 per 40 seats
Recreation, government owned	Parks	Per DRB review	1 per 10 daily users
OTHER			
Terminal	Taxi/Bus/Passenger/ Ferry	As determined during Site Plan Review by DRB	As determined during Site Plan Review by DRB
Parking	parking lot, garage; public or private	4, or 5% of automobile spaces, whichever is greater	None

Sec. 8.2.6 Limitations

- (a) No bicycle parking spaces required by this standard shall be rented or leased to employees or residents residing at the location at which bicycle parking is required; however, a refundable deposit fee may be charged. This does not preclude a bike parking rental business.
- (b) Providing bicycle racks on the public right of way must be approved by the department of public works.

Sec. 8.2.7 Location & Design Standards

- (a) All bicycle parking facilities shall be installed in accordance with the department of public works "Bicycle Parking Guidelines."
- (b) Bicycle parking or a sign leading thereto shall be visible from the main entrance of the structure or facility.
- (c) Bicycle parking shall be visible, well lit, and as convenient to cyclists as auto parking.
- (d) Bicycle parking facilities shall provide sufficient security from theft and damage. They shall be securely anchored to the ground, shall allow the bicycle wheel and frame to be locked to the facility, and shall be in a location with sufficient lighting and visibility.
- (e) Bicycle parking facilities shall be visually compatible and of a design standard consistent with their environment and the development standards of **Art 6**.
- (f) Required bicycle parking spaces shall be of a sufficient dimension to accommodate a full-sized bicycle, including space for access and maneuvering.
- (g) Bicycle parking facilities shall be sufficiently separated from motor vehicle parking areas to protect parked bicycles from damage by motor vehicles.
- (h) The surfacing of bicycle parking facilities shall be designed and maintained to be clear of mud and snow.
- (i) Bicycle parking racks and lockers shall be anchored securely.

- (j) Existing bicycle parking may be used to satisfy the requirements of this section provided the rack design is consistent with the department of public works “Bicycle Parking Guidelines.”

Sec. 8.2.8 Long Term Bicycle Parking

- (a) Long term bicycle parking shall:
1. Protect bicycles from the weather;
 2. Provide secure storage that prevents theft of the bicycle and accessories; and,
 3. Be located in a well lit area.
- (b) Long Term bicycle parking requirements can be met in any of the following ways:
1. A bicycle storage room;
 2. Bicycle lockers, pods, or lids;
 3. Lockable bicycle enclosure; or
 4. By certifying to the city’s bicycle and pedestrian planner that employees may store their bicycles within their workspace.
- (c) When long term parking is required, showers and changing facilities for employees shall be required in accordance with **Table 8.2.8-1**, except for parking garages, parking lots, and residential units, which are exempt from the requirements of this section. Shower and changing facilities shall be provided onsite or through an agreement for offsite use.

Table 8.2.8-1 Shower and Changing Facilities	
Required Long Term Spaces	Minimum Number of Required Shower and Changing Facilities
1-4	1
5-10	2
11-20	3
21+	4 plus one for each additional 15 Long Term spaces or part thereof

Sec. 8.2.9 Waivers from Bicycle Parking Requirements

- (a) Requests for reductions to bicycle parking requirements shall be made and documented separately from requests made for reductions in the automobile parking requirements.
- (b) The requirements of **Sec. 8.2.5** may be reduced upon approval of the DRB based upon recommendation of the city’s bicycle and pedestrian planner to the extent that the applicant can demonstrate the regulation is unnecessarily stringent due to:
1. The characteristics of the use, structure, or facility makes the use of bicycles unlikely;

2. The characteristics of the site or area preclude the installation of bicycle parking; and/or,
 3. Results from a documented survey of bicycle parking use in similar situations.
- (c) For reductions granted due to the characteristics of a site or area, applicants must mitigate the loss of bicycle parking through contribution into the capital fund. The amount shall be equal to the cost required for installation of required bicycle parking.

PART 3: INSTITUTIONAL PARKING PLANS

Sec. 8.3.1 Intent

It is the intent of this part to:

- a. Ensure that city streets in nearby neighborhoods are not unfairly burdened by parking demands from post-secondary educational or medical institutions; and,
- b. Recognize the unique ability of institutions to manage their own parking resources in a comprehensive and creative way.

Sec. 8.3.2 Applicability

Each post-secondary educational or medical institution within the Institutional district shall provide off-street parking and loading facilities consistent with its needs according to the standards specified in this Article.

In order to accomplish the intent of this Part, each such institution, either individually or collectively, shall prepare, maintain, and monitor a comprehensive parking management plan for their respective campus or institution.

Sec. 8.3.3 Institutional Parking Management Plans

In addition to the requirements of **Sec. 8.1.15** above, an Institutional Parking Management Plan shall include the following:

- (a) Information specifying the proposed number of students (full-time, part-time, commuter, on-campus, off-campus, and continuing education), faculty and staff (full-time and part-time), patients and visitors being served by the institution and anticipated over the ensuing five-year period.
- (b) An analysis of the anticipated parking demand by user group, time of day and/or demand by use;
- (c) Information specifying the number and composition of the institution's vehicle fleet, where these vehicles are regularly kept, and designated "service vehicle-only" parking;

- (d) Programs, policies, or incentives used to reduce or manage the demand for parking which may include but are not limited to:
 - 1. Policies which restrict and/or prohibit the bringing of vehicles to the institution for various users or groups of users;
 - 2. Programs to encourage the use of public transit, walking and bicycling;
 - 3. Implementation of a parking permit system to allocate parking throughout the system; and,
- (e) Implementation of a monitoring, compliance and enforcement system to measure and ensure compliance with the plan.

Sec. 8.3.4 Review and Approval of Institutional Parking Management Plans

Such a plan shall require review and approval by the DRB, after consultation with the planning commission, and after a public hearing. In order to approve a proposed Institutional Parking Plan, the DRB shall find:

- a. the proposed Institutional Parking Plan adequately serves existing and proposed development by the institution(s);
- b. the proposed Institutional Parking Plan more effectively meets the intent of this Article and the goals of the municipal development plan than would strict adherence to the underlying requirements of this Article.

Such a plan, if approved by the DRB, shall be applicable for a period not to exceed five (5) years, and may be amended as necessary pursuant to the requirements of this Part. The institution shall provide a report annually to the administrative officer regarding the implementation and performance of the approved plan.

Sec. 8.3.5 Review and Approval of Applications for Future Development

In reviewing any application for development from a post-secondary educational or medical institution within the Institutional district, the DRB shall find that the proposal is consistent with an approved Institutional Parking Plan.

Any development proposed by a post-secondary educational or medical institution within the Institutional Campus district that is found not to be consistent with an approved Institutional Parking Plan shall only be approved pursuant to the underlying parking requirements of **Parts 1 and 2** of this Article.
