RE: 2013 Annual Update of Approved 2009 - 2014 Joint Institution Parking Management Plan

Dear David,

This 2013 Annual Update of 2009 - 2014 Joint Institution Parking Management Plan (JIPMP) as approved by the Development Review Board on September 28, 2009, is as required per Article 8, Section 8.3.4 of the current zoning ordinance regarding the implementation and performance of the approved JIPMP.

The 2013 Annual Update of the JIPMP uses statistics indicative of the Fall 2012 academic semester (November and December), which historically has a higher demand on parking and transportation infrastructure, incorporates the biennial CATMA Fall 2012 employee, Spring 2012 student surveys and is compiled in January and February and printed annually in March.

- This annual update incorporates actual peak parking demand inventory of actual parking utilization for each CATMA Member Institution based upon observed and current peak hour demand per the CATMA surveys consistent with Article 8, Section 8.3.3 (b).
- Specific CATMA survey data and current, joint Transportation Demand Management (TDM) initiatives continue to be detailed in the CATMA section of the annual update.

As our Transportation Management Association, membership and services continue to evolve, we are committed to continuing collaboration with the City and others in the region by representing CATMA members and providing leadership on key transportation and applicable land use issues.

If you have any questions, please let me know.

Sincerely,

Sandra M. Thibault
Executive Director

APPENDIX A - ARTICLE 8: PARKING

Comprehensive Development Ordinance, City of Burlington

CHAMPLAIN COLLEGE - FALL 2012

Sec. 8.3.3 (a)

Employment

Champlain College employs a total of 612 individuals. This includes 332 full-time and 280 part-time employees.

Enrollment

The College’s headcount for Fall, 2012 enrollment is as follows:

Full-time Undergraduates on campus.....	2052
Part-time Undergraduates on campus.....	96
Full-time Graduates (Figure includes Distance Learning Students).....	439
Part-time/ Continuing Education	558
Total	3145

It must be noted that of the 439 Graduate Students 418 are taught online and rarely visit campus. Approximately half of the 558 Continuing Education Students never come to campus.

Sec. 8.3.3

Parking Demand

Peak Parking Demand

The total parking demand is tied directly to the availability of empty spaces. The total number of parked vehicles as well as vacant spaces were counted for each parking lot and summarized by Off-Street Core Campus, On-Street Core and Off-Campus. These counts were taken in fall 2012 and represent a typical day during peak demand and demonstrate a surplus of 317 spaces in the Core Campus, with an additional 258 available spaces in Off-Campus.

Table 1: Parking Lot Capacities and Empty Space Count

Champlain College Peak Demand Lot Counts - Fall 2012				
Location	Capacity	Occupied Spaces - Peak Demand	Empty Spaces	Percent Full
Off-Street Core Campus	405	221	184	55%
On-Street Core Campus	167	34	133	20%
Core Campus Sub-Total	572	255	317	45%
Off-Campus	466	208	258	45%
TOTAL	1038	463	575	45%

CHAMPLAIN COLLEGE

Existing Spaces

The breakdown of existing parking as submitted in Champlain College’s Master Plan (August 1990) has been updated to reflect current availability. Champlain College’s parking inventory is 871; this includes 466 off-site leased spaces and 405 on-site spaces.

The specific breakdown by area is as follows:

2012

Off-Site Leased Parking Facilities

Gilbane	200
Lakeside	266
Total	466

Off-street Campus (College owned)

Coolidge lot	3
Cushing/Pearl lot	15
Durick lot	3
East House	42
Hauke Center lot	26
IDX Student Life Center	5
Jensen lot	9
North lot	10
Perry Hall	16
President’s house	2
Rowell lot	41
Sanders lot	12
Skiff Hall lot	0
South House	13
Whiting/McDonald lot	99
56 Summit St. lot	29
396 Main	20
381 Main	28
371 Main	32
Total	405

Total All Categories871

This year, Fall 2012, 22 parking spaces at Quarry Hill are not included because it is not technically campus parking.

Additional parking spaces associated with leased buildings include 15 spaces at 40 Sears Lane that are not included in the campus parking inventory nor in the parking requirement calculations.

There are an additional 173 on-street parking spaces contiguous to Champlain College property, which may be used by Champlain College affiliates, but these are not included in the total spaces we claim as inventory.

Vehicle Permits

All vehicles parked at Champlain College must display a valid parking permit. Permits are valid until December 31, 2012 and must be renewed each semester. Residential students are allowed to have cars on campus only if they qualify for permits based on work needs or medical needs.

The Fall 2012 breakdown of permits at Champlain College is as follows:

Day Time Commuters (on campus)	185
Day Time Commuters (shuttle lots)	54
EveningC ommuters.....	19
Resident Permits (on campus).....	25
Resident Permits (shuttle lots)	195
Faculty/Staff (Full Time) (on campus).....	165
Faculty/Staff (Full Time) (shuttle lots)	122
Faculty/Staff (Part Time) (on campus).....	55
Faculty/Staff (Part Time) (shuttle lots)	26
Evening Faculty/Staff (includes Full-time and Part-time).....	16
Total Permits	862

As can be seen above, the commitment of Champlain College to reducing parking on campus has been quite a success with more than 46% of our total affiliates who now park at off-site lots instead of parking on campus.

The percentage of faculty/staff who have registered their vehicles is higher than it appears because of the 612 employees, we have 65 who teach online only and are never on site. Currently, 68 employees are in the Emergency Ride Home Program, having registered with CATMA as using a mode other than drive alone to commute to campus on a regular basis. Of these 68, 41 are registered in the Bike/Walk Reward Program.

The adequacy of the current parking inventory must be measured relative to peak parking demand rather than the total number of permits issued. The peak parking demand generally occurs between the hours of 12:00 and 1:00 pm on a weekday. This approach is used in the 2009-2014 Joint Institution Parking Management Plan (approved September 29, 2009) and is appropriate because not all permit holders occupy a parking space at the same time. Table 2 presents an estimate of the peak parking demand. The percent on campus during the peak is based on the annual CATMA survey.

Table 2: Peak Parking Demand Estimate, see next page.

CHAMPLAIN COLLEGE

Table 2: Peak Parking Demand Estimate

Champlain College Peak Parking Demand Estimate - Fall 2012			
Permit Type	Permits Issued	% on Campus during Peak	Peak Parking Demand
Daytime Commuters	239	44%	105
Residential Students	220	100%	220
Faculty/Staff Full-Time	287	90%	258
Faculty/Staff Part-Time	81	6%	5
Peak Parking Demand			588
Vehicle Fleet			13
Total Parking Spaces Required during Peak			601
Available Off-Street Parking Inventory			871
Difference (Inventory-Total Required)			270

**The percentage of daytime commuters on campus during the peak is derived from Figure 2 of the 2009-2014 JIPMP. The 44% used here is a weighted average of commuters within 1/2 mile of campus (100% are on campus during the peak) and commuters outside 1/2 mile of campus (34% are on campus during the peak)

**Based on 2008 CATMA survey results.

As shown in Table 2, The College has sufficient space for the number of permits issued and in addition:

1. A significant number of Champlain College employees and commuter students register cars to receive a permit for occasional use; however, they typically walk to the campus, ride bicycles, take the bus join carpools, or are dropped off by others. In addition, the College has been able to move more than 163 employees to off campus locations at 40 Sears Lane and the new Lakeside campus to reduce vehicle trips to the core campus. This includes all of the Physical Plant vehicles, which had been parked on campus until the Fall of 2007.
2. The need for visitor spaces is not consistent with actual visits to the campus. Most visitors to the campus come to our Admissions Office, and it is rare to have more than three or four interviews scheduled at the same time.
3. In the fall of 2003, CATMA entered into an agreement with GP Burlington South, L.L.C. to lease a portion of the property on Lakeside Ave., in Burlington consisting of 200 parking spaces. Currently, Champlain College utilizes these spaces as part of their off-site inventory. These spaces are our secure overnight lot, where our resident students must park their cars during the week, unless they have qualified for an on-campus permit based on work needs or medical needs. Additionally, faculty and staff can park in the general parking area at Gilbane as well as the new 266 space facility that is part of the Miller Center, Lakeside campus by requesting a Gilbane parking permit. Shuttle service from the Gilbane lot to the Campus is provided by Mountain Transit through an agreement between Mountain Transit and Champlain College. The parking and shuttle at Gilbane are provided at no cost to Champlain constituents.; however shuttle riders must show a Champlain ID to ride for free.
4. It should also be noted that as of 11/15/12, 177 of our permits are day permits for Lakeside and another 195 are assigned to the Gilbane lot. In both cases, these vehicles are mostly off campus during the 8am-4pm time period. The campus workers who are outsourced, such as Sodhexo employees, are issued permits to Lakeside to minimize their impact on the Hill.

Sec. 8.3.3

Vehicle Fleet

The Champlain College Physical Plant has 13 vehicles that are owned or leased for department use as follows:

- 2001 Chevy van - 7 passengers (owned)
- 2001 Chevy van - 7 passengers (owned)
- 2006 Chevy dump truck (leased)
- 2006 Chevrolet 1500 Pickup
- 2008 Pontiac Torrent - Security vehicle (owned)
- 2009 GMC- model 1500 Pick up (owned)
- 2009 Honda CRV - Security vehicle (owned)
- 2010 GMC Savannah (owned)
- 2010 Toyota Tundra (leased)
- 2011 GMC pick up (owned)
- 2011 Ford Transit van (owned)
- 2012 Toyota Tundra (owned)
- 2012 Toyota Tundra (owned)

Sec. 8.3.3

Programs, Policies, and Incentives

Champlain College, as a part of the permit application submitted to the City of Burlington and to the District 4 of Act 250 District Commission, developed a parking plan that was implemented for the fall 2003 term. This parking management plan was patterned after other established CATMA parking programs. It incorporates off-site, satellite parking, issuance of parking permits, imposition of fees for parking permits, and the development of parking zones tied to each of three permit types: on-campus parking lots, on-street parking and off-site parking. Not everyone is permitted to park within the core campus. Champlain College has 200 spaces for overnight parking at the Gilbane lot.

Off-Site Parking: We continue to require all residential students with vehicles to park them off campus at the Gilbane site and access the College by shuttles that serve this area. To encourage use of this lot, we expanded the shuttle with Mountain Transit scheduled from 9pm to 12 midnight Monday through Thursday and added a Saturday and Sunday shuttle from 11am-8pm so students can return their vehicle to the lot prior to Monday mornings. This also includes shuttle coverage to Spinner Place in Winooski by Mountain Transit Monday through Friday, starting at 7am. All students living at Quarry Hill, Spinner Place and resident students holding a Gilbane lot permit are automatically enrolled in CATMA's Emergency Ride Home Program.. Each of these students receive a Commute Smart Card from CATMA that provides a free taxi rides between main campus, Quarry Hill, Spinner Place and Gilbane lot whenever the Mountain Transit shuttles are not running.

CHAMPLAIN COLLEGE

Unlimited Access: After a very successful one-month pilot of the CATMA Unlimited Access program in April 2006, Champlain College joined the program with the start of the fall 2006 semester. The CATMA Unlimited Access program is a partnership between CCTA and CATMA, which offers FREE bus rides on all CCTA routes, including the LINK Express routes, to all faculty, staff, employees and students. All Champlain College faculty, staff and employees as well as residential and commuter students can now ride any CCTA bus for FREE by showing the bus driver their Champlain College ID, then swiping the ID through the fare box card reader on the bus.

The Unlimited Access Program is part of CATMA's and its members' efforts to reduce the number of vehicles on the "Hill". It was our hope that with the implementation of Unlimited Access at Champlain College, employees and students would consider leaving their cars at home and take the bus to work, to class, to shop, to eat, or simply to do errands.

This generous action on the part of the College eliminated almost 15,000 vehicle trips into the greater Burlington area over the first 10 months of the program. Based on the tremendous success of this program, the College continued to offer it during the 2007-2008 school year to promote transit use among our faculty and staff. The success of this program continued with almost 20,000 rides over that time period. During the 2008-09 school year 32,146 riders took advantage of this program. A tremendous success and one we continued to promote during the 2009-10 school year when we added another 36,958. During the 2010-2011 school year an additional 41,371 affiliates used this transportation option for a total of more than 145,000 riders since the program's inception. The 39,260 riders we picked up in 2011-12 brought our total up to more than 184,000 riders.

On-Campus Shuttles: In recognition of the fact that Champlain College students residing at Spinner Place would require efficient transport to the main campus, the College has been providing shuttle service from Spinner Place to the main campus since it began to house students there in the fall of 2006. Currently, the shuttle contract is with Mountain Transit. From September 2006 through May 2007, shuttles between Spinner Place, the College campus and the Gilbane off-site parking lot accounted for more than 26,000 shuttle rides. From September 2007 through July 2008 we saw ridership increase to 52,319 trips. The tremendous success continued into the 2008-2009 school year, when ridership reached 70,445 for that time period and reaching 78,884 for the 2009-10 school year. An additional 85,000 riders rode the Spinner shuttles in 2010-2011, marking a huge success in which over 312,000 vehicle trips to the campus from Spinner Place since Fall 2006 have been eliminated. We continued to add to this total in 2011-12 when another 82,000 riders brought our overall total up to almost 400,000 riders.

To continue to encourage our students to ride the shuttles, Champlain College partnered with CCTA in 2007 to build and install 2 new bus shelters on Maple Street to protect our shuttle riders from weather elements. We also introduced a GPS tracking system during the Fall of 2007 that allows students to determine when the next bus will be coming and increased ridership accordingly.

Also through CATMA, the College's students and employees can ride on the University of Vermont's off-campus evening loop (CATS) buses at no charge. This has provided Champlain College affiliates with free and reliable access to the University of Vermont campus as well as the Burlington downtown area.

CarShare VT: The nonprofit car sharing organization officially launched in the Burlington area in December 2008. Through CATMA's partnership with CarShare Vermont, Champlain College hosts a pod location with two Subaru Imprezas and University of Vermont's hosts two Subaru Imprezas on their campus. CarShare VT offers 8 additional pod locations within the City of Burlington. Membership in CarShare Vermont is open to anyone over the age of 18, with some restrictions. All the vehicles are available to anyone registered as a member of CarShare.

This partnership includes a strategic marketing and outreach plan targeted at students, faculty and staff. This plan includes: email broadcasts, brochures and flyers, orientation packets, links on the CATMA and Champlain web pages, campus tours and campus communications. The CarShare program is also promoted through presentation on campus and a variety of tabling events: student orientation,

faculty & staff tax-day breakfast, RAs resource fair, Student Ambassador Training, Brown Bag Lunch for faculty & staff and staff Council. CarShare has sponsored a \$10.00 free driving promotion for all Champlain students in August 2009, 50% off application fee for students in October 2009, and in Fall 2010 offered Champlain and UVM students \$15 in free driving credit upon sign up. In addition to its student and faculty members CarShare Vermont has two department memberships. In mid-October 2011, a new academic year pilot promotion was launched to encourage new membership in CarShare Vermont. All full-time students, faculty and staff are eligible for a waived \$150 annual membership fee for CarShare Vermont's Share-A-Lot plan. This promotion has continued through the 2012-2013 academic year.

Commuter Challenge: In May of 2008, Champlain College won first place in the Way To Go Commuter Challenge. The Challenge, started in 2006 as part of Way To Go Week, encourages the use of alternative modes of transportation. Awards go to the business with the highest percent of employees registered in the event, broken out into groups based on the total number of employees from micro to giant (under 2 to over 1,000). Although Champlain did not receive an award during the 2009 Challenge, it is worth noting that there was a 62% increase in the number of employees registered. It is also worth noting that in 2009 the date of Way To Go, May 4-8, was during senior week, when significantly fewer faculty and staff are on campus. In 2011 and again in 2012 Champlain received Honorable Mention in the, Way To Go Commuter Challenge, held May.

Since September 2006, Champlain College has received the annual **Best Workplaces for CommutersSM** designation by the U.S. Environmental Protection Agency (EPA) and the U.S. Department of Transportation (DOT). Best Workplaces for CommutersSM, a voluntary partnership program designed to cut traffic congestion and traffic-related air pollution, recognizes employers that provide environmentally friendly commuter benefits to employees. Through Champlain College's membership in the Campus Area Transportation Management Association (CATMA) the private College is able to offer an array of benefits, including Unlimited Access, that help their employees pursue environmentally friendly and cost-effective commuting strategies. Offering these commuter benefits identifies Champlain College as an organization committed to reducing pollution, commuting costs, traffic congestion, and employee stress caused by single-occupant vehicle commuting. Champlain College joins two other CATMA members, Fletcher Allen and the University of Vermont, along with CATMA on the list as Best Workplaces for CommutersSM.

Carpool: As a member of CATMA, employees at the College can participate in "RidesWork", a confidential carpool matching service and the Emergency Ride Home (ERH) program, which provides a free taxi ride home in an emergency to everyone registered with CATMA as an alternate commuter. There are currently 68 Champlain College employees registered with CATMA in the ERH program.

Bike/Walk: All faculty and staff of Champlain College who agree to bike or walk to and from work at least three days a week on a consecutive basis are eligible for the program. There are 41 employees registered in the Bike/Walk program. A complete description of all the CATMA TDM programs and services, which are available to Champlain College constituents, can be found in the CATMA section of this chapter. The College continues to encourage the use of bicycles during warm months and has daytime storage rack space for employee and student bicycles.

CHAMPLAIN COLLEGE

Sec. 8.3.3

Monitoring, Compliance and Enforcement Systems

The Champlain College security staff monitors all campus lots. Patrols are made randomly to deter vandalism, assist motorists, and to ensure that all parking regulations are enforced. On Street patrols of contiguous streets are also performed regularly. Additionally, Champlain College provides security at the Lakeside/Gilbane lot from dusk to midnight weeknights and weekends when classes are in session.

We continue increased patrols of the streets contiguous to our campus core in support of the normal patrol activities of the Burlington Police Department, and they are contacted immediately if a vehicle is spotted parked in a “Residents Only” area or is blocking the driveway of a neighbor. We have also continued ticketing Champlain College affiliated vehicles that are left on street overnight by running their license plates through the police department and then matching the address of the owner with our records.

Our Security officers have been diligent about enforcing the new regulations. As a result, we continue to see improvement in the levels of voluntary compliance as our community adapts to our rules and regulations.

Beginning in the Fall semester of 2006, Champlain College partnered with a nationally known ticketing management company called IPARQ. We purchased the necessary software to automate much of the collection function including the ability to turn unpaid tickets over to Student Accounts. Those tickets are now added to student bills making it impossible to avoid paying a valid ticket. This investment has increased collections of tickets during the 2006-07 school year by 63% to \$57,390.00. During the 2007-08 school year, we collected \$44,175.00 bringing our 2-year total to \$101,565.00. The previous best 2 years we ever had in collections prior to this was the 2004-2006 period, when we collected \$56,000.00.

Our efforts continued into 2008-2009. By the end of Spring Semester 2009 we had collected \$57,195.00 in parking fines reflecting the commitment of Champlain College to continue to enforce our regulations. During the 2009-2010 school year we added another \$42,165.00 to the total of collected fines since 2004 for a total of \$256,925.00 over that time period; fall 2004 through spring of 2010. With \$38,550.00 added to ticket collections during the 2010-2011 school year the total amount of parking fines collected since the parking plan was adopted in Fall 2006 is \$295,475.00 and the total increased to \$346,540.00 with the \$51,065.00 we collected during the 2011-12 school year.

PARKING REGULATIONS & Campus Parking Map

Campus Safety & Parking Office

Monday–Friday
8:00 a.m.–4:00 p.m.
(802) 865–5403

For the most up-to-date policy information, go to:
www.champlain.edu

ZONE PERMITS Permits are issued by zone depending on enrollment or employment status with the College, taking into account special needs. Fees may be paid in full at registration or, in the case of faculty and staff, by payroll deduction.

PLACEMENT Parking decals are removable and must be affixed to the lower left-hand corner of the front windshield. Decals must be clearly visible through the front windshield.

REPLACEMENT PERMITS Notify the Campus Safety and Parking Office immediately if your permit is lost or stolen. Log on to ThePermitStore.com to request a replacement permit. Once a replacement permit is ordered, the old permit is no longer valid. There is a \$10 processing fee for replacement permits.

REFUNDS If you withdraw (or cease College employment) within five days of receiving your permit, 100% of the permit cost will be refunded provided you return your permit by mail to ThePermitStore.com and permanently remove your vehicle from the campus.

PERMITS ARE NOT TRANSFERABLE Remove your permit from your vehicle if you sell it or otherwise transfer ownership. Log on to ThePermitStore.com to change or update your vehicle information. Permits may not be transferred to other individuals or used on vehicles not registered for that permit.

VIOLATIONS

CITATIONS Citations may be presented to the owner/operator in person, placed on the vehicle windshield or mailed. It is possible to receive a citation for more than one infraction at a time. **APPEALS MUST BE MADE WITHIN 15 DAYS OF TICKET ISSUE.** Appeals must be submitted online at www.scapay.com.

Do not wait for further contact from the Campus Parking Office. After 30 days all outstanding fines will be submitted to Student Accounts and will be added to individual bills until settlement. Once fines have been submitted for collection in Student Accounts you will no longer be able to appeal the ticket and a \$25 administrative fee will be added.

TOWING Vehicles with three or more unpaid tickets will be towed from campus. Vehicles operated by campus affiliates that are unregistered with the College through IPARQ can be towed without warning.

INFRACTION	Fine* (1st Offense)	Fine* (Subsequent)
Parking on grass/sidewalks, in non-permitted zone or outside white lines	\$25	\$50
Improper permit placement	\$25	\$50
Unregistered vehicle	\$50	\$100
Handicap zone, fire lane	\$50	\$100
Use of unauthorized permit	\$100	\$200

* Towing charges are in addition to these fines. Note: Fines must be paid in full in order to receive a new parking permit, confirm course registration, receive a transcript or be awarded a degree.

11-MISC-0387.12/12.PDF

CHAMPLAIN COLLEGE is located in a residential neighborhood in the heart of Burlington. This means that parking on campus and surrounding streets is extremely limited. In an effort to make the most efficient use of our limited parking spaces on campus and to maintain the good relations we enjoy with our neighbors, Champlain has developed a strict campus parking policy that applies to everyone—students, faculty, staff and visitors.

GENERAL REGULATIONS

ALL VEHICLES MUST BE REGISTERED All Champlain College students, faculty and staff must register their cars and park in their assigned zones. **FAILURE TO PARK IN YOUR ASSIGNED ZONE—INCLUDING CITY STREETS OUTSIDE THE PARKING ZONE MAP—WILL RESULT IN FINES, TOWING, AND/OR ADDITIONAL COLLEGE IMPOSED SANCTIONS.** Permits are issued by zone, and only those vehicles with a valid permit for a particular zone may park in that zone. For example, residential students with Zone 6 permits may not park in Zone 7 at any time.

PERMITS Permits must be properly displayed while in the College's assigned parking zones, including designated city streets. Vehicles not displaying the required permit will be cited for a fine and/or towed at the owner's expense. (See back panel for details about permits and citations.)

ONE PERMIT PER PERSON No faculty, staff or student can receive more than one permit. Only one registered car may be parked in College zones or designated parking areas at any one time.

PARKING SPACE IS NOT GUARANTEED From time to time, it is possible that no parking will be available in designated campus zones. In such cases, permit holders may park in Zone 11 and use the free shuttle.

PARK BETWEEN WHITE LINES The only legal parking space in any College parking lot is between two white striped lines.

PROHIBITED AREAS Standard parking regulations apply to vehicles parked on campus. No vehicle may be parked in drive-ways, fire lanes, handicapped parking or reserved spaces (unless the operator has a permit for such spaces), non-designated parking spaces, on lawns or courtyards, or by blocking a legally-parked vehicle. Vehicles in violation will be towed at the owner's expense. Also note that College-affiliated parking is NOT permitted at any time on the following streets: Cliff, Spruce and South Union from Cliff Street to Maple Street and Bayview Street from South Union to South Willard Street.

NO PARKING 12:30 A.M. TO 6 A.M. Regardless of the permit held, no student, faculty or staff may park on adjacent city streets from 12:30 a.m. to 6:00 a.m. Vehicles parked overnight in campus zones must be moved to their assigned zones by 8:00 a.m. Overnight parking is available in the Zone 6 (Gilbane) lot.

RESIDENTIAL STUDENTS REQUIRING A CAR FOR EMPLOYMENT OR MEDICAL REASONS MAY BE ISSUED A ZONE 7 PERMIT. In cases of medical need, proof is required in the form of a Doctor's documentation. In cases of employment, proof in the form of a letter from the employer stating the hours

of work. All other residential students will park in the Gilbane Lot, free of charge.

VEHICLES EQUIPPED WITH ALARMS that do not cease emitting intermittent or constant sound for a total of three minutes within any 15-minute period are strictly forbidden. Violators will be ticketed and towed.

VISITOR PARKING Visitors to the Office of Admissions are free to park in any available, non-reserved parking space. The parking area at Perry Hall is closest to the Office of Admissions and temporary visitor permits may be obtained from Admissions staff at that location.

NON-COMPLIANCE Failure of a student or employee to register a motor vehicle and/or comply with College parking policies will result in fines, towing charges and loss of permission to park a vehicle in College zones, as well as the possible loss of other privileges, suspension or dismissal. Failure to pay parking fines in a timely manner will affect students' financial standing with the college.

WAIVER OF LIABILITY Champlain College assumes no responsibility for the care or protection of any vehicle or its contents at any time it is operated or parked in campus zones. Any damage or theft involving the vehicle (interior or exterior) is the owner's responsibility.

PERMIT POLICY Students, faculty, staff and vendors who bring a vehicle to campus must register their vehicle with the Campus Safety and Parking Office. Visitors should ask their campus contact for information about parking on campus.

PERMIT FEES Permit fees are \$100/semester for full-time Faculty/Staff and Commuting Students, \$50/semester for part-time Faculty/Staff and Commuting students. Permit fees are \$100/semester for residential special needs permits. There is no charge for parking in qualified satellite lots. There is no charge for evening students to obtain a Zone 9 permit allowing them to park in any available lot after 4 p.m. or in Zone 6 lots during shuttle hours. There is no charge for students to park in the Gilbane lot at any time.

HOW TO REGISTER YOUR VEHICLE

Register your vehicle online by visiting the Champlain College website at WWW.CHAMPLAIN.EDU/PARKING-INFO and by following the IPARQ prompts. Your permit will be mailed to your campus mailbox. If you do not have one it will be sent to the address you provided during registration.

(continued on back page)

CHAMPLAIN COLLEGE

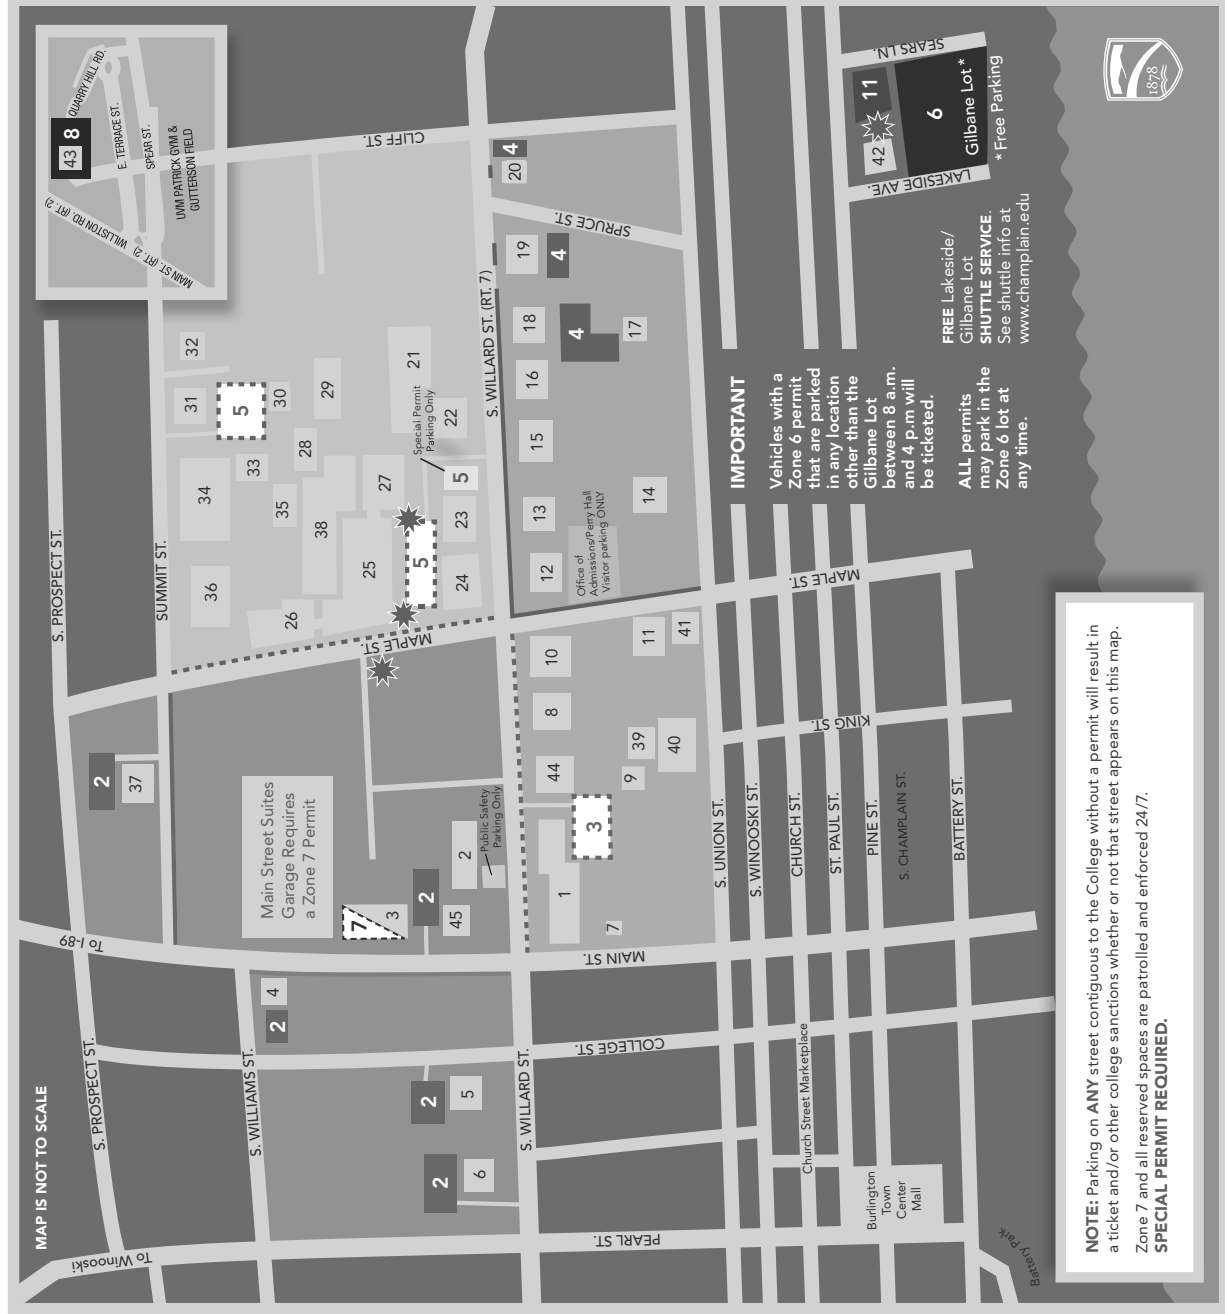

ZONE #/ PERMIT COLOR	LOT CATEGORY	BUILDINGS/ PARKING AREAS*
2	Faculty/Staff, Commuters	56 Summit, 396 Main, Sanders, North, 371 Main Street ON STREET: _____ <i>Summit (Main-Maple), Main (Summit-South Willard)</i>

IMPORTANT

Vehicles with a Zone 6 permit that are parked in any location other than the Gilbane Lot between 8 a.m. and 4 p.m. will be ticketed.

FREE Lakeside/Gilbane Lot SHUTTLE SERVICE. See shuttle info at www.champlain.edu

NOTE: Parking on ANY street contiguous to the College without a permit will result in a ticket and/or other college sanctions whether or not that street appears on this map. Zone 7 and all reserved spaces are patrolled and enforced 24/7. **SPECIAL PERMIT REQUIRED.**

General Regulations

All vehicles must be registered

All Champlain College students, faculty and staff must register their cars and park in their assigned zones. Failure to park in your assigned zone—including city streets outside the parking zone map—will result in fines and/or towing. Permits are issued by zone, and only those vehicles with a valid permit for a particular zone may park in that zone. For example, residential students with Zone 6 permits may not park in Zone 7 at any time.

CAMPUS MAP [PDF]

PERMITS

Permits must be properly displayed while in the College's assigned parking zones, including designated city streets. Vehicles not displaying the required permit will be cited for a fine and/or towed at the owner's expense.

ONE PERMIT PER PERSON

No faculty, staff or student can receive more than one permit. Only one registered car may be parked in College zones or designated parking areas at any one time.

PARKING SPACE IS NOT GUARANTEED

From time to time it is possible that no parking will be available in designated campus zones. In such cases, permit holders may park in Zone 1 or Zone 6 and use the free shuttle.

PARK BETWEEN WHITE LINES

The only legal parking space in any College parking lot is between two white striped lines.

PROHIBITED AREAS

Standard parking regulations apply to vehicles parked on campus. No vehicle may be parked in driveways, fire lanes, handicapped parking or reserved spaces (unless the operator has a permit for such spaces), non-designated parking spaces, on lawns or courtyards, or by blocking a legally-parked vehicle. Vehicles in violation will be towed at the owner's expense.

Residential students may not have cars on campus or park in College-operated lots (except under special circumstances). Residential students who require a car for employment or medical reasons will be issued a permit for parking in the off-campus Gilbane lot only (Zone 6). In cases of medical need, proof may be required in the form of a doctor's documentation. In cases of employment need, a letter from the employer stating the hours of work, plus a pay stub confirming hours worked, may be required for approval. These exceptions will be reviewed on a semester basis or as individual circumstances change.

NO PARKING 12:30 A.M. TO 6 A.M.

Regardless of the permit held, no student, faculty or staff may park on adjacent city streets from 12:30 a.m. to 6:00 a.m. Vehicles parked overnight in campus zones must be moved to their assigned zones by 8:00 a.m. Overnight parking is available in the Zone 6 (Gilbane) lot.

Vehicles equipped with alarms that do not cease emitting intermittent or constant sound for a total of three minutes within any 15-minute period are strictly forbidden. Violators will be ticketed and towed.

VISITOR PARKING

Visitors to the Admissions Office are free to park in any available, non reserved parking space. The parking area west of Skiff Hall is closest to the Admissions Office and temporary visitor permits may be obtained from Admissions staff at that location.

NON-COMPLIANCE

Failure of a student or employee to register a motor vehicle and/or comply with College parking policies may result in fines, towing charges and loss of permission to park a vehicle in College zones, as well as the possible loss of other privileges, suspension or dismissal. Failure to pay parking fines in a timely manner will affect students' financial standing with the college resulting in a hold on grades, transcripts or the ability to register for classes.

WAIVER OF LIABILITY

Champlain College assumes no responsibility for the care or protection of any vehicle or its contents at any time it is operated or parked in campus zones. Any damage or theft involving the vehicle (interior or exterior) is the owner's responsibility.

Permit Information

PERMIT POLICY

Students, faculty, staff and vendors who bring a vehicle to campus must register their vehicle with the Campus Public Safety Office. Visitors should ask their campus contact for information about parking on campus.

PERMIT FEES

Permit fees are \$100/semester for full-time Faculty, Staff and Commuting Students, \$50/semester for part-time Faculty, Staff and Commuting students. Permit fees are \$100/semester for residential special needs permits. There is no charge for parking in qualified satellite lots.

There is no charge for evening students to obtain a Zone 9 permit allowing them to park in any available lot after 4 p.m. or in Zone 1 and 6 lots during shuttle hours. There is no charge for students to park in the Gilbane lot at any time.

ZONE PERMITS

Permits are issued by zone depending on enrollment or employment status with the College, taking into account special needs. Fees may be paid in full at registration or, in the case of faculty and staff, by payroll deduction.

PLACEMENT

Affix the decal to the lower left-hand corner of the front windshield. Decals must be clearly visible through the front windshield.

REPLACEMENT PERMITS

Notify the Campus Public Safety Office immediately if your permit is lost or stolen. Log on to ThePermitStore.com to request a replacement permit. Once a replacement permit is ordered, the old permit is no longer valid. There is a \$10 processing fee for replacement permits.

REFUNDS

If you withdraw (or cease College employment) within five days of receiving your permit, 100% of the permit cost will be refunded provided you return your permit by mail to ThePermitStore.com and permanently remove your vehicle from the campus.

Permits are not transferable. Remove your permit from your vehicle if you sell it or otherwise transfer ownership. Log on to ThePermitStore.com to change or update your vehicle information. Permits may not be transferred to other individuals or used on vehicles not registered for that permit.

Permit Registration

ALL VEHICLES, INCLUDING MOTORCYCLES (OR ANY MOTORIZED VEHICLE), OPERATING ON CAMPUS MUST REGISTER NO LATER THAN THE FIRST WEEK OF CLASSES EACH SEMESTER.

Students, faculty and staff may apply for parking permits by logging on to ThePermitStore.com. When you reach "The Permit Store," enter Champlain as your parking destination. Students, faculty and staff will all be required to use the last 7 digits of their Datatel ID number during the registration process. Limited parking is available in Champlain College zones, therefore permits will be issued by zone on a first-come, first-served basis.

If you are paying by check or money order, your decal will not be mailed until the payment is received. Permits cost \$50 per semester for part time students and staff and \$100 per semester for full time students and staff.

If you are paying by credit card, once you have entered your credit card information, you will receive a message that says "approved," this only means your credit card was accepted—this does not mean your parking request was approved.

HOW TO ORDER

When first visiting ThePermitStore.com, applicants will be asked to create a new account in the system. The process uses the applicant's email address as the account name and the applicant will create a password to access their account. Forgotten passwords can be retrieved at anytime as long as the applicant can receive emails at the address used to create the account.

THE FOLLOWING INFORMATION IS NEEDED TO COMPLETE A CAMPUS PARKING PERMIT PURCHASE:

1. **Personal Info** – Name, Address, Email and College ID number.
2. **Vehicle Info** – Vehicle make, model, year, color, and license plate number.
3. **Payment** – Credit card, check or money order. Payroll deduction is also available for qualified faculty and staff.

If the application is approved a parking permit will be sent in the mail to your campus mail box or home address provided at registration if you do not have a campus box. It will be received in 2–3 business days (with exceptions for holidays and weekends).

New Search

Violations/Appeals

Citations may be presented to the owner/operator in person, placed on the vehicle windshield or mailed. It is possible to receive a citation for more than one infraction at a time. APPEALS MUST BE MADE WITHIN 15 DAYS OF TICKET ISSUE, and may be made online at www.scapay.com. After 30 days all outstanding fines will be submitted to Student Accounts and will be added to individual bills until settlement. Once fines have been submitted for collection in Student Accounts you will no longer be able to appeal the ticket and a \$25 administrative fee will be added.

Cars with three unpaid tickets or that have not been registered with the College may be towed without further warning. Champlain faculty, staff, students and affiliates parked illegally outside of Champlain College zones may also be ticketed.

THE CHAMPLAIN COLLEGE

FLEET SAFETY PROGRAM

I. POLICY STATEMENT

The Champlain College Fleet Safety Program establishes guidelines and procedures to be followed to protect the safety of individuals operating any motor vehicle on company business. Protecting our employee drivers, their passengers, and the general public is of the highest priority to Champlain College.

The commitment of management and employees is critical to the success of this program. Clear communication of and strict adherence to the program's guidelines and procedures are essential.

DEFINITIONS: (See Appendix A for additional definitions.)

COMPANY VEHICLE: A motor vehicle owned by or leased to the company, including a temporary replacement vehicle.

MOTOR VEHICLE: "Company Vehicle" or any other motor vehicle while being operated on company business.

DRIVER: Any employee assigned to a "Company Vehicle" or who operates a "Motor Vehicle."

II. SCOPE

This policy applies to all employees of Champlain College.

The primary goal of the Fleet Safety Program (FSP) is to maintain a high level of safety awareness and foster responsible driving behavior.

"Driver" safety awareness and responsible driving behavior will significantly decrease the frequency of "Motor Vehicle" accidents and reduce the severity of personal injuries and property damage.

"Drivers," as defined in this program must follow the requirements outlined in this program. Violations of this program may result in disciplinary action up to and including suspension of driving privileges or dismissal.

III. PROGRAM RESPONSIBILITIES

Everyone shares in the responsibility to make the FSP a success. To avoid confusion or misunderstanding, specific program responsibilities are outlined as follows:

A. Drivers

“Drivers” are required to:

1. Read, understand and follow the requirements contained in this program.
2. Participate in company-sponsored activities or programs designed to improve driver safety.
3. Maintain a valid driver’s license and adhere to license restrictions.
4. Complete the *Driver History Form*, and thereby provide signed permission for the company or its designated representative to obtain “Motor Vehicle Records.”
5. Sign the *Fleet Safety Program Acknowledgment Form*.

B. Vehicle Safety Manager

Vehicle Safety Manager will:

1. Implement the FSP within the college and ensure accountability for program requirements.
2. Ensure the *Driver History Forms* are completed by each driver and kept on file at the campus safety office.
3. Ensure that the *Fleet Safety Program Acknowledgement Form* is signed by each driver and kept in employee’s file.
4. Be Responsible for taking appropriate action to manage “High Risk Drivers” as defined by this program.
5. Ensure that all “Drivers” participate in company safe driving training programs.
6. Secure and retain training documentation for all safe driving training.
7. Investigate all “Accidents” and ensure that accident reports are completed as described in Section IX – Accident Reporting
8. Perform “Motor Vehicle” background checks.

C. Campus Safety Officer

The Campus Safety Officer will:

1. Serve as a technical resource to the Vehicle Safety Managers, ensuring the continuous development and maintenance of the FSP.
2. Help evaluate “High Risk Drivers” and advise management on instituting any additional driving restrictions/limitations.
3. Evaluate and approve driver training curriculum.
4. Provide driver training resources.
5. Revise and Disseminate changes to the FSP.
6. Issue periodic reports for management review and action.
7. Forward Department of Motor Vehicle reports to the appropriate Department head.

IV. AUTHORIZATION OF DRIVING PRIVILEGES

Vehicle Safety Managers will not assign or allow the use of a "Motor Vehicle", if:

- A. The "Driver" does not have a valid operator's license issued by their state of residence.
- B. The "Driver possesses licenses from more than one state.
- C. The "Driver's" license is suspended or revoked for any reason.

In addition, a "Driver" will be subject to termination if his/her license is revoked, unless a suitable replacement non-driving job in the company is available; or the employee may be subject to other disciplinary action if his/her license is only temporarily suspended.

V. AUTHORIZED VEHICLE USE

A. Personal Use of Company Vehicle

A company Vehicle, when not used for business purposes may be chosen for personal use as long as:

- The vehicle is being supplied to an employee who is on call.
- That employee is the driver of the vehicle
- The vehicle is not being used in support of a second job.

B. Unauthorized Use of Company Vehicle

It is not permissible for friends, neighbors or other family members to operate company vehicles. In the event of an accident the college will not indemnify the driver unless that driver is the individual who was assigned the vehicle. Other disciplinary action including suspension of driving privileges or dismissal of the driver may be taken. The Vehicle Safety Manager may implement other personal use restrictions such as radius of operation, at their discretion.

The Privilege of driving a company vehicle for personal use is subject to change at any time.

The spouse of a permitted driver is not permitted to drive a company vehicle and a spouse involved in an accident with a company vehicle would have the coverage subrogated to the spouses' insurance policy.

C. Leased Vehicles

If the vehicle is part of an employee compensation package, spouses are permitted to use the leased vehicle provided they are insured through their carrier or the college policy.

As part of the leased policy, it is recommended that the drivers and spouses of drivers of leased vehicles should submit to background checks if they transport students. It is also

recommended that the drivers and spouses of drivers of leased vehicles attend the college sponsored defensive driving course administered by the Vehicle Safety Manager.

D. Student Transport

Long term Champlain College should investigate the purchase of a bus to transport students to college events. To avoid liability, a Champlain College employee should not transport a Champlain College student in their personal vehicle for any reason or under any circumstances. Lack of compliance can lead to a Champlain College employee being personally responsible for any personal injuries or vehicle damage that occurs.

The only exception would be in the case of a Champlain College employee whose job routinely requires that employee to transport students. In that situation, the employee must be listed with the Hickok-Boardman Insurance as a “named insured” on the college policy.

The Champlain College insurance policy has a “hired non-owned endorsement” clause so in the event of an accident while conveying students the employee would be responsible for vehicle damage claims while any personal injury claims would go to Hickok-Boardman.

E. Non-Company Vehicles Used for Business

Employees who drive “Non-Company Vehicles” while conducting business for the company are subject to all the provisions and standards of this program. For the purpose of this section the term “conducting business” does NOT include student transport.

“Additional Responsibilities Include:

- 1. Maintaining automobile liability insurance limits of at least \$100,000 per person, \$300,000 per accident, and \$25,000 property damage; but in no case less than the minimum required by law for the state in which the driver resides.*
- 2. Maintaining current state vehicle inspection if the state requires one; and maintaining their “Non-Company Vehicle” in safe operating condition.”*
- 3. Students driving company vehicles will submit to the same background checks, attend the Safe Driving course and be governed by the same criteria as employees in terms of obeying the rules of this policy.*
- 4. Student members of student clubs or organizations that use their vehicle to transport other students shall be required by their club advisor to sign a waiver.*

F. Use of College Vans for College Sponsored Activities

College vans are available and can be reserved when available for use by authorized personnel and approved student organizations that are conducting official College business or are engaged in College sponsored activities. The vans are not available for personal use.

Authorized personnel and student organizations shall be defined as follows:

- a. All College faculty, administrators, and employees who may require vans for official College business or activities
- b. College students, with approval of Department Chairperson, who may require vans for purposes related to the academic programs of the college (student teaching, community service, etc.)
- c. College student organizations, approved by the Vice President for Student Services, who may require vans for recreational and entertainment activities.

Driving Safety Course for Approved Van Use

Only those students, faculty and staff who successfully pass the Champlain College Driving Safety course will be permitted to drive the Champlain College Vans. The program is offered twice during the academic year and is coordinated and scheduled through the security office.

- a. Each driver must provide a photocopy of his / her driver's license to the Security Office; the record check conducted by the Security Office must find a clean driving record; for students, two years' experience driving and a two year clean driving record is required.
- b. Drivers must successfully complete a written driver's examination.
- c. Drivers must successfully complete a driving skills aptitude test.
- d. Student drivers must be at least 20 years old.
- e. Student drivers are eligible to drive the van to and from their destinations that are in the local area defined as ***Chittenden County (excluding ski areas) or other pre-approved locations in Grand Isle and Addison counties.***

If any component of the Driver's Certification Program is not successfully completed, the individual will not be permitted to drive the College's vans.

Approval for driving all Vans lasts for one school year. During the summer, each driver is subject to a license check. Upon verification of a clean driving record, approval will be extended for the upcoming school year.

Requests for College Vans

Requests for vans should be scheduled at least one week in advance. All students requesting the use of College-owned vans must obtain a **permission slip** from the approved Program Coordinator, Department Chair or club/program advisor. Reservations are generally on a first-come, first-serve basis; however, the College reserves the right to reserve, approve, or deny the use of College vans as it sees fit in its sole discretion.

- a. The permission slip is to be completed in full.
- b. Students must present the permission slip to the Security Office Manager **before** commencing on the planned trip in order to insure availability of a van.

General Operating Parameters for College Vans

- a. Only approved, trained and certified students. Faculty or staff may drive the van.
- b. No driver shall transport more passengers in a van than the van is intended to transport. In most cases this is the same as the number of factory-installed seatbelts.
- c. All trips must be College related or sponsored.
- d. All drivers will be provided with a cell phone for travel, unless the driver maintains a personal cell phone. The phone is to remain on and in the driver's possession from the time the keys are picked up until they are dropped off.
- e. It is the responsibility of the organization sponsoring the trip to secure a trained and certified driver.
- f. Trip itinerary and roster must be provided to Campus Security prior to departure.

Driver Responsibilities:

- a. All drivers, upon completion of training and certification, will sign an agreement stating that they have read and understand the policies stated in this document.

-
- b. All drivers will provide the College with written notification of any and all changes to their state license status (i.e. the College is to be made aware of any speeding tickets, moving violations, or accidents involving the College driver).
 - c. Each passenger must wear a seat belt.
 - d. The driver may not operate a cellular phone while driving.
 - e. No smoking or consumption of alcohol in the vehicle shall be permitted.
 - f. No loud music or rowdy behavior that may distract the driver is permitted.
 - g. The driver must follow all local and state laws.
 - h. The driver must ensure the safety of all passengers.
 - i. If an accident or other incident occurs which causes harm to College students, faculty, staff, or property, the driver should immediately refer to the Accident Reporting Kit in the van.
 - j. In the event of inclement weather, the following procedures must be followed:
 - 1. The Department Chairperson, program advisor, or approved student organization advisor will determine if the van is to be used for that day or evening.
 - 2. If it is determined that the van will not be operated, the trip must be cancelled.
 - 3. During the duration of the trip, it is the responsibility of the driver to determine if inclement weather necessitates changing return plans. In inclement weather it is expected that the return will be postponed and the driver will cease operation of the van.
-

-
- k. The driver is responsible for the safety and behavior of passengers while in transit. The driver is financially responsible for any traffic or parking citations that he/she may receive.
 - l. Employee violations will be reported to the Human Resources office and student violations will be reported to the College Disciplinary System. Violations of a serious nature involving operational safety or violation of laws (such as reckless driving and driving under the influence of intoxicants) could result in loss of the privilege to operate a College van. The Office of Campus Safety will investigate complaints.

USE OF A MOTORCYCLE FOR COMPANY BUSINESS IS PROHIBITED

VI. DRIVER DMV REPORTS

A. Initial DMV Checks

1. EMPLOYEE APPLICANTS:

If an employee applicant is to be a "Driver," the Vehicle Safety Manager will obtain a completed *Driver History Form* (see Appendix B) from the applicant and use the form to obtain a DMV Report.

Most employees will **NOT** be permitted to drive a company vehicle prior to a satisfactory DMV background check.

In the event an employee-applicant is hired and must begin driving on company business prior to receipt of the evaluation, the Vehicle Safety Manager must, as a minimum, carefully review the applicant's *Driver History Form* before granting driving privileges.

Also, each employee-applicant should be informed in writing by the Vehicle Safety Manager that employment is conditional upon receipt of a satisfactory DMV Report; That is, a DMV Report not meeting the definition of a "HIGH RISK DRIVER."

If the Information on the DMV Report or *Driver History Form* indicates that the new employee is a "HIGH RISK DRIVER," the Vehicle Safety Manager may, after careful consideration, grant driving privileges, but only on a probationary basis.

2. EXISTING EMPLOYEES

If an existing employee is changing from a non-driving position to a position requiring driving on company business, the employee must complete and sign a *Driver History Form*.

The Vehicle Safety Manager will forward the form to the Department Head, so a DMV Report can be ordered and evaluated prior to granting a change in job status.

B. Periodic DMV Reports

The Vehicle Safety Manager will obtain DMV Reports annually for all existing “Drivers.” In addition, Champlain College maintains the right to conduct periodic and random review of DMV Reports at its discretion.

C. Distribution of DMV Reports

DMV Reports will be kept in the office of the Vehicle Safety Manager.

VII. IDENTIFICATION OF HIGH RISK DRIVERS

A “Driver” will be classified as a “High Risk Driver” if the DMV check so indicates, or if it is otherwise determined, that the driver has one or more of the following violations:

1. Conviction of an alcohol or drug related driving offense.
2. Refusal to submit a Blood Alcohol Content (BAC) test.
3. Conviction for reckless driving.
4. Any combination of three or more moving violations, “At Fault Accidents,” or “Preventable Accidents” within the most recent three years.
5. Suspension, revocation or administrative restriction within the last three years.
6. Leaving the scene of an accident as defined by state laws.
7. At fault in a fatal accident.
8. Felony committed involving a vehicle.
9. Three or more “Company Vehicle” physical damage claims in any twelve month period.
10. This is not a comprehensive list and Champlain College reserves the right to identify and act on other types of incidents.

VIII. MANAGEMENT CONTROLS FOR HIGH RISK DRIVERS

If an employee is identified as a “High Risk Driver,” the Vehicle Safety Manager must choose either Option 1 or Option 2:

A. Option 1: Probation

The Vehicle Safety Manager and Campus Safety Officer in conjunction with the appropriate department heads would meet and determine if probation or suspension would apply. They must do ALL of the following:

1. Place the "High Risk Driver" on probation (ending two years from the date of the most recent violation).
2. Obtain a DMV Report every six months for the duration of the probationary period.
3. Notify the Campus Safety Officer of any additional violations while the employee is on probation.
4. Immediately suspend driving privileges if any single repeat violation or an additional violation occurs while on probation as described in Section VII – OR if any terms of probation are violated. Notify the Campus Safety Officer immediately.
5. Confer with the Campus Safety Officer on any stipulations, operating limitations, or other conditions (for consistency between Districts), such as:
 - a) Loss of all "Company Vehicle" driving privileges.
 - b) Loss of "Company Vehicle" driving privileges between work and home.
 - c) Loss of personal use privileges.
 - d) Transfer of the "Driver" to a non-driving position.
 - e) Additional driver training.
6. The terms of the probation are to be made to the employee in writing. The employee will be required by signature to signify that he/she has been informed of the probation terms and duration. The signed terms of probation should be kept in the employee's file.
7. If the probationary period has been served and if reinstatement of driving privileges is warranted, the Vehicle Safety Manager should notify the Campus Safety Officer.

B. Option Two: Suspension of Driving Privileges

The Vehicle Safety Manager must suspend all company driving privileges. The "High Risk Driver" will NOT be authorized to drive a motor vehicle at any time on company business.

This action may result in the Vehicle Safety Manager recommending the transfer of the employee to a non-driving position, if such a position exists, or the employee may be subject to dismissal procedures.

The employee may reapply for company driving privileges after one year of suspension. Application should be made to the Vehicle Safety Manager. If approved, the employee's driving status will change from suspension to probation. However, reinstatement of driving privileges by the Vehicle Safety Manager does not constitute an offer by the company for any "Driver" position. Normal job posting procedures will still have to be followed.

IX. ACCIDENT REPORTING

A. Accident Reporting

-
1. Supervisor Notification – The “Driver” is required to notify his/her immediate supervisor of any “Accident” as soon as is practical.

In addition, Vehicle Safety Managers are responsible for reporting “Serious Accidents” to the Finance Office.

2. Company Vehicles – The Vehicle Safety Manager, Campus Safety Officer, or the Security Officer should contact Champlain College’s insurance carrier as outlined in the Accident Reporting Kit supplied with the vehicle.

Non Company Vehicles – The “Driver” should call his/her personal automobile insurance carrier.

Daily Rental Vehicles – The “Driver” should notify the rental company.

Student Drivers – Always call the police in the event of an accident. Call 911 if there is any injury or emergency. Call Campus Security and they will contact the insurance company with all contact information and accident details.

B. What To Do In The Event Of An Accident

1. Remain at the scene of the accident.
2. Take steps to prevent further accidents – i.e. park safely, turn on emergency flashers.
3. Call the police or ask someone to call for you.
4. Give the other driver(s) your name, insurance company phone number, the vehicle’s license plate number and your operator’s license number.
5. Obtain the same information from all other parties involved.
6. Discuss the specifics of the accident only with the police, the college, and the college insurance providers.
7. If you have a camera, please take photos of the accident scene and vehicles if it is safe to do so.
8. Call The Hartford’s toll-free hotline at **1-800-327-3636 immediately**.

C. Accident Reporting Kits

Every “Company Vehicle” is required to have an *Accident Reporting Kit* in the glove box. This kit should be used by the driver to record accident facts as soon after the accident as is reasonably feasible. The “Driver” should give the completed *Accident Reporting Kit* to their immediate supervisor.

D. Accident Investigation

1. Determining Accident Preventability

The Campus Safety Officer will make a determination as to the preventability of the “Accident,” and record this determination in the applicable section of the *Accident Investigation Report Form*.

The Guide to Accident Preventability (Appendix D) may be used by the Campus Safety Officer to assist in making the determination.

2. Accident Investigation Review

The Vehicle Safety Manager is responsible for reviewing the completed *Accident Investigation Report Form* and initiating any actions to prevent the reoccurrence of similar accidents by this individual.

X. Recommended Winter Driving Safety Measures

Winter brings rain, sleet, and snow. It takes extra effort to drive safely in these conditions. Take additional precautions to avoid a costly accident!

1. Preplan your route and be aware of changing weather conditions.
2. Allow ample travel time to avoid speeding.
3. Maintain safe following distances as braking may be difficult.
4. Conduct a vehicle safety inspection before driving.

Safety is the responsibility of all Champlain College employees. Review our Driver Policy and arrive safely at your destination!

Dealing with a skid:

1. Slow down at the first hint that the road is slick
2. Slow down before you arrive at curves or turns as to avoid going too fast around them and thus losing control. When in the turn apply power gently and steer steady without abruptly turning or hitting the brakes.
3. When changing lanes it is important to avoid steering against the skid or hitting the brakes. Steer in the direction the vehicle is sliding until you feel recovery of traction.
4. If braking is necessary apply the brake pedal carefully to prevent the wheels from locking. Press the brakes repeatedly to simulate anti-lock brakes if your car does not have them. Anti-lock brakes are much more effective.
5. Look out for unexpected ice patches or piles of wet leaves. “Wet” ice, warmed by the sun, is more dangerous than “cold” ice.
6. Anticipate stops by slowing down well before intersections because these areas tend to be more slick due to stopping and starting traffic.

-
7. When moving in deep snow, a light foot on the gas as well as a high gear such as 2nd or 3rd gear is better to keep the tires from spinning.
 8. Snow tires or even chains may be the best choice to help your vehicle stay under control.

XI. OTHER REPORTING RESPONSIBILITIES OF DRIVERS

A. Supervisor Notification

“Drivers” are required to notify their immediate supervisor immediately of:

1. Any illness, injury, physical condition or use of medication that may impair or affect their ability to safely drive a “Motor Vehicle”
2. The Suspension, revocation or administrative restriction of his/her operator’s license. If this occurs, the “Driver” must also immediately discontinue use of the “Motor Vehicle.”

FAILURE TO REPORT UNDER THE PROVISION OF SECTION IX AND X IS A VIOLATION THAT COULD RESULT IN DISCIPLINARY ACTION, UP TO AND INCLUDING DISMISSAL.

XII. TRAINING

All “Drivers” are required to complete initial safe driving training. It is the Vehicle Safety Manager’s responsibility to see that all driver training is documented. Documentation should include the course name, date completed, and driver’s name and identification.

XIII. SAFETY REGULATIONS

B. Vehicle Safety Belts

The “Driver” and ALL OCCUPANTS are required to wear safety belts when operating or riding in a “Motor Vehicle.” The “Driver” is responsible to ensure all passengers are wearing their safety belts. Children under four years of age or under 40 pounds in weight are required to be secured in a Department of Transportation (DOT) approved child safety seat, unless more restrictive stat requirements apply.

C. Impaired Driving

A “Driver” may not operate a “Motor Vehicle” at any time, when his/her ability is impaired, affected, or influenced by alcohol, illegal drugs, medication, illness, fatigue or injury.

D. Traffic Laws

All “Drivers” are required to abide by all federal, state, and local motor vehicle regulations, laws and ordinances.

E. Vehicle Condition

Each “Driver is responsible for ensuring that the “Motor Vehicle” is maintained in safe driving condition.

“Drivers” of daily rental cars should check for obvious safety defects before leaving the rental lot and request another vehicle if the first vehicle is not safe to drive. “Drivers” are encouraged to utilize daily rental cars which have air bags and/or ABS brakes when available in authorized rental class.

F. Additional Safety Rules

“Drivers” may not:

1. Pick up hitchhikers.
2. Accept payment for carrying passengers or materials (this does not apply to company endorsed car pools).
3. Use any radar detector, laser detector, or similar devices.
4. Push or pull another vehicle, or tow a trailer without authorization.
5. Transport flammable liquids and gases unless a DOT or UL approved container is utilized, and only then in limited quantities and only when necessary.
6. Use ignition or burning flares. The preferred method is the use of reflective triangles.
7. Assist disabled motorists or accident victims beyond the level of their medical training: EMT, CPR, Basic First-Aid, etc. If a driver is not qualified to provide the above services, he/she must restrict his/her assistance to calling the proper authorities.

XIV. POLICY ADHERENCE & CONTACT

A. Policy Adherence

The Vehicle Safety Manager and Campus Safety Officer are the Champlain College officials responsible for this policy. Changes to this policy must be approved by the Vehicle Safety Manager and Campus Safety Officer.

B. Contact

Questions related to the interpretation of this policy should be directed to the Campus Safety Officer.

GLOSSARY OF TERMS

ACCIDENT: Any incident involving a “Motor Vehicle” that results in bodily injury or property damage.

DRIVER: Any employee assigned a “Company Vehicle” or who operates a “Motor Vehicle.”

AT FAULT ACCIDENT: An “Accident” where the “Driver” received a moving violation ticket issued by a police officer.

COMPANY VEHICLE: A motor vehicle owned by or leased to Champlain College, including a temporary replacement vehicle.

HIGH RISK DRIVER: Any driver on probation or whose driving history meets the criteria outlined in section VII – “Identification of High Risk Drivers.”

MOTOR VEHICLE: A “Company Vehicle” or any other motor vehicle while being operated on company business.

DMV REPORT: A document supplied by the appropriate State Department of Motor Vehicles providing information on motor vehicle violations and license status of a specific driver.

NON-COMPANY VEHICLE: Any motor vehicle used on company business not provided by the company, including privately owned, leased, or rented vehicles. This definition does not include motorcycles.

PREVENTABLE ACCIDENT: Any “Accident” where the “Driver” could have avoided the accident.

SERIOUS ACCIDENT: Any “Accident” where there is a fatality, or an injury requiring the transportation of the injured party from the accident site to a medical treatment facility.

THE CHAMPLAIN COLLEGE – DRIVER HISTORY FORM

Driver's Name (Print): _____

Guide For Determining Motor Vehicle Accident Preventability

Introduction

This guide will assist you, when investigating an accident, in determining whether the accident was preventable or not on the part of our driver.

The accident investigator is expected to obtain as many facts as possible and to consider all conceivable conditions in arriving at a decision.

An accident is preventable if the driver could have done something to avoid it. Drivers are expected to drive defensively. Which driver was primarily at fault, who received a traffic citation, or whether a claim was paid has absolutely no bearing on preventability. **If there was anything our driver could have done to avoid the collision, the accident was preventable.**

An accident is non-preventable when the vehicle was legally and properly parked, or when properly stopped because of a highway-patrol-officer, a signal, stop sign, or traffic condition.

General Questions To Consider

When judging accident preventability, here are some general questions to consider.

1. Does the investigation indicate that the driver considers the rights of others, or is there evidence of poor driving habits which need to be changed?
2. Does the investigation indicate driver awareness? Such phrases as "I did not see," "I didn't think," "I didn't expect," or "I thought" are signals indicating there probably was a lack of awareness, and the accident was preventable. An aware driver should think, expect, and see hazardous situations in time to avoid collisions.
3. Was the driver under any physical handicap which could have been contributory? Did the accident happen near the end of a long day or long drive? Did overeating contribute to fatigue? Did the driver get prior sufficient sleep? Is the driver's vision faulty? Was the driver feeling ill?

4. Was the vehicle defective without the driver's knowledge? Was a pre-trip inspection done, and would it have discovered the defect? A car which pulls to the left or right when the driver applies the brakes, faulty windshield wipers, and similar items are excuses, and a driver using them is trying to evade responsibility. Sudden brake failure, loss of steering, or a blowout might be defects beyond the driver's ability to predict. However, pre-trip inspections and regularly scheduled maintenance should prevent most of these problems. If either of these are the cause of the accident, then the accident was probably preventable by the driver.
5. Could the driver have exercised better judgment by taking an alternate route through less congested areas to reduce the hazardous situations encountered?
6. Could the driver have done anything to avoid the accident?
7. Was the driver's speed safe for conditions?
8. Did the driver obey all traffic signals?
9. Was the driver's vehicle under control?

Specific Types of Accidents

Intersection Collisions

Failure of our driver to yield the right-of-way, regardless of who has the right of way, as indicated by stop signs or light, is preventable. The only exception to this is when the driver is properly proceeding through an intersection protected by lights or stop signs and the driver's vehicle is struck in the extreme rear side of the vehicle.

Regardless of stop signs, stop lights, or right-of-way, a defensive driver recognizes that the right-of-way belongs to anyone who assumes it and should yield accordingly.

Questions to consider:

1. Did the driver approach the intersection at a speed safe for conditions?
2. Was the driver prepared to stop before entering the intersection?
3. At a blind corner, did the driver pull out slowly, ready to apply the brakes?
4. Did the driver look both ways before proceeding through the intersection?

"U" turns disrupt the normal smooth flow of traffic. Accidents which occur while this maneuver is being attempted are considered preventable.

Sideswipes

Sideswipes are often preventable. Defensive drivers do not get into a position where they can be forced into another vehicle or visa versa. Defensive drivers continuously check for escape routes to avoid sideswipes. For two lane roads, this means a driver should pass another vehicle only when absolutely certain that he or she can safely complete the pass. A driver should also be ready to slow down and let a passing vehicle that has failed to judge safe passing distance back into the lane.

A driver should make no sudden moves that may force another vehicle to swerve. If a driver sideswipes a stationary object while taking evasive action to avoid striking another car or pedestrian, such an accident may be preventable. However, you should consider what the driver could have done or failed to do immediately preceding the evasive action to be in the position of no other options.

A driver is also expected to anticipate the actions of an oncoming vehicle. Sideswiping an oncoming vehicle is often preventable. Again, evasive action, including leaving the roadway, may be necessary if an oncoming vehicle crosses into a driver's lane.

Drivers are expected to be able to gauge distance properly when leaving a parking place and enter traffic smoothly.

Questions to consider

1. Did the driver look to front and rear for approaching and overtaking traffic immediately before starting to pull away from the curb?
2. Did the driver signal before pulling away from the curb?
3. Did the driver look back rather than depend on only the rear-view mirrors?
4. Did the driver start into traffic only when this action would not require traffic to change its speed or direction in order to avoid his or her vehicle?

Head-On Collision

A head-on collision with a vehicle traveling into the wrong lane may be preventable if the driver could have pulled off the road or taken other evasive action to prevent collision. However, the driver should never drive into the other lane to avoid the oncoming vehicle. If the driver swerved off the road to avoid a head-on collision, the accident is non-preventable. The driver in this case made a good defensive driving decision, taking the lesser of two evils.

Skidding

Many skidding conditions are caused by rain, freezing rain, fog, and snow, which all increase the hazard of travel. Oily road film, which builds up during a period of good weather, causes an especially treacherous condition during the first minutes of a rainfall. Loss of traction can be anticipated, and these accidents usually are preventable. Driving too fast for conditions or choosing to drive in poor conditions are the most common reasons why these types of accidents are preventable.

Questions to consider:

1. Was the driver operating at a safe speed considering the weather and road conditions?
2. During inclement weather was the driver keeping at least twice the safe following distance used for dry pavement?
3. Were all actions gradual?
4. Was the driver anticipating ice on bridges, near curbs, in gutters, or in ruts?
5. Was the driver alert for water, ice, or snow in shaded areas, or on loose gravel, sand, ruts, etc?
6. Did the driver keep out of other vehicle tracks or cross them at wide angles?

**If the driver goes off the road or strikes another vehicle because of skidding the accident is preventable.

Pedestrian Collision

All types of pedestrian accidents, including collision with pedestrians coming from between parked cars, are usually considered preventable. There are few instances where the action of pedestrians is so unreasonable that the operator could not be expected to anticipate such an occurrence.

Questions to consider:

1. Did the driver go through congested sections expecting that pedestrians would step in front of the vehicle?
2. Was the driver prepared to stop?
3. Did the driver keep as much clearance between his or her vehicle and parked vehicles, as safely permitted?
4. Did the driver stop when other vehicles had stopped to allow pedestrians to cross?
5. Did the driver wait for the green light or stop for the caution light?
6. Was the driver aware of children and prepared to stop if one ran into the street?
7. Did the driver give all pedestrians the right-of-way?
8. Did the driver stop for a school bus which was stopped and properly signaling that passengers were loading or unloading?

Animal Collision

Collisions with animals are normally preventable, unless the movement on the part of an animal was unusual and unexpected. Usually, this type of accident occurs in sparsely populated areas after dark, which are well known to have deer and other animals present. Hence, often the inability to avoid collision is the result of overdriving the headlights, i.e. driving too fast for conditions.

Reversing A Vehicle

Reversing into another vehicle, an overhead obstruction, or a stationary object are normally preventable. The fact that someone was directing the driver in backing up does not relieve the driver of the responsibility to do it safely.

Questions to consider:

1. Was it necessary to reverse?
 - a. Did the driver plan ahead so that he or she could have pulled forward out of the parking space instead of reversing?

- b. Was it necessary to drive into the narrow street, dead-end alley, or driveway from which he or she backed out of?
2. If the driver could not see where he or she was backing to:
 - a. Did the driver try to get someone to guide him or her?
 - b. Did the driver look all around the vehicle before backing?
 - c. Did the driver back immediately after looking?
 - d. Did the driver use the horn while backing?
 - e. Were the back-up lights working?
 - f. Did the driver look to the rear without relying totally on the rear-view mirrors?
 - g. If the distance was long, did the driver stop, get out, and look around occasionally?
3. Did the driver back slowly?
4. Did the driver judge clearances accurately?

Parked Or Stopped Vehicle

Doors on our drivers' parked vehicles that are damaged when opened on the traffic side are considered preventable accidents. The driver is responsible for ensuring that the traffic side is clear of traffic, before any doors on that side are opened.

In most cases, if our driver, while driving, strikes a parked vehicle's opening door it is considered preventable. Usually our driver can see from a sufficient distance that the parked vehicle is occupied, and should therefore be prepared to stop, move towards the center line, or change lanes.

It is a driver's responsibility to park the vehicle so that it will remain stationary. A runaway type of accident is preventable and blaming such a collision on defective parking brakes or other holding devices are inadequate excuses. A good pre-trip inspection and maintenance program will eliminate most opportunities for this type of accident being the result of mechanical failure.

Accidents occurring when vehicles are properly and legally parked are considered non-preventable. Accidents occurring while the vehicle was double parked or in a "No Parking" zone are preventable.

Questions to consider:

1. Was the vehicle parked on the proper side of the road?
2. Was it necessary to park there or was there a safer, only slightly less convenient place nearby?
3. Did the driver have to park on the traveled part of the highway, on the curve, or on the hill?
4. When required, did the driver warn traffic by emergency warning devices?

5. Did the driver park parallel to the curb?
6. Was it necessary to park so close to an alley or directly across from a driveway?

Maneuvers

Obstructions can be avoided if the driver knows the height and width of the vehicle, pays attention to posted clearances, and takes the time to properly judge clearances.

Shifting Cargo and Cargo Damage

The accident should be considered preventable if the investigation shows a mechanical defect of which the driver was aware, a defect the driver should have found by inspecting the vehicle, or the driver caused by rough and abusive handling. It is a driver's responsibility to secure cargo properly to prevent damage to the cargo. Cargo should be safely stowed to prevent flying objects that can strike or distract the driver.

Cell Phone/Hand Held Device Use Policy

Champlain College recognizes that its employees are our most valuable asset, and the most important contributors to our continued growth and success. We are firmly committed to the safety of our employees. Champlain College will do everything possible to prevent workplace accidents and is committed to providing safe working environment for all employees.

To further this goal, Champlain College has developed a Cell Phone/Hand Held Device Use Policy effective 1/1/07.

Purpose:

Driver inattention is a factor in a majority of motor vehicle accidents. We are not only concerned about your welfare as a Champlain College employee, but also the welfare of others who could be put in harms' way by inattentive driving.

Mobile phone and other hand held device use while driving is a common, often harmful, distraction. Many countries and localities have prohibited use of such devices while driving. Researchers at the University of Toronto found the risk of having traffic accidents while using a cell phone or similar device to be the same as driving drunk. For these reasons, drivers may not use hand held devices to place work-related calls or while operating a vehicle on company business.

As a driver, your first responsibility is to pay attention to the road. When driving on Champlain College business, or driving while conducting business on behalf of the company in any other manner, the following applies:

1. Allow voicemail to handle your calls and return them when safe.
2. Pull off the road if placing/receiving a call is necessary.
3. Ask a passenger to make or take a call for you.
4. Inform regular callers of the best time to reach you based upon your driving schedule.
5. The only exception to this policy is for calls placed to 911.
6. If placing or accepting an emergency call, keep the call short and use hands-free options, if available.
7. When receiving an emergency call, ask the caller to hold briefly until you can safely pull your vehicle off the road.

Fleet Safety Acknowledgment Form

I hereby acknowledge that I have received and read a copy of the Champlain College Fleet Safety Program.
I agree to comply with the policies and procedures contained in the program.

TRANSPORTATION ASSUMPTION OF RISK, RELEASE AND INDEMNIFICATION AGREEMENT

Student's Name: _____

Event Participation. This is a Transportation waiver for my participation in the following event (the "Event") arranged by the Student Life Center at Champlain College:

_____. The date of the Event is: _____.

Own Transportation. Champlain has offered me transportation to and from this Event. I decline the transportation offered by Champlain and I will arrange for my own transportation. I understand that providing or accepting transportation to or from an Event in personal vehicles operated by Champlain College students, faculty or staff is unauthorized by the College and done at my own risk.

Assumption of Risk. I understand that I am responsible for my own safety and welfare and I assume full responsibility for all risks associated with my transportation to or from this event, as well as associated costs. I acknowledge that there are risks inherent in using or providing such transportation for myself or others, such as (but not limited to), inclement weather and hazardous road conditions. I understand the College is not responsible for my health and safety and the College assumes no liability for injuries or damage to me, other students or any third parties, or any property damage that may result from my use of transportation not provided by the College to attend this Event.

Release of Claims. I release and promise not to sue Champlain College and its employees, agents, officers, trustees, and representatives, from any liability or claim which I may have for any damages, losses, illness or injuries (including death) to my person or property arising out of or connected with my transportation of myself and/or others to or from this Event.

Indemnification. I agree to indemnify, defend, and hold harmless Champlain College and its employees, agents, officers, trustees, and representatives, from any liability, claims, damages, financial obligations, medical bills, losses or expense, including attorney fees, arising out of or connected with my transportation of myself and/or others to or from this Event.

By signing this agreement I intend to bind myself and my parents, family, spouse, guardian, heirs, executor, administrators and assigns. I certify that I am am not age 18 or older.

Visitor Parking & Miscellaneous Information

VISITOR PARKING

Guests of the College are strongly encouraged to park in off-site areas. In special circumstances, College guests may apply for a limited-time guest pass by contacting the Campus Public Safety Office at 802-865-5403 or by stopping at the office during regular business hours. Guest passes can also be obtained at the Public Safety Office .

Visitors: Please click [here](#) for a map of campus and off-site parking areas.

WEEKEND PARKING

Faculty, staff and students are allowed to park in any zone after 4:00pm on Friday until 8:00am Monday morning (EXCEPT in the Main Street Suites, which requires a special permit). The College reserves the right to close these lots during certain times of the year to accommodate parking for campus events.

PARKING FOR BREAK PERIODS

Parking lots designated for student use are closed during break periods. Parking during these times is not available. Students living on campus over a scheduled break should contact the Campus Public Safety Office to obtain instructions on where to park. This includes—but is not limited to—semester breaks and spring break.

VEHICLE BREAKDOWNS

If you are parking in a Champlain College lot and experience car trouble please contact the UVM Motor Assistance at 802-656-8686. The UVM motor assistance will be able to assist in jump-starts and provide numbers to garages and locksmiths. UVM motor assistance reserves the right to refuse this courtesy to owners of vehicles who appear to be abusing it. Please be aware that UVM does not do jump starts for vehicles parked on the street.

SNOW EMERGENCY

During various times throughout the year it may be necessary to close lots for snow removal. Parking will be allowed at the Gilbane Lot. Individuals are responsible for paying attention to weather conditions whether they are planning to use their vehicle or not. During these times, an announcement will be made through Head Residents, Resident Advisors or Area Coordinators, campus phone and/or College Web site. Vehicles found in the areas designated to be cleared may be ticketed or towed. Please also observe Burlington City snow removal procedures. The City will tow vehicles parked on the road during a snow ban without prior warning.

VEHICLE SAFETY TIPS

- Always lock your vehicle, even if you plan to be away from it for only a minute.
- When you park your car, do not leave valuables in plain sight.
- If you will be returning to your vehicle after dark, try to park under a light or near a building.
- When driving, keep your doors locked.
- If you believe that you are being followed, do not drive to your parking area, drive to a place where there are many people and call the local authorities.
- Report all unusual circumstances to the Campus Public Safety Office immediately.

IMPORTANT PHONE NUMBERS

- Life Threatening Emergencies: 9-1-1
- Champlain College Security: 865-6465
- Burlington Police: 9-1-1
- Burlington Fire Department: 9-1-1
- Champlain College Campus Public Safety Office; parking division: 865-5403

CATMA, CCTA & Other Programs

HELP IS HERE TO MAKE YOUR COMMUTE TO WORK/CAMPUS EASIER ON YOU AND YOUR WALLET!

INTRODUCTION

With the price of gas these days along with society's concern for the environment and the growing traffic congestion and parking situation, there has been an increasing interest and need for employers and commuters to seek other transportation options other than driving alone to work—riding a bike, walking, carpooling, telecommuting or taking the bus.

The Campus Area TMA (a.k.a. CATMA) and Champlain College provide employees and students with programs, services and incentives encouraging and enabling people to choose alternate travel modes to get TO and FROM work/class.

CATMA was established in 1992 as a formal association of Fletcher Allen Health Care, Champlain College, the University of Vermont and the American Red Cross to jointly plan, manage and share transportation and parking resources. It is a collective mission of CATMA members to provide safe, convenient and economical transportation and parking solutions to the institutions and health care organizations located in a shared common area known as "The Hill" or the Campus District.

BIKE/WALK REWARD PROGRAM

Employees receiving salary and benefits from Champlain College are eligible to participate and register in CATMA's award winning Bike/Walk Reward program. This program rewards employees who bike and/or walk TO AND FROM work at least three times a week for two four week blocks with a \$15 gift card. You can choose a gift card from either Ski Rack, City Marketor Merrill's Roxy Cinema .

When you register for this program, CATMA will send you a "welcome packet" which includes a Bike/Walk Bucks Reward Card. There are two 4-week blocks listed on the card, and you write in the dates that you bike or walk TO AND FROM work. When you complete the required weeks, simply return the card to CATMA and we'll send you your requested \$15 gift card with another blank Bike/Walk card. The program is flexible in that you can participate on a 4-week basis as it fits with your schedule and cooperative weather!

All Bike/Walk program participants are automatically enrolled in CATMA's Emergency Ride Home Program, a FREE taxi ride home in the event of an emergency, including a breakdown of your bicycle!

CONFIDENTIAL CARPOOL MATCHING SERVICE - RIDESWORK - 656-RIDE

RIDESWORK is a free, confidential carpool matching service personally provided by CATMA staff. CATMA's database includes people who are interested in finding a carpool partner(s) as well as existing carpools who are accepting additional members. CATMA's database is unique in that it consists of employees who are employed and commuting to "the hill" and downtown Burlington .

CATMA's website has current RIDESWORK listings updated regularly, so if you're interested in carpooling, check it out. The ads are listed under various cities and towns, so you can quickly view ads from the town and/or park & ride closest to you. For confidentiality purposes, your name is not listed in the ad, only your CATMA member number.

If you are interested in joining a carpool or seeking additional members, simply register online at www.catmavt.org or call CATMA at 656-RIDE. Your carpool ad will then be posted on CATMA's website.

All carpool participants who register with CATMA are also covered by the Emergency Ride Home program.

Here are a few reasons why you might consider carpooling: fewer vehicles on the road meaning a less congested highway and "hill" area; better air quality; a chance to enjoy the view; relaxing while someone else drives; meeting new people; and saving all that gas and money!

UNLIMITED ACCESS "FREE BUS RIDE" PROGRAM

All Champlain College faculty, staff and students can ride any CCTA bus anytime, anywhere, including the LINK Express routes for FREE. Just show the bus driver your ID then swipe it through the fare box card reader. If you need to take more than one bus to get to your destination, YOU MUST ask the driver for a transfer before you leave the bus.

Keep in mind that all Champlain College employees who are riding the bus on a regular basis qualify for CATMA's Emergency Ride Home program. This is a FREE taxi cab ride home in the event of an emergency on a day you took the bus (up to \$60/ ride). You must register with CATMA as a bus rider in order to use this program.

There are CCTA Bus Map & Guides that provide you with specific route and schedule information. You can pick up a Bus Guide at various Champlain College campus locations; at www.cctaride.org or at CATMA.

EMERGENCY RIDE HOME PROGRAM

This FREE Emergency Ride Home Program is available only to employees who don't drive alone to work, and either carpool, vanpool, ride with a family member, bike, walk or take the bus. You MUST register with CATMA as an alternate commuter in order to receive this FREE emergency taxi ride. Once you register, you will receive a "welcome packet" from CATMA which includes a Commute Smart Card with your name, employer and CATMA Member Number.

If an emergency arises on a day that you used an alternate commute mode, you simply call the cab company directly to make your emergency ride arrangements. You MUST have your CATMA Commute Smart Card to show the cab driver. The Emergency Ride Home program will pay up to \$60 of the fare (approximately 40 miles), so you will be responsible for any additional charges, including the tip, so it's good to keep some extra cash with you. Members can use this program up to twice a month or eight times a year.

Champlain College students who park offsite at the Gilbane lot , or who reside at Quarry Hill or Spinner Place will be issued a CATMA Emergency Ride Home Card to their campus mailbox. This CommuteSmart card enables students to get to/from main campus and these sites when shuttles or CCTA buses are not running. Instructions for use of this program can be found on the back of the CATMA card. These cards are issued to eligible students at the onset of each semester. If a student at these sites hasn't received their card please send an email to: riden@champlain.edu.

MONTHLY DRAWINGS

Every month, CATMA does FOUR drawings of two \$15 certificates and two \$10 certificates to either Three Tomatoes, VT Pub & Brewery or Penny Cluse Cafe. The winners are selected from everyone registered with CATMA as an alternate commuter and are posted on the CATMA website.

CarShare Vermont

WHEN YOU NEED A CAR, SHARE ONE!

CarShare Vermont is a local car-sharing service with a network of cars parked around town available for its members to use whenever they want to go wherever they want. Champlain College is pleased to have partnered with CarShare Vermont to make this convenient service available to our community—the shiny, black Subaru Imprezas parked in the McDonald Lot are part of CarShare Vermont's fleet (which includes hybrids and trucks, too), and they're available for everyone to enjoy.

To start sharing, visit www.carsharevt.org/campus-programs and become a member. Then you can reserve a car online or by phone 24/7, access it with your very own key, and get to where you need to go. With low rates that include gas, insurance, and parking, you save money and time. CarShare Vermont is easy, fun, and affordable, and it's great for the environment, too!

CARSHARE VERMONT FOR CAMPUSES

Through a special partnership between the Campus Area Transportation Management Association (CATMA) and CarShare Vermont, full-time students, faculty, and staff at Champlain College can take advantage of a great deal! Your campus is covering the full cost of our Share-a-Lot annual membership fee for one year — this is a **\$150 discount!** You'll pay for:

- \$30 enrollment fee
- Our lowest driving rates for 12 months (see Share-a-Lot driving rates)

To start sharing, visit www.carsharevt.org/for-campuses/ and become a member.

To learn more about CATMA, visit www.catmavt.org

CARSHARE VERMONT—GO WHERE YOU WANT!

Tired of trudging down to Gilbane every time you need to use your car? Or worrying about snow bans, shoveling, and constantly shuttling cars around? Sick of dealing with car repairs and finding parking? Perhaps you should consider car-sharing. With the great bus and shuttle systems, and everything so walkable, there's really no reason to take on the extra costs and hassles of owning a car!

With CarShare Vermont you can get where you want, pay only for what you use (we even pay for gas!), and be free from the annoyances and responsibilities of having your own car! That leaves more time (and money) for fun! (umm. . . or studying, of course). Learn more at www.carsharevt.org/for-campuses or by calling 802.861.2340.

Shuttle Information

The Champlain College shuttles to the Gilbane lot/Lakeside, Spinner Place and Quarry Hill are essential to the success of the college parking policy.

SHUTTLE BUS LOCATOR MAP

Click [Here](#) to access the shuttle bus locator map. The location of the bus is updated every 5 seconds.

GILBANE LOT/LAKESIDE AVENUE SHUTTLE

The Lakeside Avenue shuttle runs from 7am to 9pm Mon- Fri providing scheduled service to the college, and the Gilbane/Lakeside Avenue lots.

FLETCHER ALLEN - MEDICAL CENTER AND UHC CAMPUSES AND DOWNTOWN BURLINGTON - FALL 2012

Sec. 8.3.3 (a)

Employment

Fletcher Allen (FA) employs a total of 5,554 individuals associated with the Burlington campuses. The majority of these employees are assigned to the Medical Center Campus, the UHC Campus, and One Burlington Square, which are all located in the City of Burlington. There are an additional 1,264 non-paid staff, all at the Medical Center Campus (MCC). The breakdown is as follows:

PAID EMPLOYEES

	MCC	UHC	Downtown Burlington*
<u>Full-time</u>			
Day Shift	2,392	474	221
Evening Shift	339	8	11
Night Shift	446	6	5
FT Un-ID'd Shift	150	39	1
	<u>3,327</u>	<u>527</u>	<u>238</u>
<u>Part-time</u>			
Day Shift	512	73	4
Evening Shift	117	6	0
Night Shift	104	0	0
PT Un-ID'd Shift	22	4	0
	<u>755</u>	<u>83</u>	<u>4</u>
<i>TOTAL EMPS BY SITE</i>	4,082	610	242

Total FT & PT Emps All Sites: 4,934

Per Diem All Sites: 620

Total Employees 5,554

Unidentified Shift employees are most likely day-shift

* Downtown Burlington numbers include One Burlington Sq. and Corporate Plaza

FLETCHER ALLEN

NON-PAID STAFF (all at Medical Center Campus)

Physicians with Privileges (Including Visiting/Consulting Physicians)	194
Retired Physicians	190
Volunteers	880
TOTAL NON-PAID STAFF	1,264

Sec. 8.3.3 (b)

Parking Demand

Peak Parking Demand

The total parking demand is tied directly to the availability of empty spaces. The total number of parked vehicles as well as vacant spaces were counted for each parking lot and summarized by zone. These counts represent an average of the counts taken over a three-day period at both the AM and PM peak demand period and demonstrate a surplus of 299 spaces for Medical Center in AM Peak, 152 for the PM Peak. Further, there was a surplus of 61 spaces on the UHC campus in the AM Peak, 86 in the PM Peak. Please note these do not include either the loading docks or the Emergency parking lot, or the surface lot on the west side of the McClure garage (service vehicle parking)

Table 1: Parking Lot Capacities and Empty Space Count

FA Peak Demand Lot Counts - Fall 2012				
Medical Center Campus AM Peak	Capacity	Occupied Spaces - Peak Demand	Empty Spaces	Percent Full
ACC Garage *	1074	834	240	78%

UVM Gutterson Rotator	53
Centennial Day	256
Centennial Rotators.....	96
South Lot.....	448
UVM Catamount East Day	448
UVM Catamount East Rotator.....	128
Evening/Night.....	1168
Total Vehicle Permits	6,821

All employee vehicles must display a current Fletcher Allen parking permit for the parking lot to which they are assigned. The permits are color coded to quickly identify the shift the registered employee is assigned to work and the lot the employee is to park in. The lots are patrolled by the Fletcher Allen Security staff.

At the Fletcher Allen UHC campus, 85% of all parking involves patient and public parking. Employee parking on-site is not routinely available. Only the most senior staff and those employees who use their vehicles for business or who carpool (2 persons minimum) is permitted to park on-site on any given day. All other employees must use satellite parking facilities at Centennial. (All Physicians are allowed to park on-site). Additionally, Fletcher Allen employees working at One Burlington Square are offered parking at the Gilbane lot off Lakeside Ave and ride Fletcher Allen shuttle to/from One Burlington Square.

Sec. 8.3.3 (d)

Programs, Policies, and Incentives

Fletcher Allen is concerned about increasing parking needs, and has implemented a number of actions and programs to provide positive incentives to help reduce parking demand.

Transit Passes and Discounts: Since the early 1980’s, CCTA busses on the Burlington/Essex Route have passed through Fletcher Allen’s Medical Center campus. To facilitate bus access, Fletcher Allen widened the intersection and entrance road from Colchester Ave. and Hospital Dr. to service bus passengers. The CCTA buses on the Burlington/Essex route, the College Street Shuttle route and the LINK Express routes all stop at the ACC entrance. Since spring 1995, Fletcher Allen has subsidized the cost of CCTA bus passes for employees choosing to ride the bus. Fletcher Allen offers the 50% subsidy on local CCTA bus routes and a 25% subsidy on all LINK Express routes. In addition, Fletcher Allen offers all employees a 25% subsidy on Lake Champlain Ferry passes. Passes for both CCTA and the Lake Champlain Ferry are sold to employees at the Security offices on the Medical Center Campus and the UHC campus. Payroll deduction is available.

Current participation is as follows:

Service	Average Sold Per Month
CCTA Local Service: Monthly Pass	43
CCTA Local Service, Senior/Disabled: Monthly	4
CCTA Local Service: 10 Ride Pass	81
CCTA Local Service Senior/Disabled: 10 Ride Pass	7
CCTA LINK Express: Monthly Pass	12
CCTA LINK Express Local Commuter: Monthly Pass	3
CCTA LINK Express: 10 Ride Pass	64
CCTA LINK Express Local Commuter: 10 Ride Pass	27
Champlain Ferry: Car and Driver Monthly	118
Champlain Ferry: Passenger 10 Ride	26
Champlain Ferry: Motorcycle 20 Ride	2

FLETCHER ALLEN

Carpool: Carpooling has occurred for a number of years at Fletcher Allen. This year saw a significant increase in both the number of participants registered as well as the number of carpools with FA. Additionally, there are a number of Fletcher Allen employees registered with CATMA as carpools. These individuals are not included in our number, as they carpool with non-FA employees and therefore do not qualify for the FA incentives. They do however qualify for the incentives provided through CATMA including the Emergency Ride Home (ERH) Program. Currently, there are 945 Fletcher Allen employees registered with CATMA and/or looking for a carpool in the ERH Program. Through CATMA, FA participates in “RidesWork”, a free, confidential carpool matching service. Carpool listings and registration forms appear on the CATMA web site where they are updated regularly. FA carpools with at least two occupants may park on-site in the Medical Center South lot, on-site at UHC or they can park in the satellite lot of their choice. Fletcher Allen continues to offer 50¢ gas coupons for each registered Fletcher Allen employee on a day that they carpool with other Fletcher Allen employees.

Bike/Walk: In May of 2001 CATMA launched a Bike/Walk Reward Program for its member institutions. All Fletcher Allen employees who commute to Medical Center campus, UHC, or One Burlington Square are eligible to join. Participants who commit to walking or biking to and from work at least three days a week can register in the program. At the end of each month, CATMA invoices FA for the number of \$15.00 gift cards issued to FA employees. As of the end of October 2012, FA has reimbursed CATMA for gift cards totally \$83,365.00 since 2001.

The Bike/Walk program, along with all the other TDM programs offered through Fletcher Allen and CATMA, led to the EPA’s placing FA on the first-ever list of **New England’s Best Workplace for Commuters** in October 2003. Fletcher Allen received this designation by meeting a National Standard of Excellence. The designation spotlights employers that are committed to reducing traffic and air pollution and improving quality of life for their commuters. Starting in October 2006, the oversight and funding for the Bike/Walk Program moved to the Fletcher Allen Wellness Department. This move reflects the strong tie created between CATMA and our Wellness programs. In August 2006, CATMA and Fletcher Allen were honored with a first prize in the Association for Commuter Transportation (ACT) International Award. ACT annually honors outstanding achievements and recognizes significant contributions made by individuals and organizations to commuter transportation management. The nomination submitted: **Partnership Campaign: Connecting Commuting Alternatives and Wellness**, highlighted the partnership established between FA’s Wellness department and CATMA and the positive results from that partnership. A complete description of all the CATMA TDM programs and services, which are available to FA constituents, can be found in the CATMA section of this Plan.

Commuter Challenge: Fletcher Allen continues to take part in the annual **Way-to-Go Commuter Challenge**. For the May 2008 event, Fletcher Allen set a goal to get 350 employees to participate, up from the 191 who registered to participate in 2007. The final number of Fletcher Allen registrants for 2008 was 398, which won Fletcher Allen the First Place award for the largest percent of employees participating in the Major Employer category. In 2009, 418 Fletcher Allen employees participated, which once again won the First Place award for the largest percent of employees participating in the Major Employer Category. In 2010, 359 Fletcher Allen employees participated, and was awarded Honorable Mention in the Major Employer Category. Fletcher Allen once again won First Place for macro employer during the 2012 WTG Challenge, for the second year in a row, with 425 registered employees.

In 1996, Fletcher Allen entered into an agreement with CCTA and the City of Burlington to expand the route of the College Street Shuttle so that it services FA employees at One Burlington Square and runs through both the UHC and the Medical Center campuses. This increase in service benefits both our constituents and staff in their need to travel between campuses.

Fletcher Allen periodically provides updates and publicizes the various parking demand reduction programs to in-house constituencies through a number of methods, including in-house TV, *Fletcher Allen One*, Employee Parking Guide, Policy and Procedure Manual, and the Employee Handbook, and the Employee Benefits Guide.

Sec. 8.3.3 (e)

Monitoring, Compliance and Enforcement Systems

All parking lots are patrolled by the Fletcher Allen Security Staff.

SUBJECT: FLETCHER ALLEN PARKING POLICY

PURPOSE:

The Fletcher Allen Parking Policy is intended to outline the procedures utilized by the Security Department to manage parking at the three main Fletcher Allen campuses.

POLICY STATEMENT:

The policies associated with the Fletcher Allen Security Management program have been developed to document established procedures and practices utilized by the Fletcher Allen Security Department.

Section 1	Introduction
Section 2	Vehicle Registration
Section 3	Parking Permits
Section 4	Parking Regulations
Section 5	Parking Penalties
Section 6	Medical Center Campus Parking
Section 7	UHC Campus Parking
Section 8	Fanny Allen Campus Parking
Section 9	Parking Alternatives

SECTION 1 INTRODUCTION

The parking systems and regulations described in this document are intended to safely maximize the use of our available parking spaces and at the same time allow for flexibility to meet the continuously changing parking demand at the Fletcher Allen three main campuses (Fanny Allen, Medical Center, and UHC).

Compliance with these regulations is necessary to ensure adequate parking for our patients and visitors.

SECTION 2 VEHICLE REGISTRATION

All Fletcher Allen staff and affiliates who wish to park their vehicles in a Fletcher Allen controlled parking lot must register their vehicles with the Fletcher Allen Security Department:

Medical Center Campus – The Security Office at the Medical Center Campus is located in Engineering Room 401 and is open between the hours of 8:00 am - 4:00 pm, Monday - Friday. After normal business hours Security staff are available within the Medical Center complex 24 hours a day. Call 847-2812 to meet with a Security Officer and obtain a vehicle registration form.

Fanny Allen Campus – Security staff are available Monday – Friday, 7:30 am to 3:30 pm. Dial 847-6084 or page 121-5565 to contact the on duty Security Officer. After business hours, send an email message to securityservices@vtmednet.org.

UHC Campus – The Security Office at the UHC Campus is located in Arnold building, room 1420D and is open from 6:30 am to 2:30 pm, Monday – Friday. After business hours, leave a message on telephone number 847-0939 and a Security Officer will contact you or send an email message to securityservices@vtmednet.org

New Employees and Employees Transferred from one campus to another – Make arrangements to register your vehicle within five (5) days of employment or transfer.

Registration Period – All vehicles are registered as frequently as required by the Security Department. If necessary, an expiration date is displayed on the permit.

New Shift Assignments – Staff who permanently change work shifts are responsible for obtaining the appropriate parking permit for their shift assignment.

SECTION 3 PARKING PERMITS

Permit Required – All Fletcher Allen staff and affiliate vehicles parked at one of the three main campuses or at a satellite parking lot used by one of the three main campuses must display a current Fletcher Allen parking permit as described below.

Rearview Mirror Hang Tags – *One hang tag is issued to each registered person* regardless of the number of vehicles the person owns and registers. The removable hang tag allows the operator to move the permit from one registered vehicle to another. The tags are color coded and individually numbered to quickly identify the shift the employee is assigned to work and the parking lot the vehicle is assigned to park.

Display of Permits – The hang tag is to be hung from the rear view mirror so the printing faces the windshield.

Colors and Numbering – All hang tags are color coded and sequentially numbered. The color indicates the parking assignment (on-site lot or satellite lot) and the individual number is used to quickly identify the owner of the vehicle in the event of an emergency.

“Emergency On Call” Permits (Medical Center Campus) – Staff working in departments that take “Emergency On Call” are issued special hang tags that authorizes them to park in the ACC garage (green or purple level) when they are called in for emergencies during non-working hours (this does not include being called in because of a scheduling shortage). The permit does not authorize parking in the garage during regularly scheduled work hours (only when the employee is called while off duty).

“Immediate Post Shift Call” Permits (Medical Center Campus) – Staff who qualify for Immediate Post Shift Call are issued a special hang tag that authorizes them to park in the ACC garage (green or purple level) on days that they are scheduled to take immediate post shift call. These employees may not park in the ACC garage on the days their name is not on their departmental immediate post shift call schedule.

Temporary Hang Tags (Yellow paper) – These tags are issued to people who require a special parking assignment for a short period of time or to people who obtain a parking assignment in an area that the existing permits do not address. These permits are individually numbered and must be authorized by the Director of Security or the Security Manager.

Business Needs Permits (Medical Center and UHC Campuses) – A limited number of Business Needs permits are available to staff who use their personal vehicles to frequently come and go from the Medical Center Campus or from the UHC campus for business reasons. Business Needs parking is limited to staff whose job performance

would be severely compromised by having an offsite parking assignment. The number of Business Needs permits issued varies based on parking space availability at each campus. Once the maximum number of Business Needs permits has been issued, the Security Office will establish a list of staff requesting a Business Needs parking permit. Additional permits will be issued to staff on the waiting list as parking spaces become available. "Business Needs Waiver Forms" are available at the Medical Center Campus Security Office or at the UHC Campus Security Office. (Note: all appropriate signatures must be obtained before the business need request is considered.)

Medical Needs Permits – Employees who are requesting a temporary or long term parking accommodation due to a medical condition must complete a "Parking Accommodation Request" form and send the completed form to the Security Office, Medical Center Campus, Engineering 4. Your physician must complete the "Physician Note" section of the form. The completed document will be reviewed and if approved, a parking assignment made based on the information provided. The parking assignment may be an on-site assignment or a satellite parking assignment based on the circumstances.

Property of Fletcher Allen – All parking permits are the property of Fletcher Allen Health Care and must be surrendered at the request of the Security Department.

SECTION 4 PARKING REGULATIONS

The following regulations apply to all onsite parking and satellite parking locations. In addition to these regulations, staff assigned to park in a satellite lot must abide by the satellite lot parking regulations established by the owner of the satellite parking lot.

- Park in only one parking space.
- Parking only in designated parking spaces (not on the grass or in a travel lane).
- Park only in the lot designated for your parking permit and only in an identified parking spaces, unless instructed to park elsewhere by Security personnel.
- Comply with all signs designed to regulate parking and facilitate the flow of traffic.
- Park in the lot only while you are working or on official Fletcher Allen business. *Parking in the lot to attend school or other non-work related functions is not permitted.*
- The parking permit may not be "loaned" to other employees, friends, or family members. Only the registered employee may park in their assigned parking lot.
- During winter months, a Winter Parking Ban is in effect. There is no overnight parking in surface lots that are exposed to the weather and must be cleared of snow and ice.
- Notify Security if your vehicle will be left in a parking lot for more than 24 hours (Overnight or long term parking for vacations, conferences, field trips, etc is not permitted. Security staff will instruct you on the best parking location for these long term parking needs.)
- Employees may only register and park vehicles that fit within one space. Oversize vehicles, trailers, and R.V.'s are not permitted.
- When driving, pedestrians will be given the right of way. Operators who drive in a careless and negligent manner may lose the privilege of parking on Fletcher Allen property or in a Fletcher Allen satellite parking lot.
- Fletcher Allen Health Care is not responsible for theft, vandalism, or damage to vehicles or their contents while the vehicle is parked or operated on Fletcher Allen property or in a Fletcher Allen satellite parking lot. We encourage motorists to lock their vehicles at all times and store valuables in such a way that they can not be seen from outside the vehicle.
- **Proximity Cards (Medical Center Campus)** – many of the parking lots at the Medical Center Campus are controlled by card access.
 - **Individually Numbered** – The cards are individually numbered and assigned to an individual user or group of users that is identifiable by the card number.
 - **Not to be Shared** – Individually assigned proximity cards are not to be loaned to others.

- **Lost or Stolen** – Lost or stolen cards must be reported to the Security Department immediately. (Note: There is a \$6.00 charge for lost or stolen proximity cards.)

SECTION 5 PARKING PENALTIES

Fines – Vehicles parked or operated on Fletcher Allen property in violation of the parking regulations will be assessed a ten-dollar (\$10.00) fine for each violation. The fine may be paid at the cashier’s counter of the Business Office on the Medical Center Campus (ACC, Level 3) or the employee may have the fine deducted through payroll deduction.

Repeat Offenders – Motorists who repeatedly violate Fletcher Allen parking regulations will be subject to the following actions:

- Their vehicle will be towed from Fletcher Allen property at the vehicle owner’s expense.
- Notice of the violations will be forwarded to their immediate supervisor for their awareness and for corrective action, if appropriate. For a description of the corrective action steps that could result from parking violations, please refer to Corrective Action Policy HR-E-02 on Intradoc.
- Future parking in Fletcher Allen parking lots may be denied.

Towing – All vehicles parked in violation of the regulations set forth in this document are subject to being towed without notice at the vehicle owner’s expense. Violations that warrant immediate tow include:

- Vehicles parked contrary to a verbal instruction issued by a Security Officer attempting to control the flow of traffic or efficiently park vehicles.
- Vehicles parked in Fire Lanes or obstructing fire hydrants.
- Vehicles parked in such a way they block or impede the continuous flow of pedestrian or vehicular traffic.
- Unauthorized vehicles parked in handicap spaces.
- Vehicles that have been identified as having multiple violations.
- Vehicles violating the Winter Parking Ban during snow removal periods.
- Abandoned vehicles that have been parked for three or more days.
- Unauthorized vehicles parked in specially marked parking spaces (Examples: Hope Lodge, Special Needs, and other parking spaces marked for special parking).
- Vehicles parked blocking the Emergency Department Ambulance bay or parked in spaces reserved for ambulances.
- Vehicles registered to staff who, in an attempt to escape detection, remove the hanging permit to park in an unauthorized parking area.

APPEALS OF PARKING PENALTIES – Motorists wishing to appeal a ticket, boot, or tow must notify the Security Department in writing within five (5) calendar days of the violation. If an appeal is not received within five days of the violation, the violation will be recorded and future violations will result in the vehicle being towed from Fletcher Allen property at the owner’s expense. The steps of the parking penalties appeal process are as follows:

- 1) Discuss the appeal with the Security Manager at the Medical Center Campus Security Office. If the appeal can not be resolved during this discussion, submit a written appeal to the Director of Security.
- 2) The Director of Security will review the written appeal and contact the employee to discuss the violation. If resolution can not be obtained at this level, the Director of Security will document his findings and forward the appeal to the Vice President of Hospital Services.
- 3) The Vice President of Hospital Services will make the final decision in the matter.

NOTE: The above appeal process does not apply to Corrective Actions issued by a supervisor in response to repeated parking violations.

SECTION 6

MEDICAL CENTER CAMPUS PARKING

Parking Assignments at the Medical Center Campus:

There are approximately 2,100 parking spaces at the Medical Centre Campus. Approximately 1,000 parking spaces a day are required to meet patient and visitor parking needs. The remaining 1,100 parking spaces at the Medical Center Campus are utilized by staff, volunteers, community physicians, vendors, and other non-patient visitors. Overflow parking is accommodated in off-campus satellite parking lots.

On-Site Parking Assignments – Parking permits for parking in on-site parking lots are issued as follows:

- All evening and night shift staff.
- All attending physicians and residents.
- Staff with “Business Needs” waivers.
Note: A limited number of Business Needs permits will be issued. Once the maximum number of Business Needs permits are issued, a waiting list will be established and additional permits will be issued as parking space becomes available. (See Section 3 for more information on Business Needs parking)
- Day shift staff who work hours when shuttle services are not operating.
- Senior day shift staff (based on date of hire)
Note: The number of senior day shift staff permitted to park on-site may fluctuate based on inpatient and outpatient activity. *When it becomes necessary to reassign staff from on-site lots to satellite lots, the least senior staff holding on-site parking permits will be reassigned to a satellite parking lot.*

Satellite Parking Assignments – Like onsite parking assignments, satellite parking assignments are made based on the employee’s date of hire. Whenever possible, home address and direction of travel to and from the Medical Center Campus will be considered when making the assignment. When a preferred satellite lot assignment is not immediately possible, the employee’s name will be placed on a waiting list and reassignment to the preferred satellite lot will occur as parking spaces become available.

Parking Lot Uses at the Medical Center Campus

Parking lot use may vary based of circumstances, but in general, the parking lots are utilized as follows:

South Lot (425 spaces) – This parking area is controlled by a card access system and is designated parking for valet parking, staff with seniority and car poolers. In addition, a portion of the South lot (at the north end) is used for valet parking.

Emergency Department Parking Lot (47 spaces) – The parking lot outside the Emergency Department is reserved for patients who require emergency medical treatment, physicians responding to emergency calls to treat patients in the E.R., ambulances, and law enforcement vehicles.

McClure Parking Garage (317 spaces) – The parking garage is controlled by a card access system and is designated parking for Residents and Business Needs. In addition, a portion of the surface parking lot on the west side of the McClure garage is designated motorcycle parking during the motorcycle season.

ACC Parking Garage (1224 underground parking spaces) – This parking area is controlled by parking booth attendants and access card readers. It is a pay parking lot (hourly rates) for patients and visitors and a non-pay parking area for authorized physicians and staff. (Note: Staff may not pay to park in the ACC parking garage during scheduled working hours. During working hours all staff must park in their assigned parking area.)

Satellite Parking Lots – Various satellite parking lots are utilized to supplement the Medical Center Campus parking needs. The satellite lots are serviced by shuttle systems that transport staff to and from the lots throughout the day. These lots are:

- UVM Catamount East Lot (285 spaces – Medical Center staff)
- UVM Centennial Parking Lot (200 mixed use spaces – shuttle service for UHC staff, walking lot for Medical Center staff and contractors)
- UVM Gutterson Lot (176 spaces – Medical Center staff)
- Fanny Allen Satellite Lot (155 Fletcher Allen spaces- Medical Center staff)

SECTION 7 UHC Campus Parking

Parking Assignments at the UHC Campus:

On-Site Parking Assignments – Parking permits for parking in on-site parking lots are issued as follows:

- All evening and night shift staff.
- All attending physicians and residents.
- Staff with “Business Needs” waivers.
Note: A limited number of Business Needs permits will be issued. Once the maximum number of Business Needs permits are issued, a waiting list will be established and additional permits will be issued as parking space becomes available. (See Section 3 for more information on Business Needs parking)
- Day shift staff who work hours when shuttle services are not operating.
- Senior day shift staff (based on date of hire)
Note: The number of senior day shift staff permitted to park on-site may fluctuate based on patient activity. *When it becomes necessary to reassign staff from on-site to satellite parking, the least senior staff holding on-site parking permits will be reassigned to the satellite parking lot.*

Satellite Parking Assignments – All UHC staff not assigned onsite parking are assigned satellite parking at the UVM Centennial Field parking lot. Shuttle busses are used to transport staff to and from the Centennial Field parking lot.

Parking Lot Uses at the UHC Campus:

Parking lot use may vary based of circumstances, but in general, the parking lots are utilized as follows:

Onsite UHC Parking Spaces – There are 515 parking spaces at the UHC Campus. The parking spaces are utilized as follows:

- **Lot A (Horseshoe)**, 47 spaces – 27 of the 47 spaces are designated handicapped parking for handicapped patients and visitors. The remaining 20 spaces are used for patient and visitor short term parking or patients and visitors with mobility issues.
- **Lot B**, 178 spaces – 153 spaces are used for patient parking and 25 spaces are used for staff and vendor parking.
- **Lot D**, 197 spaces – Employee parking for Fletcher Allen staff assigned to the parking lot and displaying the appropriate parking permit.
- **Pearl Street Lot**, 35 spaces – Employee parking for Fletcher Allen staff assigned to the parking lot and displaying the appropriate parking permit.
- **Taft School Lot**, 58 spaces – Employee parking for Fletcher Allen staff assigned to the parking lot and displaying the appropriate parking permit.

Satellite UHC Parking Spaces – Approximately 110 parking spaces at the UVM Centennial Field parking lot are used for UHC staff parking.

SECTION 8 Fanny Allen Parking

Parking Assignments at the Fanny Allen Campus:

Onsite Parking Assignments – All Fanny Allen staff are assigned onsite parking in parking lots 2 and 3.

Satellite Parking Assignments – No Fanny Allen staff are assigned satellite parking, but approximately 150 parking spaces on the east side of parking lot 2 are used as satellite parking spaces for Fletcher Allen staff shuttling to and from the Medical Center Campus.

Parking Lot Uses at the Fanny Allen Campus:

There are a total of 591 parking spaces at the Fanny Allen Campus.

The parking spaces at the Fanny Allen Campus are color coded:

- Red Painted Spaces = Patient and Visitor parking
- Yellow Painted Spaces = Fanny Allen employee parking
- Green Painted Spaces = Physician parking
- White Painted Spaces = Satellite parking for Medical Center Campus

Parking lot use may vary based of circumstances, but in general, the parking lots are utilized as follows:

Parking Lot 1, 80 spaces – All 80 spaces are used for patient and visitor parking. (No employee parking is permitted in Lot 1.)

Parking Lot 2, 152 spaces – All 152 spaces are used for employee parking. (Patients and visitors from Lots 1 and 4 may overflow into Lots 2 and 3, if necessary.)

Parking Lot 3, 98 spaces – All 98 spaces are used for employee parking (Patients and visitors from Lot 1 or 4 may overflow into Lots 2 and 3, if necessary.)

Parking Lot 4, 95 spaces – The parking spaces closest to the building are painted Red for patient and visitor use. The parking spaces on the south edge of the parking lot are painted Green for physician parking.

Shuttle Lot, 155 spaces – The shuttle lot is located on the east side of Lot 2 and is used for Medical Center Campus employees assigned to shuttle to and from work at the Medical Center Campus.

SECTION 9 PARKING ALTERNATIVES

Fletcher Allen Health Care offers incentive programs designed to encourage alternative means of transportation to and from the Medical Center Campus and the UHC Campus.

Note: Contact the Fletcher Allen Security Department (8472812) for the most up to date information.

These programs include:

Car Pooling – Registered car poolers with two or more participants obtain the following incentives:

- .50 cent gas coupons for each registered person in a vehicle.

- Vehicles with two or more occupants may park on-site. (At the Medical Center Campus, onsite car pool parking is in the South Lot.)
- Guaranteed Ride Home Program – Available through the CATMA (Campus Area Transportation Management Association). Call 656-7433. Taxi vouchers are available for car poolers who must leave work because of an emergency or for those who miss their ride home because of work related reason.

Note: Fletcher Allen Health Care is a member of the Campus Area Transportation Management Association (CATMA). Members of CATMA include Champlain College, the City of Burlington, Fletcher Allen Health Care, the University of Vermont, and the American Red Cross.

- Rides Work – Match car pooling needs through CATMA publication, “RidesWork”. Call 656-7433.

Note: Car pool privileges are revoked immediately for staff who violate car pool regulation (see written car pool regulations).

Discount Bus Coupons – CCTA bus passes at discounted prices for Fletcher Allen staff:

- Local CCTA Service – 50% off – Fletcher Allen subsidizes 50% of local fees for Fletcher Allen staff.
- CCTA Link Express – 25% off – Fletcher Allen subsidizes 25% of local fees for Fletcher Allen staff.
- Payroll deduction available.
- Passes obtained at the Medical Center Campus Security Office and the UHC Campus Security Office.
- Monthly and 10 Trip passes are available for most CCTA programs.

SUBJECT: Car Pooling Policy

PURPOSE: This policy is intended to outline the Fletcher Allen Car Pool Program. The policy describes the process for registering a car pool group, the incentives available to car pool participants, and the enforcement of the program.

POLICY STATEMENT: Car pooling benefits employees, the organization, the community, and the environment. The employee benefits by reducing travel costs, the organization benefits by reducing parking demand, the community benefits by reduced traffic, and the environment benefits by reduced vehicle emissions.

All Fletcher Allen employees are encouraged to car pool or use public transportation. Fletcher Allen, in coordination with the Campus Area Transportation Management Association (CATMA), has developed incentives for selected Fletcher Allen campuses to encourage car pooling. These incentives are designed to reduce parking demand and traffic congestion during peak periods of the business day.

Fletcher Allen car pool incentives are available at the following locations:

- The Medical Center Campus (day and evening shifts)
- The UHC Campus (day shift)
- The Fanny Allen Campus (day and evening shift)
- One Burlington Square (day shift)

PROCEDURE:

A. Registration:

1. All car pool participants must register with Security to be eligible for car pool incentives.
2. All car pool participants must be FAHC employees who work on the same campus. Car pool participants who are not FAHC employees would not qualify for all the incentives offered through FAHC.
3. Car pool participants may only register with one car pool group.
4. **Car Pool Registration Form:** One car pool registration form must be completed and signed by each member of the car pool group. The forms are available in the Security office and will include the employee's name, work information, and vehicle information.

Important: The car pool group is responsible for keeping the car pool registration form information up-to-date. As car pool group participants are added or dropped from the group, the registration form must be updated at the Security Office. Unregistered passengers in a car pool vehicle do not qualify as car pool participants.

5. **Non-Car Pool Parking Assignment:** All car pool participants will be issued an individual parking assignment for parking on days that they are not car pooling. A parking hang tag will be issued indicating this individual's non-car pool parking assignment.
6. **Car Pool Parking Assignment:** Security staff will issue one car pool hang tag and a car pool parking assignment to the car pool group. The car pool hang tag must be displayed from the car pool vehicle's rearview mirror when the car pool vehicle is parked in the assigned car pool parking lot (parking lot choices by campus are listed below).

Note: Your carpool parking permit must be displayed over your individual parking permit. (ie. Fanny Allen, Centennial Field, Gutterson, Catamount East, South Lot).

7. **Car Pool Hang Tag Display:** The car pool hang tag will be displayed from the vehicle's rearview mirror in front of the employee's individual hang tag. The car pool tag should be displayed in such a way that the printing is visible from outside the windshield.
 8. **Parking Hang Tags are Nontransferable:** Individual hang tags and car pool hang tags are nontransferable and may not be "loaned" or transferred to anyone else.
 9. **Entering and Exiting Car Pool Assigned Parking Lots:** At least two registered car pool group members must be in the vehicle when the car pool vehicle enters and exits the assigned car pool parking lot. Non-registered passengers in a car pool vehicle do not qualify as car pool passengers. (Note: This requirement is closely monitored by Security staff.)
- B. Medical Center Campus – Parking Incentive for Car Pool Groups:**
1. **Parking Assignment for the Car Pool Group:** The registered car pool groups may park on-site in the South Lot. There are two gated entrances and exits to the South Parking Lot. The gate at the south end of the lot will be used by all car pool groups. Each car pool group will be issued one proximity card to access and exit the South Parking Lot. (Remember – Two registered car pool members must be in the car pool vehicle as the vehicle enters and exits the South Parking Lot.)
 2. **Important:** Remember, there must be two or more car pool group participants in the vehicle displaying the car pool hang tag when the vehicle enters and exits the South Parking Lot. If you are driving alone (not car pooling), you must park at your assigned individual non-car pool parking lot assignment.
- C. UHC Campus – Parking Incentive for Car Pool Groups:**
1. Registered car pools may park on-site with two or more participants in the vehicle when they enter and exit the parking lot.

Important: Remember, there must be two or more car pool group participants in the vehicle displaying the car pool hang tag when the vehicle enters and exits the South Parking Lot. If you are driving alone (not car pooling), you must park at your assigned individual non-car pool parking lot assignment.
- D. Fanny Allen Campus – Parking Incentive for Car Pool Groups**
1. All employees (including car pool groups) park on-site in parking lots 2 or 3.
- E. One Burlington Square – Parking Incentive for Car Pool Groups**
1. Car pool parking for One Burlington Square is at General Dynamics.
- F. Other Car Pool Incentives – All Car Pool Groups**
1. **Gas Coupons:** Car pool groups earn .50 cents a day for each car pool participant in the vehicle. A gas card is issued to each car pool group to record gas credits earned. Each box on the card represents a .50 cent gas credit. Car pool participants date and initial each box to indicate the days they car pooled to work. (Example: On a day that there are three car pool participants in the vehicle, three boxes would be dated and initialed, which would represent a credit for \$1.50 in gas). When all the boxes have been dated and initialed, the card is delivered to the MCHV or UHC Security Office to obtain two \$5.00 gas coupons. The gas coupons may be redeemed at Dave's Williston Road Citgo.

Important: Gas coupons must be signed before they are redeemed at Dave's Williston Road Citgo. Change will not be given for gas coupons that do not total the amount of gas purchased, so if the gas purchased totals \$7.00 and you give the attendant \$10.00 in gas coupons, you will not receive \$3.00 in change or credit.
 2. **CATMA's Guaranteed Ride Home Program:** Through the Campus Area Transportation Management Association all car pool participants are eligible for the Guaranteed Ride Home Program:

Car pool participants are guaranteed a ride home in the following cases:
 - a. A participant is left behind because the driver had to leave early.

- b. A rider has to leave because of a sick child.
- c. A rider has to leave because they are ill.
- d. A rider is asked to work later then initially scheduled.

Security staff will issue each car pool group participant a CATMA Guaranteed Ride Home pamphlet. Each participant must complete the CATMA Guaranteed Ride Home registration form and mail it to the CATMA Office at 150 Colchester Ave, Burlington, VT. CATMA will mail each participant a COMMUTE SMART CARD which is to be presented to a taxi driver, if a ride home is needed (instructions are located on back of the card).

- 3. **CATMA's Monthly Drawing for a Gift Certificate to a Downtown Restaurant:** The names of all Fletcher Allen registered car pool participants will be submitted to CATMA and added to the names of car pool participants from other CATMA organizations. Once a month CATMA draws a name from all car pool participants. The name drawn is given a gift certificate for a downtown restaurant.

G. **Enforcement:** The car pool program is monitored very closely by the Fletcher Allen Security Department and other employees throughout the organization. Car pool violations will result in the following penalties:

- 1. **First Violation:** 30 day suspension of car pool privileges and incentives. (Note: This penalty may be increased to a complete revocation of car pool privileges and incentives, if the violation is flagrant or the car pool driver has a history of other Fletcher Allen parking violations.)
- 2. **Second Violation:** Complete revocation of car pool privileges and incentives.

Important: The intention of the car pool program is to reduce the number of vehicles parked at Fletcher Allen. Parking a vehicle at a Fletcher Allen satellite lot and riding together from the satellite parking lot to a car pool parking lot does not qualify as car pool group and does not meet car pool guidelines and will be considered a violation of the program.

H. **Other Transportation Alternatives:**

- 1. **CCTA Local Bus Service:** FAHC offers discounted city bus passes. Contact the Security office for more details, 847-2812.
- 2. **CCTA Link Express Service:** FAHC offers discounted Montpelier Link bus passes. Contact the Security office for more details, 847-2812.
- 3. **CATMA Bike/Walk Program:** A gift certificate incentive is offered to FAHC bikers and walkers. Contact CATMA for more details, 656-RIDE.
- 4. **CATMA Car Pool Matching:** CATMA also offers a list of drivers/riders in the community looking for others to car pool with. Your name and information can also be added to this list.

**SPECIAL REQUEST FOR PARKING
Due to Medical Condition**

The information you provide, including medical information, regarding any parking accommodation request will be shared only with those individuals involved in the determination, coordination and facilitation of parking accommodation. FAHC requires the completion of this form, including the physician note stating the reason for your special parking request before it can be processed by Security Services. Security will review your physician's note & base your restriction for parking on the information provided by your physician. Attach additional pages, as needed, from your health care provider regarding this request for parking.

Employee must complete the following: (PLEASE PRINT CLEARLY)

Employee Name:	Job Title:
Date of Hire:	Current Parking Assignment:
Department:	Supervisor/Manager's Name:
Work Address: Campus:	Work Phone & Home Phone:

Employee: Please list below the specific reason for which you are requesting special parking. Please attach the completed physician's note, by a provider treating you for the condition for which you are requesting an accommodation, detailing your restriction.

Employee's Signature: _____ **Date:** ___/___/___

Manager Signature: _____ **Date:** ___/___/___

- Yes No This employee's limitation creates work restrictions.
- Yes No Manager believes a parking location that provides door-to-door service (or close to) that is serviced by a handicap "kneeling" bus would meet this parking request.
- Yes No Manager believes that a parking location, that although not serviced by a shuttle bus but is within walking distance, would meet this parking request.
- Yes No Manager believes only up-close, on-site parking would meet this parking request.

Return to: Security Services

Fletcher Allen Health Care, 111 Colchester Avenue, Burlington, VT 05458
-or-
MCHV Campus, Engineering 401

Special parking requests will be fulfilled in most cases with an off-site parking location and door-to-door shuttle service, in some cases a parking location will be assigned that is serviced by a handicapped "kneeling" bus. ACC special permits are assigned on a very limited basis per the discretion of Security Services.

Security Services 802-847-2812

Please note:

Applications that are submitted without proper documentation will be delayed or denied consideration.

SPECIAL REQUEST FOR PARKING
Due to Medical Condition

PHYSICIAN NOTE

Physician must complete all sections below completely:

Form with fields for Employee Name, Employee DOB, Job Title, Physician Name, Physician Beeper or Phone, Primary Care Provider, and Specialist/Service.

A. Yes No This patient is actively under my direct care and supervision for treatment of the condition for which s/he is requesting special parking accommodations.

B. Briefly describe condition: [Blank lines for text entry]

C. Date condition began: [Blank line]
Expected end date of condition: [Blank line]

D. Limitation:
Cannot climb on high step shuttle
Unable to lift arms up over head
Cannot walk long distances
Condition: [Blank line]
Shuttle Issue: [Blank line]
Other Issue: [Blank line]

E. Does this employee's condition create work restrictions: Yes No
If yes, please describe: [Blank line]

F. Date of upcoming surgery (if applicable): [Blank line]
Date of previous surgery if applicable: [Blank line]

G. Physician recommends the following to meet the patient's parking request due to their medical restrictions:
A parking location that provides door-to-door service (or very close to) that is serviced by a handicapped "kneeling" bus would meet this parking request.
A parking location, although not serviced by a shuttle bus but is within walking distance, would meet this parking request.
Only up-close, on-site parking would meet this request.

Physician Signature: [Blank line]

MEDICAL NEEDS Lot C ACC Underground Garage

You have been assigned to Lot C due to your medical needs challenge. See the back of this sheet for this parking location. Please hang your Medical Needs parking permit and your individually assigned parking permit from your rear view mirror so the permit information faces the windshield.

This parking lot is controlled by an electronic gate so you have been issued a proximity card which you can use for access in and out of this parking area. See the information below regarding the use of proximity cards.

Parking is on the green and purple level ONLY.

The orange and blue levels are reserved for patient and visitor parking.

Please do not park in a marked handicapped spot; these spots are reserved for our patient/visitors with special needs.

Please notice your medical needs parking permit does have an expiration date on it, once it has expired please return your proximity card to Security Services, MCHV Campus, Engineering 401.

Proximity Card Instruction:

Parking Lot Access

Proximity Card – The enclosed card will allow access to selected electronically controlled parking gates at the Medical Center Campus.

X	Your new proximity card is enclosed
	Access has been given to your existing card

Using the Card – Hold the card about 2" from the card reader at the parking lot entrance.

- If the card is programmed to lift the gate for the parking lot, the green light will flash and the gate will lift.
- If the card is not programmed for the parking area, the gate will not lift - the card is not programmed for that particular parking lot.

Anti-Pass Back Feature – The parking lot gates have an anti-pass back feature, which requires that the card used to enter a parking area be used to exit the same parking area before it will allow access again. This prevents someone from using the card, parking in a parking lot, and handing the card to someone else to use.

Parking Permit – Display your Fletcher Allen hanging parking permit whenever you are parking in a Fletcher Allen parking lot.

Important – Your card is unique. It tracks your access throughout the facility, so do not lend the card to anyone.

Lost or Stolen Cards – Report lost or stolen cards immediately to the Security Office.

Replacement Card - There is a \$5.00 charge for a replacement card.

Security Services

MEDICAL NEEDS South Parking Lot

See the back of this sheet for the parking locations. Please hang your Medical Needs parking permit and your individually assigned parking permit from your rear view mirror so the permit information faces the windshield.

This park area controlled by an electronic gate so you have been issued a proximity card. See the information below regarding proximity cards.

Please notice your medical needs parking permit does have an expiration date on it, once it has expired please return your proximity card to Security Services, MCHV Campus, Engineering 401.

Proximity Card

Using the Card – Hold the card about 2” from the card reader at the parking lot entrance.

This card is programmed to lift the gate for the parking lot, the green light will flash and the gate will lift.

Anti-Pass Back Feature – The parking lot gates have an anti-pass back feature, which requires that the card used to enter a parking area be used to exit the same parking area before it will allow access again. This prevents someone from using the card, parking in a parking lot, and handing the card to someone else to use.

Important – Your card is unique. It tracks your access throughout the parking lot, so do not lend the card to anyone.

Lost or Stolen Cards – Report lost or stolen cards immediately to the Security Office.

Replacement Card - There is a \$6.00 charge for a replacement card.

Questions or Concerns - Please contact the Security.....847-2812

Rotating Shift Staff Assigned Satellite Parking

If you indicated on your parking registration form that you rotate shifts or that you work a day shift that goes beyond 9:15 pm, the parking tag you have been issued indicates that you rotate shifts.

When you work an evening, a night, a weekend, a holiday, or a day shift the goes beyond 9:15 pm, hang your parking tag from your rear view mirror (print facing the windshield) and park on one of the bottom two levels of Lot C, the ACC parking garage (green or purple level). See instructions below:

LOT C (ACC underground garage)

- See the back of this sheet for directions to this location.
- Your parking tag must be displayed when you are working and parking in this lot. Please hang your parking permit from your rear view mirror so the permit information faces the windshield.
- This parking lot is controlled by an electronic gate so a proximity card is required to enter and exit the parking lot. The Security Department will either issue you a card for this parking location or the clearance for parking location will be added to your card, if you already have a Fletcher Allen proximity card (see below).

Parking is on the green and purple level ONLY.

The orange and blue levels are reserved for patient and visitor parking.

Proximity Card

Parking Lot Access

Proximity Card – The enclosed card will allow access to selected electronically controlled parking gates at the Medical Center Campus.

	Your new proximity card is enclosed
	Access has been given to your existing card

Using the Card – Hold the card about 2" from the card reader at the parking lot entrance.

- If the card is programmed to lift the gate for the parking lot, the green light will flash and the gate will lift.
- If the card is not programmed for the parking area, the gate will not lift - the card is not programmed for that particular parking lot.

Anti-Pass Back Feature – The parking lot gates have an anti-pass back feature, which requires that the card used to enter a parking area be used to exit the same parking area before it will allow access again. This prevents someone from using the card, parking in a parking lot, and handing the card to someone else to use.

Parking Permit – Display your Fletcher Allen hanging parking permit whenever you are parking in a Fletcher Allen parking lot.

The enclosed proximity card will access the following parking lots at the Medical Center Campus:

X	ACC Garage – from 10:00 am to 1:00 am, seven days a week. If you are working a day shift, please park in your assigned satellite parking location. Required - park in the bottom two levels of the ACC garage (green & purple levels). The top two levels of the ACC garage are for patient and visitor parking.
---	---

Important – Your card is unique. It tracks your access throughout the facility, so do not lend the card to anyone.

Lost or Stolen Cards – Report lost or stolen cards immediately to the Security Office.

Replacement Card - There is a \$6.00 charge for a replacement card.

Questions or Concerns - Please contact Security.....847-2812

Security Services

Evening and Night Shift Staff

Parking for shifts that end after 9:15pm is in **LOT C** – the ACC underground garage.

See the back of this sheet for directions to this location. Please hang your parking permit from your rear view mirror so the permit information faces the windshield. This parking lot is controlled by an electronic gate so you have been issued a proximity card (or access for this lot has been added to the proximity card you currently have).

Parking is on the green and purple level ONLY.

The orange and blue levels are reserved for patient and visitor parking.

NOTE: If you are asked to work during a day shift (a shift that ends prior to 9:15pm) you must park at the Fanny Allen Campus, please display this permit while parked at Fanny Allen (Fanny Allen Shuttles start running at 4:15a).

Proximity Card Instruction:

Parking Lot Access

Proximity Card – The enclosed card will allow access to selected electronically controlled parking gates at the Medical Center Campus.

<input type="checkbox"/>	Your new proximity card is enclosed
<input type="checkbox"/>	Access has been given to your existing card

Using the Card – Hold the card about 2" from the card reader at the parking lot entrance.

- If the card is programmed to lift the gate for the parking lot, the green light will flash and the gate will lift.
- If the card is not programmed for the parking area, the gate will not lift - the card is not programmed for that particular parking lot.

Anti-Pass Back Feature – The parking lot gates have an anti-pass back feature, which requires that the card used to enter a parking area be used to exit the same parking area before it will allow access again. This prevents someone from using the card, parking in a parking lot, and handing the card to someone else to use.

Why Walk?

1. Walking is an effective way to become physically fit, to manage a chronic medical condition, and keep weight under better control.
2. Whatever your reason to beginning a walking routine, walking has a great reputation as an ideal way to incorporate regular activity into your daily routine without a lot of added cost. This makes walking fun and easy. The whole body effects of walking include:
 - increased energy
 - improved ability to manage stress
 - lowers blood pressure
 - promotes better sleep
 - burns calories and raises metabolism
 - promotes cardiovascular health
 - helps you to keep your chronic illness in check.
 - increased bone health

Walking is inspiring...

"Through diet and WALKING I was able to control my diabetes and my hypertension...I use the stairs and walk... its a wonderful stress reducer".

- Alan, Fletcher Allen

"My mental health depends on my daily 'biped commute' (walking)...I love the peaceful time during my walk"

- Lisa, UVM

An important measure of a workplace is the health and wellness of its employees. The **Partnership Walking Map** has been designed to provide opportunities for employees, students and our community visiting both Fletcher Allen and the University of Vermont to increase physical activity by choosing to walk to areas between our shared campuses. The map highlights suggested routes, distances, level of difficulty, and offers other activities to boost physical activity for everyone.

In partnership, Fletcher Allen and the University of Vermont encourage physical activity and promote healthy habits at very little cost. Incorporating physical activity into your normal routine or workday can be a first start.

Walking - Finding a Physical Activity You Can Live With

Walking is one of the best activities for getting and staying physically active throughout the seasons. Walking is relatively easy; it is a self-paced activity that brings with it many positive health benefits. As a low intensity cardiovascular activity, walking has benefits for everyone. All ages and abilities can benefit from a daily walk for health and fitness.

Tips for Getting Started

1. Wear clothes that will keep you dry and comfortable. Invest in a good pair of walking shoes and a water bottle.
2. Start with shorter walks, and gradually increase the length of your walk each day.
3. Do what comes naturally – set a stride length that is comfortable and a speed that isn't too tough when starting to walk. You should be able to speak comfortably as you walk.
4. Slowly bring the pace up during your walk. As time goes by, your body gets stronger and needs a new challenge.
5. When you're done walking, it is advised that you slow your pace to cool your body down. This will gradually ease your heart rate to its normal level.
6. Always carry ID for safety and walk in well lit and traveled areas.
7. Forty five minutes of moderate exercise is suggested for maintaining health and managing weight most days of the week.
8. If 45 minutes seems too long, break it up into three walks of 15 minutes each.
9. Before and after a vigorous walk, stretching is important to reduce injuries and also to improve your flexibility. Your muscles will be warm and ready to stretch after walking.

Choose your wellness walk. For Trails 1-5, begin at the MOVE Yourself sign marking the starting point of each walk. For Trails 6, 7, & 8, see map for starting point. Bring this map with you as your walking guide. All miles are for round trip walks.

hike through dense, mature woods. The hilly trail is short, very scenic and makes a great lunchtime or after work hike. The hiking trail heads straight into the woods and then turns left after about 30 feet. Continuing straight ahead along the trail, you will see the remains of an abandoned railroad trestle crossing Potash Brook. Further along the trail, you will parallel the Potash Brook for a short distance and walk through a grove of tall Eastern Hemlock trees and back to where you started.

#1 – Centennial Woods Natural Area -

1.05 miles - Moderately Difficult

Start at the Centennial Woods Natural Area trailhead located on Catamount Drive. This trail is rated moderately difficult and should take about an hour to walk. The trail can be wet or muddy and has several steep sections. Wear appropriate hiking footwear. The UVM Environmental Program has installed small wooden arrow signs for you to follow.

#2 – Perkins Geology Museum -

1.17 miles - Easy

Start near the fountain on the University Green and walk towards Billings. This walk is rated easy and makes it ideal at a brisk pace during lunch. From Billings, follow the pedestrian path through the Fleming Green. Turn left and head towards the Colchester Avenue traffic light, crossing the street and continuing on towards Delehanty Hall/Perkins Geology Museum. On the return walk, stay on Colchester Avenue until you get to the Dewey Hall crosswalk. Cross over to the University Green.

#3 – East Woods Natural Area -

.44 miles - Easy to Moderate

Start at the small parking area located off Swift Street. This trail is rated an easy to moderate

#4. Redstone/ U-Heights - 1.53 miles - Easy

Start at the University Green fountain and cross South Prospect Street towards the Waterman Building. Walk towards Main Street, continuing on South Prospect until you reach the exit drive from the Redstone Green. Turn left at the Green and walk until you reach University Heights Road. Continue walking, eventually turning left onto Main Street. Cross Main Street at Morrill Hall and walk until you reach the University Green fountain.

#5. Joggers' Course -

3.25 miles - Moderately Difficult

Start on the Joggers' Course located adjacent to the Guicciardi Fitness center. This walk is great for walking, jogging or biking. Most of the path is level, with almost all of it on paved path. A short stretch, about .75 miles, is a dirt path through a grassy field next to the Burlington Country Club.

#6. Fletcher Allen Walking Path .5 miles - Moderately Easy - Wheelchair Accessible

Start outside of the ACC Main Pavilion by taking a right on the paved sidewalk. Continue down the concrete stairs and past the emergency department entrance. Keeping on the sidewalk, you will first pass the side entrance to the

McClure building on your right. Continue to follow the sidewalk past the historic Mary Fletcher building. Stop by the Park Bench Yoga Station to stretch. As you continue up the incline, the ACC Main Pavilion will come into view.

#7. University Health Center/Waterman Block - .7 miles - Easy

Start your walk out the front door of either the University Health Center building or the Waterman Building on So. Prospect Street. Continue along until you reach the corner of College Street. Turn right onto College Street walking towards the corner of So. Williams Street. Take a right on So. Williams Street. You will walk the length of So. Williams Street until you come to Pearl Street. At Pearl Street, turn right. You are now heading towards the corner of Pearl Street and So. Prospect Street. Turn right

on So. Prospect and conclude your walk at your starting point.

#8. University Health Center to UVM Davis Center - 1 mile - Moderately Easy

Begin your walk out the front door of the University Health Center building. Walk South on So. Prospect towards Main Street. When you reach Main Street, turn left and begin walking up a slight incline towards the Davis Center.

Once you reach the Davis Center, you will walk a route through the UVM main campus that will take you past the Fletcher Allen medical center campus to Colchester Ave. Take a left onto Colchester Ave. and continue walking until you come to the corner of So. Prospect Street. Turn left on So. Prospect. This will take you back to the entrance of the University Health Center.

MORE EMPLOYEE BENEFITS AND PROGRAMS

Employee Discounts	Many area companies and merchants offer discounts to our employees, including discounts on cell phone contracts, automotive repair, electronics, entertainment, meals and lodging, gym memberships, and many other services and products. To take advantage of many of these discounts you will need to show your Fletcher Allen ID badge. For more information visit our intranet site at intranet.fletcherallen.org/employee_resources/pages/emp_discounts.aspx
Tuition Reimbursement and Personal Growth	The Organizational Development Department provides many opportunities for all staff to enhance their skills through educational programs. Programs include: short courses for staff and leaders offered throughout the year, customized workshops, and team building programs. Fletcher Allen tuition reimbursement programs also support learning by offering financial assistance to staff enrolled in degree and certification programs. Eligible employees have an annual benefit ranging from \$2,600 to \$3,950. For more information call 847-9800 or visit our intranet site at intranet.fletcherallen.org/employee_resources/eod/pages/welcome.aspx
Employee Referral	Fletcher Allen is always looking for everyday heroes to join the team. When you encourage your most talented friends, family members, and professional acquaintances to apply, you may qualify for an Employee Referral Bonus of up to \$1,000. To be considered, the first step is to have the applicant enter your name on their online application. Each successfully hired referral you make may lead to a big reward! For more information call 847-2825, option 3 or visit our intranet site at intranet.fletcherallen.org/employee_resources/recruitment/pages/welcome.aspx
Transportation Discounts	Fletcher Allen offers a 25% discount on CCTA LINK commuter passes and a 50% discount on local bus passes. Fletcher Allen also offers a 25% discount on ferry tickets for employees who live in New York. Carpool incentives are available to any employee at the Medical Center Campus, University Health Center, Fanny Allen, and 1 Burlington Square who have two or more employees who commute to work together. Incentives include gas coupons and monthly restaurant drawings. Stop by the Security Office at the Medical Center Campus to purchase passes or to register a carpool group. For more information visit our intranet site at intranet.fletcherallen.org/internal_services/pages/
CATMA	Fletcher Allen is a member of CATMA (Campus Area Transportation Management Association). Through this membership, employees are eligible to enroll in a variety of alternative commuter programs, including \$15 gift cards for biking or walking to/from work, confidential carpool matching services, and emergency rides home. For more information call 656-RIDE or visit CATMAVT.org
On-site Banking and Financial Education	Fletcher Allen employees can become a member of the New England Federal Credit Union (NEFCU), and enjoy free checking with all the perks, as well as low cost, convenient auto and home loans. NEFCU offers an array of seminars for everyone in your family. NEFCU is committed to being "your financial advocate." For more information call 879-8790 or visit NEFCU.com/kiosk_fahc.html
Child Care Referrals	Child Care Resource has a child care provider database of over 460 Chittenden County programs that are licensed or registered through the State of Vermont. Child Care Resource provides information and referrals to quality child care programs that serve children from infancy to age 12. These services are offered to Fletcher Allen employees at no charge. For more information call 863-3367 or visit ChildCareResource.org
Frymoyer Community Health Resource Center (ACC Main Pavilion, 3rd Level)	The Frymoyer Center is a consumer health education library that can help employees and their family members research health and wellness topics. The Frymoyer Center can also locate resources for health care, social services, and support groups in the area. Employees may borrow from the collection of consumer health books and DVDs. The Frymoyer Center also provides computers for access to the UVM Dana Medical Library which includes electronic medical journals. For more information call 847-8821 or visit FletcherAllen.org/community_resources/resource_center/about_frymoyer/
GEM and Recognition Program	Everyone at Fletcher Allen plays a role in providing compassionate care. Our Recognition Program provides opportunities to acknowledge staff members who Go the Extra Mile (GEM) for our patients and their families, and for each other. The program includes awards you can give your peers, and, if you are a leader, to your employees. Nominate a colleague who you see going above and beyond, and hopefully you can inspire someone!
Paying for Meals with Your ID Card	Our employee food outlets offer reasonably priced meal options that include fresh and organic local fare. You'll find locally-raised ground beef, many vegetarian choices and organic fair-trade coffee. Employees can use their ID badges to purchase food at the Medical Center, UHC, and Fanny Allen campuses. The cost will be deducted from an upcoming paycheck.

UNIVERSITY OF VERMONT - FALL 2012

Sec. 8.3.3 (a)

Fall Employment

The University of Vermont employs 3,545 individuals. The total staff number of 2,314 includes 2,157 full-time and 157 part-time employees. The total faculty number of 1,231 includes 960 full-time faculty, 271 part-time instructors. Additionally, there are 1,077 clinical professors primarily in the College of Medicine. College of Medicine faculty now include Residents, Interns and Clinicians who are part of the expanded medical care plan of BCBS and Fletcher Allen, not all of these individuals are located on campus.

Fall Enrollment

The full time equivalent students for the academic year 2012-2013 fall semester is as follows:

(Please note: Fall enrollment numbers are typically higher than the academic year numbers.)

Undergraduate	10,192
Graduate & Certificate	1,440
Medical Students.....	446
Non-degree Cont. Education.....	1,019
Total (All Students)	13,097

Slightly more than half of graduate students are part-time, attending classes which are offered after 4:00 p.m. and evenings, or at off campus locations, to accommodate students' employment schedules and transportation constraints.

Sec. 8.3.3 (b)

Parking Demand

Existing Spaces

The University's on campus parking inventory is now 5,354 spaces, including parking for University affiliates, visitors, service and delivery vehicles, and designated handicap drivers.

The current capacity figures exclude parking located at the University Farm and Bio-Research complexes on Spear St. Also excluded in the capacity listing are small garages located within the defined Burlington boundary of the campus.

Peak Parking Demand

The total parking demand is tied directly to the availability of empty spaces. The total number of parked vehicles as well as vacant spaces were counted for each parking lot and summarized by zone. These counts were taken in October 2012 and represent a typical day during peak demand and demonstrate a surplus of 1,145 spaces, with 377 of those in the core campus. This fall the number of surplus spaces on campus has increased by approximately 33% with the majority of the increase on the Athletic Campus.

UNIVERSITY OF VERMONT

Table 1: Parking Lot Capacities and Empty Space Count:

Zone	Capacity	Occupied Spaces - Peak Demand	Empty Spaces	Percent Full
Athletic Commuter	1793	1350	443	75.3%

Vehicle Permits

The number of vehicle permits issued by the University is

Faculty/Staff	2,958
Commuter Students	912
Residential Students	805
Total Permits.....	4,675

Fletcher Allen Contract Spaces

The University has agreements for leasing spaces to Fletcher Allen. Spaces leased by institutions as follows:

FA - at Centennial.....	200
FA - Catamount East Lot.....	285
FA- Gutterson Lower Surface.....	176
Total Contract Spaces	661

The numbers of parking spaces reported this year have increased by just over 1 percent over last reported. This year there has been a significant increase in surplus spaces on campus with about a 35% increase during peak times. The vast majority of this surplus is within the Athletic Campus and is attributed partially to less employees and students. This has enabled the University to further expand annual parking lot leases with Joint Institutions. The decrease in both employee and student parking permits can be attributed to a 5.8% decrease in employees and an approximately 2.8% decrease in student enrollment as well as from TDM programs offered.

Sec. 8.3.3 (c) Vehicle Fleet

* Indicates Alternate Fuel Vehicle

The University of Vermont owns or leases a total of 250 vehicles (in the city of Burlington)

Sec. 8.3.3 (d)

Programs, Policies, and Incentives

The following is a list of TDM programs the University offers. Most are through the CATMA office, though the Occasional Use Parking Permits program, UVM Bike Share, and the integration of MegaBus and Greyhound on campus are part of the University’s effort to support other CATMA programming.

Unlimited Access: The University fully subsidizes transit for both the CCTA local and LINK Express routes through CATMA’s Unlimited Access Program, a partnership between CCTA and CATMA. Ridership has increased by 9.8% per month for the same period last year. This Unlimited Access Program, along with all the other TDM programs offered through UVM and CATMA, led to the EPA’s continued designation of UVM as one of **New England’s Best Workplace for Commuters**. UVM received this designation by meeting a National Standard of Excellence. The designation spotlights employers that are committed to reducing traffic and air pollution and improving quality of life for their commuters.

Commuter Challenge: UVM participates in the annual statewide Way to Go! Commuter Challenge typically held in mid-May. Although UVM’s participation has increased since last year, UVM does not fare well due in part to the fact that the challenge takes place after commencement resulting in many employees being absent for the challenge. The Way To Go! Commuter Challenge was implemented in 2006 as part of Way To Go Week. The awards go to businesses with the highest percentage of employees registered for the event. The challenge encourages use of alternative modes of transportation during the week, hoping people will continue beyond. UVM won 1st place in 2006 and 2007 in the Major Employer category (1,000+ employees) and an Honorable Mention in both 2008 and 2009.

Carpool: Currently, the University has 53 registered carpools, with 158 participants, a slight increase of participants over last year. There are additional UVM employees who are carpooling, but not included in our number, as they carpool with non-UVM employees and therefore do not qualify for the UVM incentives. Many are registered with CATMA, as they do qualify for the incentives provided through CATMA, including the Emergency Ride Home Program. As incentive to rideshare, carpools with three or more participants receive one free hangtag for Green Zone parking. Carpools with two or more participants receive one free Peripheral hangtag. These hangtags are transferable among the pool members. All members are eligible to participate in the Occasional Use Program. Participation in the joint “RidesWork” program, a free confidential carpool matching service through CATMA, expands potential carpool membership. Carpool listings and registration forms appear on the CATMA web site and are updated regularly.

Occasional Use Parking Permits: The University began issuing occasional use parking permits in the Spring of 2008 as a pilot program, and formalized the offering in the fall of 2009. This allows program participants free or reduced parking, depending upon eligibility. This program encourages the use of CATMA programs by allowing participants access to parking as needed. We have 248 faculty, staff and student participants registered to date and continue to promote the program.

CarShare Vermont: CarShare Vermont officially launched on December 15, 2008. The University, through CATMA is currently hosting two vehicles on campus as part of the CarShare Vermont initiative. Both vehicles, Subaru Imprezas, are available to all members of our community who join CarShare Vermont. This program is open to students as well as faculty and staff. CarShare Vermont, along with CATMA and UVM continue to promote CarShare in a variety of ways. Over the past year, flyers, brochures and table tents have been placed around campus. Additionally, articles have appeared on Listserve postings as well as in UVM newspapers and newsletters. CarShare representatives tabled at several UVM events including Focus The Nation, all UVM first-year orientations, new student medical resident orientation, new faculty and staff orientation, class picnic, UVM Farmer’s market, move-in day, and UVM activities fair. Information was distributed through Eco-Reps, class presentations, student welcome bags, and the cars were a stop on campus tours. In mid-October 2011, a new academic year pilot promotion was launched to encourage new membership in CarShare Vermont. All full-time students, faculty and staff are eligible for a waived \$150 annual membership fee for CarShare Vermont’s Share-A-Lot plan. This program continues through the 2012-2013 academic year.

Bike/Walk: Anyone who commits to walking or biking to and from work at least three days a week on a consecutive basis, can register in the CATMA Bike/Walk Rewards program. There are over 470 UVM Employees registered in the Bike/Walk Program, with an average of 100 monthly participants.

Emergency Ride Home (ERH): Anyone who registers with CATMA as using a commute mode other than the single occupancy vehicle (S.O.V.) at least two days a week is issued a Commute Smart Card, which will provide a free taxi ride home in an emergency. Once registered in the Emergency Ride Home program, all registrant’s names are included in the monthly drawings for gift certificates to downtown Burlington restaurants. As of October 2012, there were 740 UVM employees registered with CATMA in the ERH program. A complete description of all the CATMA TDM programs and services, which are available to UVM constituents, can be found in the CATMA section of this Plan.

Bike Ways: Bicycle use is encouraged with the establishment of UVM’s bikeway network and management. UVM students now have a fully recognized club, The Bicycle Users Group (BUG). The Director of Transportation and Parking Services created the Bicycle Advisory Group (BAG) to the existing Transportation and Parking Services Advisory Committee (TAPSAC) as resource and advisory panel to the student run BUG with the intent of connecting the student effort to the universities overall master plan. Additionally, the University continues to take a leading role in the region facilitating new bikeway construction by offering right-of-way licenses over University property wherever possible. In the Fall of 2011 the League of American Bicyclists selected the University of Vermont as one of the nation’s most “Bicycle Friendly Universities.” The University is currently working on upgrading to Silver.

UNIVERSITY OF VERMONT

Sec. 8.3.3 (e)

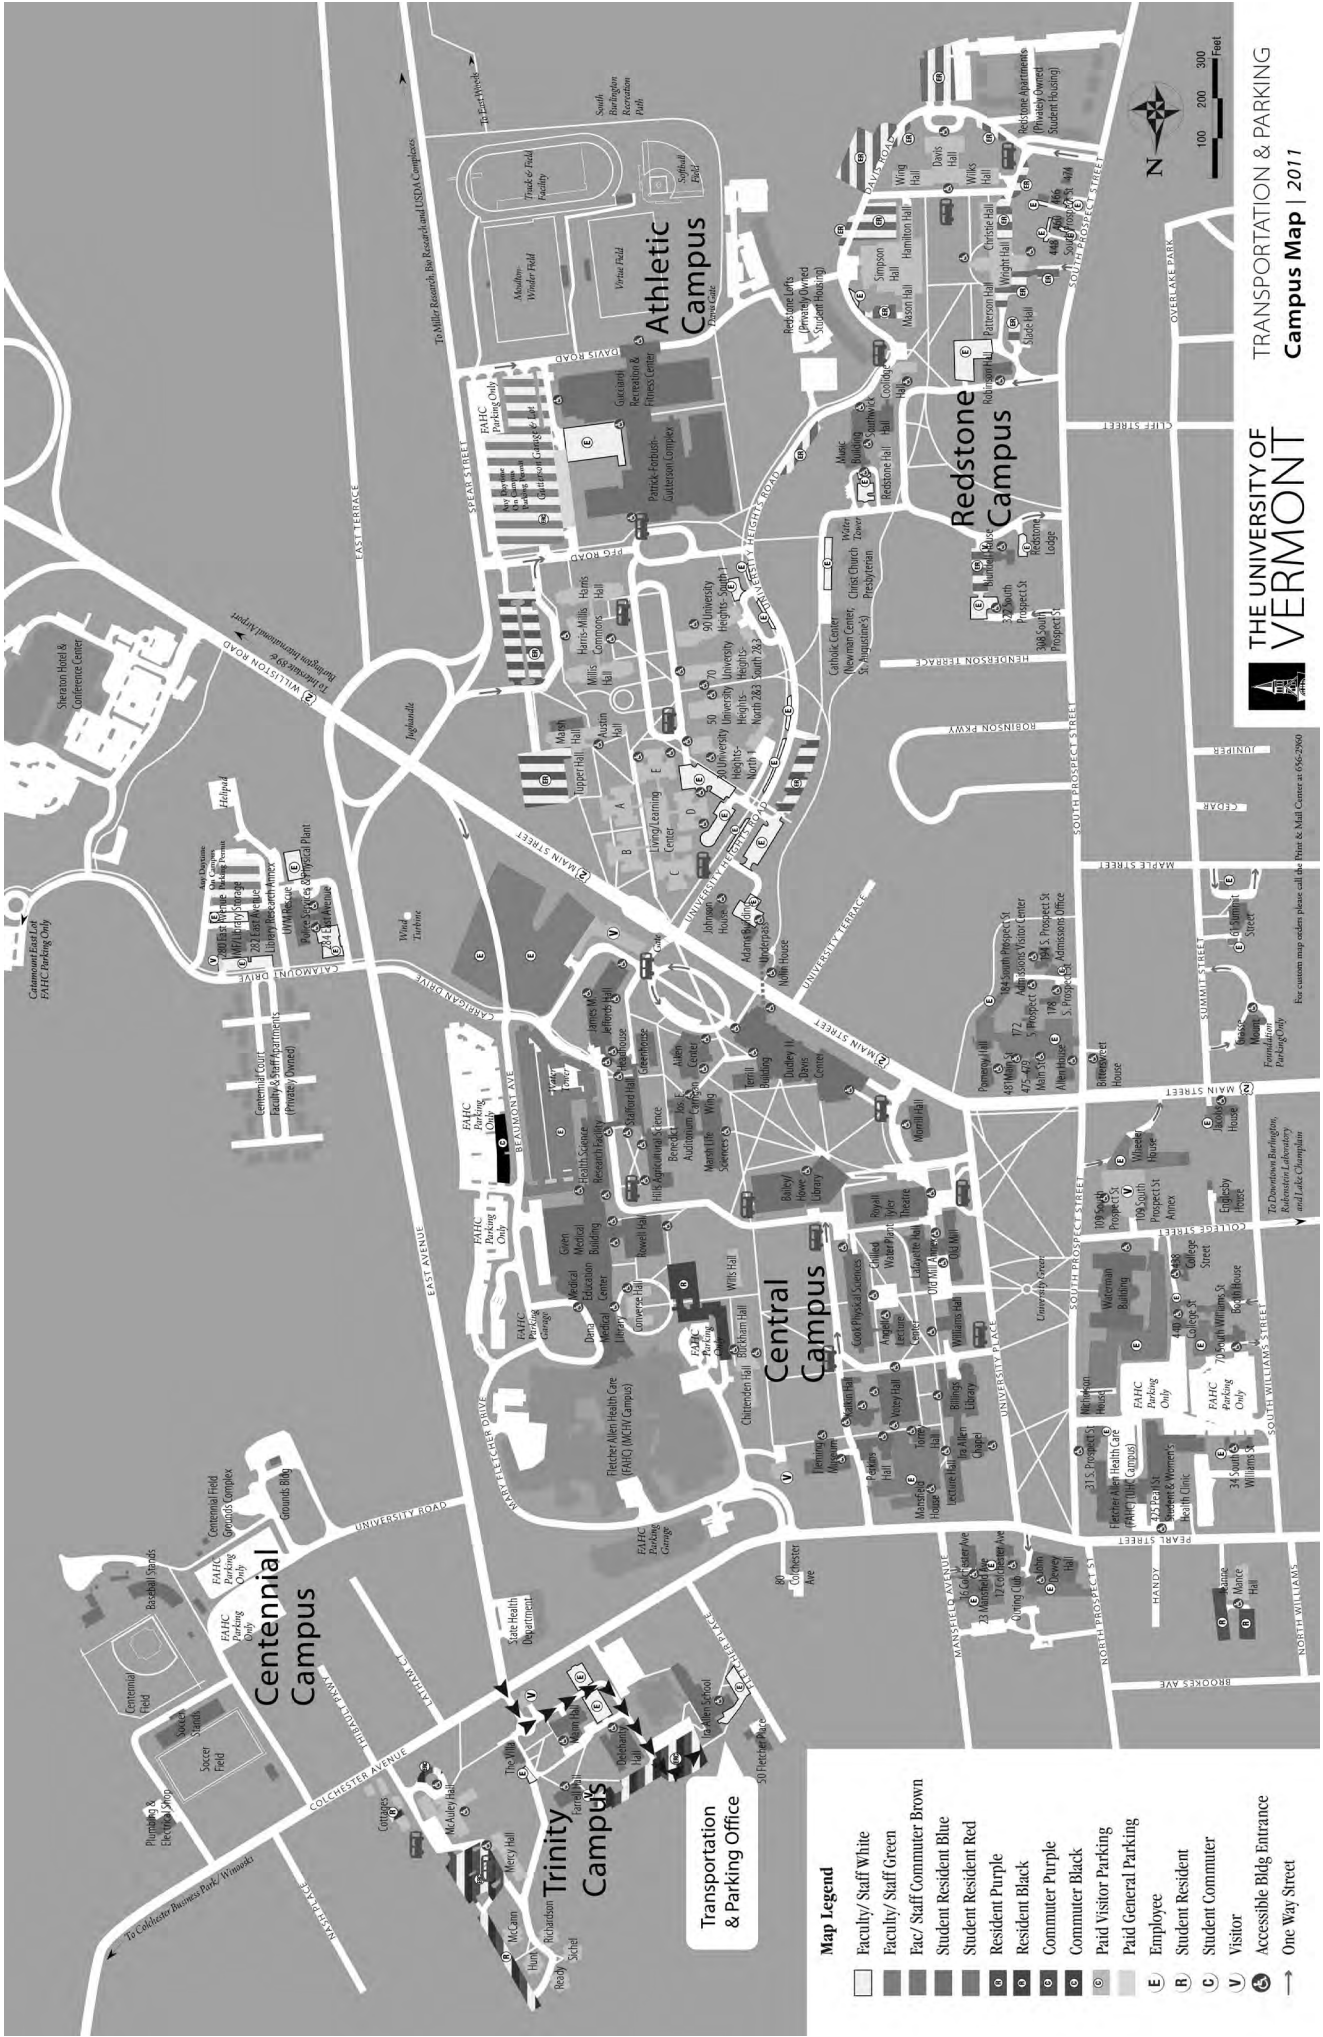

Monitoring, Compliance and Enforcement Systems

UVM Transportation and Parking Services issued 24,266 parking citations in FY2012; half of these (11,636) were for parking without a permit.

Parking and traffic regulations are enforced using a system of warnings, citations, and/or towing. Traffic citations may either be presented to the owner/operator, placed on the vehicle’s windshield, or in special circumstances be mailed to the registrant.

The University of Vermont

Policy V. 4.1.5.2

Responsible Official: Vice President for
Finance and Administration

Effective Date: February 3, 2011

Campus Parking

Policy Statement

The University of Vermont manages parking on its main campus through the use of a permit system for members of the University community and a visitor system for guests. All members of the University community, including students, faculty, staff, and staff of affiliated organizations, vendors, and contractors, are required to display a valid University-issued parking permit on their vehicle when parked in campus parking lots during restricted hours. The University reserves the right to determine eligibility to park on campus for all groups or individuals and may restrict certain groups from using campus parking facilities. Visitors have the option of using either a fee-based lot designated for visitors or parking meters on campus.

All parking on campus is paid during restricted hours. Individuals displaying a valid, state-issued, handicapped parking plate, placard, or hang tag may park at no cost, but members of the University community using handicapped parking must register their vehicle with the University. Once on campus, individuals operating a vehicle or parking must observe all University parking rules and regulations.

Reason for the Policy

This policy is designed to minimize the number of vehicles on campus using the Transportation Demand Management System and to manage the parking inventory through use of core/premium and peripheral parking zones, the campus shuttle system, and alternative transportation options to ensure places for people to park upon arriving on campus.

Strategic Direction

This policy supports the following goal in the University's Strategic Plan (http://www.uvm.edu/president/?Page=strategicplan2009_2013.html):

- *Institutional Efficacy*: As an institution, model the highest standard of ethical conduct, accountability and best practice, public service, and strong commitment to lifelong learning.

Applicability of the Policy

This policy applies at all times to any individual who wishes to park a car on the University of Vermont campus.

Policy Elaboration

None

Definitions

Affiliated Staff: Individuals who are employed by organizations that do business at the University, including contractors with office space at the University.

Core/Premium Parking: Parking that is in close proximity to one's assigned workplace.

Faculty or Staff: University employees who provide or support the instructional, research, and public service activities of the University.

Peripheral Parking: Parking that is on the outer perimeter of the University main campus serviced by the campus shuttle system.

Restricted Hours: Those hours when lots require valid permits and meters require payment for parking. These hours are posted on signs at the entrance to each lot.

Students: All persons who are enrolled or pre-registered in academic courses at the University. UVM students who simultaneously become associated with the University in any manner as employees or consultants will retain the status of student, as far as campus vehicle registration is concerned, until exempted from this rule by Parking Services.

Vendors and Contractors: Individuals who work for companies doing business with the University on a contractual basis. For the purpose of this document, these individuals would not have assigned office space at the University (see Affiliated Staff).

Visitor: Any person who is not registered or pre-registered for classes and is not employed or temporarily employed by or at the University.

Procedures

All parking procedures and guidelines are posted online on the Transportation and Parking Services website (<http://www.uvm.edu/tps>).

GENERAL PARKING INFORMATION

I. Parking Regulations:

Parking regulations are enforced 24 hours a day, seven days a week using a system of warnings, citations, and/or removal of vehicles by towing. Permits are not required during **UVM Administrative Holidays** with the exception of student residential lots which require a permit at all times.

1. All students, faculty and staff parking any motor vehicle in student residential lots where it is posted a permit is required at all times, must properly display their valid parking permit at all times. The permit must correspond with the lot restrictions as posted.
2. All students, faculty and staff parking any motor vehicle in lots where it is posted a permit is required between the hours of 7:00 am-6:00 pm; Monday through Friday must properly display their valid parking permit during those hours. The permit must correspond with the lot restrictions as posted.
3. In circumstances where more than one vehicle is registered under a single permit, parking more than one vehicle on campus at a time is prohibited.
4. Parking permits are the property of the University of Vermont. Permits are not transferable to another user and may not be re-manufactured, resold, altered or photocopied under any circumstances. Vehicles found in violation of this regulation will be subject to towing. Individuals violating this regulation will be referred to Police Services and will be subject to the revocation of campus parking privileges. In addition to the aforementioned, individuals will be subject to the University judicial process.
5. Willfully falsifying information in any transaction including, but not limited to, registering or attempting to register vehicles not in accordance with the guidelines stated on the permit application shall constitute a violation. Individuals violating this regulation will be referred to Police Services and will be subject to the revocation of campus parking privileges. In addition to the aforementioned, individuals will be subject to the University judicial process.
6. Faculty, staff, students and visitors will be held responsible for all parking citations involving their vehicles, any vehicle that they operate on campus property, or any vehicle displaying a permit assigned to them.
7. The University designates approved parking spaces with two yellow or white painted lines. Vehicles shall not be parked in any area not designated as parking. The University is under no obligation to mark all areas where parking is prohibited.
8. Vehicles parked in disabled or reserved spaces without the appropriate permit will be subject to citations and/or vehicle removal by towing.
9. Parking beyond the time limit in any area where the maximum time limit is posted is prohibited.
10. Cases involving unauthorized removal, attempted removal, possession of, tampering with or damaging University property managed by Transportation and Parking Services will be referred to Police Services. Individuals in violation of this regulation will be subject to the University judicial process.
11. Motor vehicles repeatedly found in violation of the University's parking regulations will be assigned Habitual Offender status and may be subject to citation impact fees and the removal of the vehicle by towing.

II. Traffic Regulations (Enforced by Police Services):

1. All motorists are expected to know and comply with state motor vehicle laws and traffic ordinances of the City of Burlington.
2. The maximum speed limit is 25 miles per hour on all campus roads and drives, and 10 miles per hour in all parking areas.
3. Pedestrians will be given the right-of-way at all crosswalks.
4. Driving motor vehicles on campus walkways, lawns, shuttle routes or areas not specifically designated as a roadway is prohibited and subject to a fine and replacement/repair costs.
5. Operators of motor vehicles shall comply with traffic signs (yield, stop, etc.) or the direction of a Police or Transportation and Parking Services officer.

6. The University of Vermont assumes no responsibility for damage to, theft from, or theft of any vehicle parked on University property. Motor vehicle accidents that occur in the UVM campus should be reported to Police Services.

III. Enforcement

- Citations: Traffic citations may either be presented to the owner/operator, placed on the vehicle's windshield, or in special circumstances be mailed to the registrant.

Parking Violation	Fine
Expired Space/Meter	\$25
Permit Not Displayed	\$30
Parked in a Restricted Area	\$30
Parked without a Valid permit	\$50
Parking in Fire Lane/Roadway	\$80
Disabled Space Violation	\$80
Use of Unauthorized Permit	\$80*
Falsifying Information	*
Disregarding Traffic Signs	*
Unauthorized use of, removing, possession of, tampering with or damaging University property managed by Transportation and Parking Services.	*

*Violations administered by Police Services

- Towing Vehicles: The Departments of Transportation and Parking Services and Police Services have the authority to remove, by towing, any motor vehicle from University property when found:
 1. Parked in a designated disabled or reserved parking space without proper authorization;
 2. Displaying a fraudulent or unauthorized parking permit;
 3. As a habitual offender, parked in violation of the University's Parking Rules and Regulations;
 4. Parked in an area that is not designated as parking;
 5. Impeding access/operation of emergency vehicles or snow removal;
 6. Abandoned three or more days without valid state registration;
 7. When safety or nuisance conditions warrant, including but not limited to, leaking gas or fluids that may be harmful to the environment, or a faulty car alarm causing a disturbance;

The owner/operator of the vehicle will be held liable for the cost involved in the removal and storage, except when legally parked vehicles are removed during an emergency. In such case, the removal will be at no expense to the owner/operator.

Any vehicle that is towed under the University's towing guidelines will be assessed the minimum tow fee when attachment occurs. Attachment is defined as the boom, bed, cable or chain of the tow vehicle being in physical contact with the vehicle being towed. If the tow vehicle has been in contact under these guidelines and for any reason needs to unhook or re-adjust, the vehicle shall be considered attached and subject to the attachment fee.

Prior to retrieving a vehicle from the towing company, individuals must obtain a vehicle release form from Transportation and Parking Services during business hours. At all other times and in circumstances where the vehicle has been removed for the unauthorized use of a parking permit, individuals must obtain the release form from Police Services. All towing and storage fees will be the responsibility of the owner/operator.

IV. Appeals

Links on this page:

1. [UVM Police Services](#)
2. [Appeals](#)
3. parking@uvm.edu

GENERAL PARKING INFORMATION

Appeals

The process of appeals allows a customer to appeal a parking citation and/or tow believed to have been issued in error. If valid documentation is needed to substantiate the appeal, it must be provided at the same time the appeal is submitted. The appeal must be submitted within 10 business days of the issue date of the citation or the appeal will not be considered for review.

The following reasons are considered frivolous and will not be considered as basis for appeal:

- Only parked illegally for a short period of time;
- Four-Way Flashers were on;
- There were many spaces available, therefore I was not taking anyone's parking space;
- Inability to pay the amount of the fine;
- Lack of knowledge of the regulations, for example, new to campus, have not reviewed regulations, didn't see the lot restriction sign;
- Other vehicles were parked improperly;
- Stated failure of officer to ticket previously for similar offenses;
- Late to class, work or appointment etc.;
- No other place to park or my lot of choice was full;
- Someone else was operating the vehicle;
- Vehicle was broken down or inoperable and no attempt by the vehicle operator was made to contact Parking or Police Services;
- Notification from another source other than Parking Services that parking was permitted;
- I did not receive or read my notification email that I was parked in violation until after the citation was issued;
- I did not visit my car for days and was unaware of receiving citations;

Appeals can only be submitted on line. Forms with missing, incorrect or incomplete information will not be considered for review.

The initial judgment from Transportation & Parking Services may be appealed to the Traffic Board of Appeals unless otherwise noted. This must be done by filing a second appeal within seven days of the initial judgment. Second appeals submitted after this time frame will be ineligible to appear before the Board.

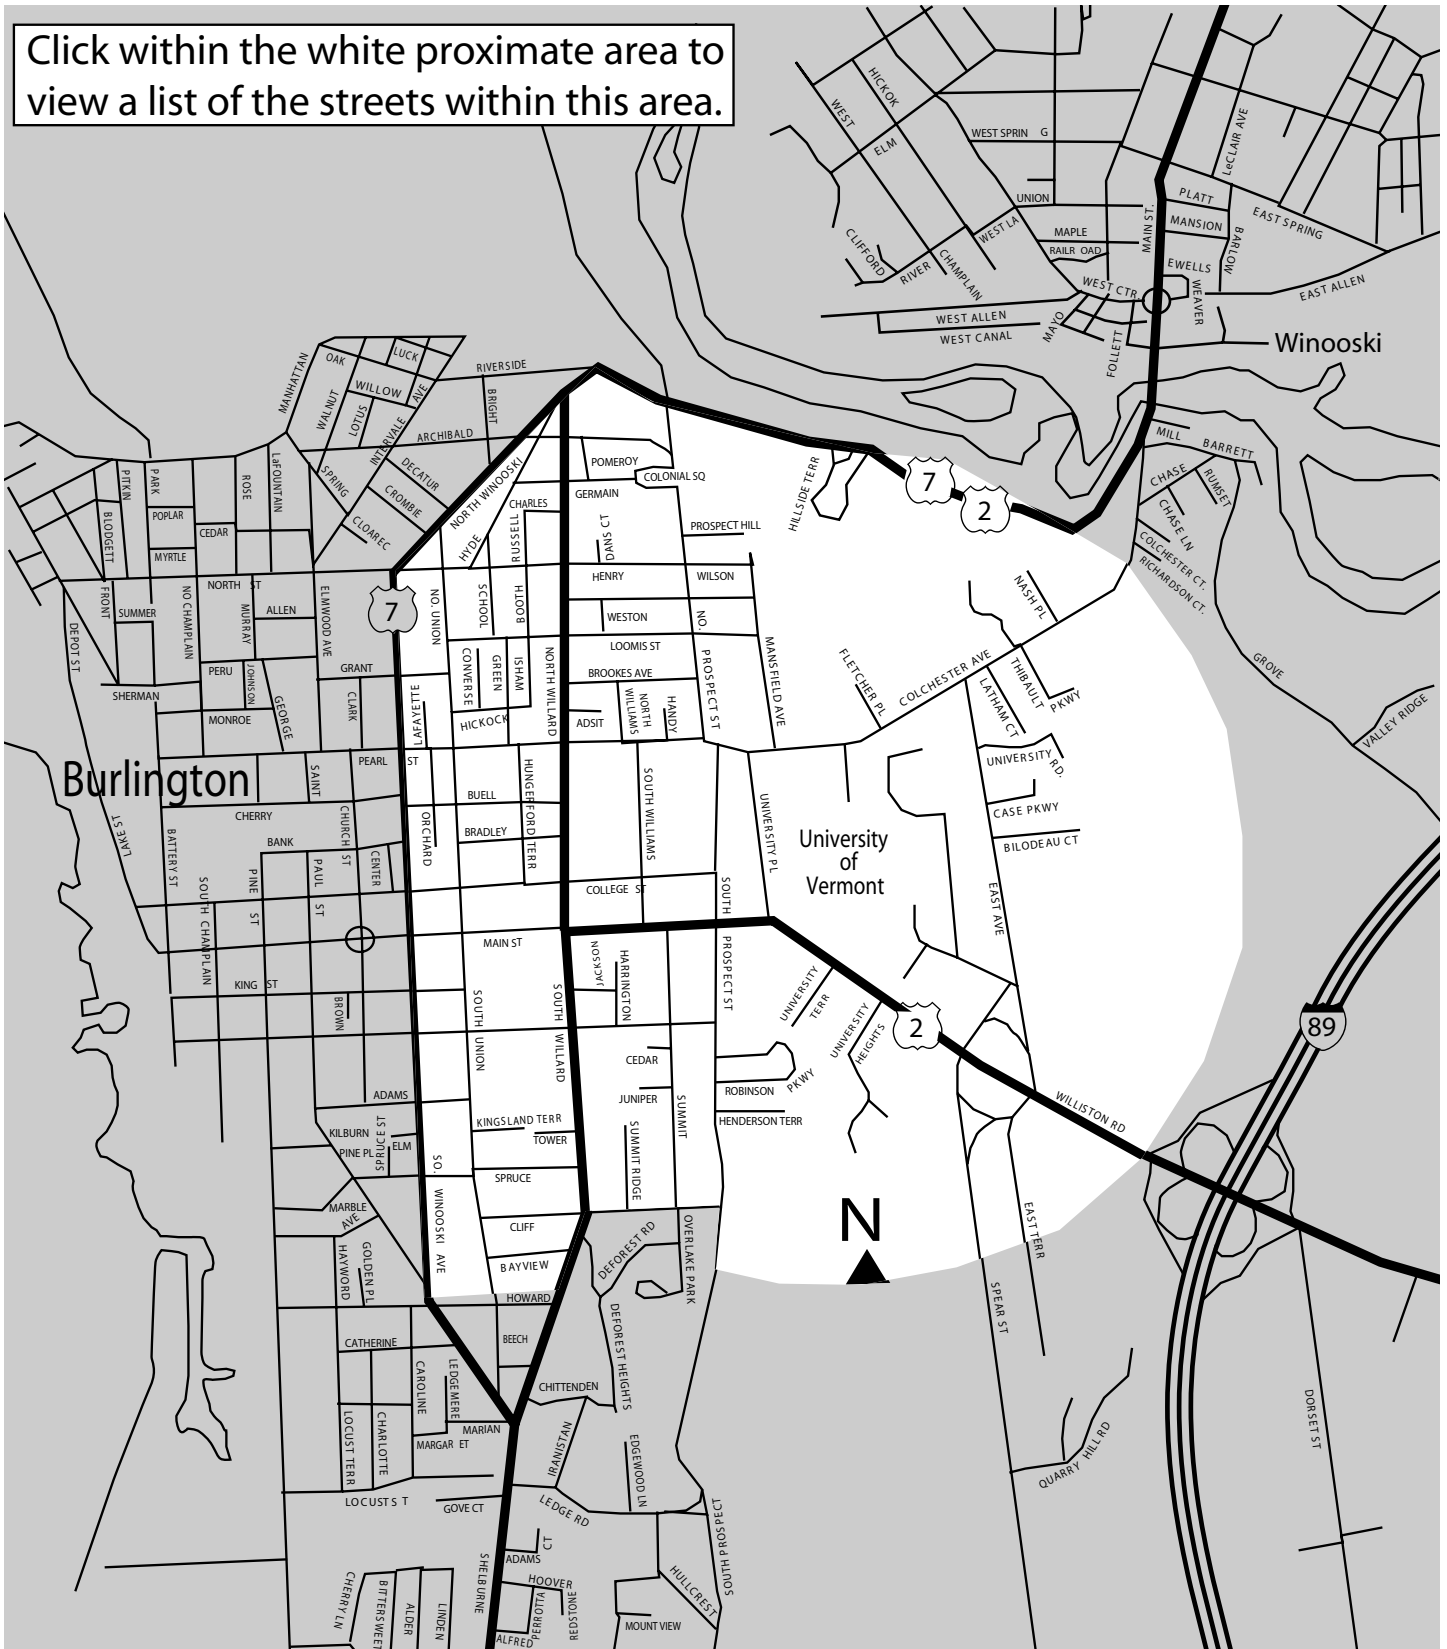

The Traffic Board of Appeals hears appeals from faculty, staff, students, and visitors who have received parking citations. The Board holds regular meetings throughout the academic year to hear appeals. Appellants wishing to contest our initial decision to the Board for citations appealed during the summer months are heard the following academic year.

The Traffic Board of Appeals is composed of faculty members (appointed by Faculty Senate), staff members (appointed by Staff Council) and students (appointed by Student Government Association). These members elect a chairperson from the faculty or staff members. Three board members shall constitute a quorum. On any given appeal, an appointment will be scheduled and an individual will be given one opportunity to appear before the Board. The decision of the Board is final on all appeals.

EMPLOYEE PARKING

Occasional Use Parking Permit Program

The goal of the Occasional Use Parking Program is to provide a way for people who ordinarily commute to campus to occasionally park on campus. The program is intended for full-time faculty, or staff.

Faculty, Staff and Affiliated Staff

Those wishing to park on campus occasionally may do so by purchasing daily permits upon surrendering their full time hangtag and enrolling in this program. One-day permit per month of full time employment per permit cycle (i.e.; 9mos., 12mos., etc.) is available at no cost. Additional permits cost:

- Green Zone (if eligible) - \$4.00
- White Zone - \$3.00
- Brown Zone - \$2.00

Example: A 9-month faculty member wishes to partake of this program at the beginning of the next permit cycle (June 1). They will receive nine one-day free permits and be eligible to purchase individual permits if need be.

The cost of the permits is set in such a manner that most people will realize a monthly savings on parking if the option is used one day per week. We encourage those interested in the program to choose their best option.

Faculty and Staff members will have the option to choose the Zone for which they are eligible based on their campus address. The Green occasional use permit option is wait list controlled the same as the full time Green Permit option.

Occasional use permits follow the same permit cycle as regular permits (June 1st – May 31). Previously issued permits will expire on May 31st. Anyone wishing to continue with program must reapply.

Definitions

Faculty or Staff refers collectively to University personnel who provide or support the instructional, research, and public service activities of the University.

Affiliated Staff refers to individuals who are employed by organizations that do business at the University and are such designated by Human Resources as affiliated. This will also include contractors with office space at the University.

Procedures

Obtaining occasional use permits

Eligible students may obtain a permit by coming to our office at 38 Fletcher Place. Payments for permits can be made by cash, check, credit card or CAT\$cratch.

We do not accept debit cards.

Use of permits

The customer is responsible for filling in the "expires" area of the permit with the date the permit is being used with an indelible marker provided by Transportation and Parking Services. These permits are valid only in the area as indicated in writing on the front of the permit. Any use of permits for purposes other than intended, or failure to fill

EMPLOYEE PARKING

Carpool Program

The University's carpool program in addition to helping the environment, is also intended to reduce the use of single occupancy vehicles parking on campus during peak times, therefore making a limited resource more available to those in need. Thus, community members are strongly encouraged to participate in the carpool program.

In collaboration with the Campus Area Transportation Management Association (CATMA) incentives such as the Guaranteed Ride Home and Bike / Walk program (offering monthly drawings to local merchants and restaurants etc.) are available to members of hill institutions actively participating in a carpool program or simply taking the initiative to ride a bike or walk to work. For more details please visit [CATMA](#) or contact them at 656-RIDE.

Requirements for both Green and White Carpool Permits

Participants must be full-time permanent faculty or staff members, working the same shift on the same campus. Each individual participating in the program must own a vehicle and possess a valid driver's license. The valid state motor vehicle registration of each vehicle registering under the carpool program, along with the valid driver's license of each participant, must be presented to Transportation and Parking Services when registering. At time of registration, all participants must submit their individual applications with their own vehicle information and name carpool partners in order to be processed. Remember, if someone leaves the carpool it may affect whether or not you are still eligible for the carpool and whether or not you are paying to park. It is your responsibility to make sure you are in compliance at all times. Any abuse of the program may cause revocation of the permit.

Carpool Hangtag Designation

Vehicles displaying the carpool hangtag are only allowed to park in the designated zone depicted by the color of the permit during restricted times.

Main Campus Carpools: Because each participant is located on Main Campus, parking in areas which are enforced daily for valid permits, each participant may request to be issued an Occasional Use permit (good for 6 to 12 individual days only) to use in case of an emergency where they must park their vehicle on campus while a carpool partner is displaying the carpool hangtag. Please use the enclosed marker to clearly write in the date of use and hang from the rearview mirror in the format of MM/DD/YY. Any permit without a current expiration date will be considered invalid.

Off-Campus Carpools: Unless specifically requested, off-campus carpool participants are not issued Occasional Use permits.

Green Carpool Permit

Rate: A Green Carpool Permit with two participants is payroll deducted at the rate of Brown of each participant's base salary. A Green carpool with 3 or more participants is available free of charge.

Hangtag Designation: One hanging tag is issued for the group to share and is for use by the participant parked on campus. Green carpool participants displaying the green hangtag, may utilize any lot on campus with the exception of all visitor meters, Jeanne Mance Lot, CBWC Lot and Trinity resident only lots.

White Carpool Permit

Rate: A White Carpool Permit with two or more participants is available free of charge.

Hangtag Designation: One hanging tag is issued for the group to share and is for use by the participant parked on

Please read the following paragraphs carefully before signing below. Signing this document constitutes your legal signature and binding agreement to the terms set forth below.

- I am responsible to know and comply with the University's Parking Rules and Regulations. I am responsible for all parking citations issued to any vehicles associated to me and to understand the appeals process. I understand only one vehicle is allowed on campus at one time, per permit.
- I am applying for a permit which represents vehicles which belong to a family member or someone who is not affiliated with the University. Parking privileges attached to my parking permit cannot be transferred to another faculty, staff, or student.
- I understand the above permit is for the sole use of the individual to whom it is registered, cannot be resold, photocopied or remanufactured, and is not transferrable to any individual or any vehicles other than those registered above.
- It is my responsibility to return or exchange my permit should my employment status at the University change or end.
- I understand my University compensation will be reduced via pre-tax payroll deduction each pay period at the rate in effect for the parking permit zone and type assigned to me, if applicable.
- I understand the University may process any delinquent parking fines or fees which are sixty days past due.

- I am responsible to know and comply with the University's Parking Rules and Regulations. I am responsible for all parking citations issued to any vehicles associated to me and to understand the appeals process. I understand only one vehicle is allowed on campus at one time, per permit.
I understand information regarding Relationship and Registered Owner is accurate and represents the eligibility status of myself, parent or legal guardian, or otherwise approved. Under no circumstances am I allowed to register a motor vehicle which is attached to another student (even if the student is ineligible). Misrepresentation of this fact to obtain a permit, no matter when discovered, will result in a referral to the Center for Student Ethics and Standards and possible loss of parking privileges. No refunds will be granted to persons involved.
I understand the assigned permit is for the sole use of the individual to whom it is registered, cannot be resold, photocopied, altered or remanufactured, and is not transferrable to any individual or any vehicles other than those registered above. The consequence for this violation is referral to UVM Police Department and the Center for Student Ethics and Standards and possible loss of parking privileges. No refunds will be granted to persons involved.

Waiver of Liability

I, the undersigned, agree to permit the University of Vermont Department of Transportation and Parking Services, its employees and/or agents ("University"), to attempt to gain entry into a locked vehicle () or Jumpstart a disabled vehicle () bearing registration plate _____, state of _____, as some condition exists where I must enter the vehicle without the use of a key or some condition exists that where the vehicle's engine will not start. I will hold the University harmless from any damage done to the vehicle, either actual or hidden, which may cause failure of the vehicle door locking mechanisms, engine, electrical or other mechanical part of the vehicle in connection with the assistance rendered. I hereby release the University from any liability and shall not initiate any litigation; civil or criminal, in connection with the assistance provided. I also hereby certify that I am either the owner of the above-named vehicle or am authorized by the owner of the vehicle to operate the vehicle and to serve as agent of the owner for the purposes of waiving liability as described above.

TRANSPORTATION SERVICES

Get Around.

The CATS transportation system provides safe and convenient shuttle service to the UVM community (students, staff and visitors). The goal of the service is to support alternatives to driving, and to help reduce the number of vehicles traveling on city streets and parking in lots on campus.

CATS buses are run by either diesel or compressed natural gas (CNG). The CATS system is handicapped accessible.

On Campus

Why Walk?

1. Walking is an effective way to become physically fit, to manage a chronic medical condition, and keep weight under better control.
2. Whatever your reason to beginning a walking routine, walking has a great reputation as an ideal way to incorporate regular activity into your daily routine without a lot of added cost. This makes walking fun and easy. The whole body effects of walking include:
 - increased energy
 - improved ability to manage stress
 - lowers blood pressure
 - promotes better sleep
 - burns calories and raises metabolism
 - promotes cardiovascular health
 - helps you to keep your chronic illness in check.
 - increased bone health

Walking is inspiring...

"Through diet and WALKING I was able to control my diabetes and my hypertension...I use the stairs and walk...its a wonderful stress reducer".

- Alan, Fletcher Allen

"My mental health depends on my daily 'biped commute' (walking)...I love the peaceful time during my walk"

- Lisa, UVM

An important measure of a workplace is the health and wellness of its employees. The **Partnership Walking Map** has been designed to provide opportunities for employees, students and our community visiting both Fletcher Allen and the University of Vermont to increase physical activity by choosing to walk to areas between our shared campuses. The map highlights suggested routes, distances, level of difficulty, and offers other activities to boost physical activity for everyone.

In partnership, Fletcher Allen and the University of Vermont encourage physical activity and promote healthy habits at very little cost. Incorporating physical activity into your normal routine or workday can be a first start.

Walking - Finding a Physical Activity You Can Live With

Walking is one of the best activities for getting and staying physically active throughout the seasons. Walking is relatively easy; it is a self-paced activity that brings with it many positive health benefits. As a low intensity cardiovascular activity, walking has benefits for everyone. All ages and abilities can benefit from a daily walk for health and fitness.

Tips for Getting Started

1. Wear clothes that will keep you dry and comfortable. Invest in a good pair of walking shoes and a water bottle.
2. Start with shorter walks, and gradually increase the length of your walk each day.
3. Do what comes naturally – set a stride length that is comfortable and a speed that isn't too tough when starting to walk. You should be able to speak comfortably as you walk.
4. Slowly bring the pace up during your walk. As time goes by, your body gets stronger and needs a new challenge.
5. When you're done walking, it is advised that you slow your pace to cool your body down. This will gradually ease your heart rate to its normal level.
6. Always carry ID for safety and walk in well lit and traveled areas.
7. Forty five minutes of moderate exercise is suggested for maintaining health and managing weight most days of the week.
8. If 45 minutes seems too long, break it up into three walks of 15 minutes each.
9. Before and after a vigorous walk, stretching is important to reduce injuries and also to improve your flexibility. Your muscles will be warm and ready to stretch after walking.

Choose your wellness walk. For Trails 1-5, begin at the MOVE Yourself sign marking the starting point of each walk. For Trails 6, 7, & 8, see map for starting point. Bring this map with you as your walking guide. All miles are for round trip walks.

hike through dense, mature woods. The hilly trail is short, very scenic and makes a great lunchtime or after work hike. The hiking trail heads straight into the woods and then turns left after about 30 feet. Continuing straight ahead along the trail, you will see the remains of an abandoned railroad trestle crossing Potash Brook. Further along the trail, you will parallel the Potash Brook for a short distance and walk through a grove of tall Eastern Hemlock trees and back to where you started.

#1 – Centennial Woods Natural Area -

1.05 miles - Moderately Difficult

Start at the Centennial Woods Natural Area trailhead located on Catamount Drive. This trail is rated moderately difficult and should take about an hour to walk. The trail can be wet or muddy and has several steep sections. Wear appropriate hiking footwear. The UVM Environmental Program has installed small wooden arrow signs for you to follow.

#2 – Perkins Geology Museum -

1.17 miles - Easy

Start near the fountain on the University Green and walk towards Billings. This walk is rated easy and makes it ideal at a brisk pace during lunch. From Billings, follow the pedestrian path through the Fleming Green. Turn left and head towards the Colchester Avenue traffic light, crossing the street and continuing on towards Delehanty Hall/Perkins Geology Museum. On the return walk, stay on Colchester Avenue until you get to the Dewey Hall crosswalk. Cross over to the University Green.

#3 – East Woods Natural Area -

.44 miles - Easy to Moderate

Start at the small parking area located off Swift Street. This trail is rated an easy to moderate

#4. Redstone/ U-Heights - 1.53 miles - Easy

Start at the University Green fountain and cross South Prospect Street towards the Waterman Building. Walk towards Main Street, continuing on South Prospect until you reach the exit drive from the Redstone Green. Turn left at the Green and walk until you reach University Heights Road. Continue walking, eventually turning left onto Main Street. Cross Main Street at Morrill Hall and walk until you reach the University Green fountain.

#5. Joggers' Course -

3.25 miles - Moderately Difficult

Start on the Joggers' Course located adjacent to the Guicciardi Fitness center. This walk is great for walking, jogging or biking. Most of the path is level, with almost all of it on paved path. A short stretch, about .75 miles, is a dirt path through a grassy field next to the Burlington Country Club.

#6. Fletcher Allen Walking Path .5 miles -

Moderately Easy - Wheelchair Accessible

Start outside of the ACC Main Pavilion by taking a right on the paved sidewalk. Continue down the concrete stairs and past the emergency department entrance. Keeping on the sidewalk, you will first pass the side entrance to the

McClure building on your right. Continue to follow the sidewalk past the historic Mary Fletcher building. Stop by the Park Bench Yoga Station to stretch. As you continue up the incline, the ACC Main Pavilion will come into view.

#7. University Health Center/Waterman Block - .7 miles - Easy

Start your walk out the front door of either the University Health Center building or the Waterman Building on So. Prospect Street. Continue along until you reach the corner of College Street. Turn right onto College Street walking towards the corner of So. Williams Street. Take a right on So. Williams Street. You will walk the length of So. Williams Street until you come to Pearl Street. At Pearl Street, turn right. You are now heading towards the corner of Pearl Street and So. Prospect Street. Turn right

on So. Prospect and conclude your walk at your starting point.

#8. University Health Center to UVM Davis Center - 1 mile - Moderately Easy

Begin your walk out the front door of the University Health Center building. Walk South on So. Prospect towards Main Street. When you reach Main Street, turn left and begin walking up a slight incline towards the Davis Center.

Once you reach the Davis Center, you will walk a route through the UVM main campus that will take you past the Fletcher Allen medical center campus to Colchester Ave. Take a left onto Colchester Ave. and continue walking until you come to the corner of So. Prospect Street. Turn left on So. Prospect. This will take you back to the entrance of the University Health Center.

CAMPUS AREA TRANSPORTATION MANAGEMENT ASSOCIATION (CATMA) - FALL 2012

Sec. 8.3.3 (a)

Employment and Enrollment

The CATMA member institutions employ a total of 10,472 individuals. The number of on campus students within Burlington totals 16,242.

CATMA Membership Fall 2012 Breakdown

Employees **Within** the City of Burlington

- CATMA Founding Members		
• Champlain College		612
• Fletcher Allen		5,554
• University of Vermont		3,545
- CATMA Affiliates		
• City of Burlington, downtown employees		216
• State of Vermont, downtown employees		545
	Total	10,472

CATMA Associate Member

- CCRPC (Winooski, not included in count)

Student Population on Campus **Within** the City of Burlington

- Champlain College *		3,145
- University of Vermont		13,097
	Total	16,242

Patient Visits Per Year – 1,000,000

* This number differs from the enrollment number as it represents the number of students who actually attend classes on the Burlington campus.

Sec. 8.3.3 (d)

About CATMA, Membership and Programs

The Campus Area Transportation Management Association (CATMA) is a private, membership-based, non-profit organization. Established in 1992, CATMA's founding members established a joint mission to plan and manage safe, convenient and economical parking and transportation in ways that better coordinate land use and reduce environmental impacts on the community.

Founding Members include Champlain College, Fletcher Allen and University of Vermont.

Associate Members include Chittenden County Regional Planning Commission

Affiliates include the State of Vermont downtown Burlington district and the City of Burlington.

CATMA

CATMA Board of Directors

William Ballard, Associate Vice President Administrative & Facilities, University of Vermont

Jim Barr, Director Transportation & Parking, University of Vermont
Carl Riden, Associate Director Campus Public Safety Security, Champlain College
Jack Conry, Director Security, Fletcher Allen

CATMA Outreach Committee

Gioia Thompson, Director Office of Sustainability, University of Vermont
Christina Erickson, Sustainability Director, Champlain College
Cindy MacKechnie, EFAP Lead, Fletcher Allen

CATMA Staff

Robert Penniman (former Executive Director, retired in Oct-2012)
Sandy Thibault, Executive Director
Katie Martin, TDM Coordinator
Janet Botula, Staff Assistant

CATMA's Board Resolution

The CATMA institutions have always been committed to a Transportation Demand Management (TDM) strategy that moves as much parking off the "Hill" as possible. Acting on the February 2002 CATMA Board of Directors resolution, we have established the southerly strategically located parking facility at the former General Dynamics/Gilbane property off Pine Street on Lakeside Avenue. CATMA, on behalf of the institutions, continues to pursue parking facilities to the north and to the east, which will be served by CCTA local bus service and/or shared shuttles to the "Hill".

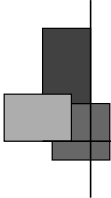

Comprehensive Strategy

Over the years, CATMA's comprehensive strategy of transportation system management (TSM) and extensive transportation demand management (TDM) programs have resulted in significant reductions in single occupancy vehicle mode (SOV) to our campuses. CATMA's workplace TDM initiatives include the programs and services listed below.

CATMA Goals

- Establish long-term transportation policies and leadership.
- Provide strategic and long term planning for multimodal transportation and parking developments in conjunction with the Members' shared land use planning.
- Plan, develop and expand comprehensive multimodal transportation systems management (TSM) programs, incorporating transportation demand management (TDM) strategies.
- Plan, develop, own and manage multimodal transportation systems and parking facilities.

CATMA Transportation Demand Management Programs & Services

- **Bike/Walk Reward Program**
- **Unlimited Access** (UVM & Champlain College)
- Transit Subsidies/Discounts
- **Emergency Ride Home Program**
- Carpool Incentives at institutions
- **Confidential Carpool Matching Program**
- **CarShare Vermont** and Campus Program Membership
- Staggered Work and Class Scheduling
- Pedestrian Walkways & Bikeway System
- Flex-time policies
- Telecommuting
- Collective Shared Shuttle Services
- Work-site Commuter Events/Fairs
- Employee and Student Transportation Surveys

RidesWork

CATMA Transportation Demand Management (TDM) Programs

BIKE/WALK REWARDS PROGRAM

The **Bike/Walk Reward Program** was launched in May 2001 as an incentive for people to bike or walk to and from work. The program rewards employees who commit to biking/walking with gift cards to local downtown shops. The current program requires participants to bike or walk to and from work at least three days a week for two 4-weeks blocks. CATMA provides each participant with a Bike/Walk Reward Card on which to record the dates they bike and/or walk. After submitting their completed card to CATMA, participants are sent a \$15 gift cards of their choice to City Market, Merrill's Roxy Cinema or SKIRACK. By requiring participants to bike or walk three days a week, the majority of their commuting is now by bike or on foot they are truly alternate commuters. Employees can complete the two four-week Bike/Walk program blocks and earn the accompanying rewards as often as they choose.

Bike/Walk participants, along with everyone registered in the **Emergency Ride Home Program**, are entered into monthly drawings for gift certificates to downtown Burlington restaurants.

The program has contributed considerable money to our local economy. Not only has the Bike/Walk program helped change employee commute habits, it has also exposed them to the many wonderful stores and restaurants located in downtown Burlington. This program, which started with 17 participants in 2001, now has over 1100 people registered. In 2012, regular participants totaled 210 with 105 participating monthly and CATMA awarded \$17,000 worth of gift cards to local merchants. As of December 31, 2012, CATMA has issued over \$192,000 in gift certificates since the program's inception.

CATMA

CATMA's Bike/Walk Reward Program has been recognized in the following venues:

- Burlington Business Association, presented CATMA with their Member of the Month award in November 2002.
- The Association for Commuter Transportation (ACT) Patriot Chapter New England TDM Conference chose CATMA as the recipient of the TDM Creative Excellence – Private Sector Award for our Bike/Walk Program in April 2003.
- ACT National selected our Bike/Walk Program as a “silver” award winner for the Award of Excellence - 2003 ACT National Award Nominee in the category: Creative Excellence in September 2003.
- Featured in a report published by the Rails-to-Trails Conservancy, entitled “Creating Active Communities, Ten Case Studies of Programs and Partnerships” in February 2004. The Rails-to-Trails Conservancy received a grant to produce a “best practices” report highlighting projects, partnerships and policies that improve a community’s physical activity levels. The publication highlighted a variety of approaches used to encourage physical activity, which could spark ideas and perhaps be replicated in communities across the country.
- CATMA's Bike/Walk program continues to be mentioned in various newspaper and magazine articles including the Burlington Free Press and Bike Culture magazine.
- The B/W program contributes to Bicycle Friendly University and Bike Friendly Community for the City of Burlington.

UNLIMITED ACCESS PROGRAM

In January 2003, CATMA and the Chittenden County Transportation Authority (CCTA) signed an **Unlimited Access Agreement**. This agreement provides a means for CATMA to provide unlimited access on existing CCTA public transit services to employees, faculty, students and staff at CATMA member institutions. Initially, only the University of Vermont and the CATMA office offered unlimited access to their employees, faculty, and students. On August 28, 2006, Champlain College joined the program. We continue to explore the opportunity for the other CATMA members to join the **Unlimited Access Program**.

CATMA's **Unlimited Access Program** has resulted in a dramatic increase in ridership numbers on CCTA (see slides for history and data); a steady increase in ridership which has led to an increase in available parking spaces for both UVM and Champlain College, and an increase in federal dollars to CCTA.

CATMA's Unlimited Access partnership with CCTA differs from other programs around the country, which charge a set fee for every employee and/or student regardless of their transit use. With Unlimited Access, we pay only for actual rides taken. CCTA invoices CATMA monthly at a contracted rate per ride. CATMA reviews and approves the invoice and back bills UVM and Champlain College. Part of the success of this program can be attributed to extensive marketing campaigns jointly developed by CATMA, CCTA, Champlain College and UVM.

- Tri-fold brochure “UVM ID...Get off-campus Free!”, developed by a group of UVM students in collaboration with CATMA and CCTA, during the spring semester of 2004. A similar brochure was developed for Champlain College.
- A “How To Ride” map and guide was also developed along with a poster for both UVM and Champlain College.
- Articles continue to appear in UVM, Champlain College and in CATMA communications, publications and websites.
- Program awareness and promotion at on-site commuter events through various departments within the institutions, and through student groups, take place throughout the year.

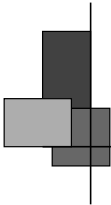

TRANSIT/BUS DISCOUNTS/SUBSIDIES

Fletcher Allen offers their employees a 50% transit subsidy on a monthly pass or 10-ride ticket on all CCTA local routes. In addition, these employees are eligible for a 25% transit subsidy on a monthly or on 10-ride tickets on all CCTA LINK routes. **Chittenden County Regional Planning Commission** employees receive a 50% transit subsidy on a monthly pass or 10-ride ticket on all CCTA local routes and a 50% discount on CCTA LINK routes up to \$300 a year. Employees purchase these passes directly through their employer, and are eligible to register for **Emergency Ride Home Program**, monthly drawings and communications.

RIDESWORK CONFIDENTIAL CARPOOL MATCHING SERVICE | 802-656-RIDE (-7433)

CATMA maintains a **confidential carpooling database**. CATMA's database contains information on both existing carpools and on those who are interested in ridesharing. Strict confidentiality is carefully maintained. Anyone interested in carpooling can register online or call the CATMA RidesWork direct line. CATMA's carpool service is unique in that it matches employees commuting to a destination specific area at the medical/campus district and recognizes the various shift schedules. The member's information is entered into the database and a potential carpool match is sought. If a successful match is retrieved, CATMA personally contacts the individuals and provides the match and logistical information. We maintain a "Carpool Bulletin Board" on our web site, open to eligible employees, staff and faculty.

All carpoolers who commit to this mode at least twice a week on a regular basis, are eligible for the **Emergency Ride Home Program**, once we receive their registration. Their names are automatically entered into monthly drawings for gift certificates to local restaurants.

CATMA TDM Program Participants 2012

Emergency Ride Home

- **1,843** currently registered
- **40** people used benefit
- Total cost 2012 **\$1,682.50**

Bike/Walk Program

- **1,100** currently registered (as bike or walker)
- **210** earn rewards/gift cards bi-monthly

Confidential Carpool Matching Program

- **100** listings for those looking to join, start, or willing to add new members (RidesWork Bulletin Board)
- **490** currently registered (as carpoolers)

Unlimited Access and CarShare Vermont Campus Program

- Participant Information included in following slides and sections

CATMA Program Results 2012

Bike/Walk Reward Program

- **105** average participants/month
- Approximately **\$17,000** in annual rewards
- Over **\$192,000** in gift cards to downtown Burlington businesses distributed as rewards since program inception (May 2001)

Alternate Commuter Monthly Awards

- **36** drawings annually
- **490** winners and **\$6,800** in gift certificates to local restaurants rewarded since October 2000

CATMA

EMERGENCY RIDE HOME PROGRAM (ERH)

Employees - This FREE program is offered only to employees who register with CATMA as one who regularly carpools, vanpools, bikes, walks or takes the bus.

One of the obstacles for those considering alternate modes of commuting is how they will get home in an emergency. To alleviate this worry, CATMA provides the **ERH program** free of charge to anyone employed at our member institutions who alternately commutes on a regular basis. When employees register with CATMA as an alternate commuter, they are issued a CATMA **Commute Smart Card**, which includes brief instructions on using the program and the cab company phone number. This card is renewed annually. If an emergency arises on a day that an alternate commute mode was used, the member calls Morf Taxi Service directly to make arrangements for a ride home. There is no money required out of the member's pocket, unless the fare is over \$60. The program will cover up to \$60 of the fare for each ride (approximately 40 miles). Participants are allowed to use the emergency ride home up to twice a month and up to eight times in a twelve month period. Over 1,843 CATMA member institution employees are currently registered in the **Emergency Ride Home Program**.

Students - The **ERH program** is also provided to Champlain College students living at Spinner Place or Quarry Hill, as well as to residential students bringing a car to campus (all of whom are required to park at Gilbane off-site lot). These students are automatically issued a CATMA **Commute Smart Card** on a semester- to-semester basis. They are allowed to use the program anytime the Champlain/Quarry Hill/Spinner Place/Gilbane shuttle is not operating for a ride between the college campus and these sites. They can use the taxi service to get between the Gilbane lot and campus when the Champlain College shuttle is not running. Champlain College reimburses CATMA for all taxi rides taken by their students.

MONTHLY RESTAURANT DRAWINGS

Employees who register with CATMA as one who regularly carpools, vanpools, rides with a family member, bikes, walks, takes the bus or uses any mode other than SOV (single occupant vehicle) will automatically be entered in CATMA's monthly drawings for local restaurant gift certificates. Each month, several winners are chosen in the alternate commuters drawing. Winners receive either a \$15 gift certificate to Penny Cluse Café or Vermont Pub and Brewery or \$20 to Three Tomatoes Trattoria. Our CCRPC members can receive a \$15 gift certificate either from Tiny Thai Restaurant or Papa Franks in Winooski to support their local community.

MARKETING AND OUTREACH

Over the past several years, CATMA has further developed its outreach efforts at its member institutions by expanding year round on-site commuter events in strategic venues, including Human Resource Benefit Fairs, Nurses Knowledge Fair, New Faculty Orientation, Fall Student Fairs, bike commuter workshops, various spring/fall campaigns and contests. The goal of these events is to educate, create awareness and assist employees with alternate commute and mobility options and how these benefit the employee, the employer and the community. Employees value these direct, personal on-site events and CATMA values the opportunity to build personal relationships with its members. Employees are encouraged to consider alternate transportation modes for personal and work travel. At the events, CATMA provides promotional items such as blinkie lights, lip balms w/SPF, backpack/grocery tote bags w/reflective tape and also distributes information on the Safe Streets Collaborative, Bicycle Benefits Program, as well as coupons to local bike shops to purchase reflective gear.

The CATMA website was revamped in 2009 and has continued enhancing its image, easily accessible resources, current transportation information, news and events and on-line registration process.

A significant effort began in Summer 2010 with the strengthening of communications with CATMA participants and potential participants to increase employee access to transportation options and information:

- CATMA strengthened and tailored its communications with various list serves to regularly disseminate information electronically according to members' mode/interest. This effort more frequently exposes members to CATMA program information and transportation resources, news and local events.
- A quarterly E-newsletter has been developed and is distributed to all registered CATMA participants in the winter, spring, summer and fall.
- CATMA launched social marketing with a Facebook Page in early 2011 and a Twitter feed.

Please see CATMA Outreach/Marketing Yearly Events in CATMA's attachment section for a list of yearly CATMA activities and outreach.

ASSOCIATIONS AND PARTNERSHIPS

CATMA maintains strong partnerships with local, state and national industry transportation leadership organizations, such as Association of Commuter Transportation, Best Workplaces for Commuters, Vermont Agency of Transportation, and Chittenden County Regional Planning Commission (CCRPC).

CATMA also provides support and maintains partnerships with local and regional service providers, such as Chittenden County Transit Authority and CarShare Vermont, as well as local advocacy groups such as Local Motion, Burlington Bike/Walk Council.

In 2012, CATMA was asked by the CCRPC to collaborate with regional partners in a regional TDM initiative entitled "**Go!Chittenden County**". A TDM "Toolbox" of approaches and strategies was created and will be available on-line to help individuals and businesses explore sustainable and affordable TDM programs in the county. Due to CATMA's 20-years of experience and credibility, CATMA is serving as the "Employer Circuit Rider" to Chittenden County employers who are facing parking and transportation challenges. Employers will first be assessed to establish their level of interest in participation and worksite needs, followed by an initial consultation to assist them with instituting a commuter program.

For example: CATMA has been working with IBM-Burlington since June 2012 in exploring TDM programs at the site, which is supportive of their business park development. CATMA coordinated a couple of Lunch & Learn's at IBM relative to bicycling and carpooling. CATMA conducted IBM's first ever Employee Transportation Questionnaire (using the CATMA Survey platform) in Nov-2012 with a 40% response rate received. This data provides insights on IBM-Burlington commuter behavior patterns and traffic flow, but also gives IBM a strong foundation to further explore implementing a formal employee commute program. Such a program will reduce traffic congestion, offer employees convenient, responsive and healthy travel modes, establish community development and quality of life.

This specific CATMA work is funded with a Transportation, Community & System Preservation (TCSP) grant received in July 2011, along with CCRPC UPWP and Circ Alternative Funds. The TCSP grant will also assist with the development of CATMA's Employee Transportation Coordinator (ETC) Network in Chittenden County, which will be available for employers with a staff person designated to address commuter issues at their workplace.

CARSHARE VERMONT

CarShare Vermont, a nonprofit organization, officially launched its carsharing program in the Burlington area in December 2008. UVM and Champlain College originally purchased four cars for its fleet and, in October 2011, they released vehicle ownership to CarShare Vermont. There are two pod locations on the Champlain campus and two on UVM, all of which house Subaru Imprezas. There are six additional pod locations in the city of Burlington, which provide Toyota Priuses and a Toyota Pick-Up Truck, giving members a total of ten cars from which to choose.

CATMA

CarShare Vermont gives members affordable and easy access to a network of vehicles that can be reserved 24/7 for as little as 30 minutes or as long as wanted. CarShare Vermont is a key component of developing a full suite of transportation choices for CATMA members and the community as an alternative to driving alone. In 2012, CarShare Vermont achieved remarkable results with regard to reducing vehicle miles traveled (VMT) and vehicle ownership. Its members reduced the amount they drive by more than 2.6 million miles, resulting in over 2.1 million pounds of CO₂ saved. Additionally, over 60% of members reported selling or opting not to purchase a vehicle, helping to remove 150 cars from the road.

In 2012, CarShare Vermont reported over 750 members—including residents, students, and employees of 16 local businesses—sharing ten vehicles. Collectively, members logged over 4,600 trips and each vehicle was consistently used an average of eight hours per day. Last year, 192 affiliates of Champlain College and UVM joined CarShare Vermont under the campus sponsored program (note that not all of these members are currently active because some students graduated in May). Campus members accounted for 25% of CSVT membership and approximately 15% of CarShare Vermont's total usage.

Membership is open to anyone who is 18 and older, has a clean driving record, and has been driving for at least two years. Those drivers who are between 18-20 must provide proof of primary insurance coverage (i.e. a parent or guardian's policy), and CarShare Vermont's insurance will serve as secondary coverage up to \$1 million. CarShare Vermont will be adding a vehicle to Winooski in 2013 at Spinner Place.

CATMA works closely with CarShare Vermont to develop a suite of marketing materials. CarShare Vermont staff participated in over 50 events in the past year, including tabling at new student orientations, resource fairs, family weekends, pop-up tabling on campus, parades, festivals, and conferences. Flyers and posters have been distributed around both campuses, in bus shelters and campus shuttle vehicles. Banners have been hung and display screens have also been provided. Materials were placed in orientation packets, family weekend packets and new student registration packets. Articles have appeared in campus and area news publications and campus tours include a promo of the campus pods.

In Fall 2010, CarShare Vermont offered Champlain College and UVM students a \$15 driving credit with any new membership if they signed up by September 30, 2010. In mid-October 2011, a new academic year pilot promotion was launched to encourage new membership in CarShare Vermont. All full-time students, faculty and staff at UVM and Champlain College are eligible for a waived \$150 annual membership fee (sponsored by the campuses and CarShare Vermont) for CarShare Vermont's Share-a-Lot plan, which features its lowest driving rates. This free membership promotion continues in its second academic year as of October 2012, and it has become increasingly popular.

CATMA continues to work with CarShare Vermont in developing creative incentive promotions at the academic institutions to encourage new membership and utilization of the CarShare service.

PILOT PROGRAMS

State of Vermont (downtown Burlington employees)

In November of 2007, CATMA received an inquiry from the Field Director of the State of Vermont Agency of Human Services, about participating in CATMA's alternative commuter programs and services due to parking issues in downtown Burlington. In May 2008, a 6-month pilot program was launched. All programs and services offered to CATMA institution members (except subsidized transit) were open to the state employees working in downtown Burlington. CATMA hosted several tabling events at the state building at 108 Cherry St.

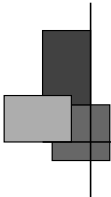

Since we had baseline survey data on the state employees from the Downtown Burlington Transportation survey conducted in November 2007, we have continued obtaining their data in CATMA's Employee Transportation Survey in 2008, 2009, 2010 and 2012. Considering the reduction in their workforce, consolidation of offices and available parking downtown, the State downtown district displays positive mode trends. Based on response to CATMA's 2010 survey, State's downtown drive alone rate was 61.7% and in 2012 is down to 60.6%, with improvements in bike, walk and carpools as well.

We continue to explore a more permanent relationship with the State, including their joining CATMA as an associate member. See Pilot Program slide for information on state's registered employees.

City of Burlington (downtown Burlington employees)

In Fall 2009, CATMA was approached by the City of Burlington regarding their proposed Employee Commute Strategy, an initiative in the Burlington Legacy Project Action Plan. The City's downtown staff was included in CATMA's Fall 2009 Employee Transportation Survey to obtain base commuting data for this group. In January 2010, CATMA and the City of Burlington launched a one-year Pilot Program that enabled the City's core downtown employees to enroll and participate in CATMA's TDM programs and services, as well as be included in CATMA's Fall 2010 Employee Transportation Survey to measure effect of alternate commuter incentives and mode changes. Based on the City response in CATMA surveys, the Single Occupant Vehicle (SOV) was 55.8% in 2009 and almost 1-year of Pilot Program; the same group SOV rate went down to 50.0% with positive trends in alternate modes. Based on the response to CATMA's 2012 survey the drive alone rate continues to decline to 43.2%. The City and CATMA continue to explore a more permanent program.

2012 CATMA Survey response rate was 18.5% (669 employees)

CATMA EXPRESS SHUTTLE

The CATMA Express Shuttle is no longer in service. Due to the lack of a Southern Connector, plans to develop the Gilbane site on hold, reduction in a need for parking at this location, and the current economy, it was determined that the CATMA Express shuttle from this site was no longer cost-effective.

Due to the success of CATMA's Transportation Demand Management (TDM) programs, including Unlimited Access, there was an excess of available parking spaces at the University of Vermont. Although future development plans call for a reduction in land use for parking, for the near future UVM was able to offer parking to Fletcher Allen eliminating the need for Medical Center and UHC employees to be assigned parking at the Gilbane site. As Fletcher Allen employees constitute the bulk of shuttle riders, the move significantly reduces the need to run a shuttle from the Gilbane lot to the Hill. Although the CATMA shuttle had provided express direct service to the Hill, the cost per ride to operate this shuttle became prohibitive, especially in light of cost per ride paid by the institution through the Unlimited Access programs at both Champlain College and the University of Vermont. For history and data on CATMA Express Shuttle see 2012 JIPMP Update.

CATMA institution employees and any student who is permitted to bring a car to school, can still park for free at the General Dynamics/Gilbane PARC lot by registering with their institution to receive a hang tag.

The CCTA PARC route, which provided service from the Gilbane lot to the corner of Bank and St. Paul street, was eliminated in June, 2012.

BEST WORKPLACE FOR COMMUTERSSM

One of the side benefits to all the transportation demand management (TDM) programs we offer is that CATMA, Champlain College, Fletcher Allen and the University of Vermont have all been named as Best Workplaces for CommutersSM. This is a national designation renewed on an annual basis.

Best Workplaces for CommutersSM is an innovative program that provides qualified employers with national recognition and an elite designation for offering outstanding commuter benefits. Employers that meet the National Standard of Excellence in commuter benefits—a standard created by the U.S. Environmental Protection Agency—can get on the list of Best Workplaces for Commuters. In October 2003, the EPA announced the first ever “2003 New England's Best Workplaces for CommutersSM” list.

All of the CATMA members and associate members have received the Best Workplaces for CommutersSM designation and have had this designation renewed annually. Both Fletcher Allen Health Care and the University of Vermont names appeared on the first list. In November 2004, CATMA was added to the list and Champlain College received the designation in September 2006.

Champlain College and UVM qualified under the primary benefit due to their participation in CATMA's Unlimited Access Program. Fletcher Allen qualified by using a combination of transit subsidy, carpool coupon program, walking/biking program subsidies, and for having a large number of full time employees working compressed schedules. Each institution was able to list over 12 categories in the supporting benefits list, including being a member of a Transportation Management Association (TMA) and due to the Transportation Demand Management (TDM) programs offered by both the institutions and CATMA. Significant credit was also given for the Bike/Walk Program. Best Workplaces for CommutersSM demonstrates that alternatives to drive-alone commuting, such as transit, carpools, and teleworking are economically beneficial, yielding value to workers, employers, and our environment.

In October 2007, the Center for Urban Transportation Research (CUTR) at the University of South Florida in collaboration with communities across the country, assumed responsibility for the national management of the program.

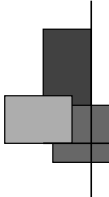

CATMA

ANNUAL WAY TO GO COMMUTER CHALLENGE

CATMA continues to be very active in the planning and executing of the annual statewide **Way To Go Commuter Challenge**. This week-long event typically held in mid-May, is an opportunity for employers, businesses, organizations and communities to encourage people to explore options for healthy, environmentally friendly and cost-effective transportation. By carpooling, taking the bus, biking, walking or telecommuting and “curbing the car” participants dramatically reduce their personal contribution to air and water pollution, save money and improve their health and well-being. CATMA works closely with our member institutions to promote Way To Go through communications within institutions publications and by hosting on-site commuter events. These efforts have resulted in numerous awards for CATMA institutions in the Commuter Challenge.

VERMONT BIKE CHALLENGE

The Vermont Bike Challenge runs from May 1 to August 31 and is part of the National Bike Challenge, organized by the American League of Bicyclists, an online competition powered by Endomondo that is designed to get more people on bikes more often. Local Motion is organizing the Challenge at the local level in here in Vermont. Vermonters are encouraged to pedal more often to promote wellness and help reduce greenhouse gas emissions. Riders log miles online and are entered to win prizes. Individuals may log recreational riding or commute cycling. CATMA worked with Local Motion to promote and enroll employees at Champlain College, Fletcher Allen and UVM for the Challenge. In its first year Vermont won the National Challenge, logging the most miles/points in the nation as a state. University of Vermont logged the most miles/points as a workplace in the Vermont Bike Challenge, Fletcher Allen came in 4th and Champlain finished 67th out of a total of 279 workplaces in Vermont. The CATMA institutions logged a total of 57,118 miles, saved 52,284 pounds of CO₂, burned over 890,000_{kcal} calories and saved \$14,600 dollars in just 4 months.

CATMA EMPLOYEE AND STUDENT TRANSPORTATION SURVEYS

One of the ways CATMA measures the success of its TDM programs is through information gathered from its Transportation Surveys. CATMA surveys the employees of all its member institutions in the fall and the students from Champlain College and UVM in the spring. In addition to employees at CATMA institutions, CATMA included employees at City of Burlington, State of Vermont downtown district and CCV since 2008, along with students at CCV since 2009.

In 2011 CATMA transitioned to a biennial Employee & Student transportation survey schedule.

Data from CATMA’s Employee and Student Transportation Surveys, including mode splits is included in this report. As you will note, our survey data continues to show positive trends in the reduction of the SOV rate of our employee. Similar shifts in modes can be seen in the student data as well. The Unlimited Access Program has contributed to these mode shifts, along with the plentiful educational and outreach efforts by CATMA.

On the survey question, “How satisfied are you with your college/university transportation experience thus far?” we have seen a steady improvement in the satisfied rate since first asking the question. The rise can be attributed to the committed collaboration of CATMA and its members to implement and enhance TDM programs and services.

CATMA Annual Transportation Survey Overall Satisfaction

How satisfied are you with your transportation experience/commute thus far?

Students (Spring)		2003	2007	2008	2009	2010	2012

 * Perkins Pier & combo modes. ** Combination modes, seasonal, UVM/CATs bus, carpool
 Survey conducted annually starting in 2003. Results reported give baseline plus last four years of data.

CATMA Annual Spring Transportation Survey Resident Student Data

Did you bring a car with you this semester (spring)?

Table is showing the overall percent of resident students who brought a car

	2003	2004	2005	2006	2007	2008	2009	2010	2012
Champlain College	80.6%	51.4%	40.7%	37.4%	39.4%	35.6%	32.3%	37.3%	31.7%
UVM	50.7%	42.3%	31.7%	25.5%	24.4%	25.0%	21.2%	21.4%	21.5%

CATMA

CATMA Annual Fall Employee Transportation Survey

	Drove Alone	Carpool	Bus	Bike/Walk	Tele-commute	Park & Ride	Bike & Bus	Other*
2000	73.8% With Shuttle 17.3% W/O Shuttle 56.5%	11.5%	2.2%	5.2%	-	-	-	2.8%
2007 (1)	53.6% With Shuttle 10.7% W/O Shuttle 42.9%	12.2%	9.3%	12.6%	0%	5.5%	0.7%	6.0%
2008 (2) No Red Cross	52.6% With Shuttle 11.8% W/O Shuttle 40.8%	16.8%	8.8%	12%	0.1%	5.4%	0.6%	3.6%
2009 (3)	54.7% With Shuttle 10.8% W/O Shuttle 43.9%	14.5%	7.2%	11.3%	0%	5.8%	0.6%	6.0%
2010 (4)	57.5% With Shuttle 10.2% W/O Shuttle 47.3%	15.5%	7.1%	10.2%	0.1%	5.0%	0.8%	3.6%
2012 (5)	55.7% With Shuttle 9.1% W/O Shuttle 46.6%	14.7%	7.9%	10.3%	0.1%	5.5%	0.9%	5.0%

Online Survey conducted annually starting in 2000. Results reported give baseline plus last three years of data.
 *Other modes include a high number of family carpools, combination of modes, and seasonal shifts for commute.
 (1) 2007 data is all CATMA employees in Burlington plus Fanny Allen campus.
 (2) 2008 data includes all the above plus Colchester and Tilley Drive in S. Burlington.
 (3) 2009 data includes all the above plus Technology Park in S. Burlington, which explains the slight dip in alternate commute modes. CATMA Express Shuttle ceased operation in June 2009 due to large number of Fletcher Allen employees parking location moving from Gilbane lot to UVM South lot.
 (4) Added Timberlane
 (5) Added Holly Court, Brickyard, Blakely Rd, Innovation Park

CATMA "Hill" Annual Fall Employee Transportation Survey

	Drove Alone	Carpool	Bus	Bike/Walk	Tele-commute	Park & Ride	Bike & Bus	Other*
2003	64.8% With Shuttle 15.7% W/O Shuttle 49.1%	11.2%	4.5%	13.5%	0%	N/A	N/A	5.9%
2007	52.6% With Shuttle 10.8% W/O Shuttle 41.8%	12.5%	9.6% **	13.0%	0%	5.5%**	0.8%	6.1%
2008 No Red Cross	52.2% With Shuttle 10.0% W/O Shuttle 42.2%	16.5%	9.3%	12.3%	0%	2.2%	0.5%	3.6%
2009	53.9% With Shuttle 8.7% W/O Shuttle 45.2%	14.3%	7.5%	11.7%	0%	6.0%	0.7%	6.0%
2010	54.4% With shuttle 10.9% W/O shuttle 43.5%	16.3%	7.7%	11.3%	0.2%	5.4%	0.9%	3.8%
2012	51.5% With shuttle 9.9% W/O shuttle 41.6%	15.6%	8.9%	11.5%	0.1%	6.2%	0.9%	5.2%

Online survey conducted annually starting in 2000.
 2003-2009: Hill data includes employees on the Hill, downtown Burlington, Fanny Allen, Fort, Champlain Mill
 2010: Hill data includes employees on the Hill and downtown Burlington to give actual Burlington data.
 CATMA Express Shuttle ceased operation in June 2009 due to large number of Fletcher Allen employees parking location moving from Gilbane lot to UVM South lot.

* Other modes include a high number of family carpools, combination of modes, and seasonal shifts for commute.

CONCLUSION

CATMA's TDM programs have received local, national, and international recognition. Individuals and organizations continually call upon us for our expertise and guidance in the field of transportation demand management. We often accept invitations to speak at conferences and workshops. We continue to take an active role in local, regional and international committees and associations that specialize in commute options and solutions and work to create a more sustainable transportation system. These include: the Transportation Advisory Committee (TAC) and ECOS Transportation Subcommittee for the Chittenden County Regional Planning Commission; the Burlington Business Association; the Lake Champlain Regional Chamber of Commerce, High Meadows Transportation Stakeholders, Burlington Walk/Bike Council, CarShare Vermont, and an active role in the Way To Go Commuter Challenge and Vermont Bike Challenge.

Additionally, we continue to be involved in the Association for Commuter Transportation (ACT) including an active role in ACT's Patriot Chapter, the ACT National Membership Committee, Communications Committee, ACT Telework and Public Policy Council. CATMA staff has participated in and completed ACT's Leadership Academy.

CATMA's FUTURE PLANS

Due to CATMA's 20-years of experience, credibility and positive accomplishments, the CATMA Board of Directors resolved to open up Associate Membership in CATMA. CATMA has become a point of contact for area employers regarding questions or concerns related to parking issues, sustainable commute services and incentives, and the need for a comprehensive managed commute program. Transportation and parking solutions are a necessity to mitigate traffic congestion, improve employee productivity and morale, and enhance business development in the region. CATMA offers a host of "turn-key" programs and services which we look forward to offering to our new Associate Members.

Thanks to the dedication of the CATMA staff, active participation of our Board of Directors and Committee members, excellent partnerships and motivated employees, CATMA is able to engage in tremendous activity for a TMA our size. We track and measure our TDM program activity to ensure accountability and effectiveness.

Connecting You With Transportation Choices

CATMA provides transportation choices to help make your commute easy on you, your wallet and the environment.

CATMA, the Campus Area Transportation Management Association, was formed in 1992 to enable its members, the American Red Cross, Champlain College, Fletcher Allen Health Care and the University of Vermont, to share resources as well as jointly plan, develop and manage all transportation and parking programs, infrastructure and associated facilities.

In order to reduce the cost of commuting, parking, and to help reduce stress, CATMA provides employees and students of our member institutions with transportation options and assistance.

Programs include:

- Confidential Carpool Matching Service
- Bike/Walk Reward program
- Emergency Ride Home Program
- Bus Subsidies, including the FREE rides for Champlain College and UVM constituents
- Off-site parking options
- Shuttles
- CarShare Options

In addition to the CATMA member institutions, a variety of CATMA programs and services are also available to employees and students of several affiliated member organizations. Please visit our web site for a list of our current members and additional information on all our programs and services! Register for any of the programs online at www.catmavt.org.

All employees should check with their employer for additional incentives unique to their company. Some offer telecommute options, gas coupons, preferential parking and discounted parking permits for carpoolers, discounted Ferry passes and/or part-time parking permits.

- Bike • Walk • Bus • Carpool
- Telecommute • CarShare
- Shuttle

MORE EMPLOYEE BENEFITS AND PROGRAMS

Employee Discounts	Many area companies and merchants offer discounts to our employees, including discounts on cell phone contracts, automotive repair, electronics, entertainment, meals and lodging, gym memberships, and many other services and products. To take advantage of many of these discounts you will need to show your Fletcher Allen ID badge. For more information visit our intranet site at intranet.fletcherallen.org/employee_resources/pages/emp_discounts.aspx
Tuition Reimbursement and Personal Growth	The Organizational Development Department provides many opportunities for all staff to enhance their skills through educational programs. Programs include: short courses for staff and leaders offered throughout the year, customized workshops, and team building programs. Fletcher Allen tuition reimbursement programs also support learning by offering financial assistance to staff enrolled in degree and certification programs. Eligible employees have an annual benefit ranging from \$2,600 to \$3,950. For more information call 847-9800 or visit our intranet site at intranet.fletcherallen.org/employee_resources/eod/pages/welcome.aspx
Employee Referral	Fletcher Allen is always looking for everyday heroes to join the team. When you encourage your most talented friends, family members, and professional acquaintances to apply, you may qualify for an Employee Referral Bonus of up to \$1,000. To be considered, the first step is to have the applicant enter your name on their online application. Each successfully hired referral you make may lead to a big reward! For more information call 847-2825, option 3 or visit our intranet site at intranet.fletcherallen.org/employee_resources/recruitment/pages/welcome.aspx
Transportation Discounts	Fletcher Allen offers a 25% discount on CCTA LINK commuter passes and a 50% discount on local bus passes. Fletcher Allen also offers a 25% discount on ferry tickets for employees who live in New York. Carpool incentives are available to any employee at the Medical Center Campus, University Health Center, Fanny Allen, and 1 Burlington Square who have two or more employees who commute to work together. Incentives include gas coupons and monthly restaurant drawings. Stop by the Security Office at the Medical Center Campus to purchase passes or to register a carpool group. For more information visit our intranet site at intranet.fletcherallen.org/internal_services/pages/
CATMA	Fletcher Allen is a member of CATMA (Campus Area Transportation Management Association). Through this membership, employees are eligible to enroll in a variety of alternative commuter programs, including \$15 gift cards for biking or walking to/from work, confidential carpool matching services, and emergency rides home. For more information call 656-RIDE or visit CATMAVT.org
On-site Banking and Financial Education	Fletcher Allen employees can become a member of the New England Federal Credit Union (NEFCU), and enjoy free checking with all the perks, as well as low cost, convenient auto and home loans. NEFCU offers an array of seminars for everyone in your family. NEFCU is committed to being "your financial advocate." For more information call 879-8790 or visit NEFCU.com/kiosk_fahc.html
Child Care Referrals	Child Care Resource has a child care provider database of over 460 Chittenden County programs that are licensed or registered through the State of Vermont. Child Care Resource provides information and referrals to quality child care programs that serve children from infancy to age 12. These services are offered to Fletcher Allen employees at no charge. For more information call 863-3367 or visit ChildCareResource.org
Frymoyer Community Health Resource Center (ACC Main Pavilion, 3rd Level)	The Frymoyer Center is a consumer health education library that can help employees and their family members research health and wellness topics. The Frymoyer Center can also locate resources for health care, social services, and support groups in the area. Employees may borrow from the collection of consumer health books and DVDs. The Frymoyer Center also provides computers for access to the UVM Dana Medical Library which includes electronic medical journals. For more information call 847-8821 or visit FletcherAllen.org/community_resources/resource_center/about_frymoyer/
GEM and Recognition Program	Everyone at Fletcher Allen plays a role in providing compassionate care. Our Recognition Program provides opportunities to acknowledge staff members who Go the Extra Mile (GEM) for our patients and their families, and for each other. The program includes awards you can give your peers, and, if you are a leader, to your employees. Nominate a colleague who you see going above and beyond, and hopefully you can inspire someone!
Paying for Meals with Your ID Card	Our employee food outlets offer reasonably priced meal options that include fresh and organic local fare. You'll find locally-raised ground beef, many vegetarian choices and organic fair-trade coffee. Employees can use their ID badges to purchase food at the Medical Center, UHC, and Fanny Allen campuses. The cost will be deducted from an upcoming paycheck.

CATMA Fall 2012 Employee Transportation Survey

Complete the Online Survey and Have a Chance to Win One of Many Prizes!

To our valued colleagues,

We know you all share with us the importance of having adequate parking, easing traffic congestion, improving our air quality and preserving our environment. As each of our institutions move forward in planning for the next several years, we all have the opportunity to help influence the future of our region.

You have been selected to participate in the CATMA Fall 2012 Employee Transportation Survey because you are an employee at one of the CATMA member institutions (Champlain College, Fletcher Allen Health Care, University of Vermont, CCRPC); OR you are employed by the City of Burlington, Community College of Vermont, State of Vermont downtown Burlington district/IBM site. The data gathered from this survey is valuable in assisting CATMA with developing and evaluating commuting services and programs which benefit you and the community. Whether you drive alone, bike, walk, carpool, take the bus to work, or telecommute, your responses to this survey help plan and improve future transportation, parking and landuse issues that impact the region. Please make every effort to complete this survey. Thank you for your support, interest and participation.

Sincerely,

Dr. John Brumsted, President & Chief Executive Officer, Fletcher Allen

Dave Finney, President, Champlain College

Tom Sullivan, President, University of Vermont

Jane Helmstetter, Field Director, Burlington District, AHS/FS State of Vermont

Dawn O'Toole, Director of Operations, AHS/DCF State of Vermont

Miro Weinberger, Mayor, City of Burlington

Joyce Judy, President, Community College of Vermont

Charlie Baker, Executive Director, CCRPC

The survey takes about 8 minutes to complete. Once you complete the survey, your password will become void assuring survey accuracy. All information is confidential and will provide insight into travel patterns. Responses are used to advance commuting alternatives which best serve you and our institutions. At the end of the survey, please provide additional comments and enter your name into the prize drawing!

SURVEY INSTRUCTIONS AND PASSWORD

1. Log onto the CATMA web site at www.catmavt.org
2. Click on the **CATMA SURVEYS** link
3. Enter the randomly assigned, non traceable password below:

PASSWORD:

4. If you do not have access to a computer, either at **WORK** or at **HOME**, please contact CATMA at 656-RIDE.

- Your responses to survey questions help us develop and evaluate commuting services and programs which benefit you, our institutions and the community.

**You’ll have a chance to win one of many prize’s including
gift certificates to local stores and restaurants!**

Take the survey - it only takes 8 minutes!

✓ It’s online ✓ It’s quick! ✓ It’s easy! ✓ It’s important!

Bike Commuter Workshop

Email Outreach:

Two FREE Bike Commuting Workshops this September! [Register today](#)
Provided by CATMA, Local Motion and Fletcher Allen Wellness for employees

BIKE COMMUTING 101 WORKSHOP: Getting into Bicycling
DATE: Wednesday, September 19
TIME: 12:00-1:00 pm
LOCATION: Chittenden Room at UVM Davis Center

Have you been wanting to bike more? Ready to take the next step, but not quite sure where to start? Local Motion can help! **In just one short hour, participants in our Bike Commuting 101 workshop learn all this and more:**

- What gear you need (and don't need) to stay safe and comfortable
- How to make sure your bike is in good shape for commuting
- How to map out a route that fits with your available time and comfort level
- How to "read" the street and ride safe under a range of conditions

Best of all, you'll come away with FREE BIKE LIGHTS to help you stay safe! Let Local Motion help you get back into bicycling today! Need a helmet? Low-cost helmets will be available for purchase at the workshop.

[CLICK HERE TO REGISTER](#)

Only 20 spots so register today!

BIKE COMMUTING 102 WORKSHOP: Building Street Skills
DATE: Wednesday, September 26
TIME: 3:30-5:00 pm
LOCATION: 113A Conference Room, UVM Transportation and Parking Services at 38 Fletcher Place

Are you comfortable on your bike, but not so much with traffic? **Local Motion's one-hour "Bike Commuting 102" workshop helps you build your skills and confidence for riding on the street!** We start with a ten-minute pre-ride review of the essential principles of safe riding, along with a quick refresher on proper helmet fit and a 60-second mechanical check. Then we saddle up and head out on the street for a narrated ride with periodic pull-offs to discuss conditions encountered and how best to respond to them.

Over the course of the ride, participants learn about making safe turns, lane positioning, hazard avoidance, communicating with drivers, and more. **All participants must bring their bike and helmet. Bikes must be in good working order.** All participants go home with a handout of the principles covered in the workshop, an overview of the rules of the road in Burlington, a coupon for \$6 off safety gear at area shops, and a **free day-glo reflective vest!**

[CLICK HERE TO REGISTER](#)

Only 20 spots so register today!

Need a helmet? Low-cost helmets will be available for purchase at the workshop.

Provided by the Campus Area Transportation Management Association (CATMA) and UVM T&PS

FREE Employee Bike Commuting Workshops

Activate your commute and REGISTER today!

101 Workshop: Getting into Bicycling

When: Wednesday September 19, 12:00pm – 1:00pm

Where: Chittenden Room @ University of Vermont Davis Center

Want to bike more, want to take the next step, but not sure where to start? Register for this workshop and learn about the gear you need, staying safe and comfortable, getting your bike ready to commute, map out a route and understand the rules of the road. Plus come away with FREE BIKE LIGHTS!

102 Workshop: Building Street Skills

When: Wednesday September 26, 3:30pm – 5:00pm

Where: 113A Room @ UVM Transportation & Parking Services, 38 Fletcher Place

Comfortable on your bike, but not so much with traffic? Register for this workshop and build your skills and confidence for riding on the street. Participants must bring their bike and helmet. Come away with a FREE DAY-GLO REFLECTIVE VEST!

Fall in Vermont

Can you believe October is almost over? We finally got all that rain we didn't see this summer. CATMA had another fun filled fall with bike commuter workshops, new mobility benefits and award ceremonies. Now it's time to prepare for winter commuting.

CATMA announces our exciting transition to a traditional transportation management association. Sandy Thibault will take on the leadership as Executive Director. After 24 years of service, Robert H. Penniman, CATMA's founder, retired on October 15. [Click here for Press Release](#)

Events, Resources & Updates

CATMA Fall 2012 Employee Transportation Survey

Coming in late October -- Your input on transportation is important and will help to shape and improve the future of commuting in and around the Burlington area. Your responses help us develop and evaluate commuting services and programs which benefit you, our institutions and the community. Plus, you'll have a **chance to win one of many prizes!**

- Fletcher Allen, UVM and State of Vermont (downtown Burlington) employees will receive a [bright orange invitation](#) through intercampus mail.
- Champlain College, CCRPC, City of Burlington and CCV employees will receive an [e-invite](#) through your employee email.

CATMA Commuter Contest Winners!

Congratulations to **Sarah Comtois** and **Lynn Tracy**, our winners for the CATMA Commuter Contest. Thank you to all the participants for taking the time to share your commuting story. We truly appreciate your efforts and support in smart commuting and having fun!

Bike Commuter Workshop

Once again we partnered with [Local Motion](#), and our member institutions and offered two bike commuter workshops this fall. These were open to all employees of CATMA member institutions. This season we offered both a Getting into Bicycling (Bicycling 101) and a Building Street Skills (Bicycling 102) session. We'd like to send a special thanks to [Champlain College Sustain Champlain](#), [Fletcher Allen Wellness](#) and [UVM Transportation and Parking Services](#) in helping make these workshops possible. Check out the [CATMA Facebook page](#) for photos and [email us](#) if you're interested in Spring workshops.

[Join our Mailing List!](#)

[Register with CATMA](#)

Pearl Street | Prospect St | Colchester Ave Intersection

One of the recommendations of the Colchester Avenue Corridor Task Force was to identify a preferred alternative that improves mobility and safety for all modes through the Prospect Street/Pearl Street/Colchester Avenue intersection. A scoping study is being conducted and a Local Concerns Public Meeting is scheduled for Tuesday, November 27th, 7-9PM, McClure Conference Room, Fletcher Allen Health Care, Colchester Avenue. Your input and participation is welcome. Feel free to send your input via email to catma@uvm.edu.

Way To Go! Awards Ceremony

On September 21, Jeb Spaulding, Secretary of Administration handed out the awards for the 2012 [Way To Go!](#) Challenge at Vergennes Opera House. CATMA would once again like to congratulate [Fletcher Allen](#) and [Champlain College](#) for receiving business awards. Thank you to everyone!

Food for YOUR Commute

CCTA gets more bike capacity on Montpelier LINK express

"Starting in 4-6 weeks, the awesome new LINK express buses to Montpelier will double bike capacity (to 4 bikes) and increase passenger capacity. The buses are currently getting fit up for service. Local Motion salutes CCTA and VTrans for sharing the multi-modal vision!" ([Local Motion](#))

The first ever HAWK Crosswalk in Vermont and the Northeast Installed on Route 15

Keep your eyes out for a new crosswalk in town located on Route 15 near Fanny Allen campus that is expected to be activated in November. The High-intensity Activated CrossWalk is a traffic signal used to stop road traffic only as needed, while protecting and allowing pedestrians to cross safely. [Click here](#) for more information and check out the YouTube video on the HAWK system.

CATMA would like to remind you to turn your clocks back on Sunday, November 4th.

Traffic Alert and Snow Ban Alerts

CATMA posts updated Traffic/Construction Alerts on the [CATMA website](#) and Facebook every Friday to assist you in planning an efficient commute. We'll also be posting Snow Ban alerts when available. For further info, please contact [CATMA](#) or "Like Us" on .

Commuter Programs, Services & Incentives

Employees at CATMA's member institutions, including [CCRPC](#), are eligible to enroll in our alternate commute programs, services & incentives. [Click here](#) for commute benefits your employer offers.

- [Bicycle Benefits](#)
- [Bike/Walk Rewards Program](#)
- [CCTA Bus/Transit Pass Discounts; Unlimited Access Program](#)
- [CarShare Vermont](#)
- [Confidential Carpool Matching Service](#)
- [Emergency Ride Home Program](#)
- [RidesWork Bulletin Board](#)

Benefits of alternative commuting: Reduce stress, save on commute costs, consistent travel times and routes, decrease personal vehicle maintenance and wear/tear, part-time travel options, improve air quality and decrease road construction costs.

CATMA Members: [Champlain College](#), [Fletcher Allen Health Care](#), [University of Vermont](#).

CATMA Associate Members: [CCRPC](#)

CATMA Affiliates: [American Red Cross](#), [City of Burlington](#) (downtown district),
[State of Vermont](#) (downtown district)

CATMA was formed in 1992 to enable its members to share resources as well as jointly plan, develop and manage all transportation and parking programs, infrastructure and associated facilities. Contact CATMA at 802-656-RIDE (-7433) for information on alternative commuting options, resources or land use matters.

Sincerely,

Sandy, Katie and Janet
CATMA

Why Walk?

1. Walking is an effective way to become physically fit, to manage a chronic medical condition, and keep weight under better control.
2. Whatever your reason to beginning a walking routine, walking has a great reputation as an ideal way to incorporate regular activity into your daily routine without a lot of added cost. This makes walking fun and easy. The whole body effects of walking include:
 - increased energy
 - improved ability to manage stress
 - lowers blood pressure
 - promotes better sleep
 - burns calories and raises metabolism
 - promotes cardiovascular health
 - helps you to keep your chronic illness in check.
 - increased bone health

Walking is inspiring...

"Through diet and WALKING I was able to control my diabetes and my hypertension...I use the stairs and walk...its a wonderful stress reducer".

- Alan, Fletcher Allen

"My mental health depends on my daily 'biped commute' (walking)...I love the peaceful time during my walk"

- Lisa, UVM

An important measure of a workplace is the health and wellness of its employees. The **Partnership Walking Map** has been designed to provide opportunities for employees, students and our community visiting both Fletcher Allen and the University of Vermont to increase physical activity by choosing to walk to areas between our shared campuses. The map highlights suggested routes, distances, level of difficulty, and offers other activities to boost physical activity for everyone.

In partnership, Fletcher Allen and the University of Vermont encourage physical activity and promote healthy habits at very little cost. Incorporating physical activity into your normal routine or workday can be a first start.

Walking - Finding a Physical Activity You Can Live With

Walking is one of the best activities for getting and staying physically active throughout the seasons. Walking is relatively easy; it is a self-paced activity that brings with it many positive health benefits. As a low intensity cardiovascular activity, walking has benefits for everyone. All ages and abilities can benefit from a daily walk for health and fitness.

Tips for Getting Started

1. Wear clothes that will keep you dry and comfortable. Invest in a good pair of walking shoes and a water bottle.
2. Start with shorter walks, and gradually increase the length of your walk each day.
3. Do what comes naturally – set a stride length that is comfortable and a speed that isn't too tough when starting to walk. You should be able to speak comfortably as you walk.
4. Slowly bring the pace up during your walk. As time goes by, your body gets stronger and needs a new challenge.
5. When you're done walking, it is advised that you slow your pace to cool your body down. This will gradually ease your heart rate to its normal level.
6. Always carry ID for safety and walk in well lit and traveled areas.
7. Forty five minutes of moderate exercise is suggested for maintaining health and managing weight most days of the week.
8. If 45 minutes seems too long, break it up into three walks of 15 minutes each.
9. Before and after a vigorous walk, stretching is important to reduce injuries and also to improve your flexibility. Your muscles will be warm and ready to stretch after walking.

Choose your wellness walk. For Trails 1-5, begin at the MOVE Yourself sign marking the starting point of each walk. For Trails 6, 7, & 8, see map for starting point. Bring this map with you as your walking guide. All miles are for round trip walks.

hike through dense, mature woods. The hilly trail is short, very scenic and makes a great lunchtime or after work hike. The hiking trail heads straight into the woods and then turns left after about 30 feet. Continuing straight ahead along the trail, you will see the remains of an abandoned railroad trestle crossing Potash Brook. Further along the trail, you will parallel the Potash Brook for a short distance and walk through a grove of tall Eastern Hemlock trees and back to where you started.

#1 – Centennial Woods Natural Area -

1.05 miles - Moderately Difficult

Start at the Centennial Woods Natural Area trailhead located on Catamount Drive. This trail is rated moderately difficult and should take about an hour to walk. The trail can be wet or muddy and has several steep sections. Wear appropriate hiking footwear. The UVM Environmental Program has installed small wooden arrow signs for you to follow.

#2 – Perkins Geology Museum -

1.17 miles - Easy

Start near the fountain on the University Green and walk towards Billings. This walk is rated easy and makes it ideal at a brisk pace during lunch. From Billings, follow the pedestrian path through the Fleming Green. Turn left and head towards the Colchester Avenue traffic light, crossing the street and continuing on towards Delehanty Hall/Perkins Geology Museum. On the return walk, stay on Colchester Avenue until you get to the Dewey Hall crosswalk. Cross over to the University Green.

#3 – East Woods Natural Area -

.44 miles - Easy to Moderate

Start at the small parking area located off Swift Street. This trail is rated an easy to moderate

#4. Redstone/ U-Heights - 1.53 miles - Easy

Start at the University Green fountain and cross South Prospect Street towards the Waterman Building. Walk towards Main Street, continuing on South Prospect until you reach the exit drive from the Redstone Green. Turn left at the Green and walk until you reach University Heights Road. Continue walking, eventually turning left onto Main Street. Cross Main Street at Morrill Hall and walk until you reach the University Green fountain.

#5. Joggers' Course -

3.25 miles - Moderately Difficult

Start on the Joggers' Course located adjacent to the Guicciardi Fitness center. This walk is great for walking, jogging or biking. Most of the path is level, with almost all of it on paved path. A short stretch, about .75 miles, is a dirt path through a grassy field next to the Burlington Country Club.

#6. Fletcher Allen Walking Path .5 miles -

Moderately Easy - Wheelchair Accessible

Start outside of the ACC Main Pavilion by taking a right on the paved sidewalk. Continue down the concrete stairs and past the emergency department entrance. Keeping on the sidewalk, you will first pass the side entrance to the

McClure building on your right. Continue to follow the sidewalk past the historic Mary Fletcher building. Stop by the Park Bench Yoga Station to stretch. As you continue up the incline, the ACC Main Pavilion will come into view.

#7. University Health Center/Waterman Block - .7 miles - Easy

Start your walk out the front door of either the University Health Center building or the Waterman Building on So. Prospect Street. Continue along until you reach the corner of College Street. Turn right onto College Street walking towards the corner of So. Williams Street. Take a right on So. Williams Street. You will walk the length of So. Williams Street until you come to Pearl Street. At Pearl Street, turn right. You are now heading towards the corner of Pearl Street and So. Prospect Street. Turn right

on So. Prospect and conclude your walk at your starting point.

#8. University Health Center to UVM Davis Center - 1 mile - Moderately Easy

Begin your walk out the front door of the University Health Center building. Walk South on So. Prospect towards Main Street. When you reach Main Street, turn left and begin walking up a slight incline towards the Davis Center.

Once you reach the Davis Center, you will walk a route through the UVM main campus that will take you past the Fletcher Allen medical center campus to Colchester Ave. Take a left onto Colchester Ave. and continue walking until you come to the corner of So. Prospect Street. Turn left on So. Prospect. This will take you back to the entrance of the University Health Center.

ARTICLE 8: PARKING

Introduction: This Article of the Burlington Comprehensive Development Ordinance establishes the requirements for off-site parking throughout the city. It also includes parking for bicycles and requirements for institutional parking management plans.

PART 1: GENERAL REQUIREMENTS

Sec. 8.1.1 Purpose

It is the purpose of this article to:

- (a) Ensure there are adequate parking and loading facilities to serve the use or uses of the property;
- (b) Ensure that parking facilities are designed to provide proper circulation, reduce hazards to pedestrians, and protect the users of adjoining properties from nuisance caused by the noise, fumes, and glare of headlights which may result from the operation of vehicles parking off the street;
- (c) Reduce congestion in the streets and contribute to traffic safety; and
- (d) Encourage alternate modes of travel that will reduce dependence upon the single-occupancy automobile.

These regulations are enacted under the provisions of *24 V.S.A. Chapter 117*

Sec. 8.1.2 Applicability

No structure shall be erected or altered, or any use changed or established, unless or until the provisions of this Article have been met. No onsite parking shall be required or provided within the Urban Reserve District.

Sec. 8.1.3 Parking Districts

The demand for parking is highly dependent on the context within which a given use or structure is located. Factors such as proximity to other related uses, availability of public transportation, the density of land uses, and the ability to share parking with nearby uses are all factors which influence the demand for individual and dedicated off-site parking. For the purposes of this Article, the following three (3) Parking Districts as illustrated in Map 8.1.3-1 are hereby created:

(a) Neighborhood Parking District:

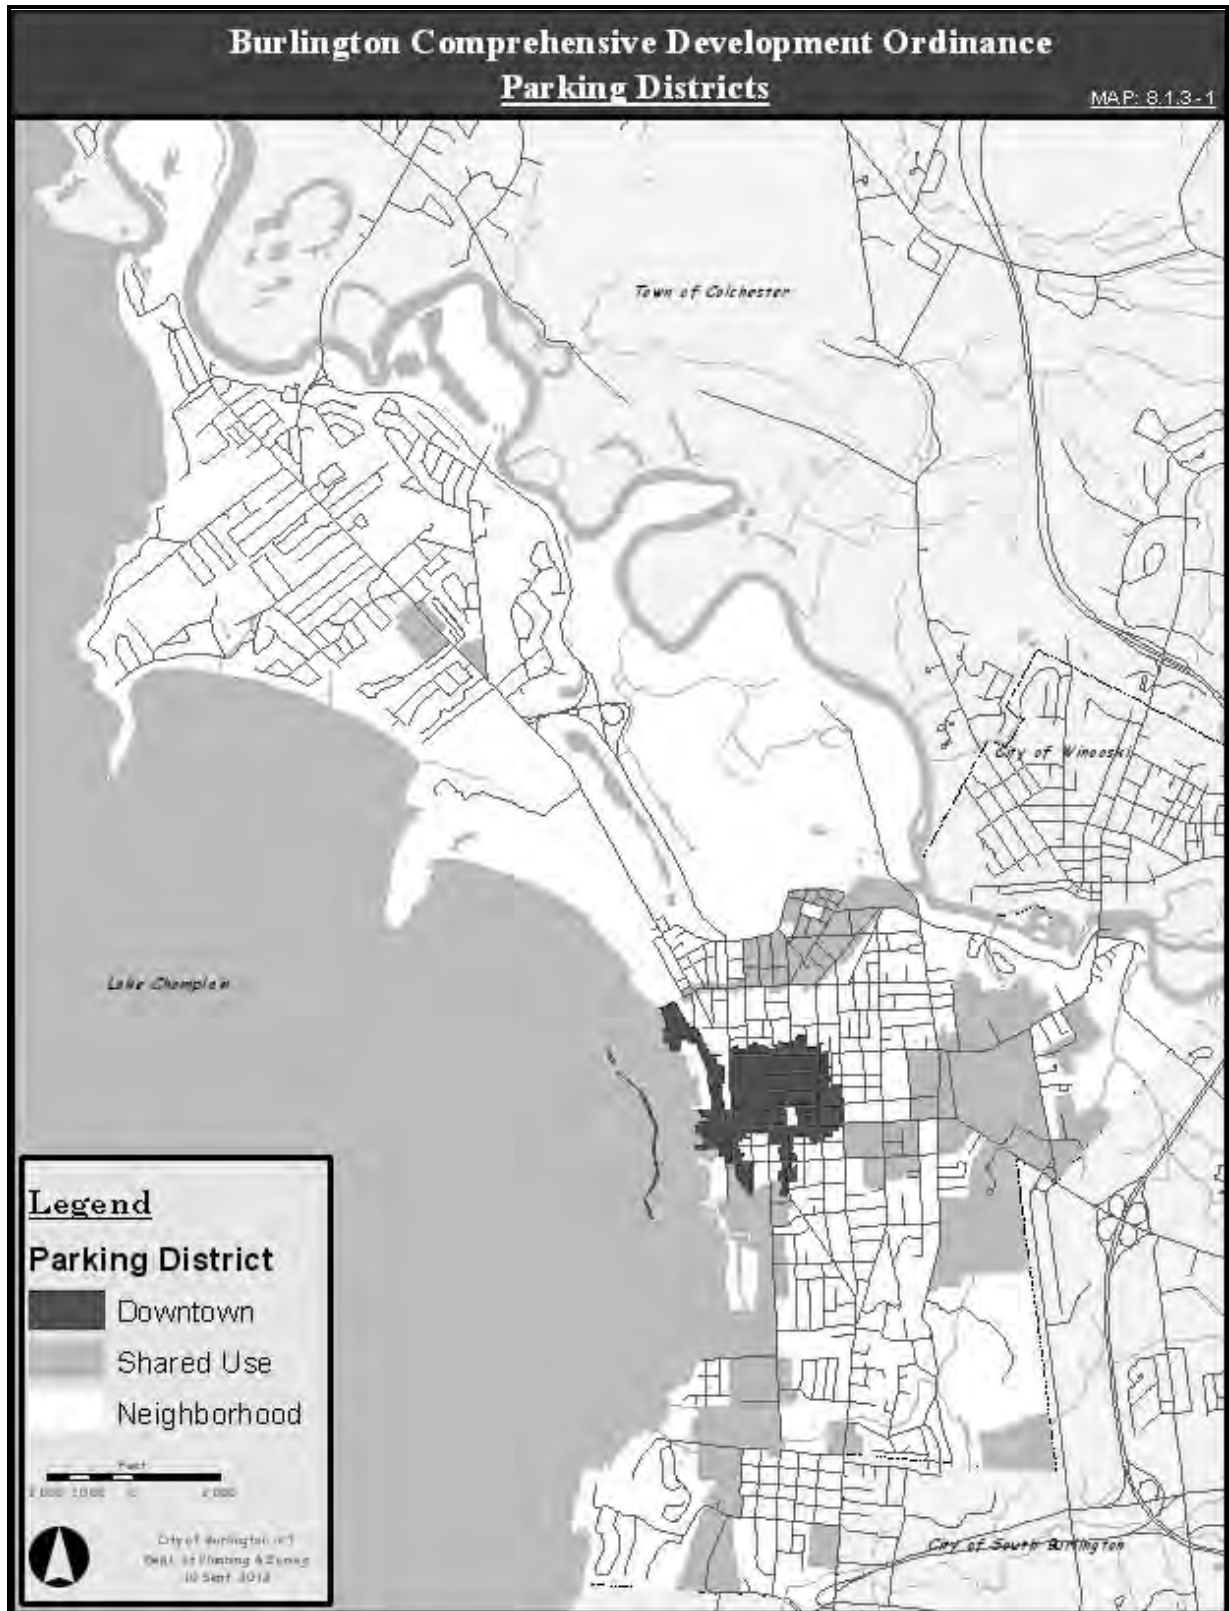

This parking district establishes the baseline of parking requirements throughout the city where the demand for offsite parking is largely dependent on the needs and characteristics of an individual site or land use.

(b) Shared Use Parking District:

This parking district reduces the requirements from the baseline standards recognizing that opportunities exist to share parking demand between related nearby land uses, and that travel to and between these uses may not be strictly automobile dependent.

(c) Downtown Parking District:

This parking district further reduces the requirements from the baseline standards recognizing that extensive sharing of parking demand between nearby land uses occurs; that a majority of travel to and between land uses is independent from an automobile; and that an array of public parking facilities and frequent transit service greatly reduces the need for independent parking for individual land uses.

Map 8.1.3 - 1 Parking Districts

Sec. 8.1.4 Existing Structures

Any structure or land use lawfully in existence prior to the adoption of this ordinance shall not be subject to the requirements of this Article as long as the kind or extent of use is not changed, and provided further that any parking facilities now serving such structures shall not in the future be reduced below such requirements.

Sec. 8.1.5 Existing Structures - Change or Expansion of Use

Whenever there is an alteration or conversion of a structure or a change or expansion of a use which increases the parking requirements, the total additional parking requirements for the alteration, conversion, change, or expansion shall be provided in accordance with the requirements of this Article. A waiver may be requested pursuant to the provisions of Sec. 8.1.15.

Sec. 8.1.6 Existing Structures: Exemption in Downtown District

Any nonresidential use within a structure lawfully in existence prior to January 1, 2007 in any Downtown Parking District shall be exempt from the requirements of this Article when applying for a change to any other nonresidential use.

Sec. 8.1.7 Non-conforming Residential Structure

Where additions or conversions to existing residential structures within a Neighborhood or Shared Use Parking District add living space but do not add dwelling units, and such sites do not currently meet the parking standards of Sec. 8.1.8, one (1) parking space shall be provided for each additional room. Single detached dwellings shall be exempt from this requirement.

Sec. 8.1.8 Minimum Off-Street Parking Requirements

Parking for all uses and structures shall be provided in accordance with Table 8.1.8-1.

- (a) Where no requirement is designated and the use is not comparable to any of the listed uses, parking requirements shall be determined by the DRB upon recommendation by the administrative officer based upon the capacity of the facility and its associated uses.
- (b) When the calculation yields a fractional number of required spaces, the number of spaces shall be rounded to the nearest whole number.

Table 8.1.8-1 Minimum Off-Street Parking Requirements			
	Neighborhood Districts	Shared Use Districts	Downtown Districts
RESIDENTIAL USES	Per Dwelling Unit except as noted		
Multi-unit attached dwelling units, studio units or 1-bedroom dwelling unit.	2	1	1

Sec. 8.1.9 Maximum Parking Spaces

The total number of parking spaces provided in all parking districts shall not be more than 125% of the minimum number of spaces required for the Neighborhood Parking District for any given use as required in Table 8.1.8-1. In no case shall the maximum number of required spaces be less than one (1) per unit of measurement (beds, units, 1000 gross sqft, etc.) for the use.

(a) **Exemptions:** The following shall reduce the maximum number of allowable spaces required by this section:

1. Structured Parking: Spaces provided within the footprint of a structure containing one or more other uses, including rooftop, at-grade, or below grade spaces shall not be counted towards the maximum, provided the floor area dedicated to parking is less than 50% of the total gross floor area of the structure;

2. Public Parking: Spaces provided and available for use by the public shall not be counted towards the maximum;

3. Carpool, Vanpool, and Car-Share Parking: Spaces dedicated for vehicles participating in a carpool, vanpool, or car-share program shall not be counted towards the maximum. Such spaces shall be reserved for such use and be signed or marked accordingly; and,

4. Alternative Fueled Vehicle Parking. Parking spaces dedicated for vehicles operating on primarily alternative fuels including but not limited to electric, natural gas, and hydrogen shall not be counted towards the maximum. Such spaces shall be reserved

for such use and be signed and/or the space painted with the words “Alternative Fueled Vehicles Only.”

5. Waiver of Maximum Parking Limitations. Parking in excess of the maximum parking limitation of this section may be waived by the DRB pursuant to the provisions of Sec 8.1.15 with the following additional requirements:

- A. The applicant requesting the waiver shall also provide a peak demand parking study for two similar uses in the area; and,
- B. The following additional review criteria shall be addressed regarding how:
 - (i) The need for additional parking cannot reasonably be met through provision of on-street parking or shared parking with adjacent or nearby uses;
 - (ii) The proposed development demonstrates that its design and intended uses will continue to support high levels of existing or planned transit and pedestrian activity; and,
 - (iii) The site plan indicates where additional parking can be redeveloped to a more intensive transit supportive use in the future.

Sec. 8.1.10 Off-Street Loading Requirements.

Outside of the Downtown Parking District, every structure constructed after the effective date of this ordinance and used for non-residential use shall provide sufficient space for the unloading and loading of vehicles. The adequacy of any proposed loading areas shall be considered as part of the site plan and traffic circulation review. Such loading areas shall have access to a public alley or a public street in such a way to minimize conflicts with the circulation of other vehicles and pedestrians, be screened from public view, and provide safe and effective access to the city’s street network.

Sec. 8.1.11 Parking Dimensional Requirements

The following standards in Table 8.1.11-1 below shall be used to ensure safe, adequate, and convenient access and circulation. These standards shall be adhered to except in situations where a lesser standard is deemed necessary by the DRB due to site topography, location of existing or proposed structures, lot configuration, and/or the need to preserve existing trees and mature vegetation.

Angle of Parking Space	Width of Space	Length of Space	Width of Angled Space	Length of Angled Space	Minimum Back-Up Length
Standard Cars					
Parallel Parking	9.0'	22.0'	-	-	-
45° Angle	9.0'	20.0'	12.7'	20.5'	15.0'
60° Angle	9.0'	20.0'	10.4'	21.8'	18.0'
90° Angle	9.0'	20.0'	9.0'	20.0'	24.0'
Aisle width (one-way)	10'				
Aisle width (two-way)	20'				
Compact Cars					
Parallel Parking	8.0'	20.0'	-	-	-
45° Angle	8.0'	18.0'	11.2'	18.3'	13.0'
60° Angle	8.0'	18.0'	9.2'	19.8'	15.0'
90° Angle	8.0'	18.0'	8.0'	18.0'	20.0'

Sec. 8.1.12 Limitations, Location, Use of Facilities

(a) Off-Site parking facilities:

Except for single and two-family dwellings, required parking facilities may be located on another parcel of land as follows:

1. Neighborhood Parking District: No more than 50% of the total required parking shall be provided at a distance greater than 600 feet from the use it is intended to serve. For residential uses, a minimum of 1 space per unit shall be provided on-site.
2. Downtown and Shared use Parking Districts: Any off-site parking shall be provided within 1,000 feet of the use it is intended to serve unless such parking is provided as part of a Parking Management Plan pursuant to Sec. 8.1.15 approved by the DRB.
3. The distance from the off-site parking to the associated use shall be measured in walking distance along a sidewalk or other pedestrian path separated from street traffic from the nearest parking space to the principle pedestrian entrance to the building housing the use. Such off-site parking shall not reduce the required parking for any other use utilizing the property on which it is located unless such shared use is approved by the development review board. The right to use the off-site parking must

be guaranteed for the duration of the use as evidenced by a deed, lease, easement, or similar written instrument as may be approved by the City Attorney.

(b) Downtown Street Level Setback:

In order to maintain an active streetscape, any off-street parking occupying street level frontage in the Downtown Parking District shall be setback from the front property line in order to reserve street-level frontage for pedestrian-oriented uses.

(c) Front Yard Parking Restricted:

Required parking in all residential zoning districts shall not be located in a required front yard setback area abutting a public street, except alleys. This prohibition extends from the edge of the public right-of-way into the required front yard setback for the entire width of the property with the exception of a single access drive no more than eighteen feet (18') or less in width. The provisions of this subsection shall not be applicable during such times as when the winter parking ban pursuant to Section 20-56 of the Code of Ordinances is in effect. Where parking is provided outside the front yard setback, but either partially or entirely between the principle structure and the street, such parking shall be screened to the extent practicable from view from the public street.

(d) Shared Parking in Neighborhood Parking Districts:

In the event that a mix of uses occupy a single structure or parcel of land located in a Neighborhood Parking District, the total requirement for off-street parking shall be the sum for all individual uses unless it can be shown that the peak parking demands are offset and spaces can be shared (for example: retail and residential, or theater and office uses). In such cases the parking required must at least meet the requirements for Shared Use Districts.

(e) Single Story Structures in Shared Use Districts:

In the event that a single story structure is proposed to be located in a Shared Use District, the total requirements for off-street parking shall be calculated as for a Neighborhood Parking District. This provision does not apply to single story structures existing and occupied as of the effective date of this ordinance.

(f) Joint Use of Facilities:

The required parking for two (2) or more uses, structures, or parcels may be combined in a single parking facility if it can be shown by the applicant to the satisfaction of the DRB that the use of the joint facility does not materially overlap with other dedicated parking in such facility, and provided that the proposed use is evidenced by a irrevocable deed, lease, contract, reciprocal easement, or similar written instrument establishing the joint use acceptable to the city attorney.

(g) Availability of Facilities:

Required parking pursuant to this Article shall be available for parking of operable passenger vehicles used by residents, customers and employees only, and shall not be used for the storage or display of vehicles or materials. The distribution of parking spaces for any and all individual uses will be required to be arranged in such a way as to ensure optimal access and use by the patrons of such use(s).

(h) Compact Car Parking:

Compact parking spaces may be used in parking structures or lots. Up to fifteen (15%) percent of the total parking spaces in a parking garage may be designated for compact cars. Such spaces shall be signed or the space painted with the words “Compact Car Only.”

Sec. 8.1.13 Parking for Disabled Persons

Parking spaces for disabled persons shall comply with current the Americans with Disabilities Act guidelines and shall be at least eight feet (8’) wide with an adjacent access aisle at least five feet (5’) wide. Parking access aisles shall be part of an accessible route to the building or facility entrance. Accessible parking spaces shall be designated as reserved for the disabled by a sign showing the symbol of accessibility. Painting of the paved area for the dedicated parking spaces alone shall not be sufficient as the sole means of identifying these spaces.

Sec. 8.1.14 Stacked and Tandem Parking Restrictions

Except as otherwise provided below, all parking facilities shall be designed so that each motor vehicle may proceed to and from the parking space provided for it without the moving of any other motor vehicle.

- (a) Stacked or valet parking may be allowed if an attendant is present to move vehicles. If stacked parking is used for required parking spaces, a written guarantee must be filed with the City ensuring that an attendant will always be present when the lot is in operation. The requirements for minimum or maximum spaces continue to apply for stacked parking.

- (b) Tandem Parking may be allowed for single family detached dwelling units, accessory apartments, duplex dwelling units, and dedicated employee-only parking signed as such. In no case shall more than 4 parking spaces (2 pairs) in total be provided in tandem on any one lot.

Sec. 8.1.15 Waivers from Parking Requirements/ Parking Management Plans

The total number of parking spaces required pursuant to this Article may be reduced to the extent that the applicant can demonstrate that the proposed development can be adequately served by a more efficient approach that more effectively satisfies the intent of this Article and the goals of the municipal development plan to reduce dependence on the single-passenger automobile.

Any waiver granted shall not exceed fifty percent (50%) of the required number of parking spaces except for the adaptive reuse of a historic building pursuant to Sec. 5.4.8 and ground floor retail uses in any Mixed Use district which may be waived by as much as one hundred percent (100%). Waivers shall only be granted by the DRB, or by the administrative officer pursuant to the provisions of Sec. 3.2.7 (a)7.

In order to be considered for a waiver, the applicant shall submit a Parking Management Plan that specifies why the parking requirements of Sec. 8.1.8 are not applicable or appropriate for the proposed development, and proposes an alternative that more effectively meets the intent of this Article. A Parking Management Plan shall include, but not be limited to:

- (a) A calculation of the parking spaces required pursuant to Table 8.1.8-1.
- (b) A narrative that outlines how the proposed parking management plan addresses the specific needs of the proposed development, and more effectively satisfies the intent of this Article and the goals of the Municipal Development Plan.
- (c) An analysis of the anticipated parking demand for the proposed development. Such an analysis shall include, but is not limited to:

1. Information specifying the proposed number of employees, customers, visitors, clients, shifts, and deliveries;
 2. Anticipated parking demand by time of day and/or demand by use;
 3. Anticipated parking utilizing shared spaces or dual use based on a shared parking analysis utilizing current industry publications;
 4. Availability and frequency of public transit service within a distance of 800-feet.
 5. A reduction in vehicle ownership in connection with housing occupancy, ownership, or type; and,
 6. Any other information established by the administrative officer as may be necessary to understand the current and project parking demand.
- (d) Such a plan shall identify strategies that the applicant will use to reduce or manage the demand for parking into the future which may include but are not limited to:
1. A telecommuting program;
 2. Participation in a Transportation Management Association including methods to increase the use of mass transit, car pool, van pool, or non-auto modes of travel;
 3. Implementation of a car-share program;
 4. Development or use of a system using offsite parking and/or shuttles; and,
 5. Implementation of public transit subscriptions for employees.

Prior to any approval by the DRB pursuant to this section, the means by which the parking management plan will be guaranteed and enforceable over the long term, such as a contract, easement, or other means, and whether the city should be a party to the management contract or easement, shall be made acceptable to the city attorney.

PART 2: BICYCLE PARKING

Sec. 8.2.1 Intent

It is the intent of this subpart to:

- (a) Provide bicycle access to employment, commercial destinations, and other transportation alternatives;
- (b) Provide safe and adequate bicycle parking facilities that:
 1. Meet the demands of the use of the property;
 2. Reduce hazards to pedestrians;
 3. Enhance the visual quality of the city;
 4. Reduce the adverse impacts associated with the bicycle parking on parking meters, street trees, etc; and,

5. Encourage the use of bicycles as an alternative to motor vehicle transportation, thereby reducing traffic congestion, influencing modal split, and increasing the safety and welfare of residents.

Sec. 8.2.2 Provisions

Bicycle parking requirements shall apply to new development, building expansions, or occupancy changes requiring a zoning permit where automobile parking is required pursuant to Part 1 of this Article.

Sec. 8.2.3 Existing Structures

Any expansion or change of use proposed for an existing structure where four (4) bicycle spaces or less would be required shall be exempt from providing those spaces.

Sec. 8.2.4 Joint Use of Bicycle Parking Facilities

Required bicycle parking spaces for two (2) or more adjacent uses or structures may be satisfied by the same parking facilities used jointly, provided that such right of joint use and maintenance is evidenced by a deed, lease, contract, reciprocal easement, or similar written instrument establishing the joint use, and that the facilities are within 200 feet of the building or parcel housing the use.

Sec. 8.2.5 Bicycle Parking Requirements

Bicycle parking for all uses and structures in all Parking Districts shall be provided in accordance with Table 8.2.5-1.

- (a) Where no requirement is designated, and the use is not comparable to any of the listed uses, bicycle parking requirements shall be determined by the DRB upon recommendation of the city's bicycle and pedestrian planner based upon the capacity of the facility and its associated uses.
- (b) When the calculation yields a fractional number of required spaces, the number of spaces shall be rounded to the nearest whole number.
- (c) Where bicycle parking is required, the minimum number of bicycle parking spaces provided at each site shall be two (2) and the maximum shall be fifty (50), not including long term parking.

Table 8.2.5-1 Bicycle Parking Requirements

	Specific Use	Long Term Spaces	Short Term Spaces
	Per Square Feet of Gross Building Area, except as noted otherwise		
RESIDENTIAL			
Household Living	Multi unit	1 per 4 units	1 per 10 units
Group living	Elderly housing	1 per 10 units	1 per 10 units
	Fraternity, sorority, & dormitory	1 per 4 residents	1 per 8 residents
Temporary lodging	Hotel, motel, bed & breakfast, boarding house, campground	1 per 20 rooms/sites	2 per 20 rooms/sites
COMMERCIAL			
Office		1 per 5,000 sq. ft.	1 per 10,000 sq. ft.
	Medical, dental	1 per 5,000 sq. ft.	1 per 8,000 sq. ft.
Retail sales and service		1 per 20,000 sq. ft.	1 per 5,000 sq. ft.
	Auto, boat, motorcycle related sales, service and retail	1 per 30,000 sq. ft.	1 per 10,000 sq. ft.
	Restaurants, bars, taverns	1 per 10 employees	6% of occupancy load
INDUSTRIAL			
Industrial, manufacturing, production, and warehousing		1 per 20,000 sq. ft.	1 per 50,000 sq. ft.
PERMITTED PUBLIC/INSTITUTIONAL USES			
Colleges or Universities	Excluding dormitories	1 per 20,000 sq. ft.	3 per 5,000 sq. ft.
Daycare, except home		1 per 20,000 sq. ft.	1 per 10,000 sq. ft.
Schools	Grades 2-5	1 per 20,000 sq. ft.	2 per classroom
	Grades 6-12	1 per 20,000 sq. ft.	4 per classroom
Community Services	Museums, aquariums, libraries, community centers, municipal buildings, post office	1 per 20,000 sq. ft.	3 per 5,000 sq. ft.
Medical Center	Excluding medical or dental offices	1 per 10,000 sq. ft.	1 per 20,000 sq. ft.
Worship, places of		1 per 20,000 sq. ft.	1 per 40 seats

Recreation, government owned	Parks	Per DRB review	1 per 10 daily users
OTHER			
Terminal	Taxi/Bus/Passenger/ Ferry	As determined during Site Plan Review by DRB	As determined during Site Plan Review by DRB
Parking	parking lot, garage; public or private	4, or 5% of automobile spaces, whichever is greater	None

Sec. 8.2.6 Limitations

- (a) No bicycle parking spaces required by this standard shall be rented or leased to employees or residents residing at the location at which bicycle parking is required; however, a refundable deposit fee may be charged. This does not preclude a bike parking rental business.
- (b) Providing bicycle racks on the public right of way must be approved by the department of public works.

Sec. 8.2.7 Location & Design Standards

- (a) All bicycle parking facilities shall be installed in accordance with the department of public works “Bicycle Parking Guidelines.”
- (b) Bicycle parking or a sign leading thereto shall be visible from the main entrance of the structure or facility.
- (c) Bicycle parking shall be visible, well lit, and as convenient to cyclists as auto parking.
- (d) Bicycle parking facilities shall provide sufficient security from theft and damage. They shall be securely anchored to the ground, shall allow the bicycle wheel and frame to be locked to the facility, and shall be in a location with sufficient lighting and visibility.
- (e) Bicycle parking facilities shall be visually compatible and of a design standard consistent with their environment and the development standards of Art 6.
- (f) Required bicycle parking spaces shall be of a sufficient dimension to accommodate a full-sized bicycle, including space for access and maneuvering.
- (g) Bicycle parking facilities shall be sufficiently separated from motor vehicle parking areas to protect parked bicycles from damage by motor vehicles.
- (h) The surfacing of bicycle parking facilities shall be designed and maintained to be clear of mud and snow.
- (i) Bicycle parking racks and lockers shall be anchored securely.
- (j) Existing bicycle parking may be used to satisfy the requirements of this section provided the rack design is consistent with the department of public works “Bicycle Parking Guidelines.”

Sec. 8.2.8 Long Term Bicycle Parking

- (a) Long term bicycle parking shall:
 1. Protect bicycles from the weather;
 2. Provide secure storage that prevents theft of the bicycle and accessories; and,
 3. Be located in a well lit area.
- (b) Long Term bicycle parking requirements can be met in any of the following ways:
 1. A bicycle storage room;
 2. Bicycle lockers, pods, or lids;
 3. Lockable bicycle enclosure; or
 4. By certifying to the city’s bicycle and pedestrian planner that employees may store their bicycles within their workspace.
- (c) When long term parking is required, showers and changing facilities for employees shall be required in accordance with Table 8.2.8-1, except for parking garages, parking lots, and residential units, which are exempt from the requirements of this section. Shower and changing facilities shall be provided onsite or through an agreement for offsite use.

Table 8.2.8-1 Shower and Changing Facilities	
Required Long Term Spaces	Minimum Number of Required Shower and Changing Facilities
1-4	1
5-10	2
11-20	3
21+	4 plus one for each additional 15 Long Term spaces or part thereof

Sec. 8.2.9 Waivers from Bicycle Parking Requirements

- (a) Requests for reductions to bicycle parking requirements shall be made and documented separately from requests made for reductions in the automobile parking requirements.
- (b) The requirements of Sec. 8.2.5 may be reduced upon approval of the DRB based upon recommendation of the city’s bicycle and pedestrian planner to the extent that the applicant can demonstrate the regulation is unnecessarily stringent due to:
 1. The characteristics of the use, structure, or facility makes the use of bicycles unlikely;
 2. The characteristics of the site or area preclude the installation of bicycle parking; and/or,
 3. Results from a documented survey of bicycle parking use in similar situations.

- (c) For reductions granted due to the characteristics of a site or area, applicants must mitigate the loss of bicycle parking through contribution into the capital fund. The amount shall be equal to the cost required for installation of required bicycle parking.

PART 3: INSTITUTIONAL PARKING PLANS

Sec. 8.3.1 Intent

It is the intent of this part to:

- a. Ensure that city streets in nearby neighborhoods are not unfairly burdened by parking demands from post-secondary educational or medical institutions; and,
- b. Recognize the unique ability of institutions to manage their own parking resources in a comprehensive and creative way.

Sec. 8.3.2 Applicability

Each post-secondary educational or medical institution within the Institutional district shall provide off-street parking and loading facilities consistent with its needs according to the standards specified in this Article.

In order to accomplish the intent of this Part, each such institution, either individually or collectively, shall prepare, maintain, and monitor a comprehensive parking management plan for their respective campus or institution.

Sec. 8.3.3 Institutional Parking Management Plans

In addition to the requirements of Sec. 8.1.15 above, an Institutional Parking Management Plan shall include the following:

- (a) Information specifying the proposed number of students (full-time, part-time, commuter, on-campus, off-campus, and continuing education), faculty and staff (full-time and part-time), patients and visitors being served by the institution and anticipated over the ensuing five-year period.
- (b) An analysis of the anticipated parking demand by user group, time of day and/or demand by use;
- (c) Information specifying the number and composition of the institution's vehicle fleet, where these vehicles are regularly kept, and designated "service vehicle-only" parking;
- (d) Programs, policies, or incentives used to reduce or manage the demand for parking which may include but are not limited to:
 1. Policies which restrict and/or prohibit the bringing of vehicles to the institution for various users or groups of users;

2. Programs to encourage the use of public transit, walking and bicycling;
 3. Implementation of a parking permit system to allocate parking throughout the system; and,
- (e) Implementation of a monitoring, compliance and enforcement system to measure and ensure compliance with the plan.

Sec. 8.3.4 Review and Approval of Institutional Parking Management Plans

Such a plan shall require review and approval by the DRB, after consultation with the planning commission, and after a public hearing. In order to approve a proposed Institutional Parking Plan, the DRB shall find:

- a. the proposed Institutional Parking Plan adequately serves existing and proposed development by the institution(s);
- b. the proposed Institutional Parking Plan more effectively meets the intent of this Article and the goals of the municipal development plan than would strict adherence to the underlying requirements of this Article.

Such a plan, if approved by the DRB, shall be applicable for a period not to exceed five (5) years, and may be amended as necessary pursuant to the requirements of this Part. The institution shall provide a report annually to the administrative officer regarding the implementation and performance of the approved plan.

Sec. 8.3.5 Review and Approval of Applications for Future Development

In reviewing any application for development from a post-secondary educational or medical institution within the Institutional district, the DRB shall find that the proposal is consistent with an approved Institutional Parking Plan.

Any development proposed by a post-secondary educational or medical institution within the Institutional Campus district that is found not to be consistent with an approved Institutional Parking Plan shall only be approved pursuant to the underlying parking requirements of Parts 1 and 2 of this Article.
